

Akkermansia muciniphila

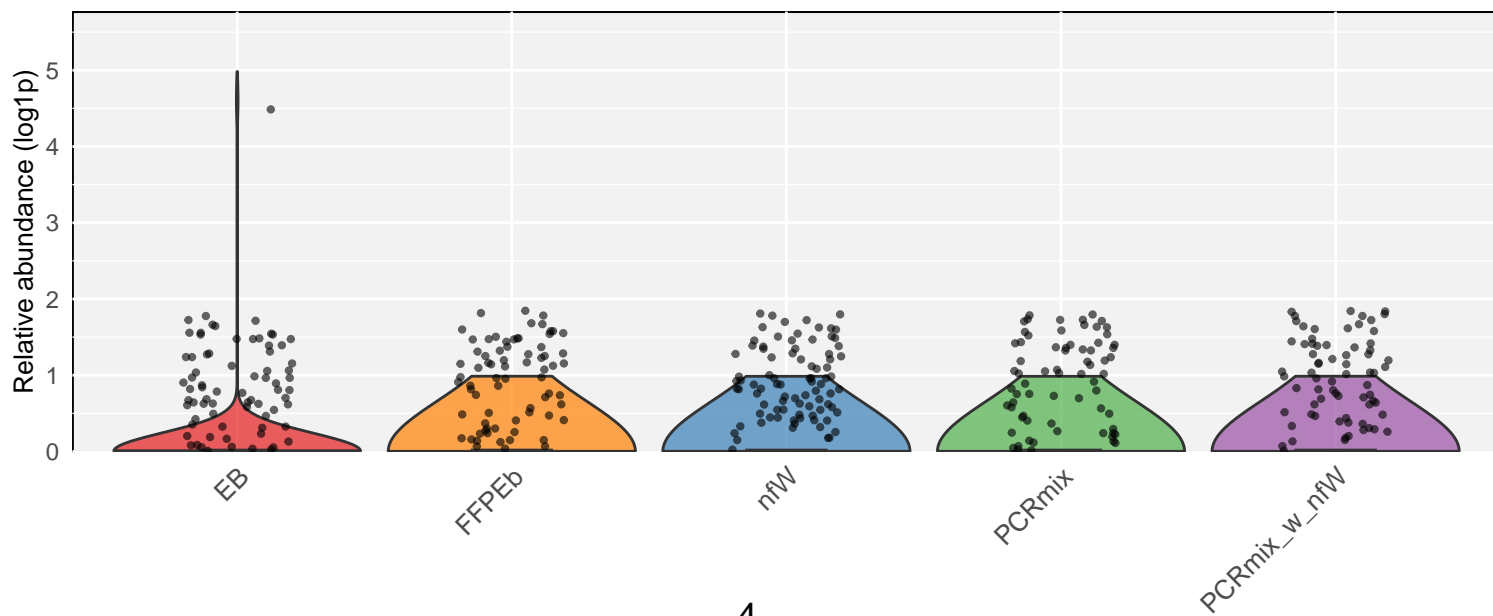

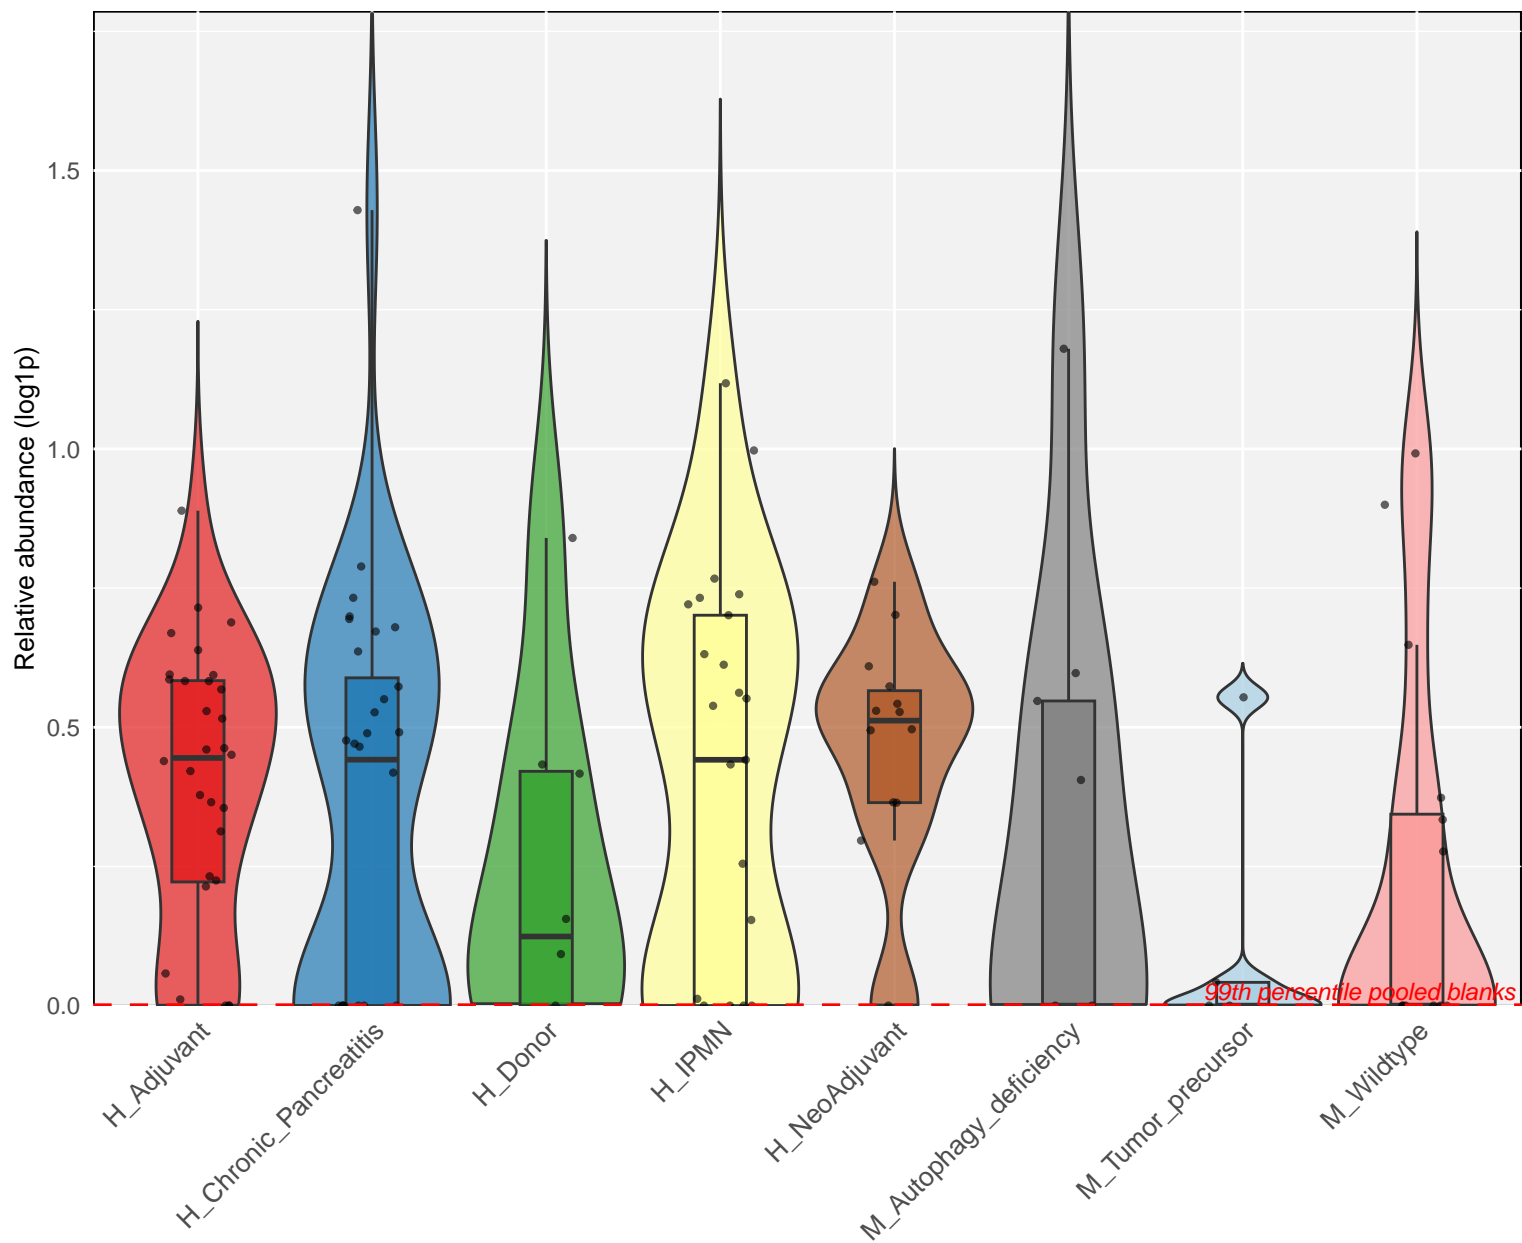

Anaerobiospirillum succiniciproducens

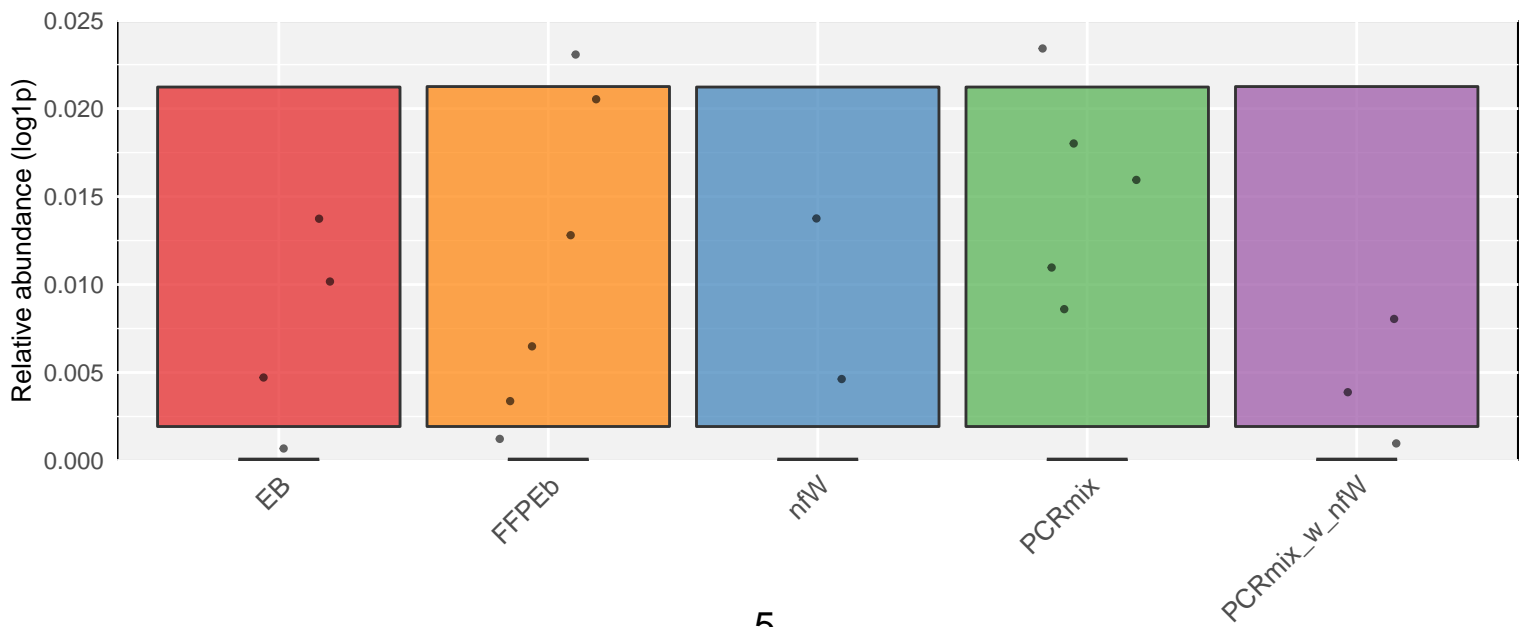

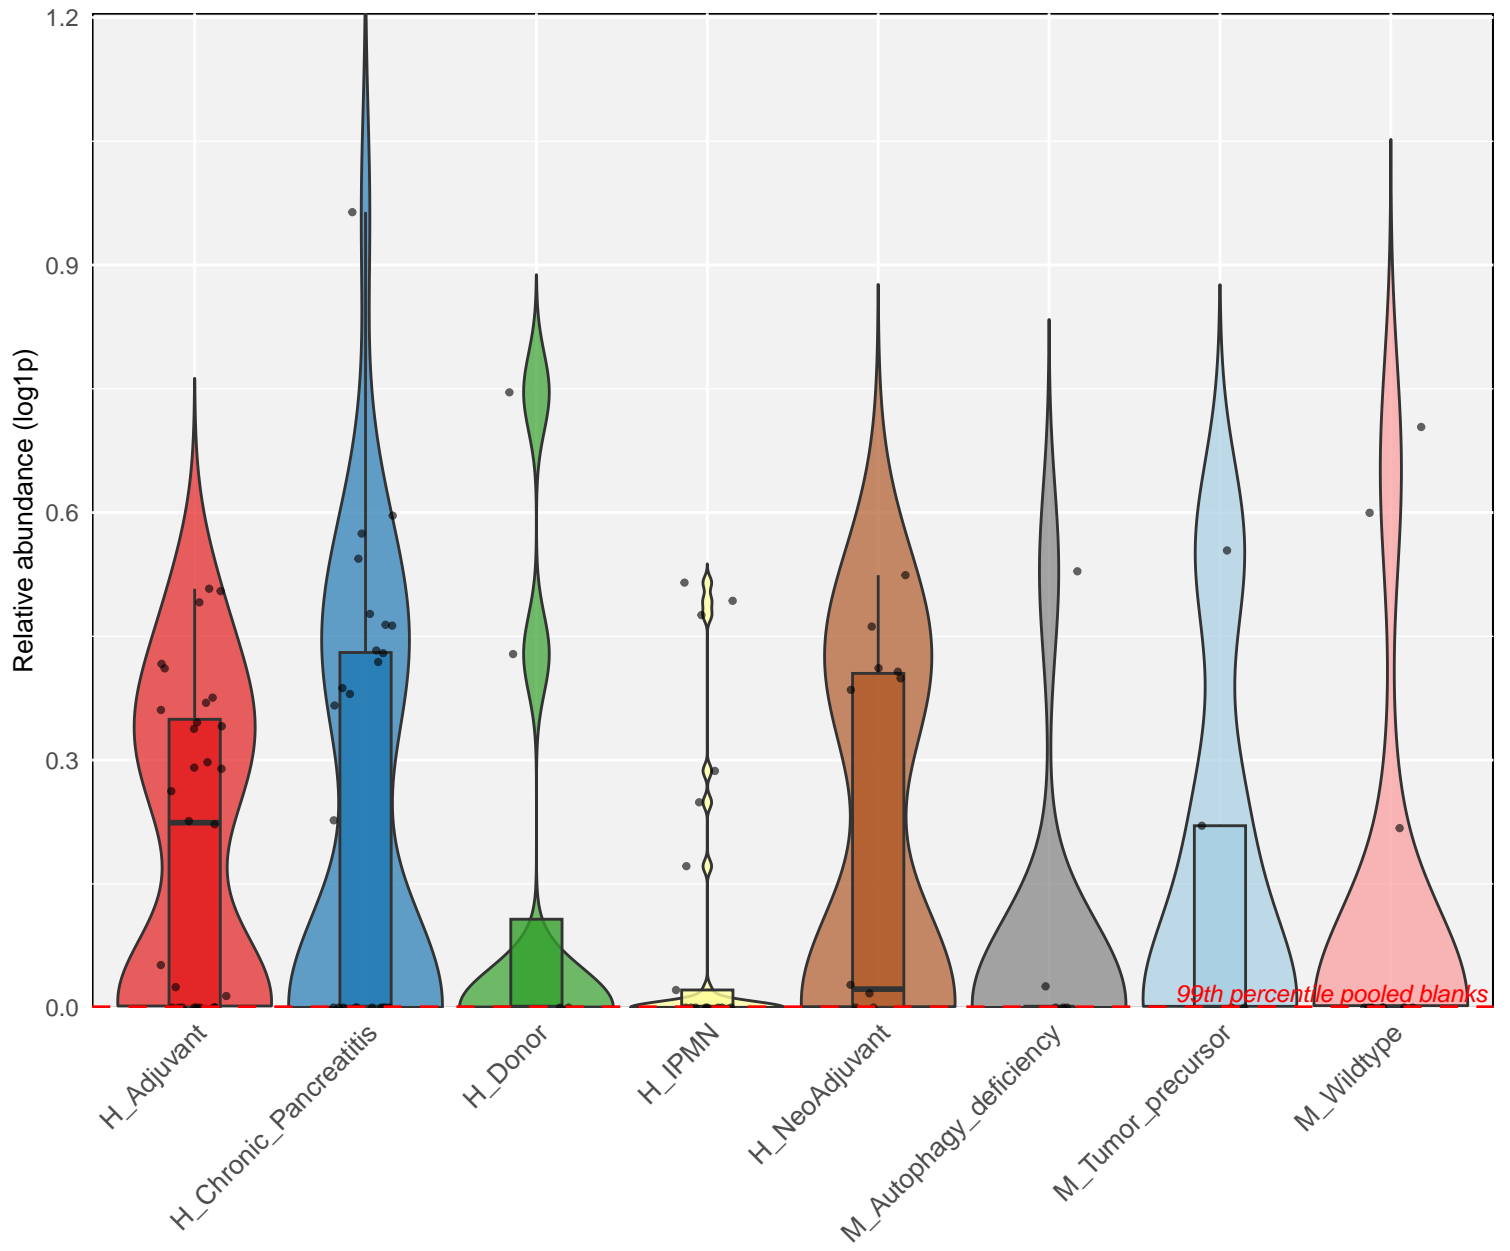

Anaerostipes hominis

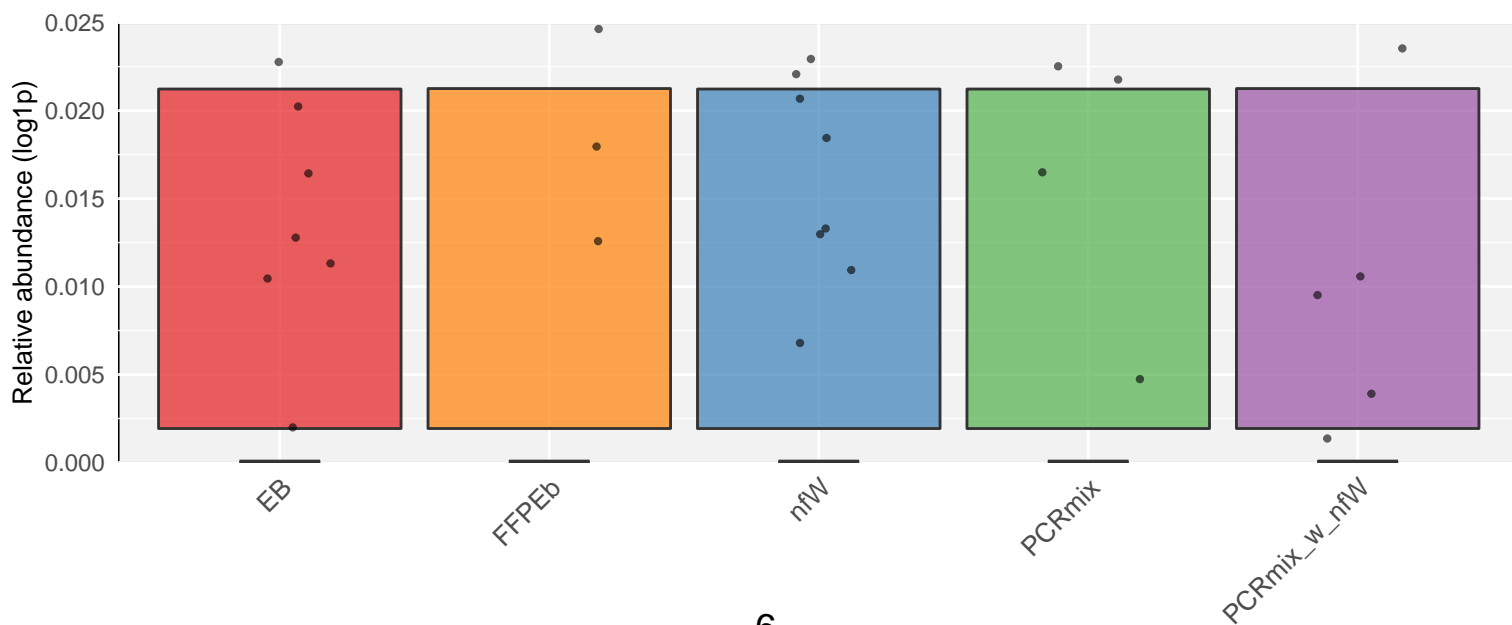

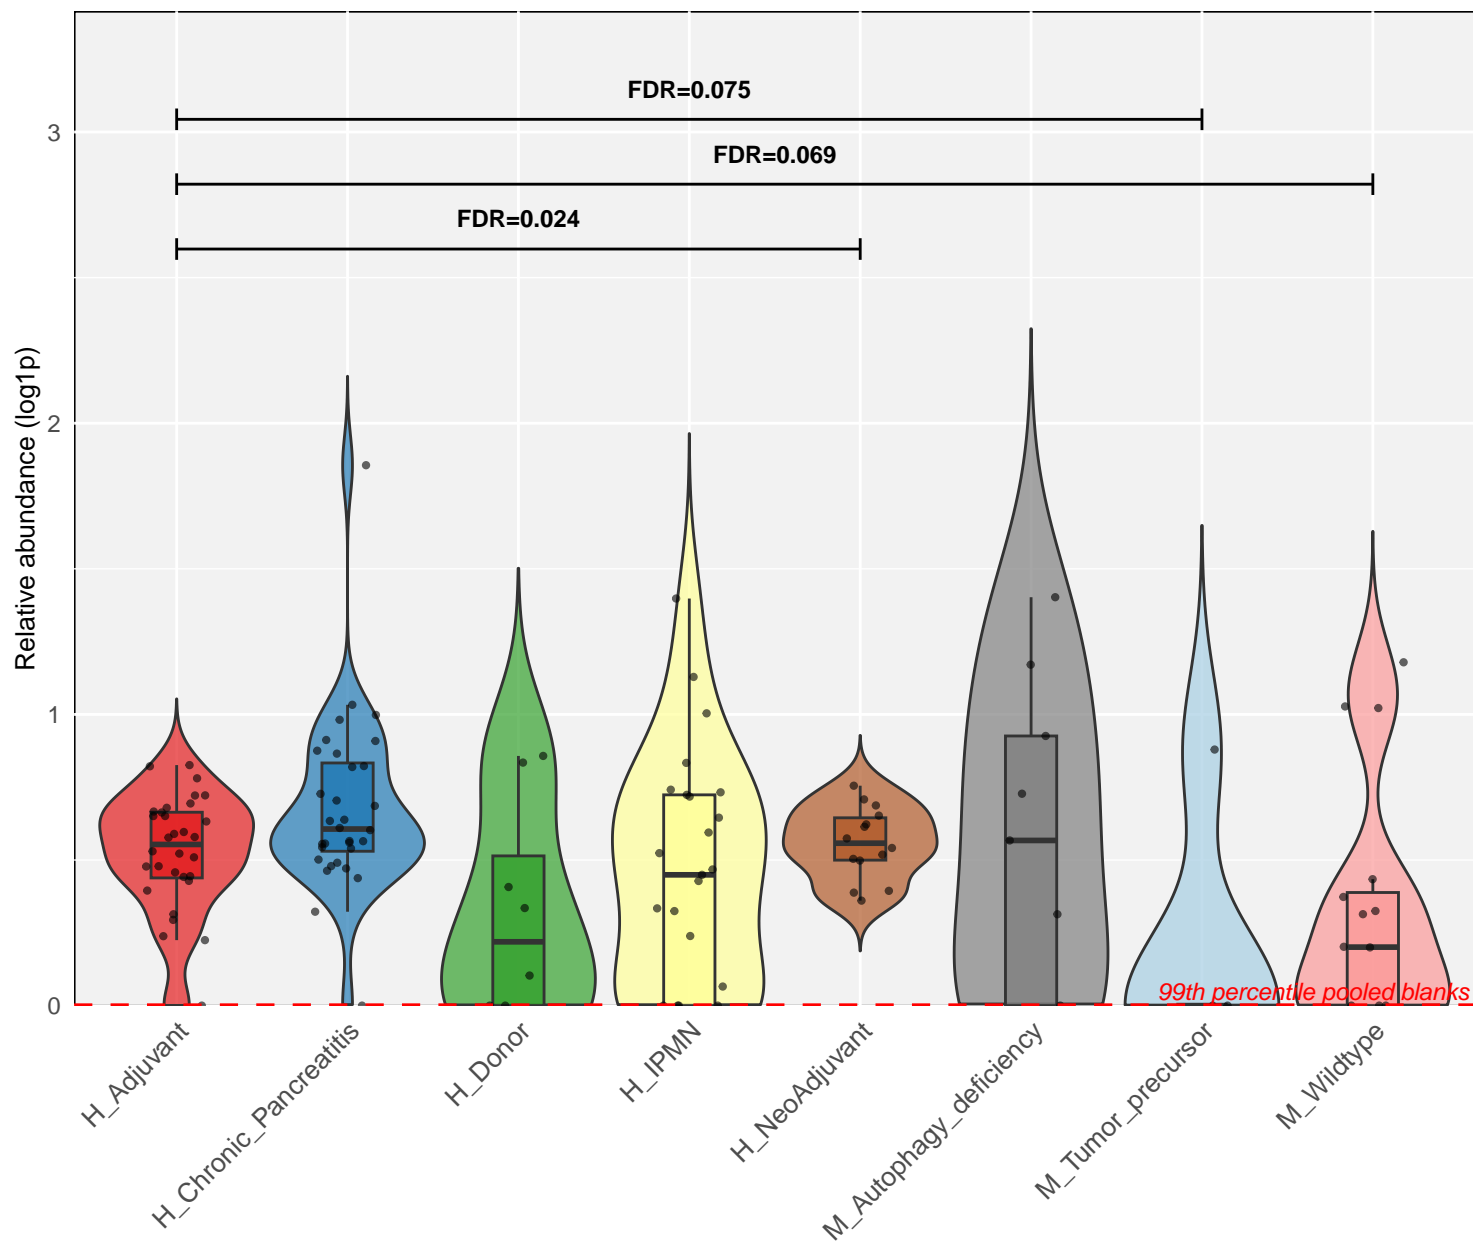

Bacteroides caecimuris

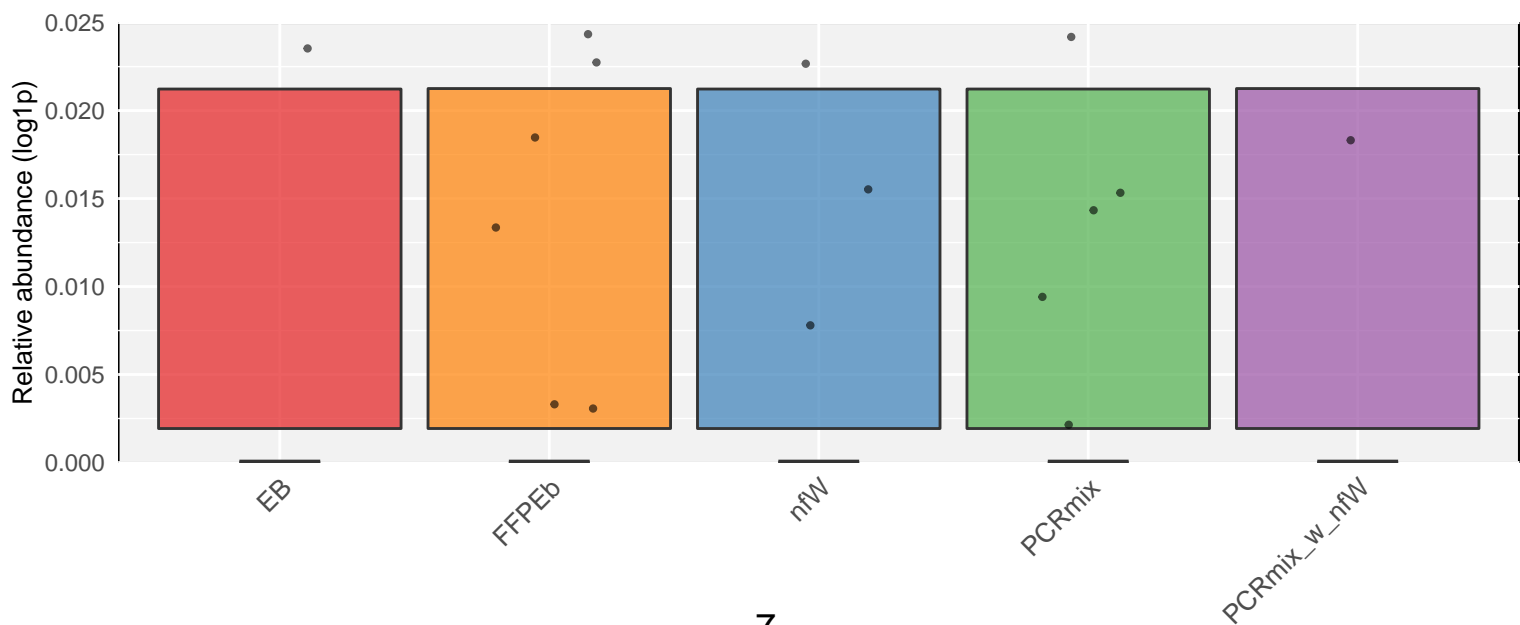

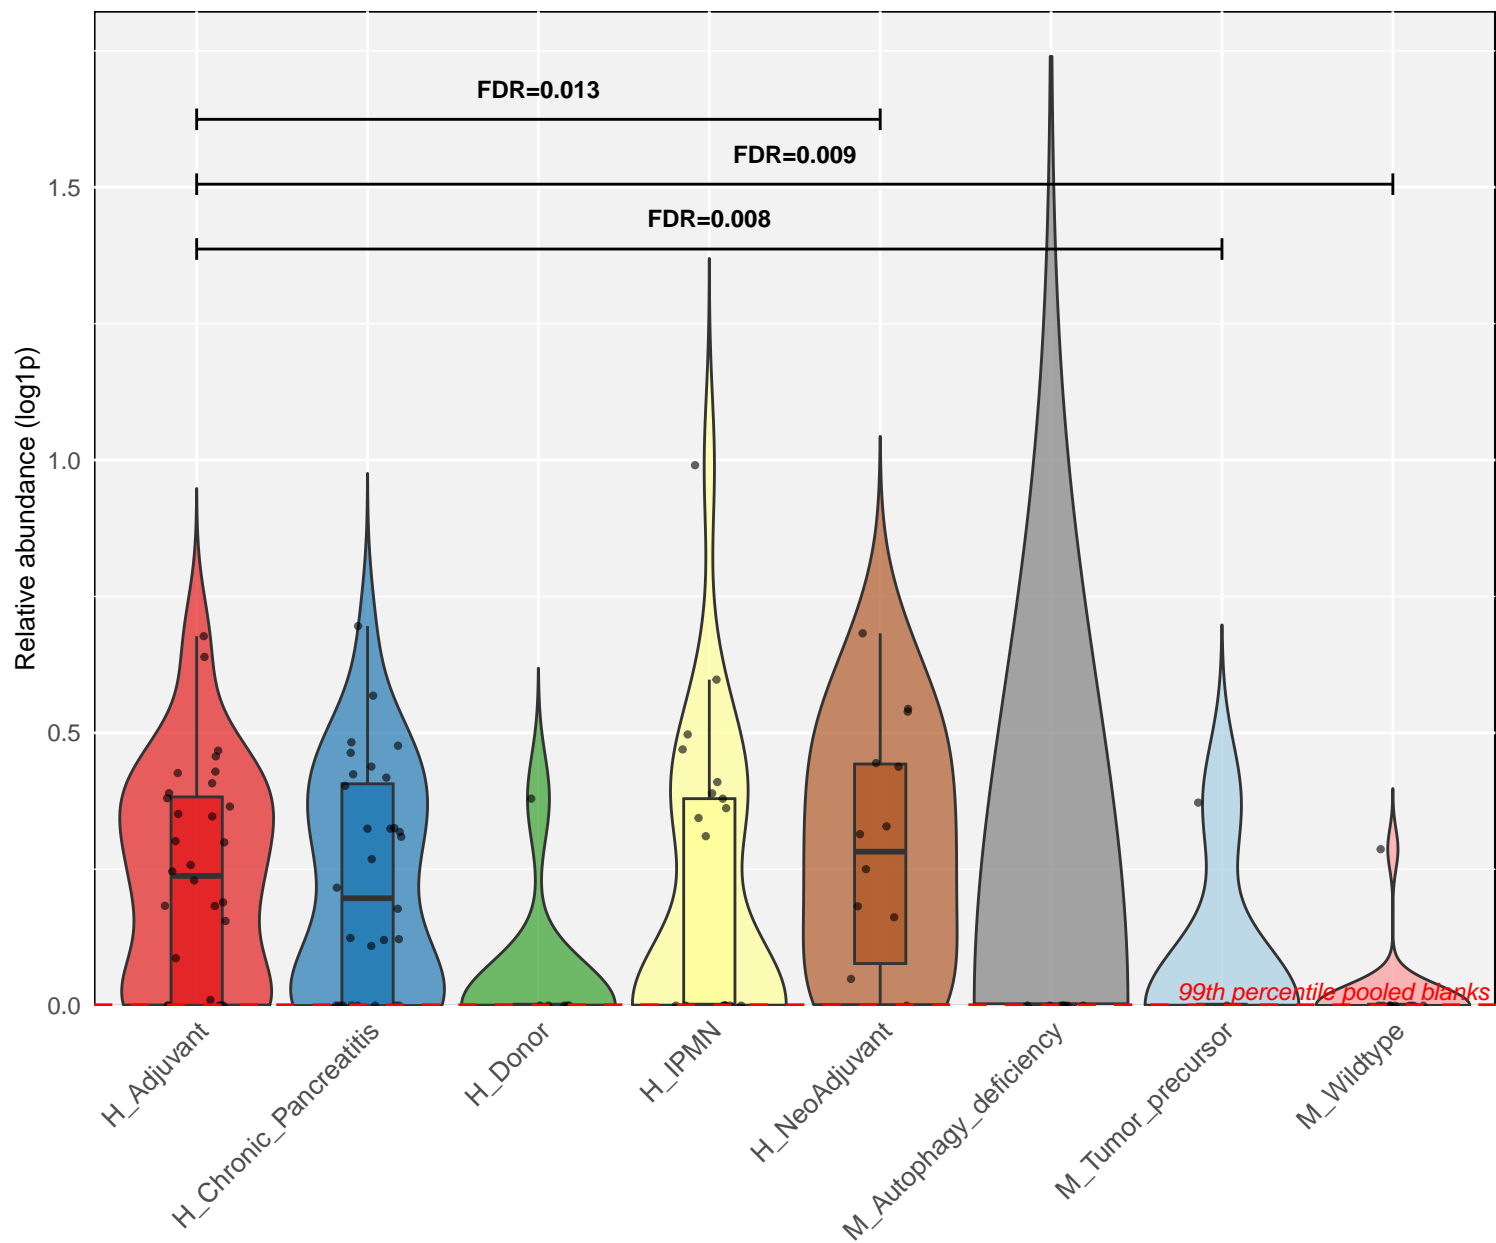

Bacteroides congongensis

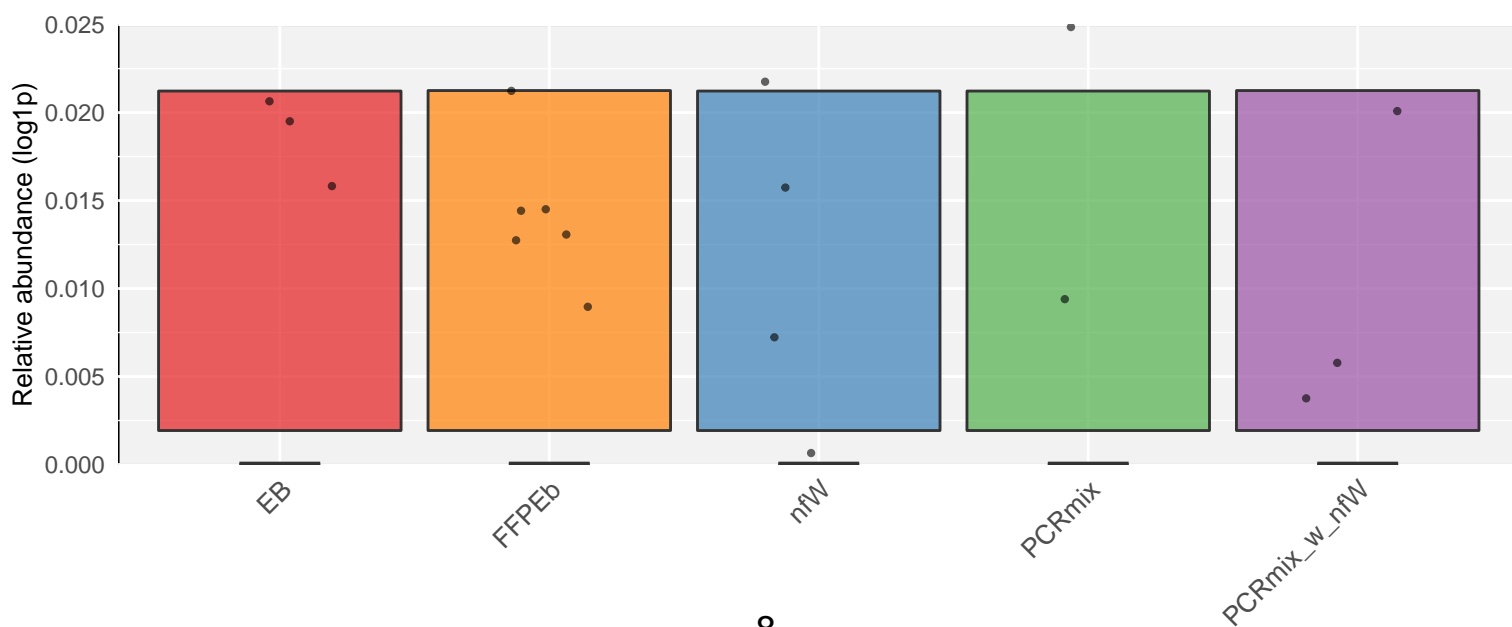

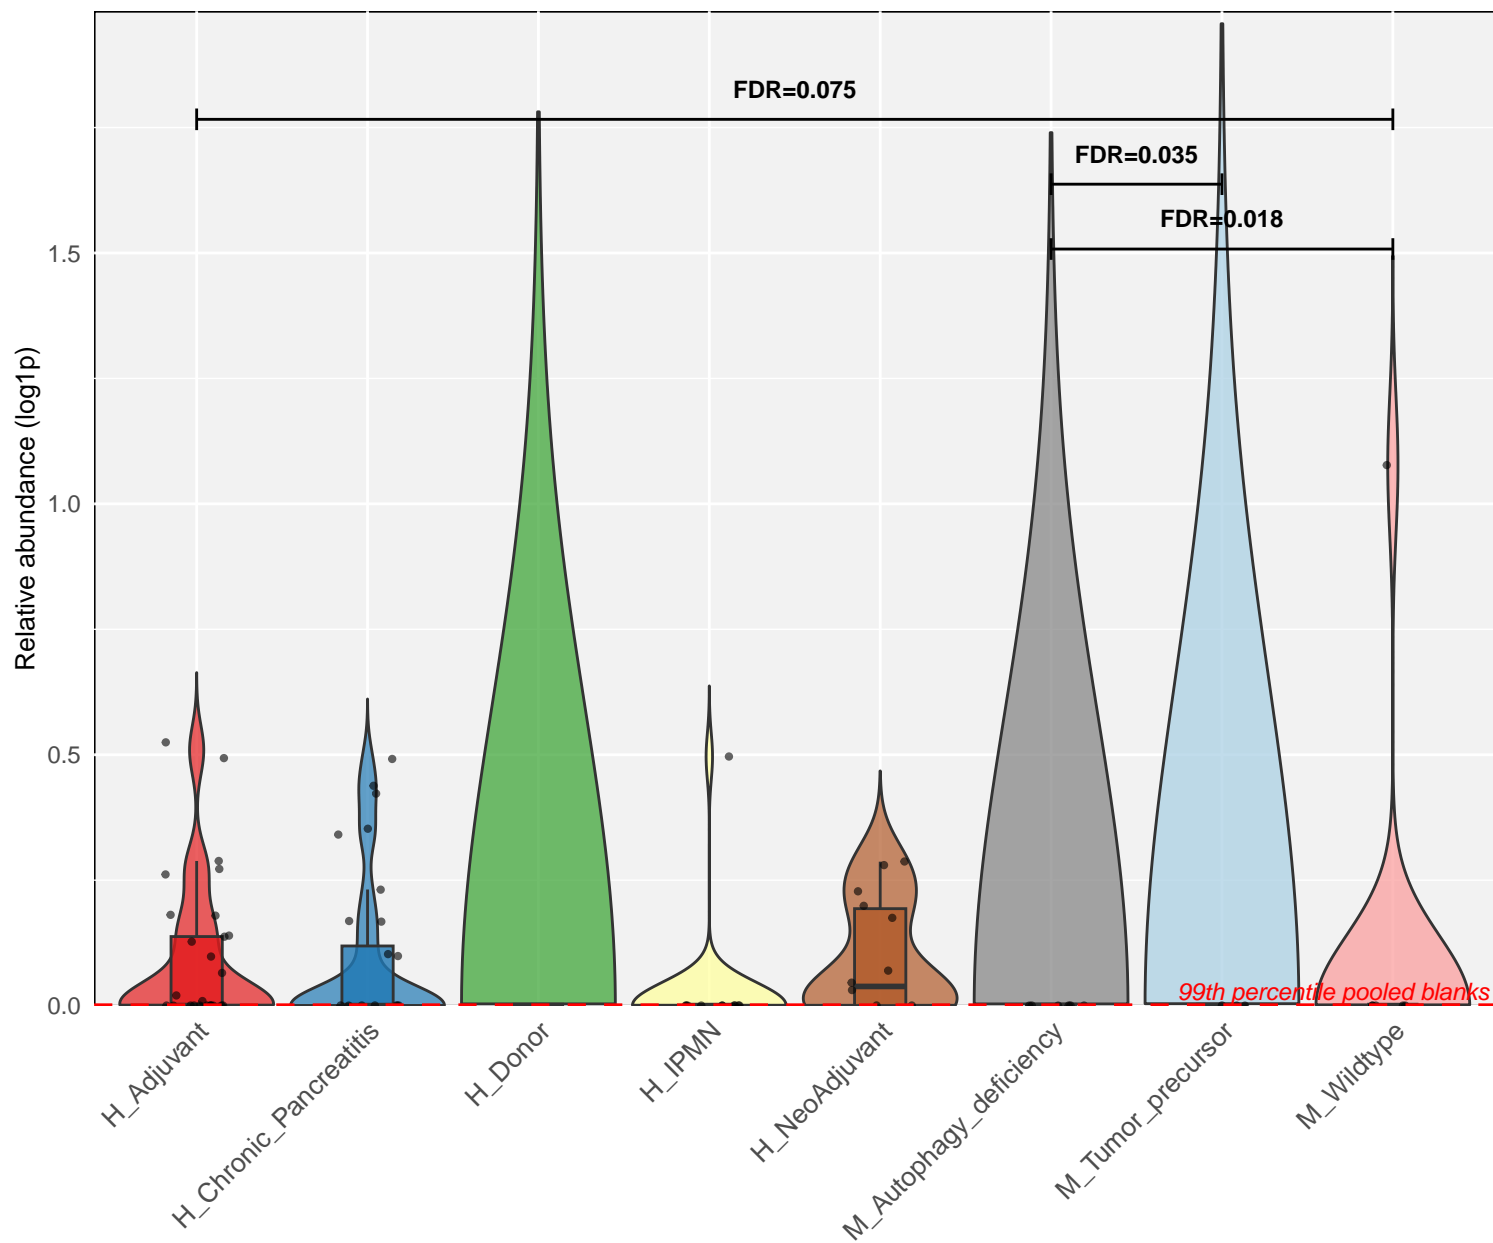

Bacteroides heparinolyticus

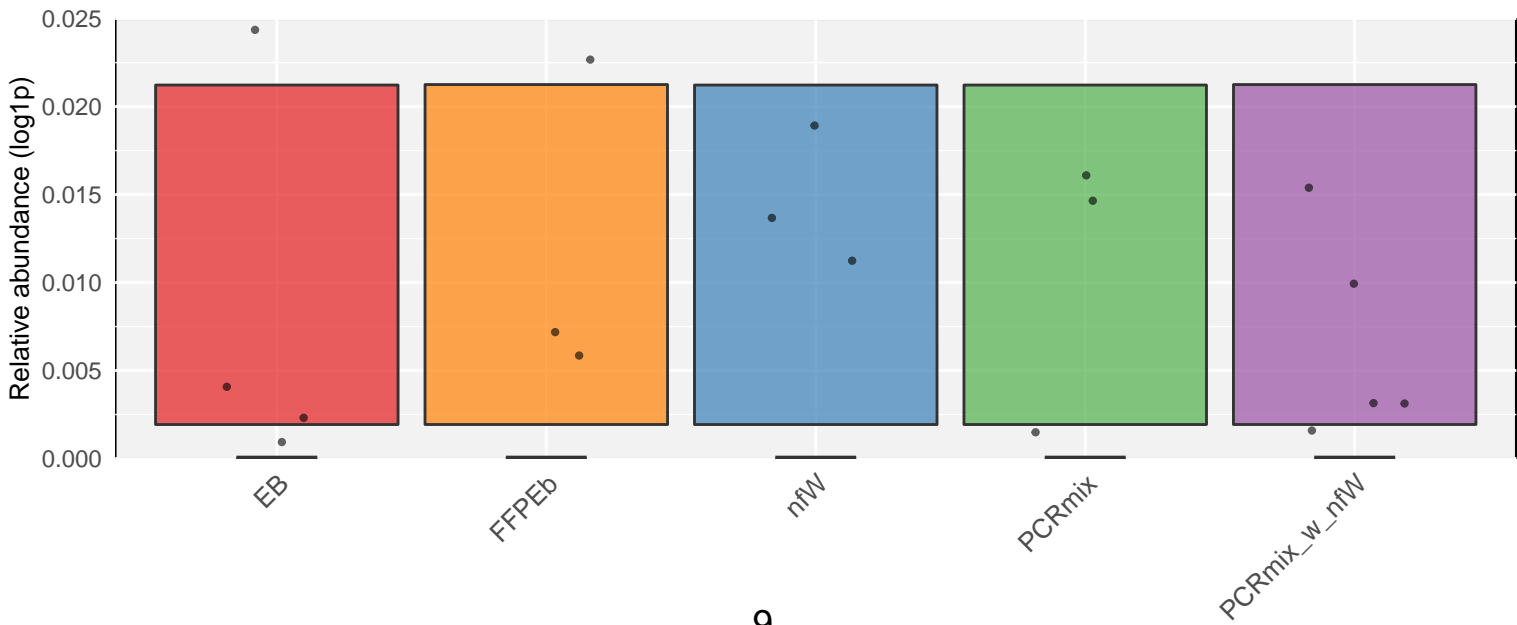

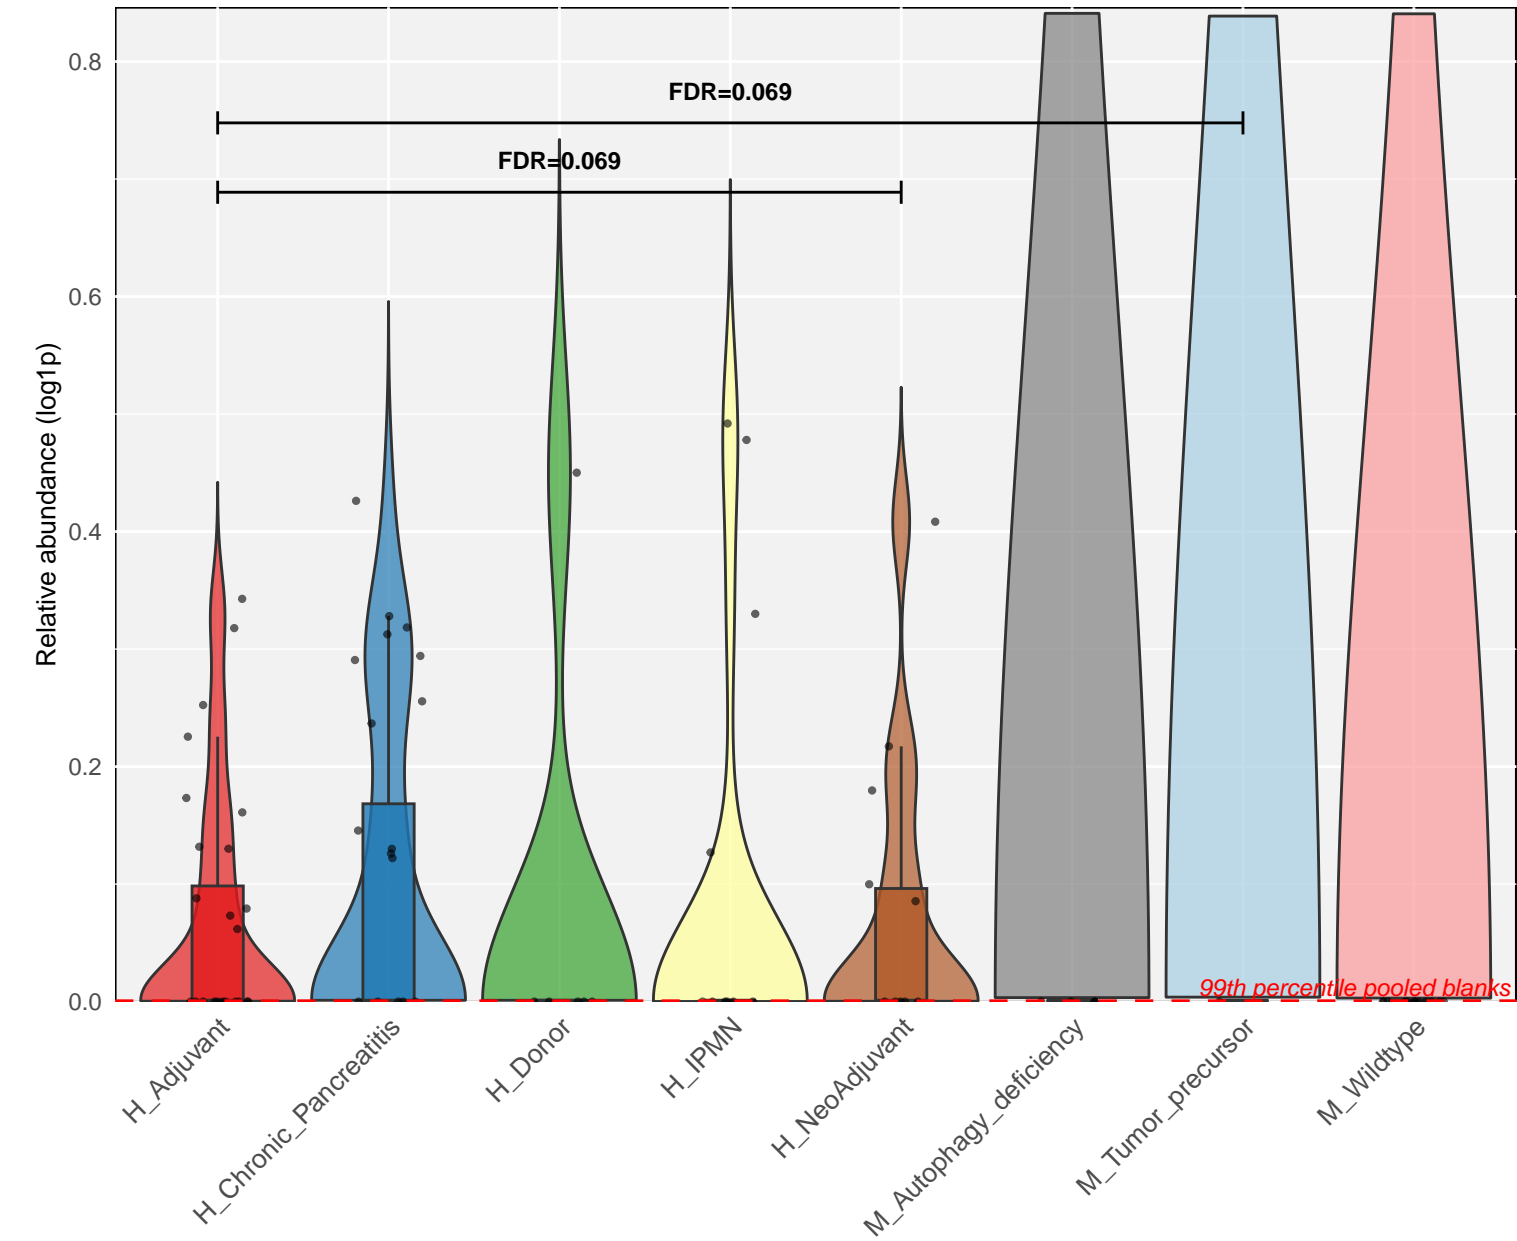

Bacteroides oleiciplenus

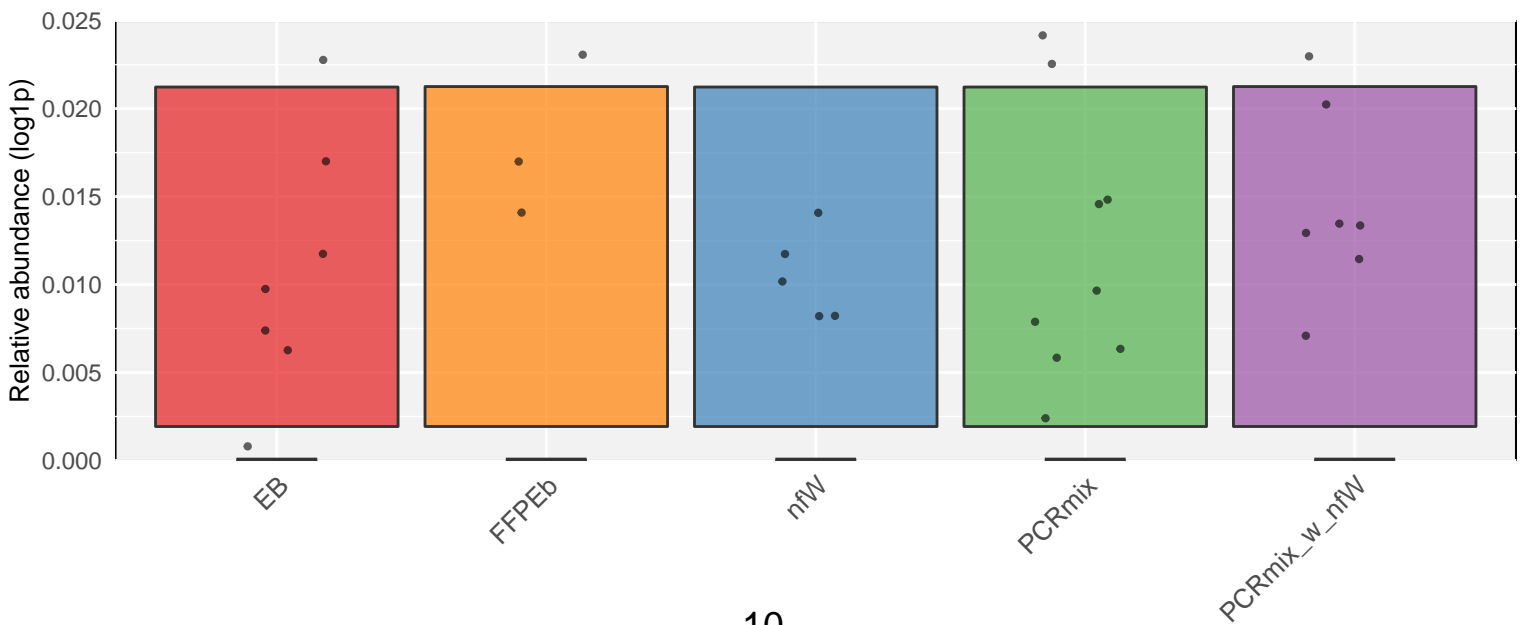

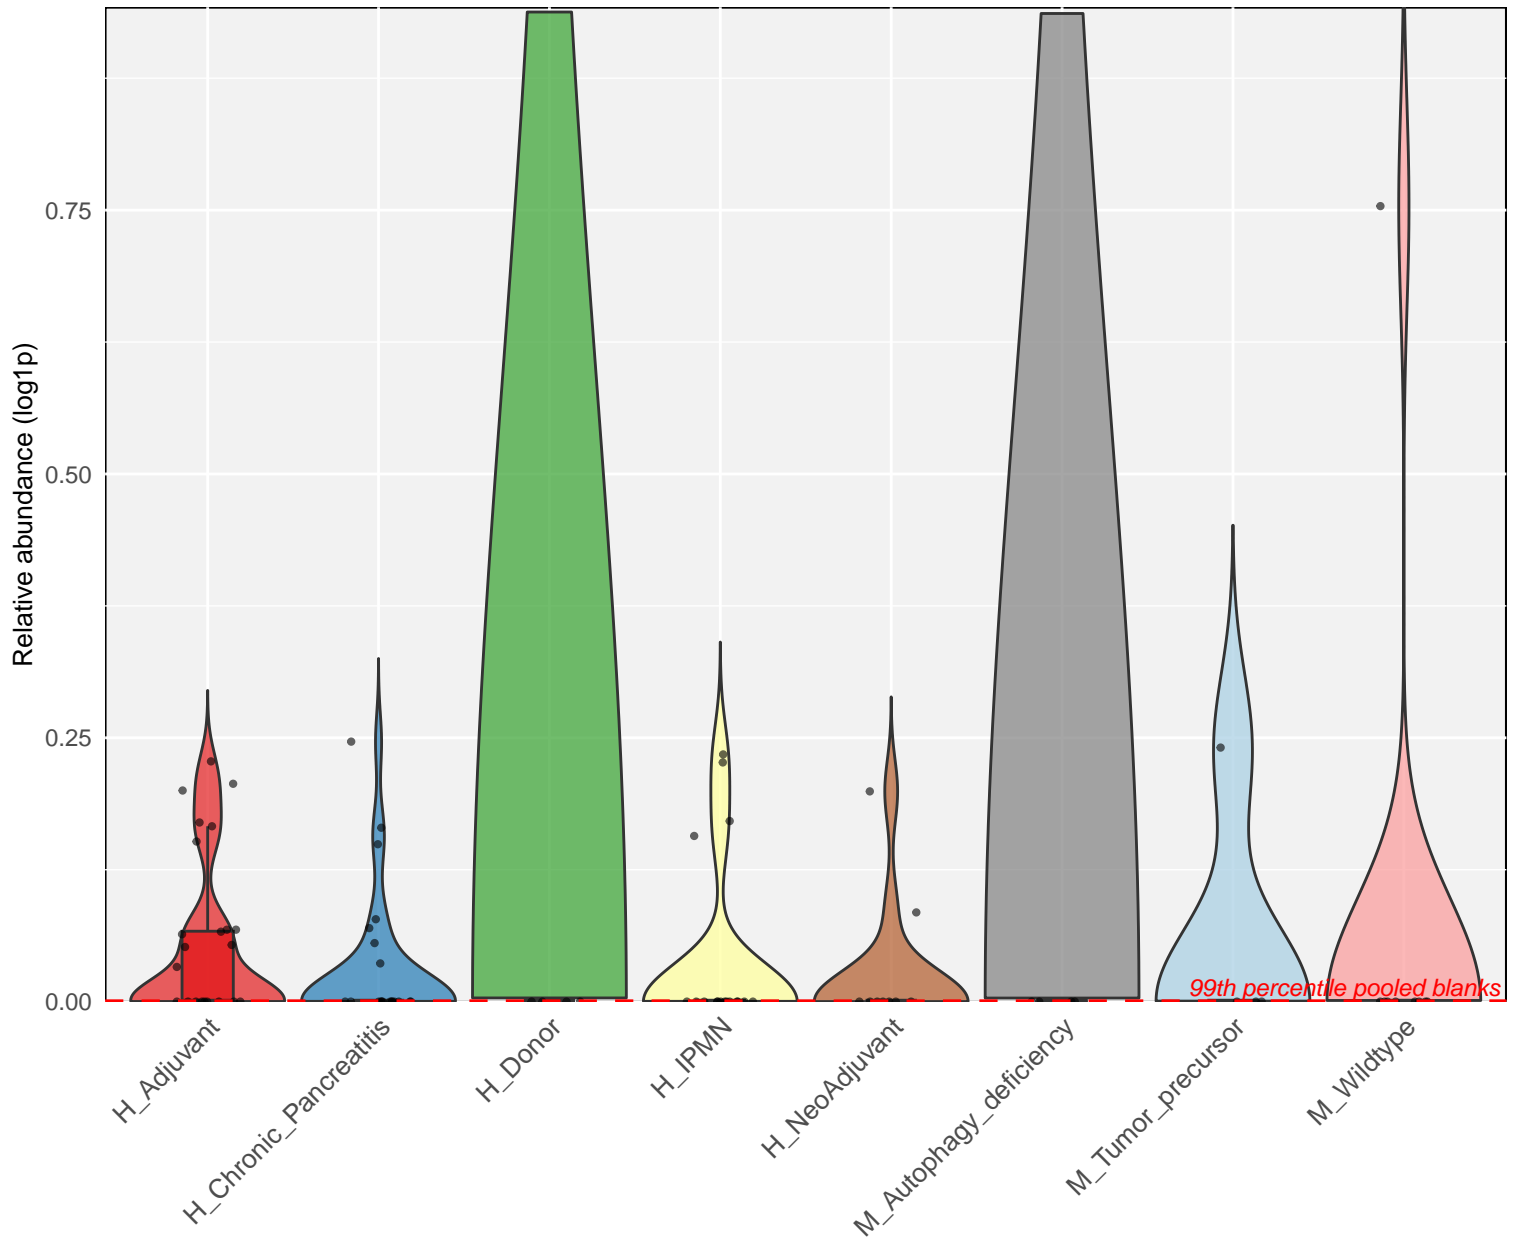

Bacteroides pyogenes

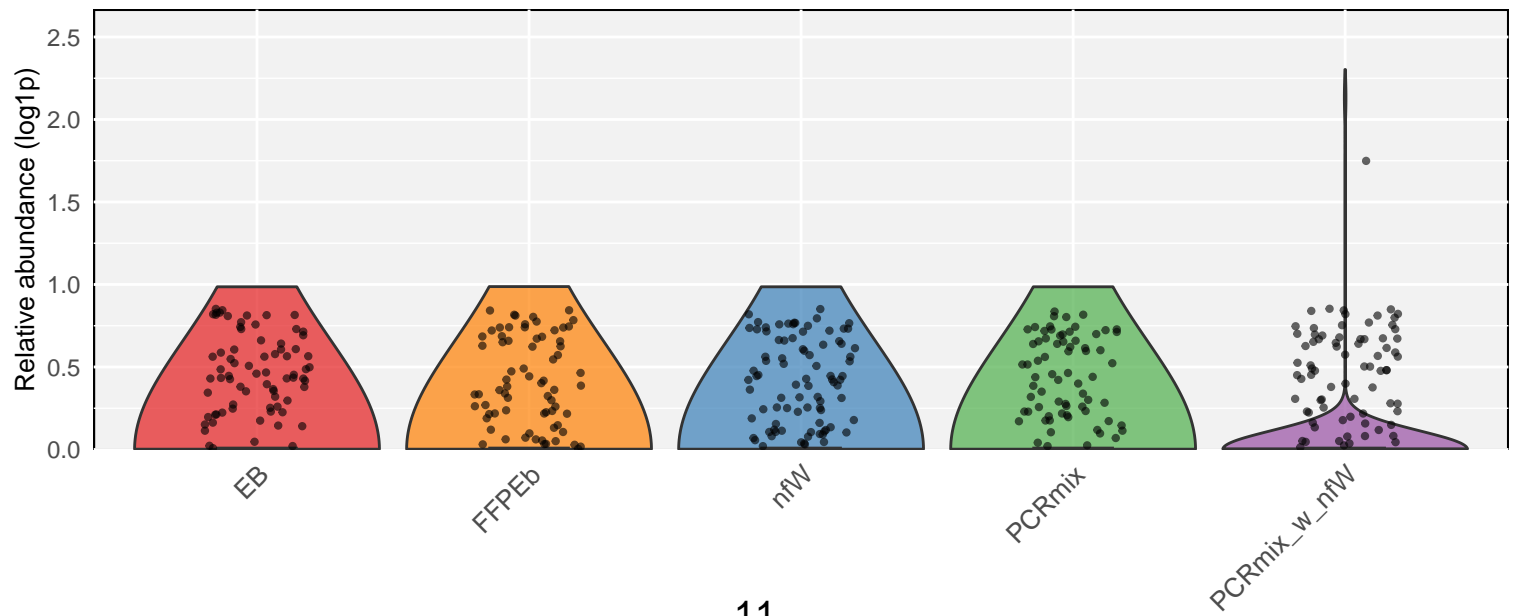

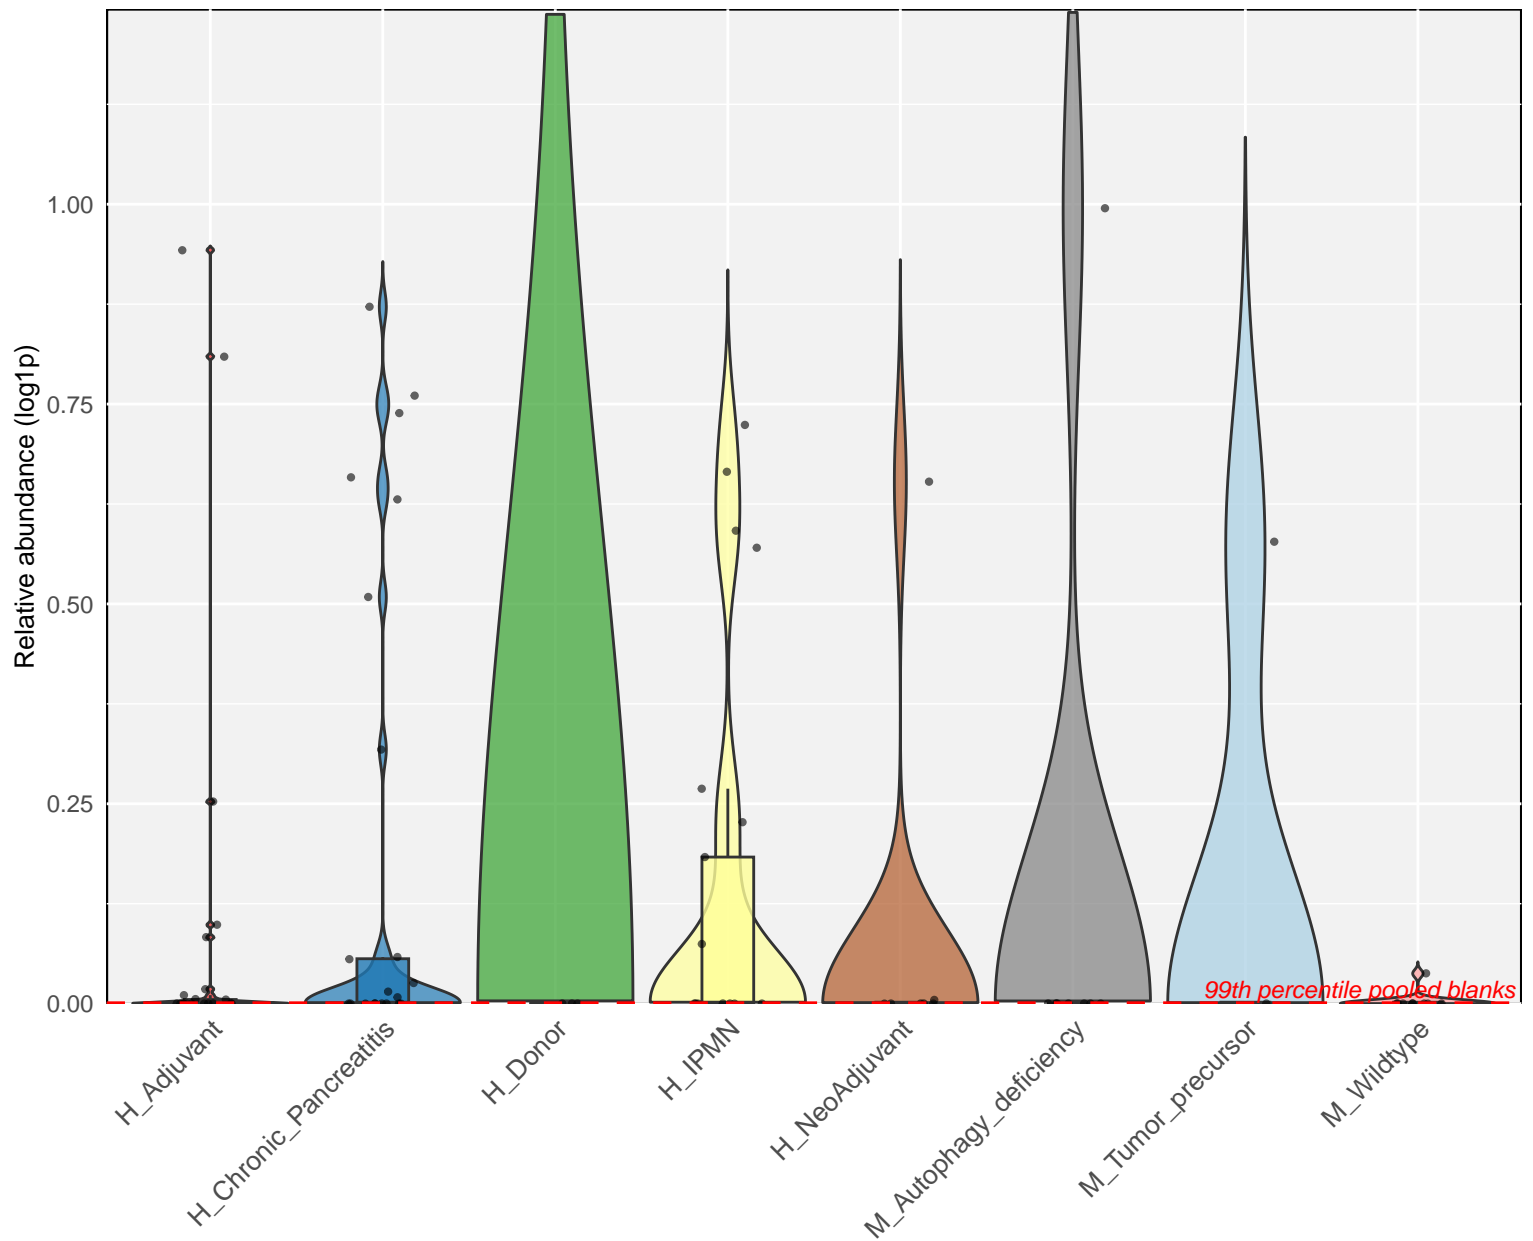

Bacteroides stercorisoris

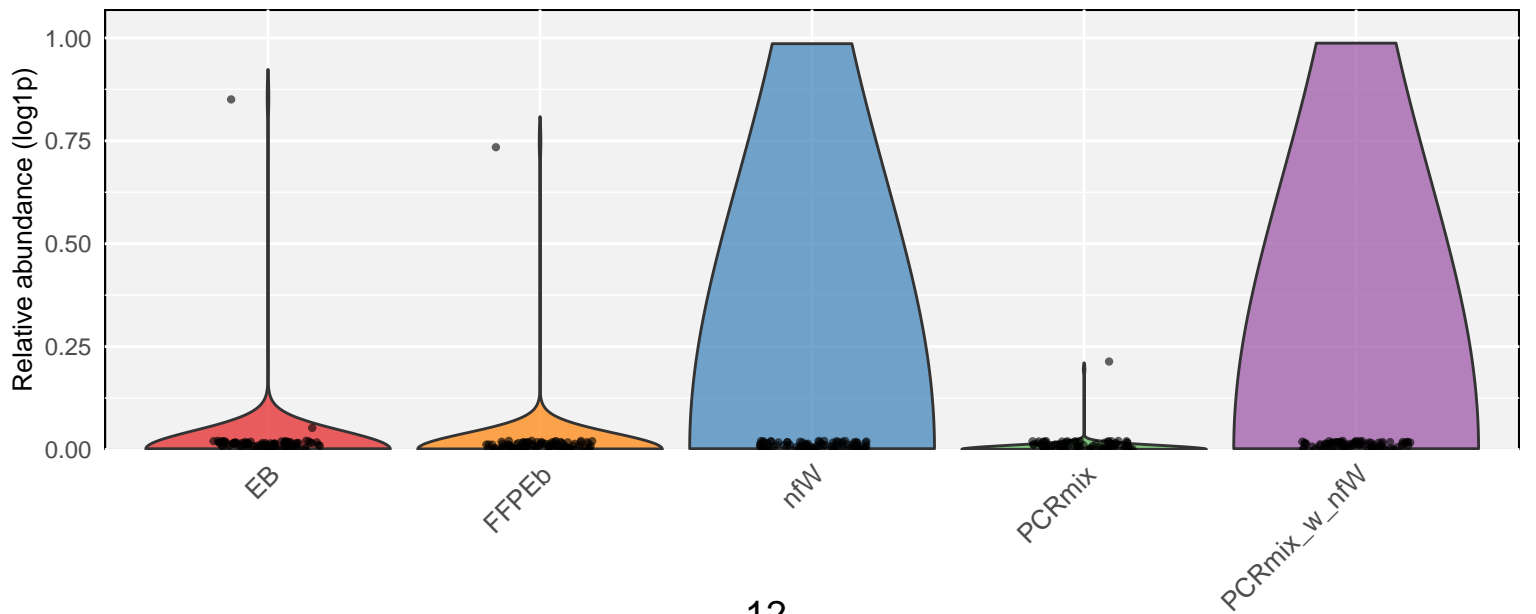

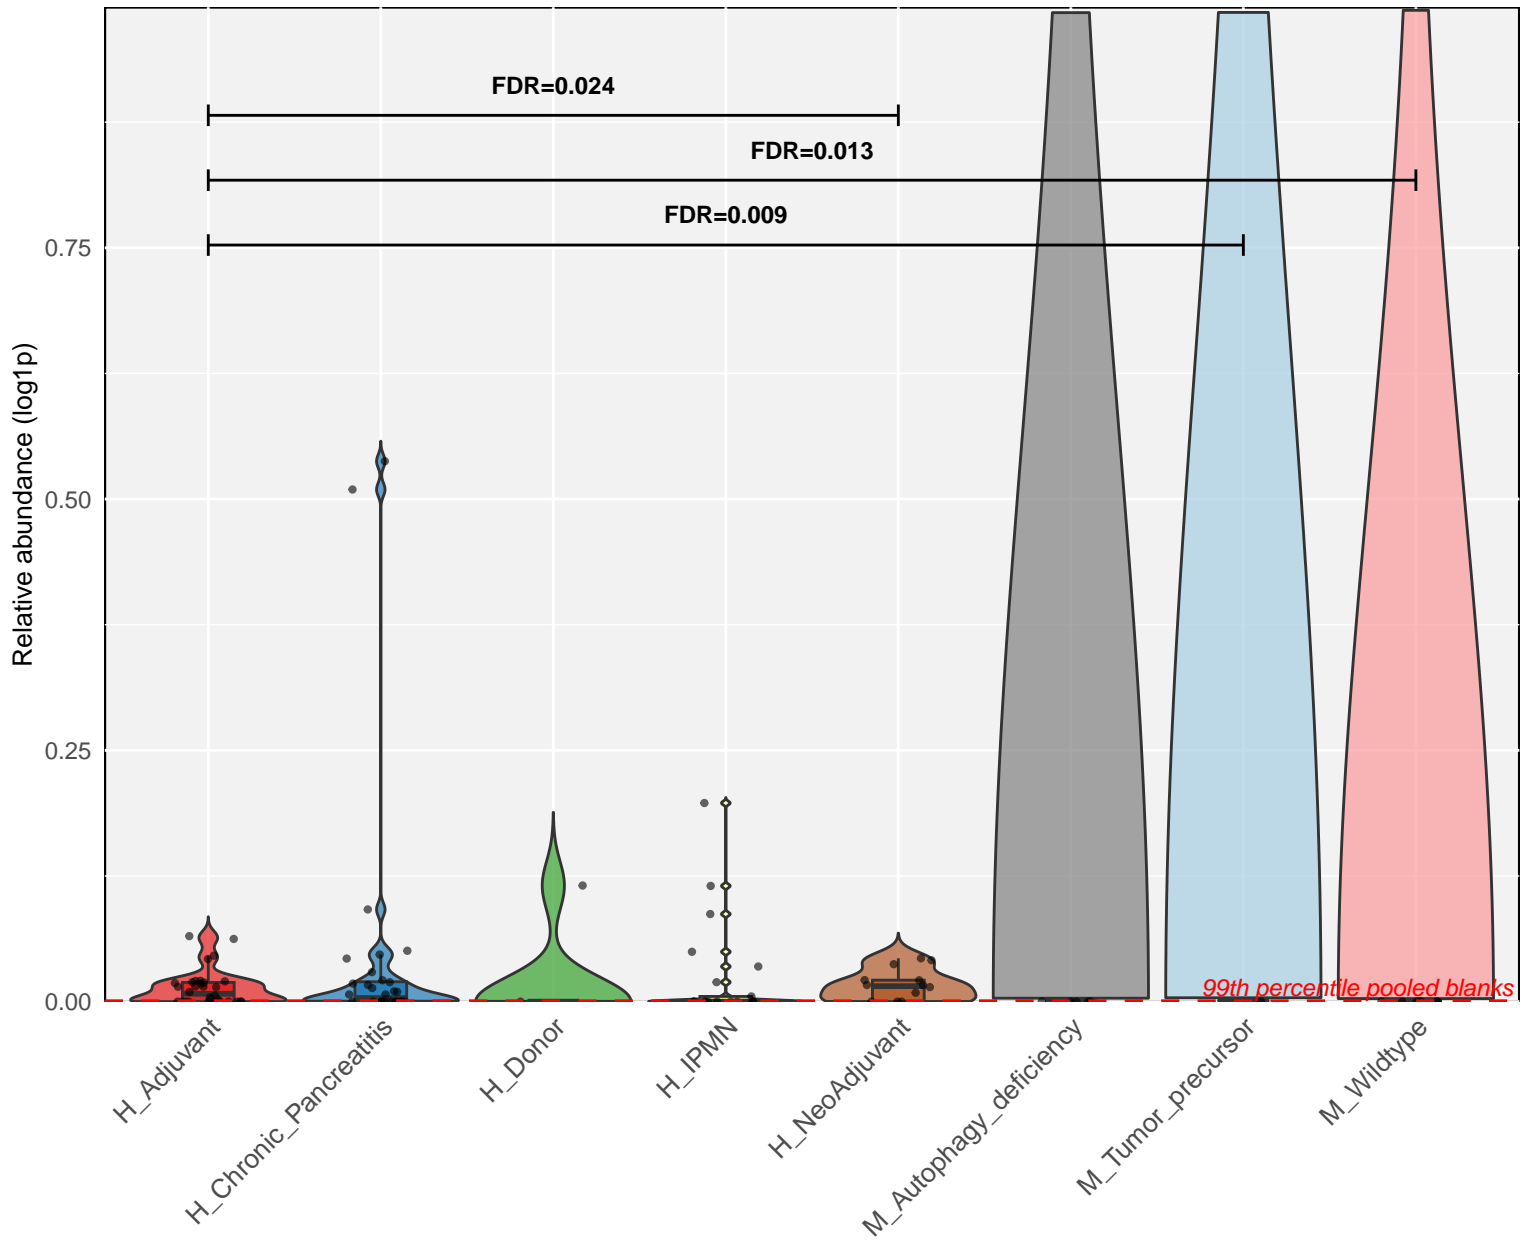

Bariatricus massiliensis

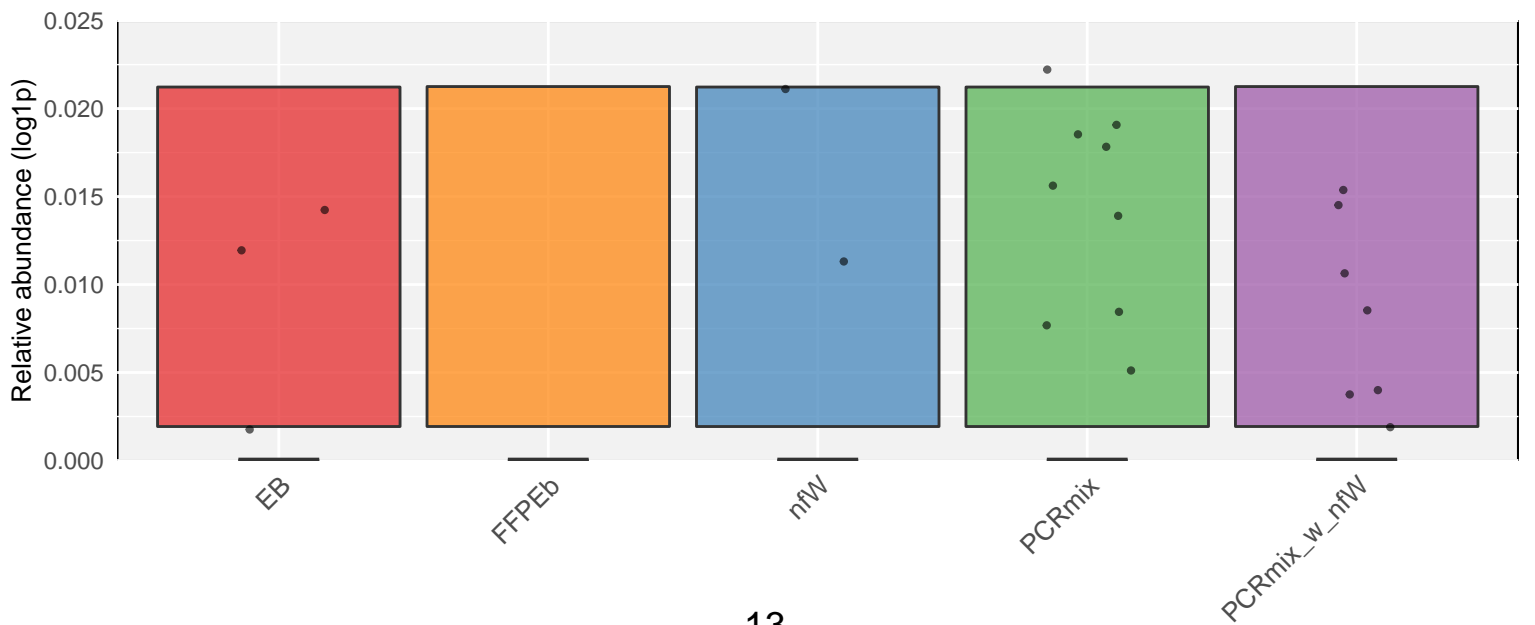

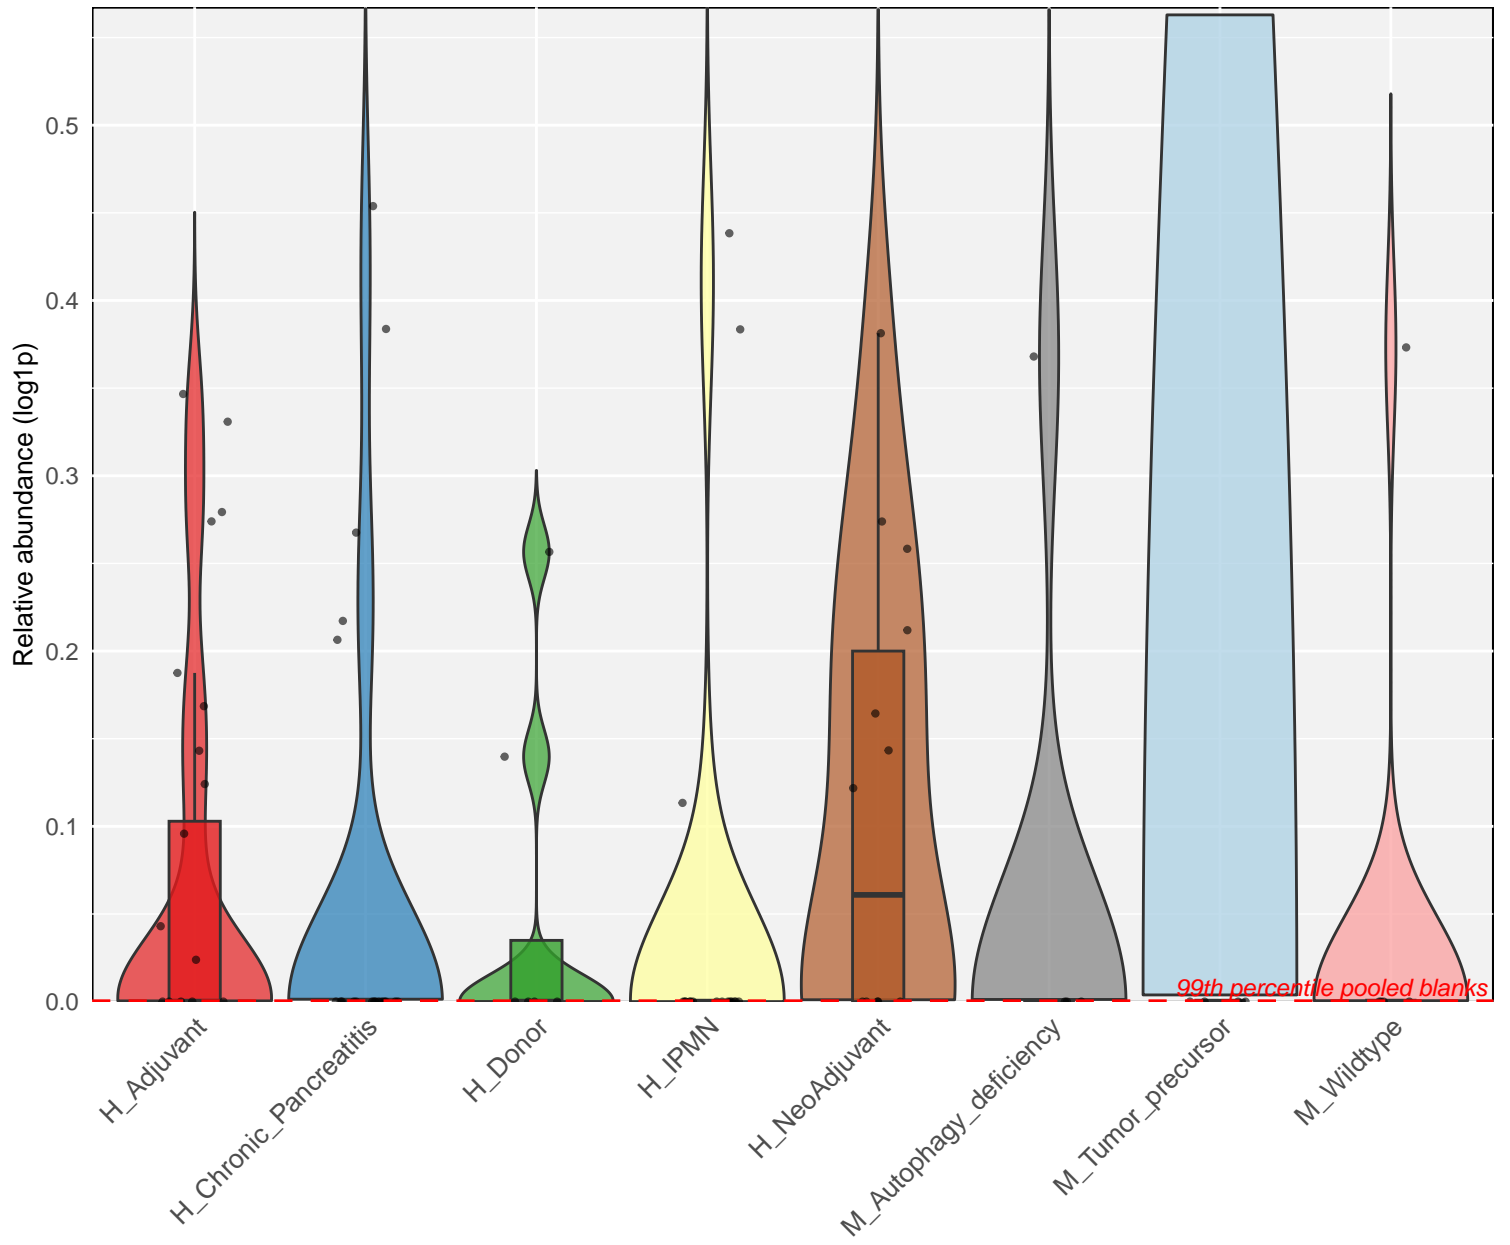

Blautia hominis

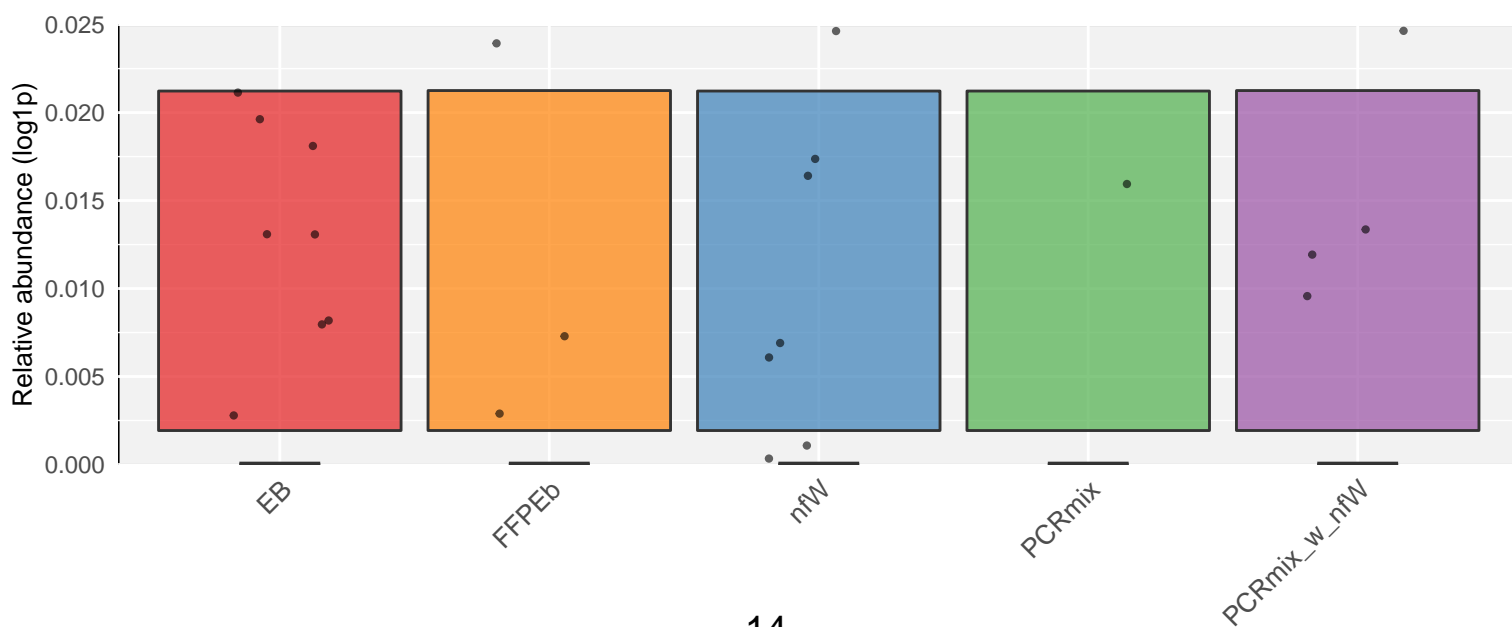

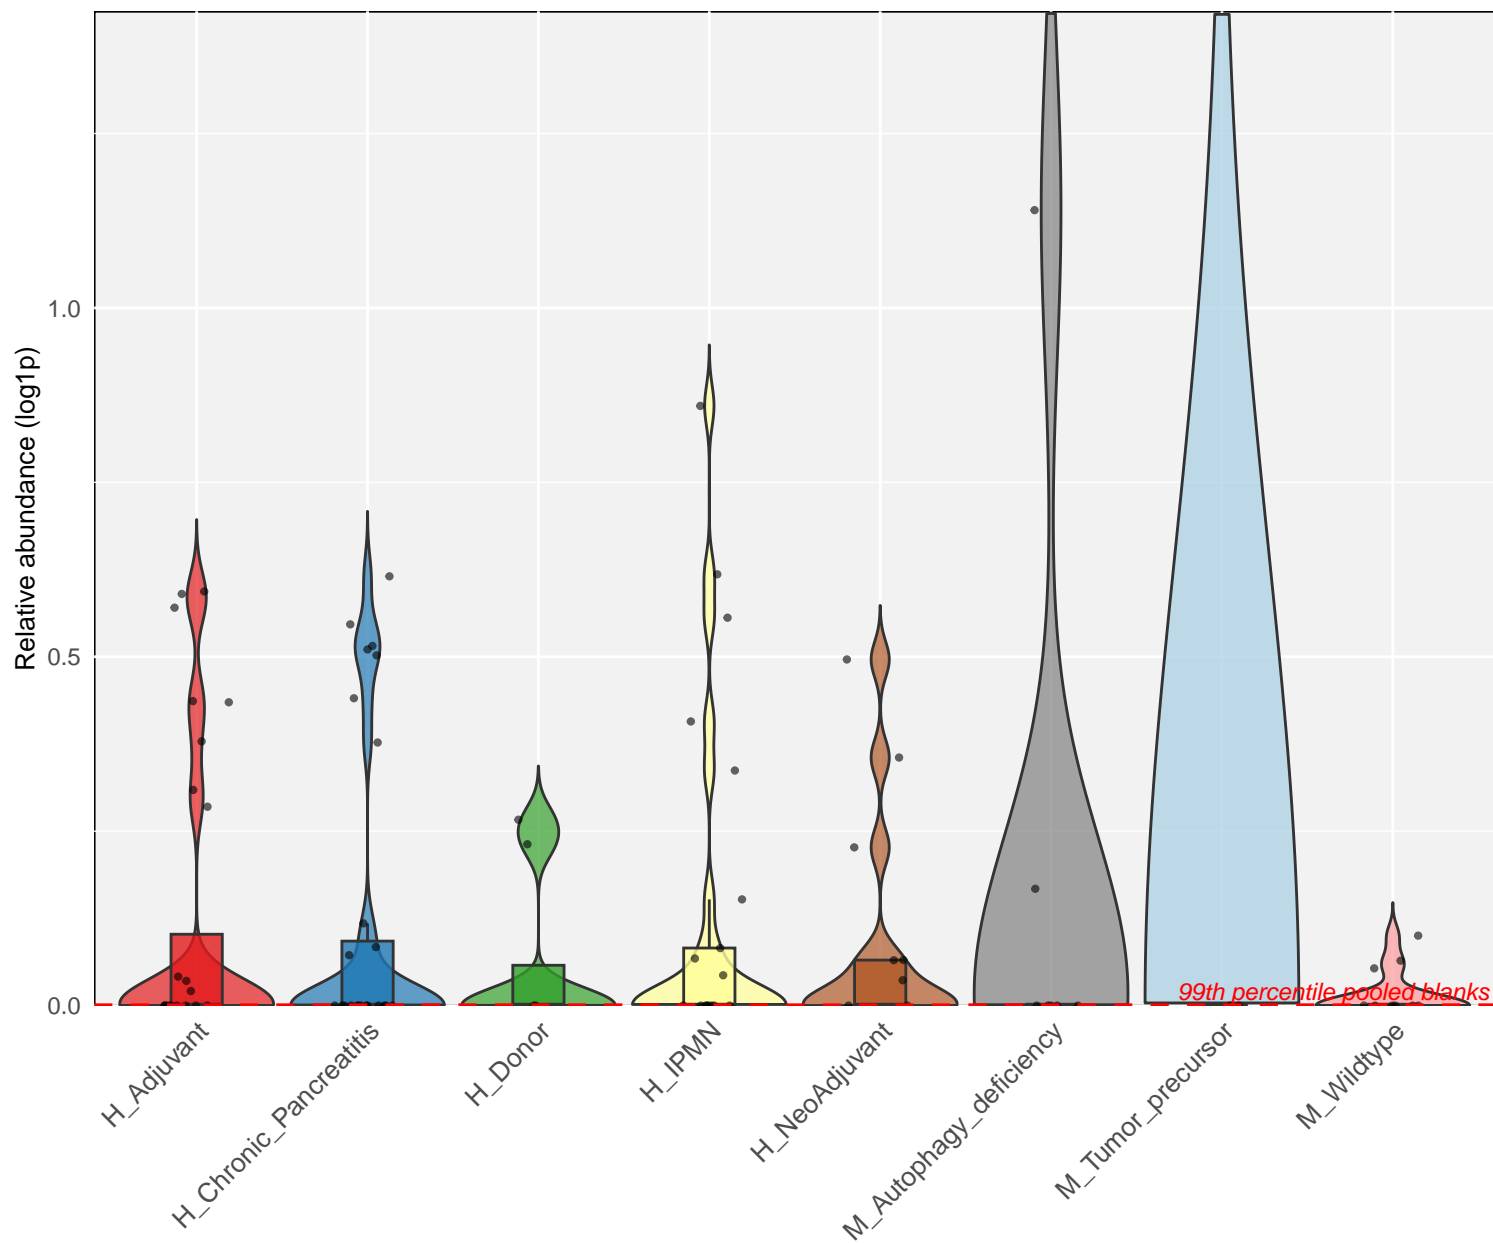

Citrobacter koseri

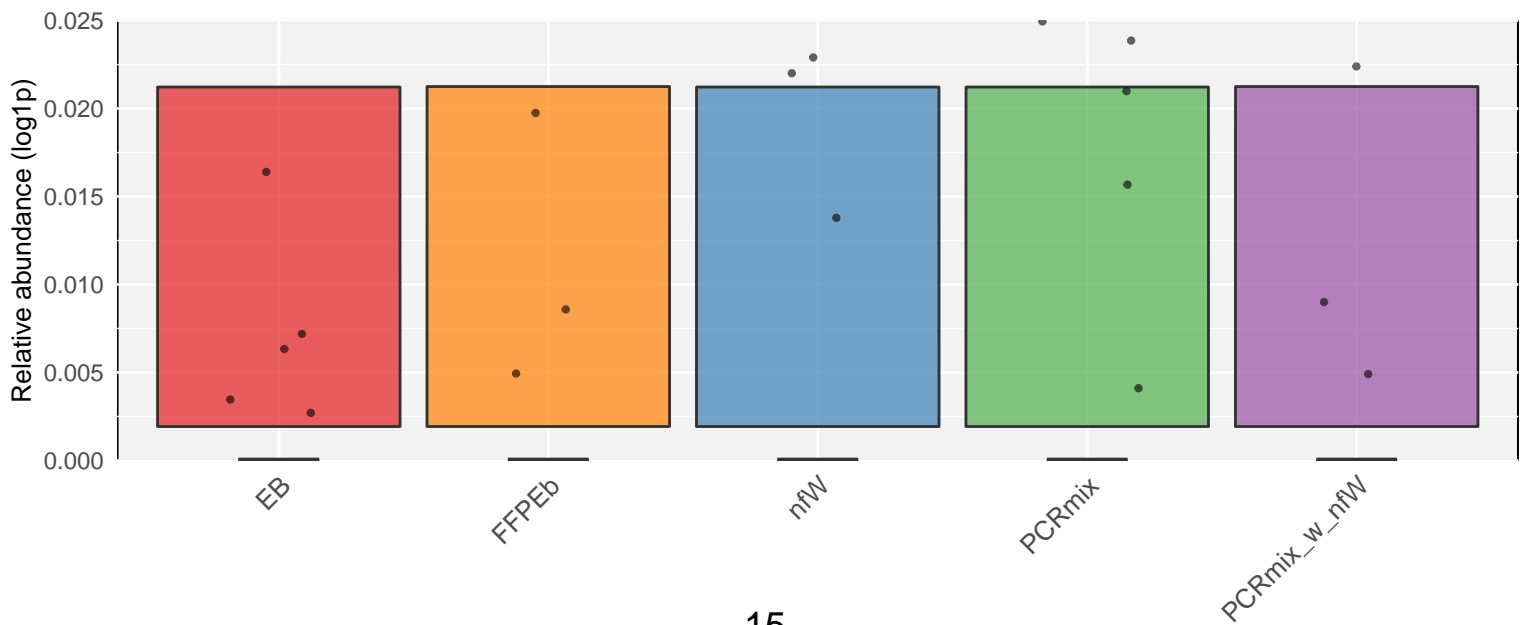

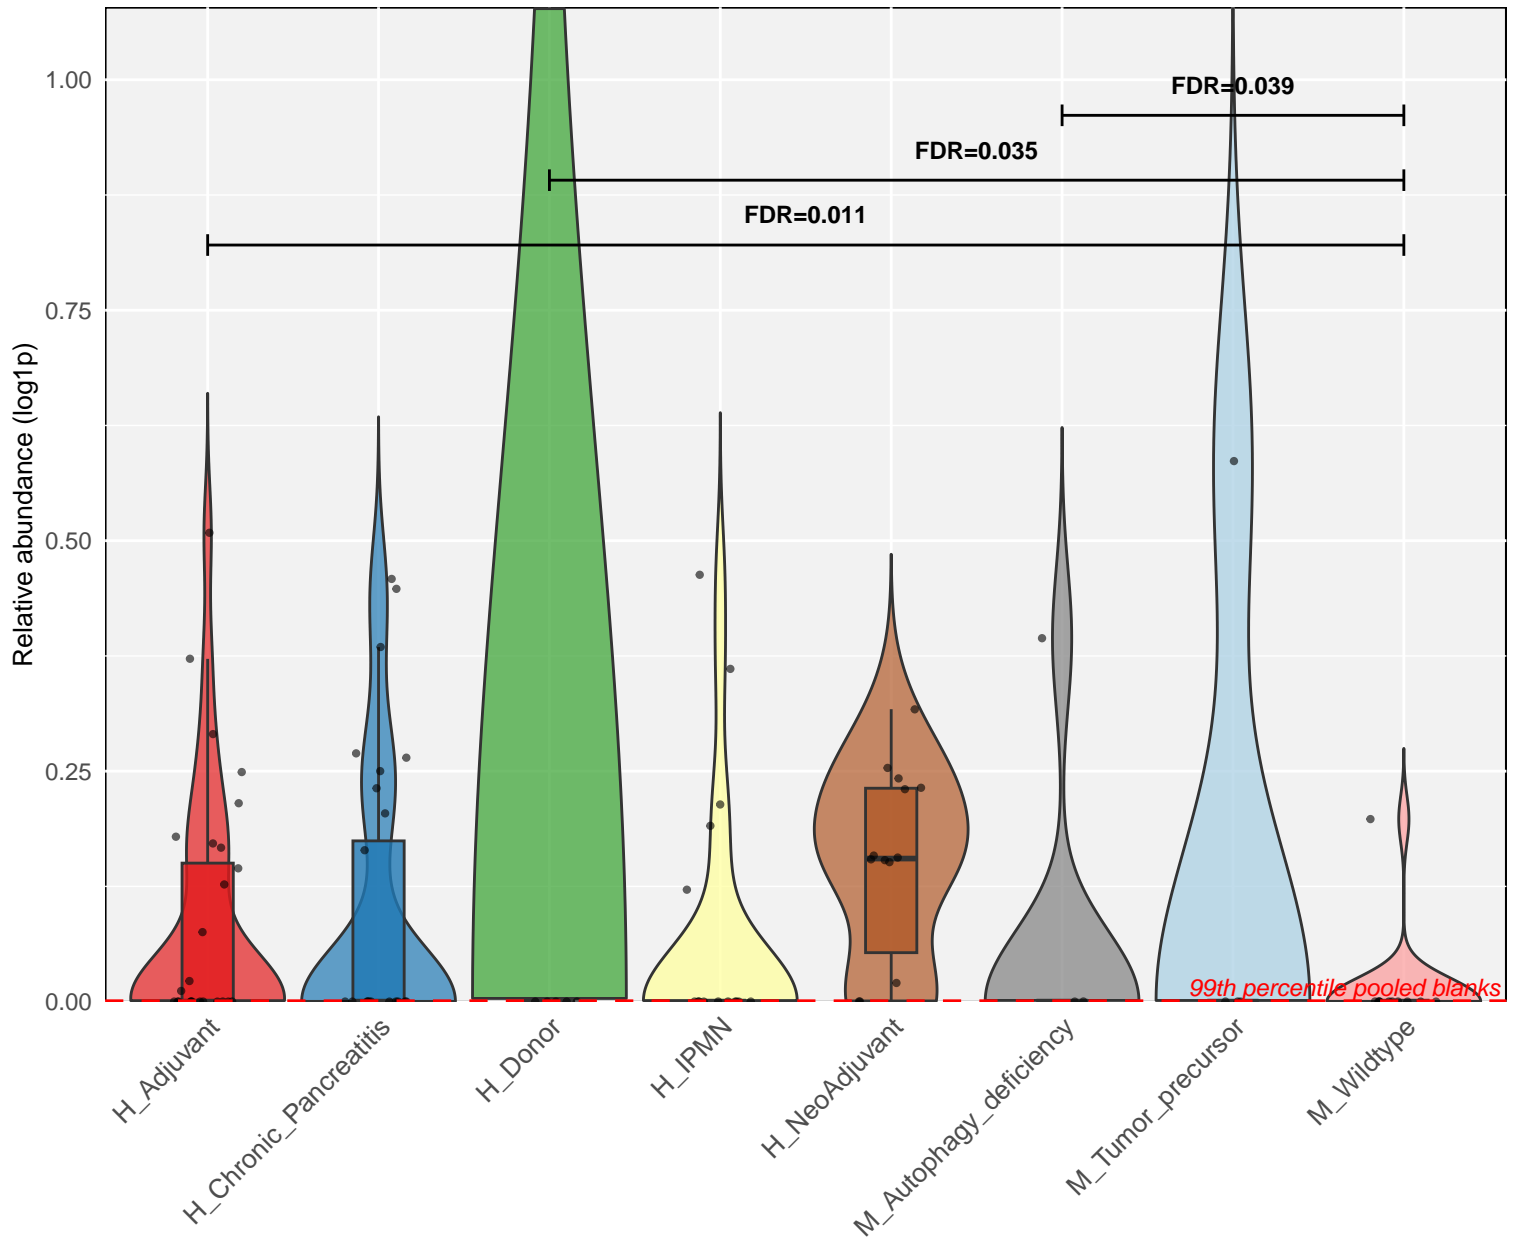

Clostridium innocuum

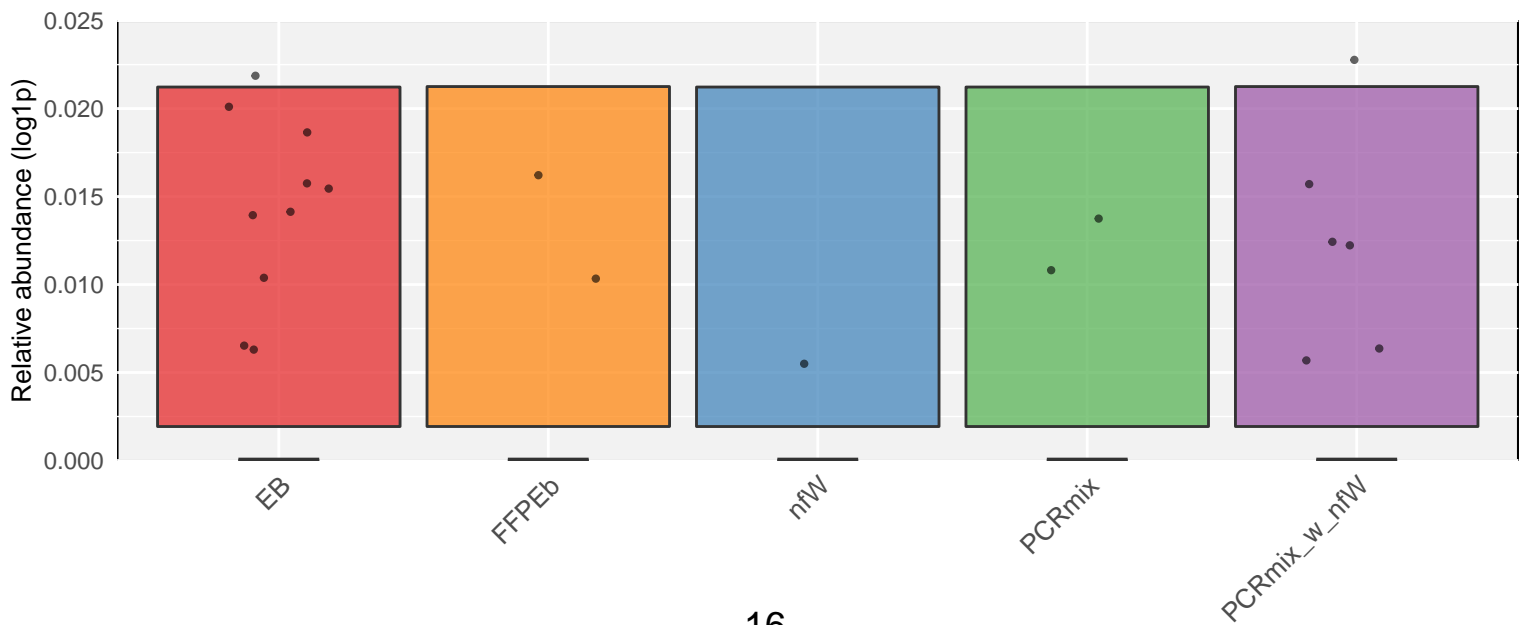

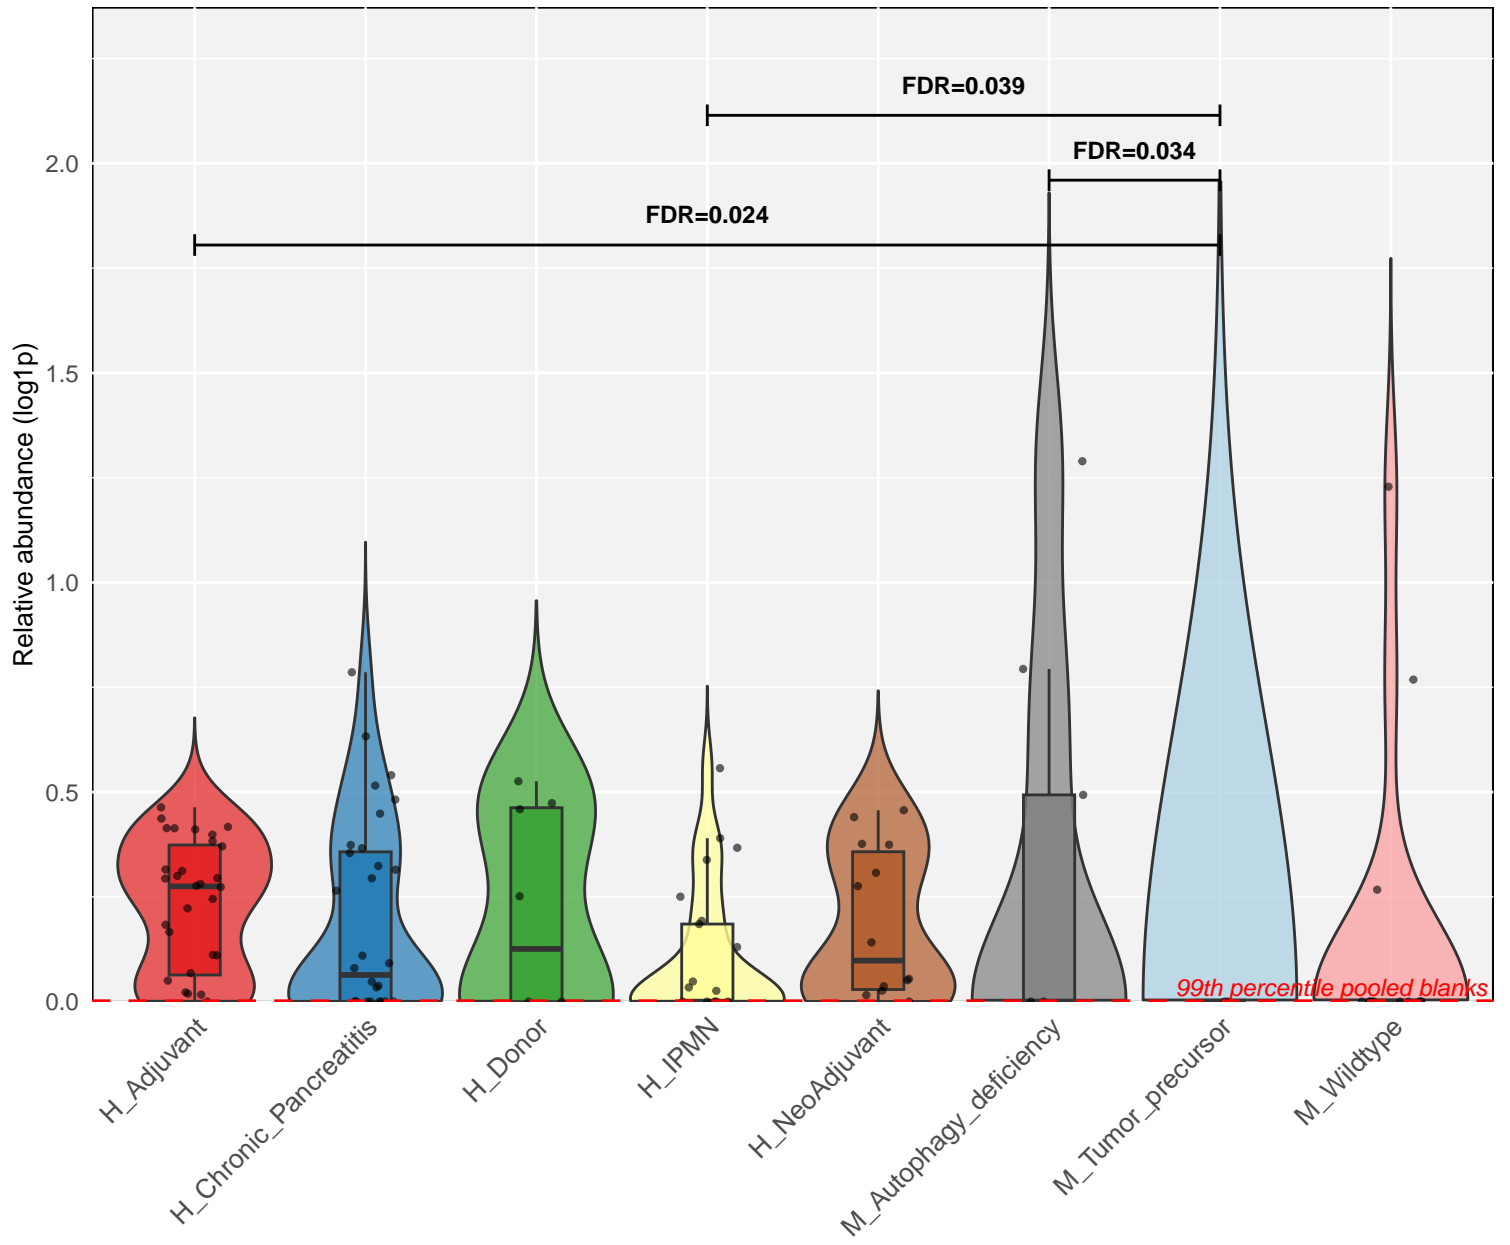

Clostridium jeddahitimonense

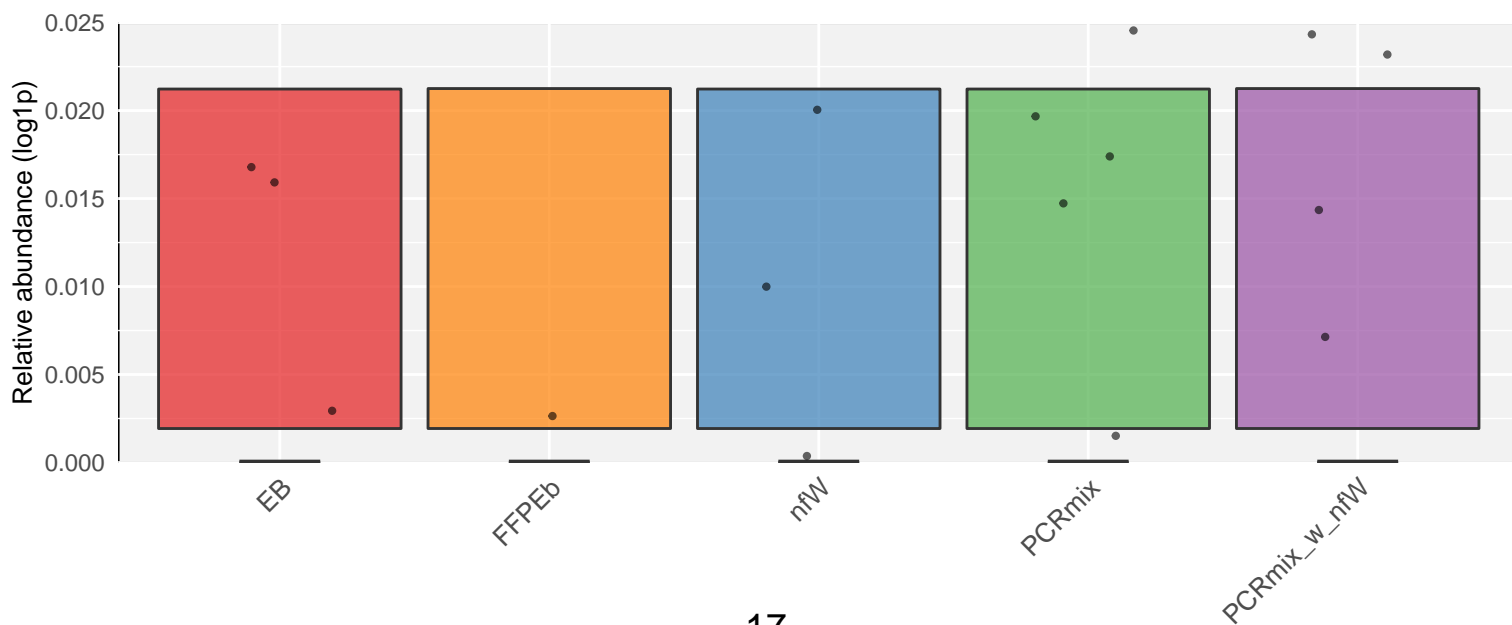

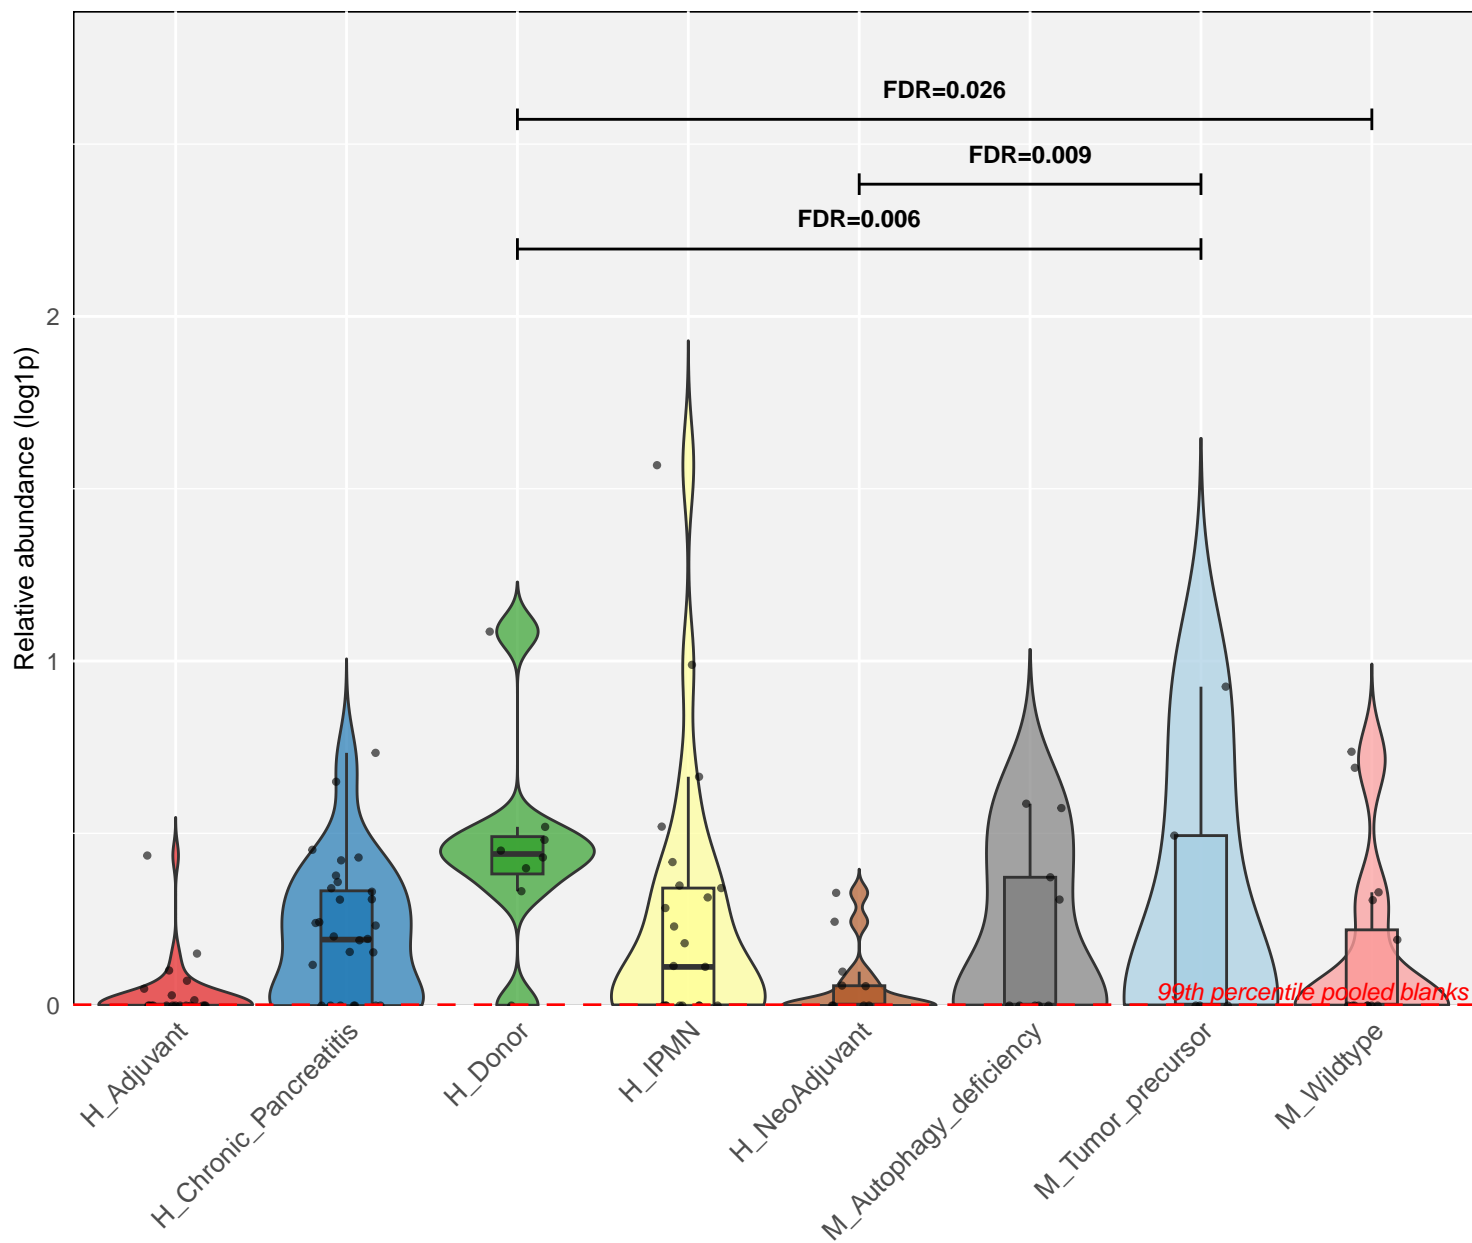

Clostridium paraputrificum

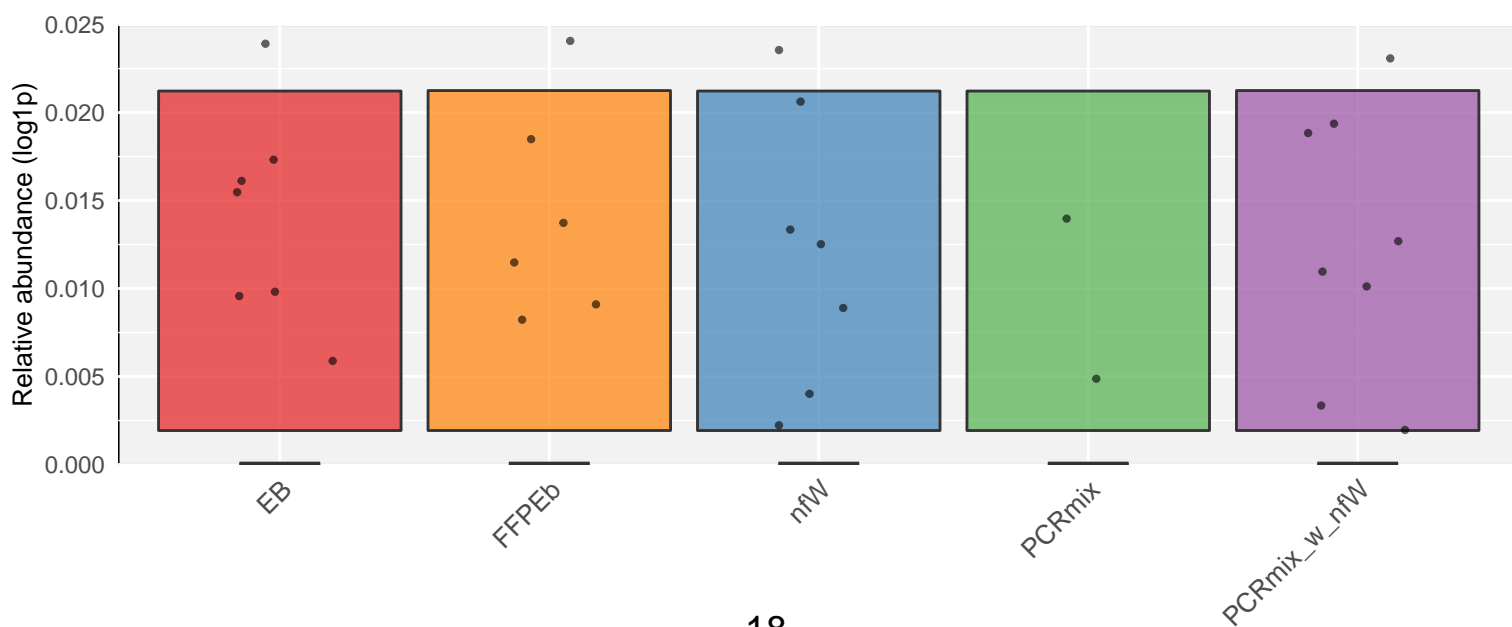

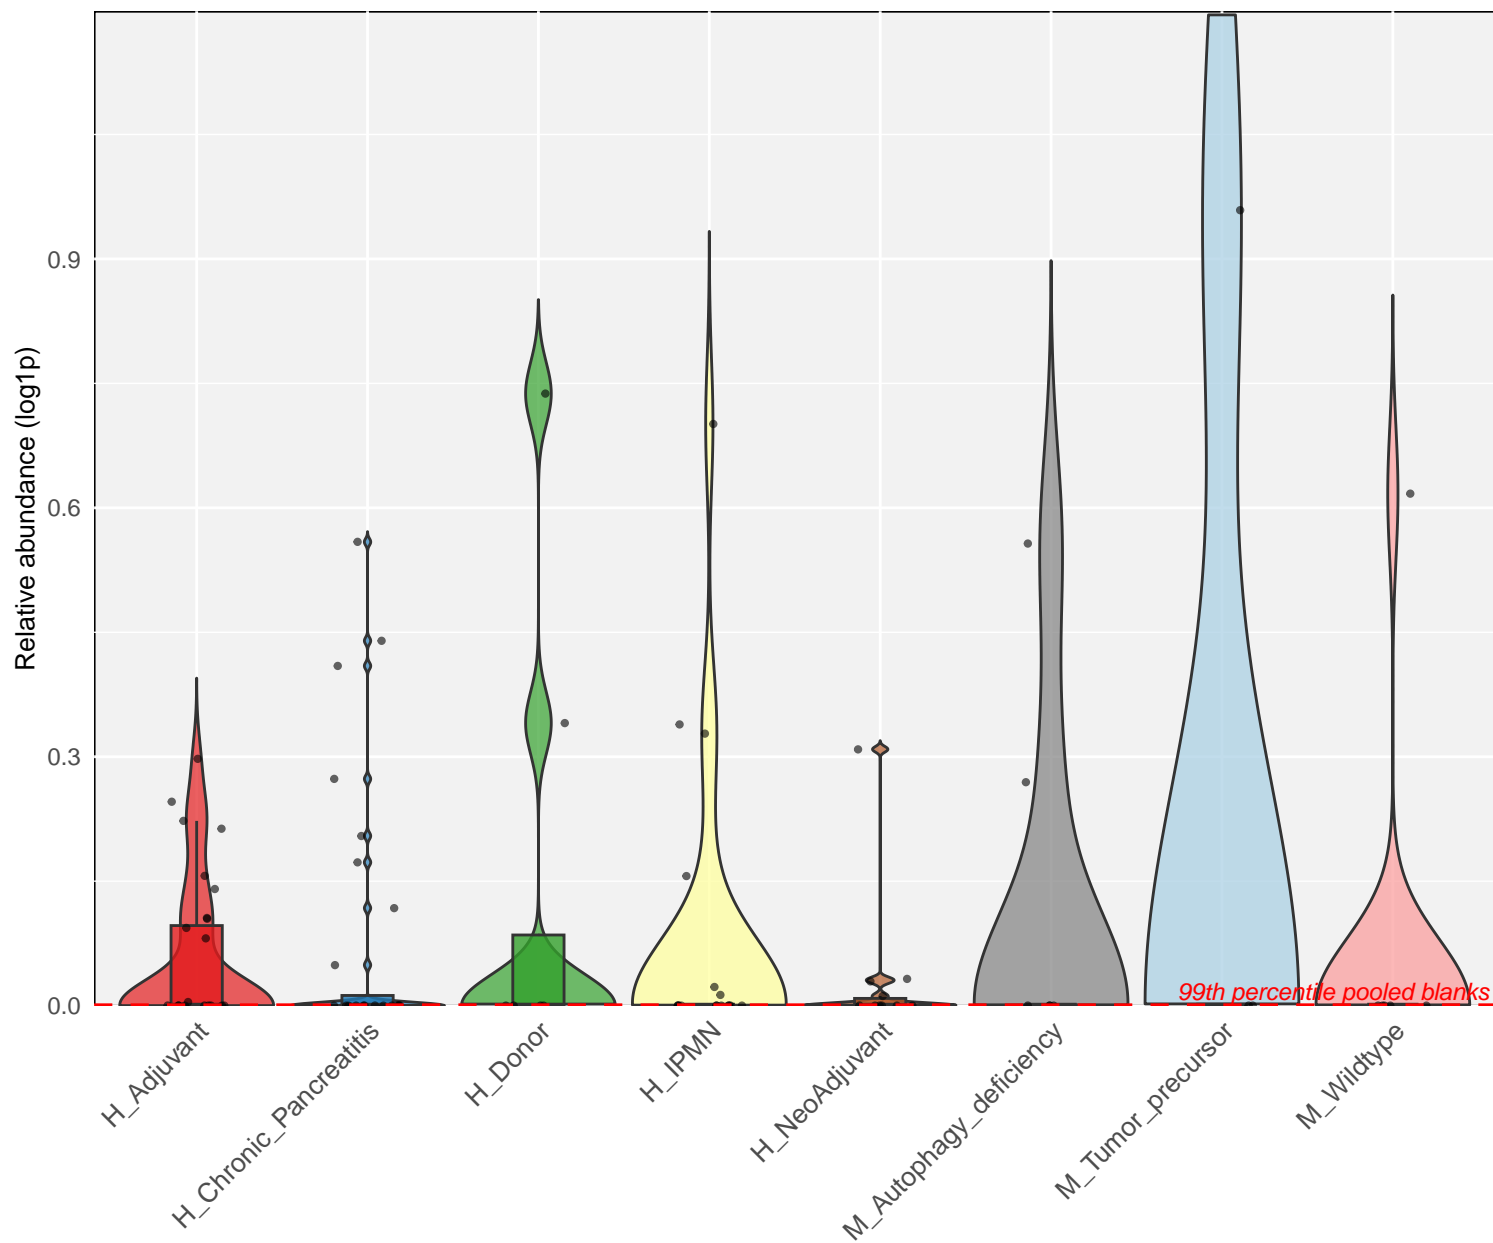

Clostridium saudiense

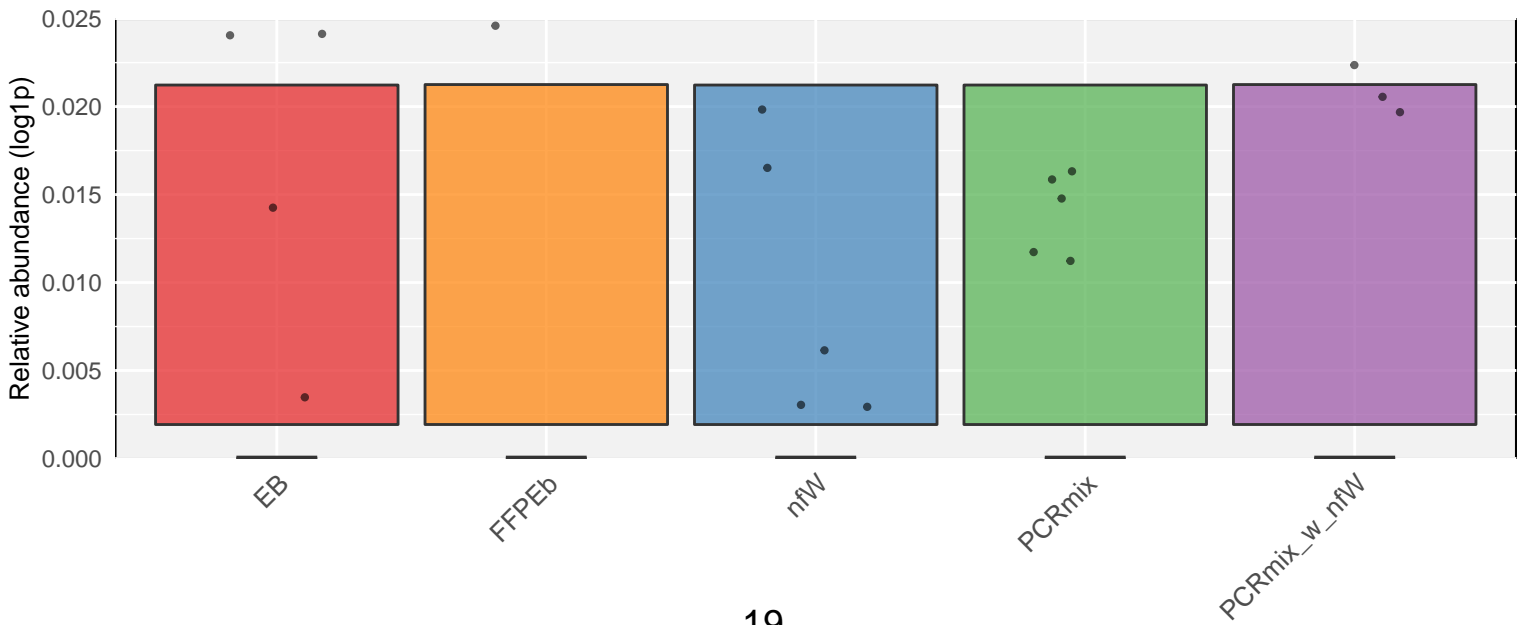

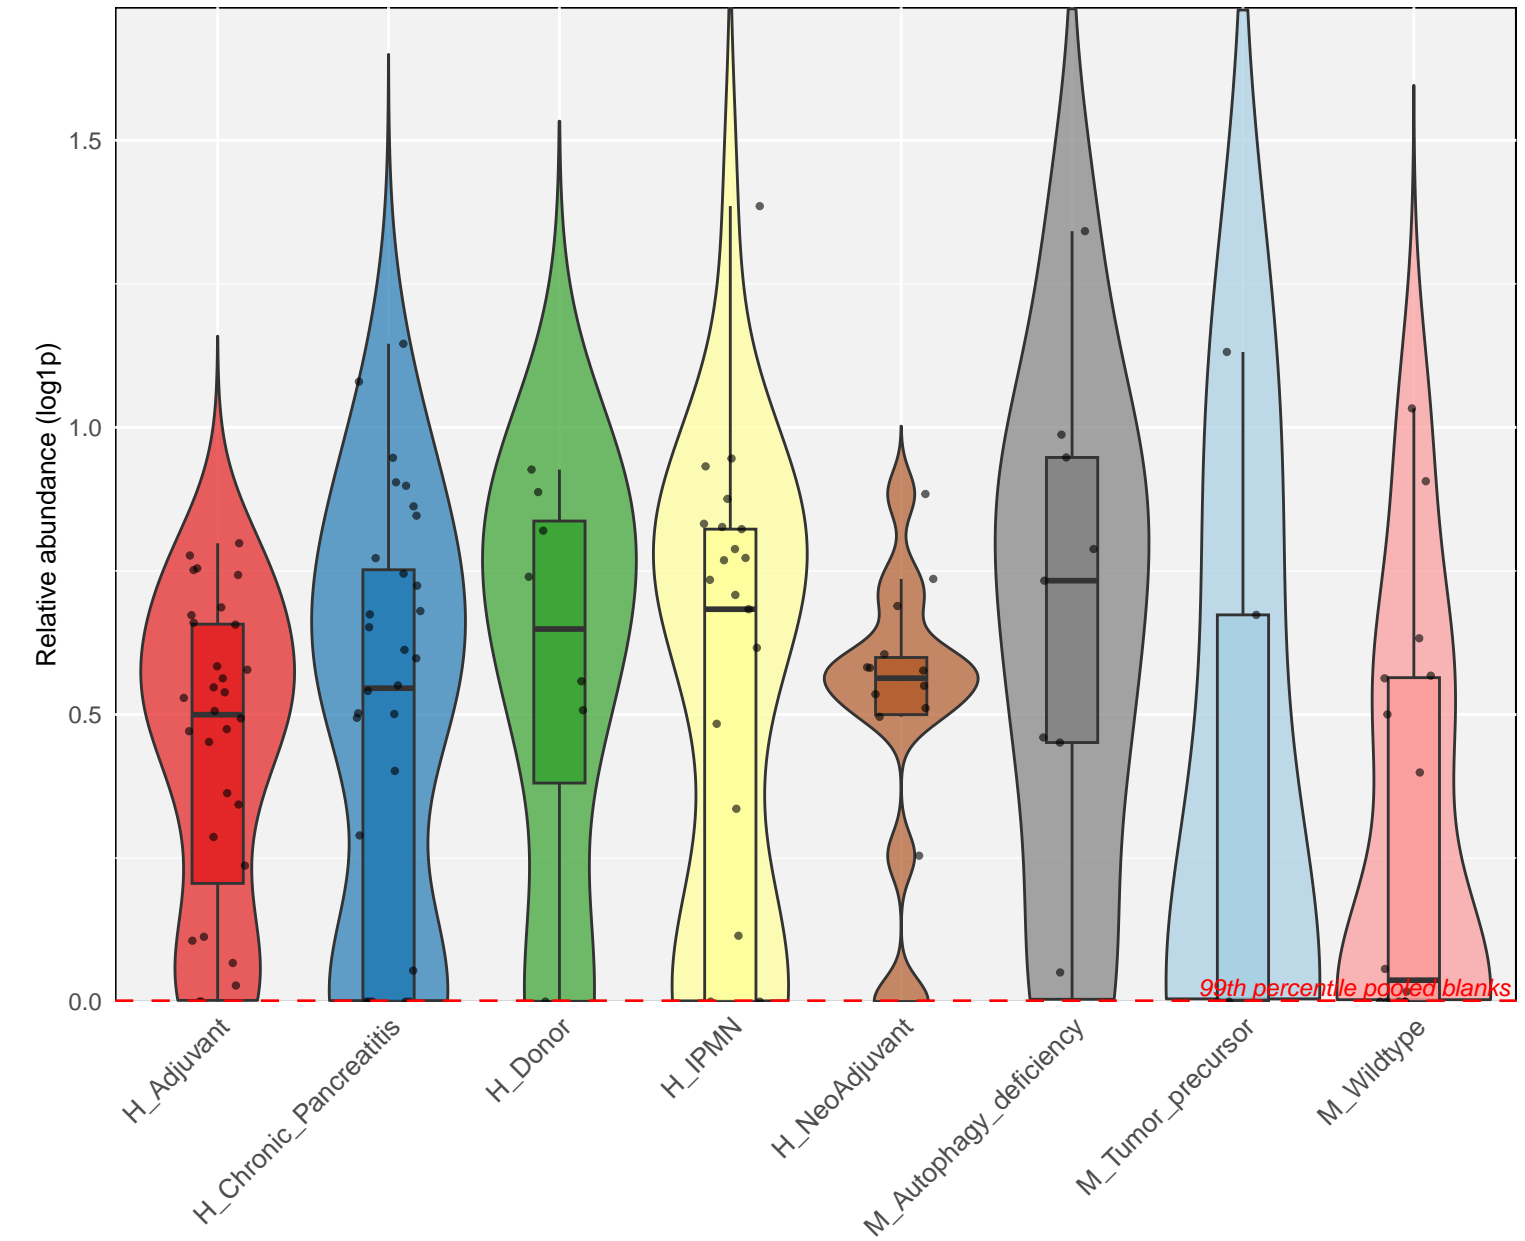

Corynebacterium simulans

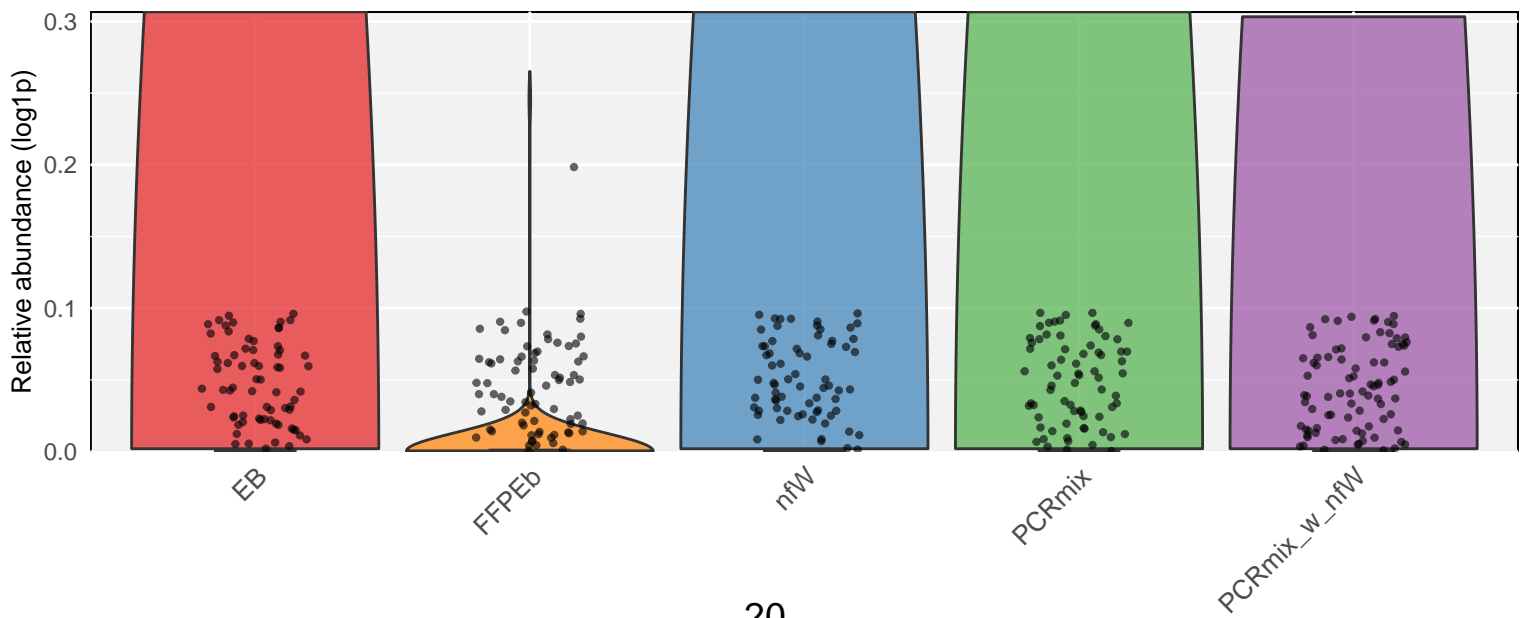

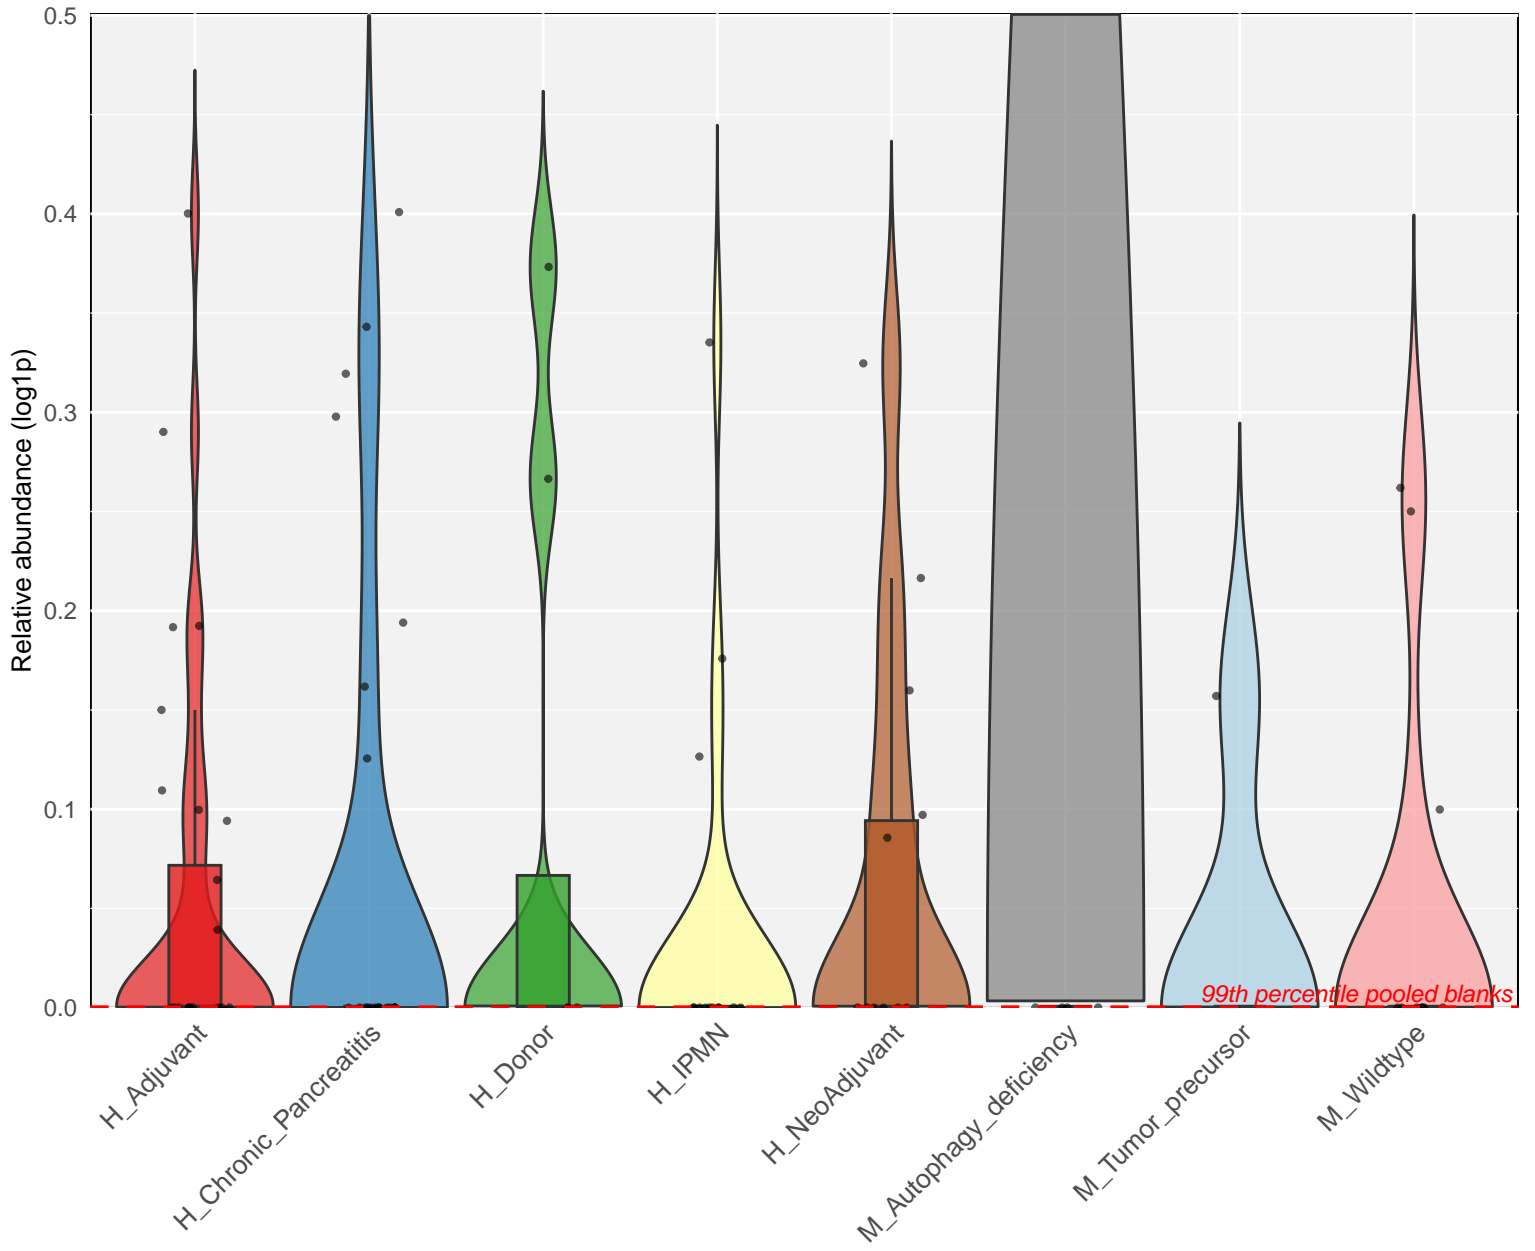

Corynebacterium tuberculostearicum

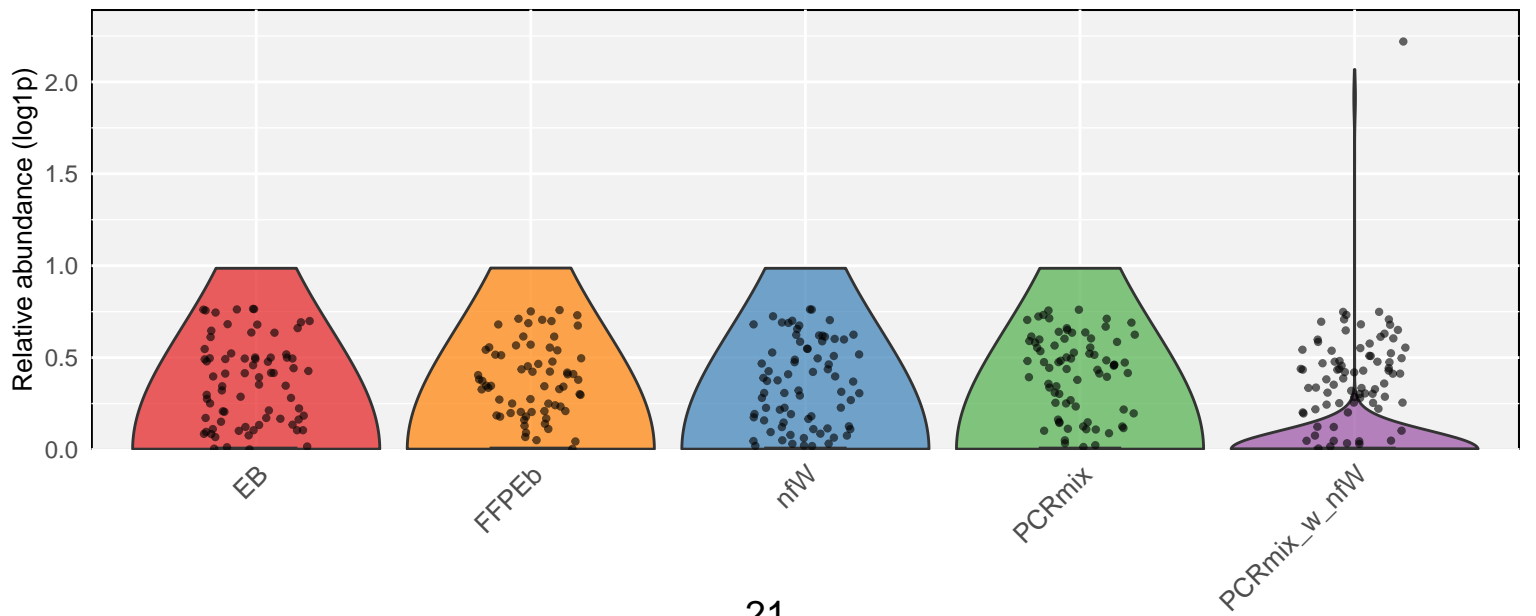

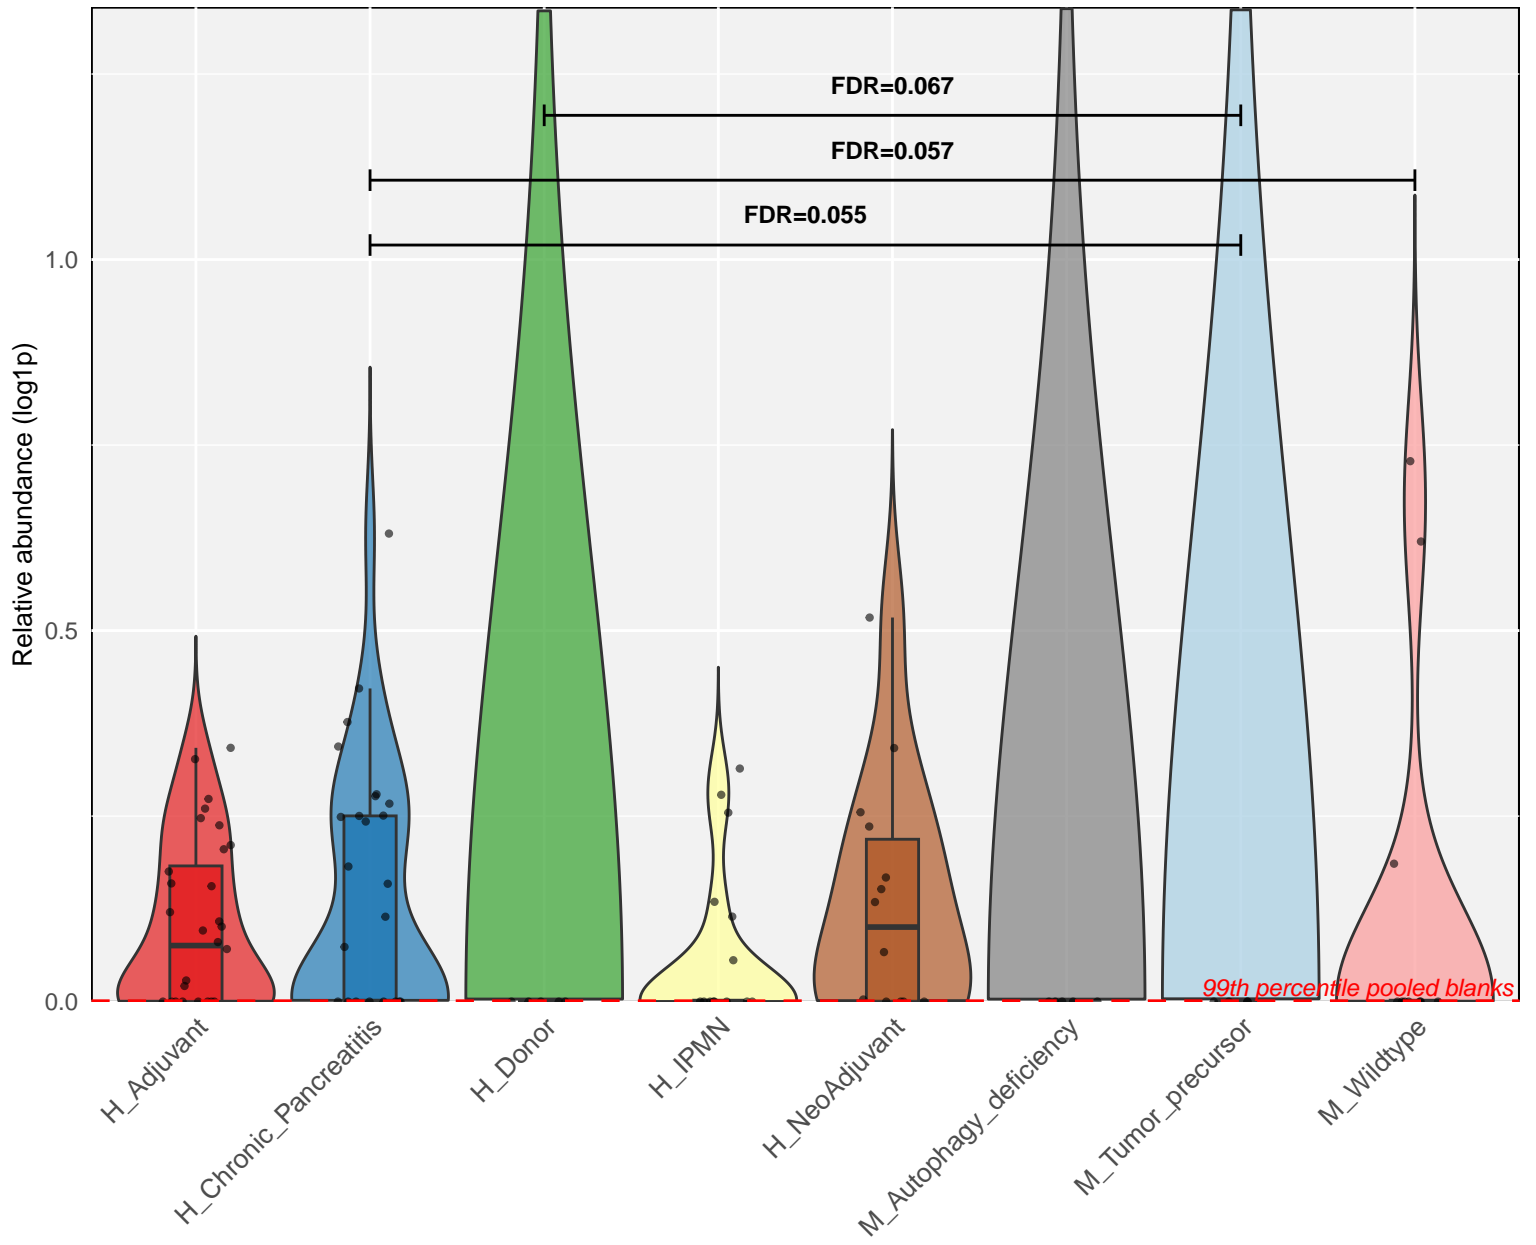

Cutibacterium acnes

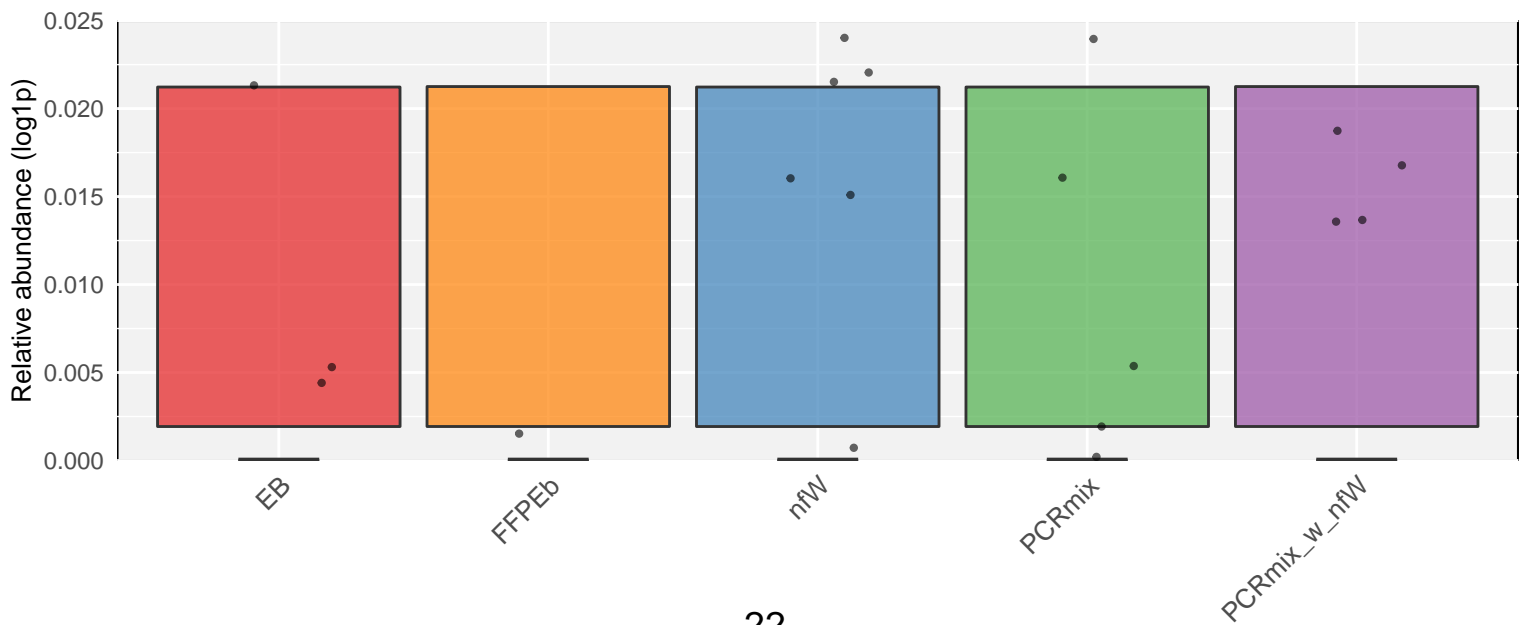

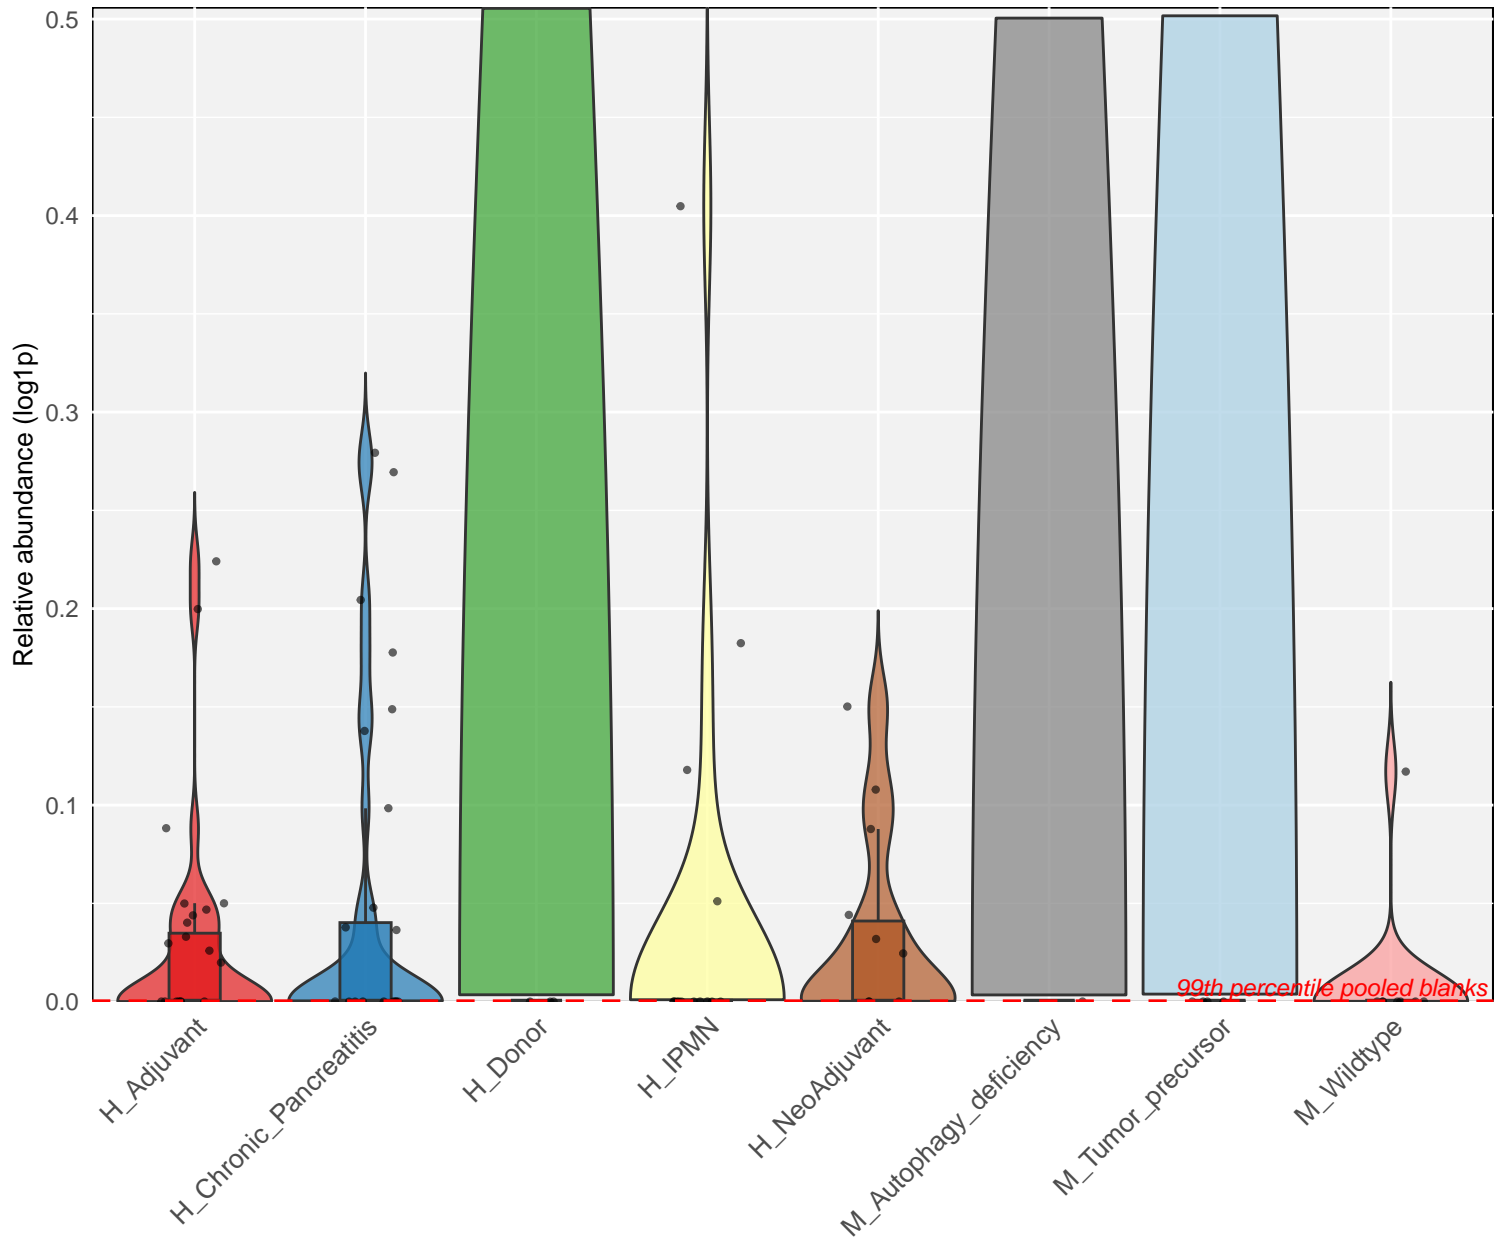

Duncaniella dubosii

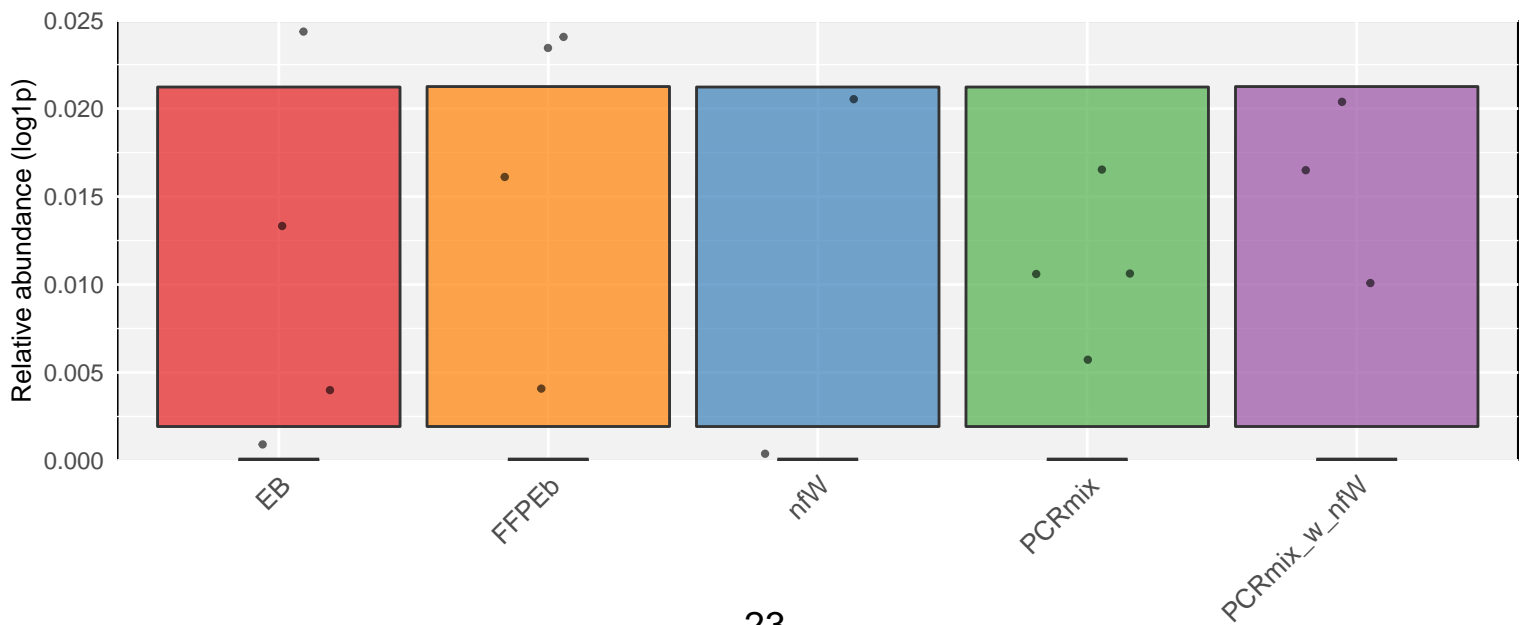

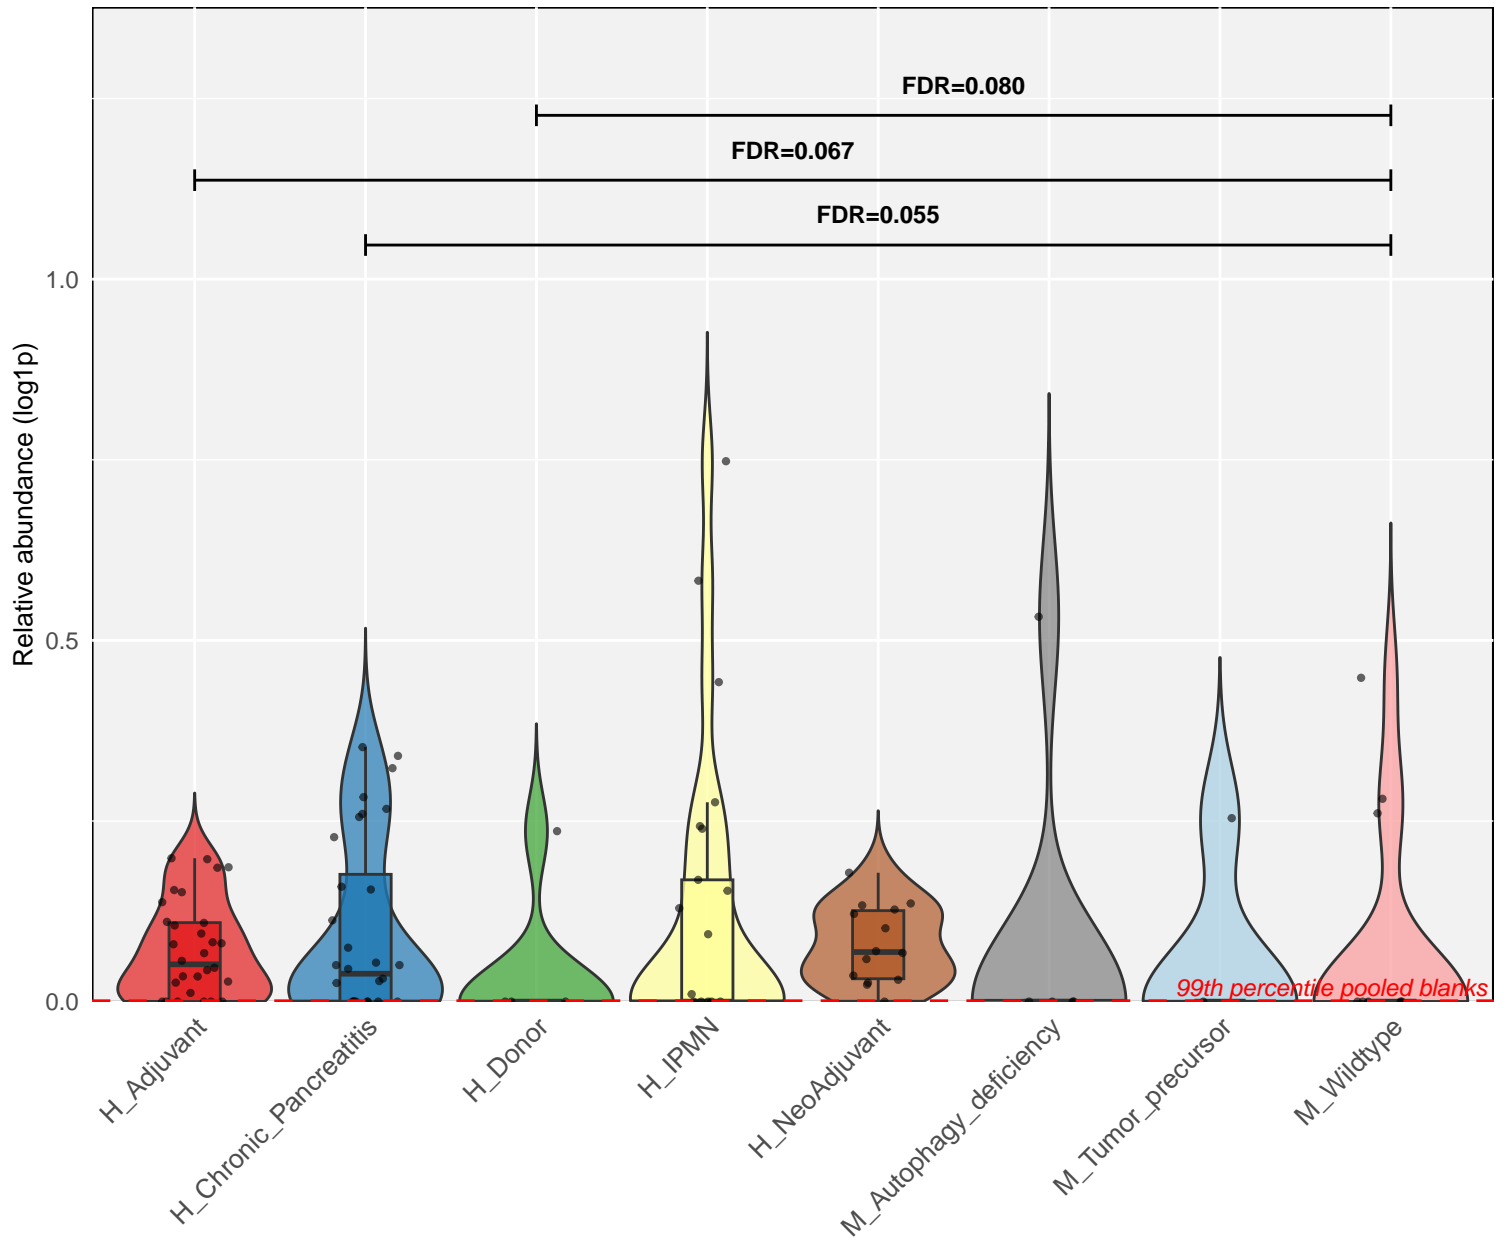

Duncaniella muricolitica

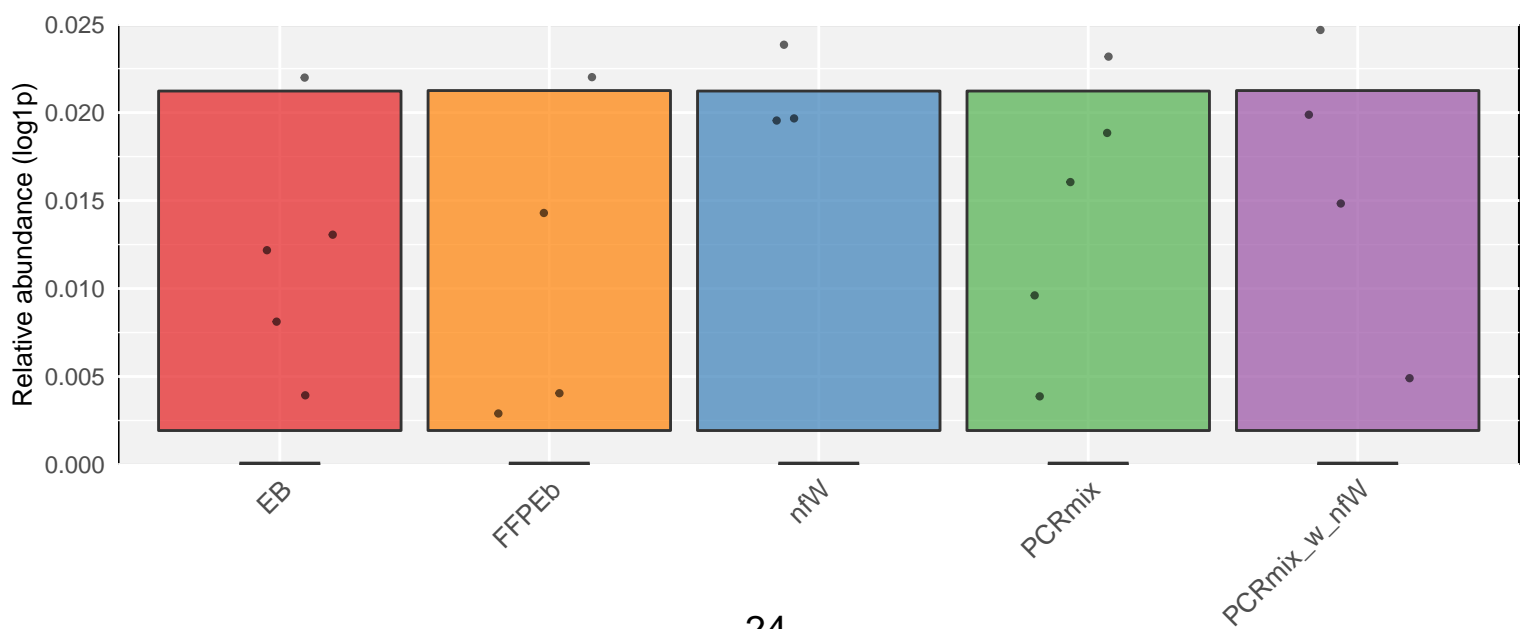

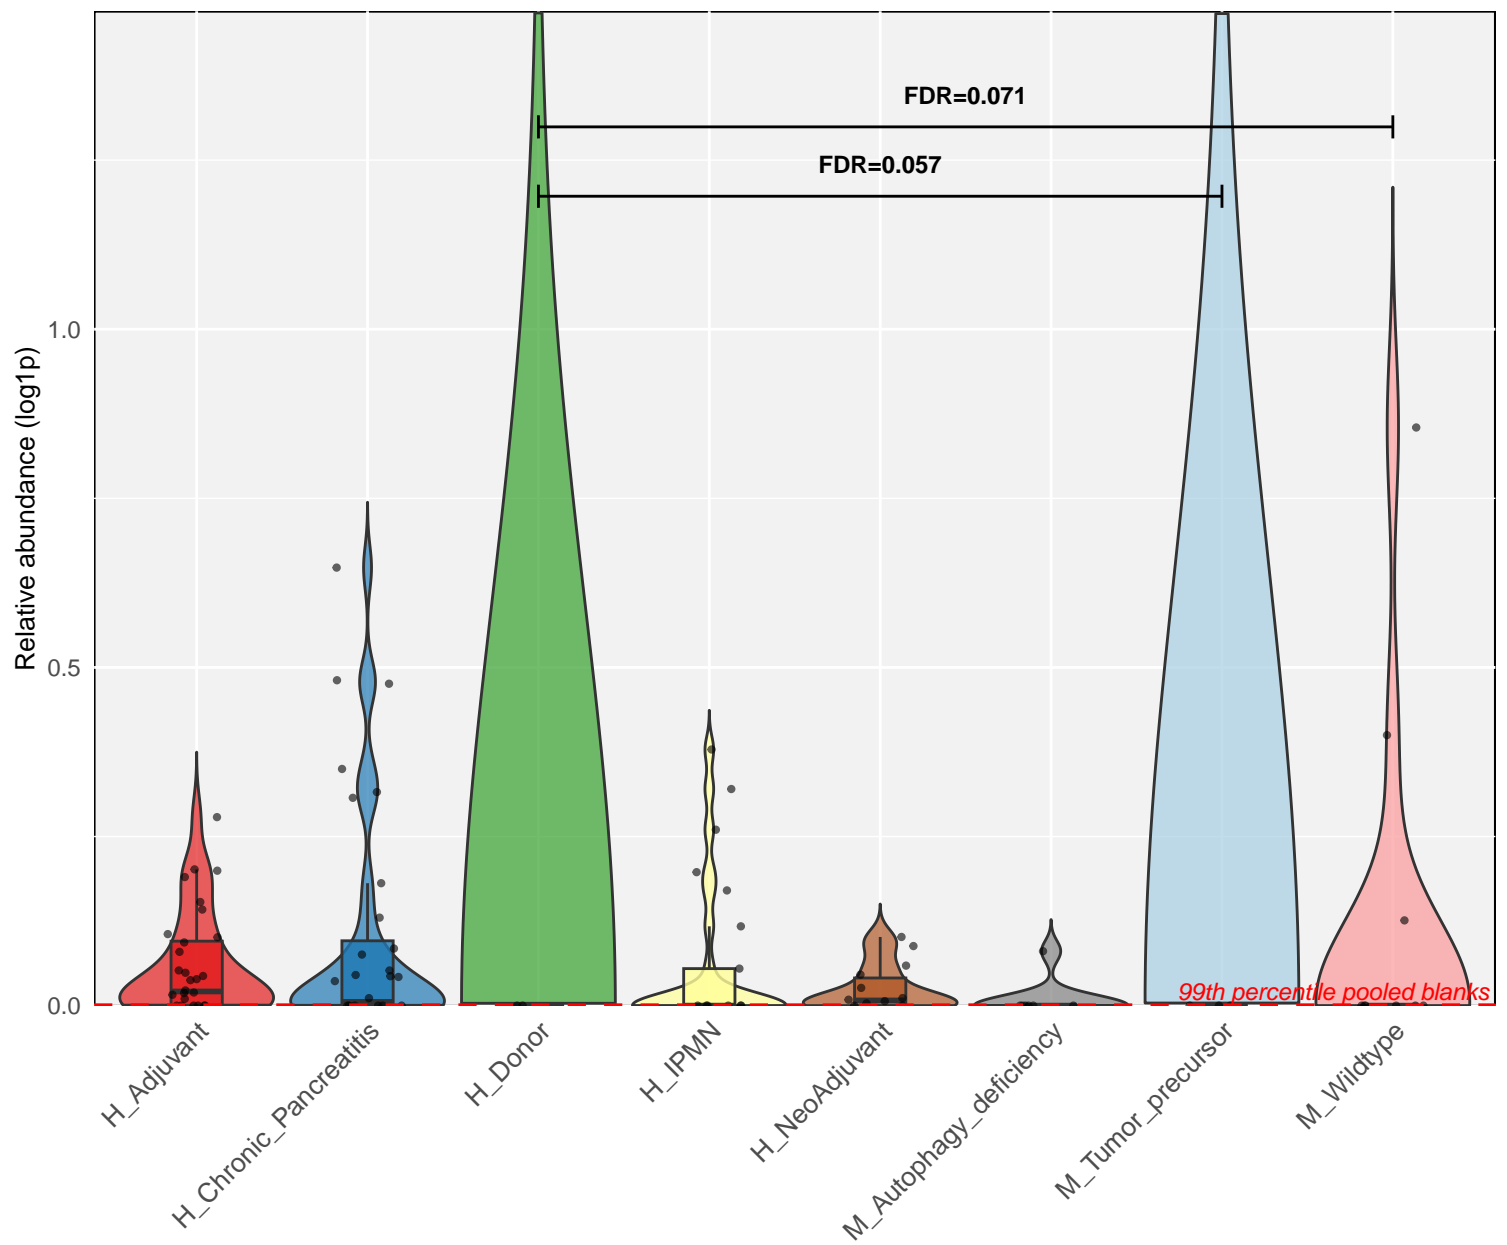

Enterobacter bugandensis

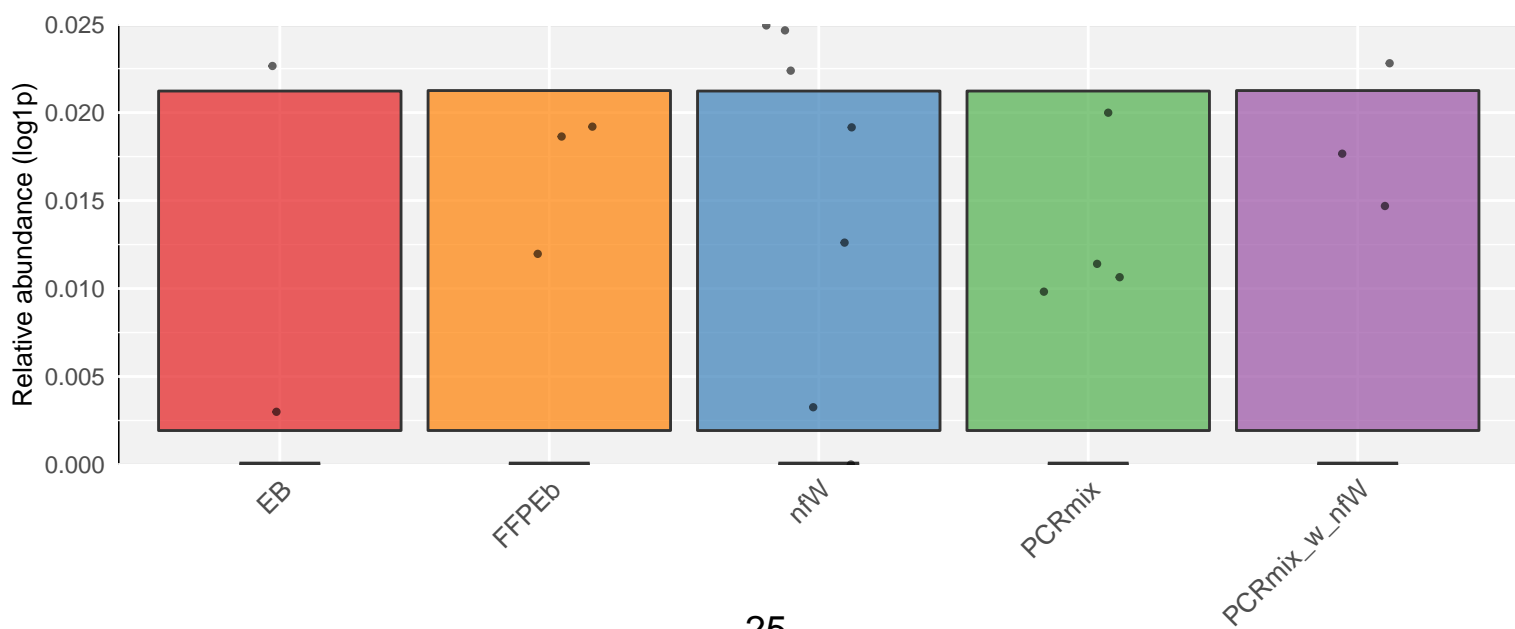

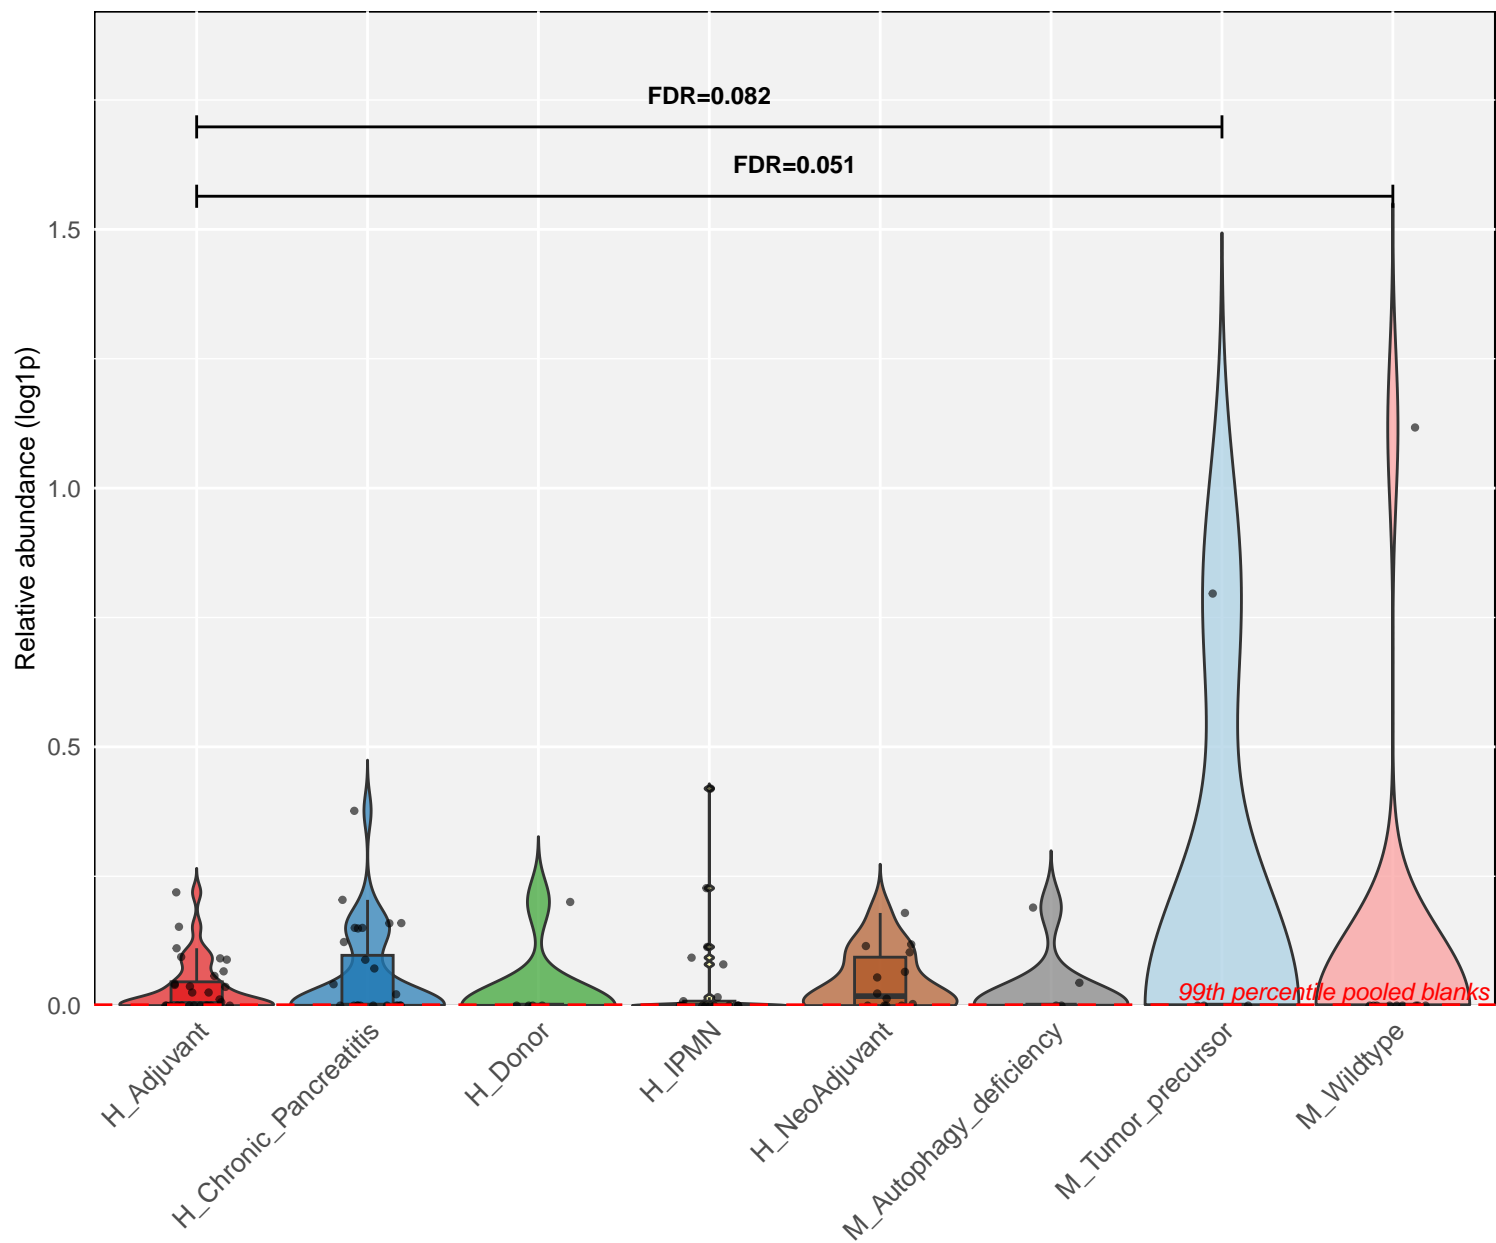

Enterobacter cloacae

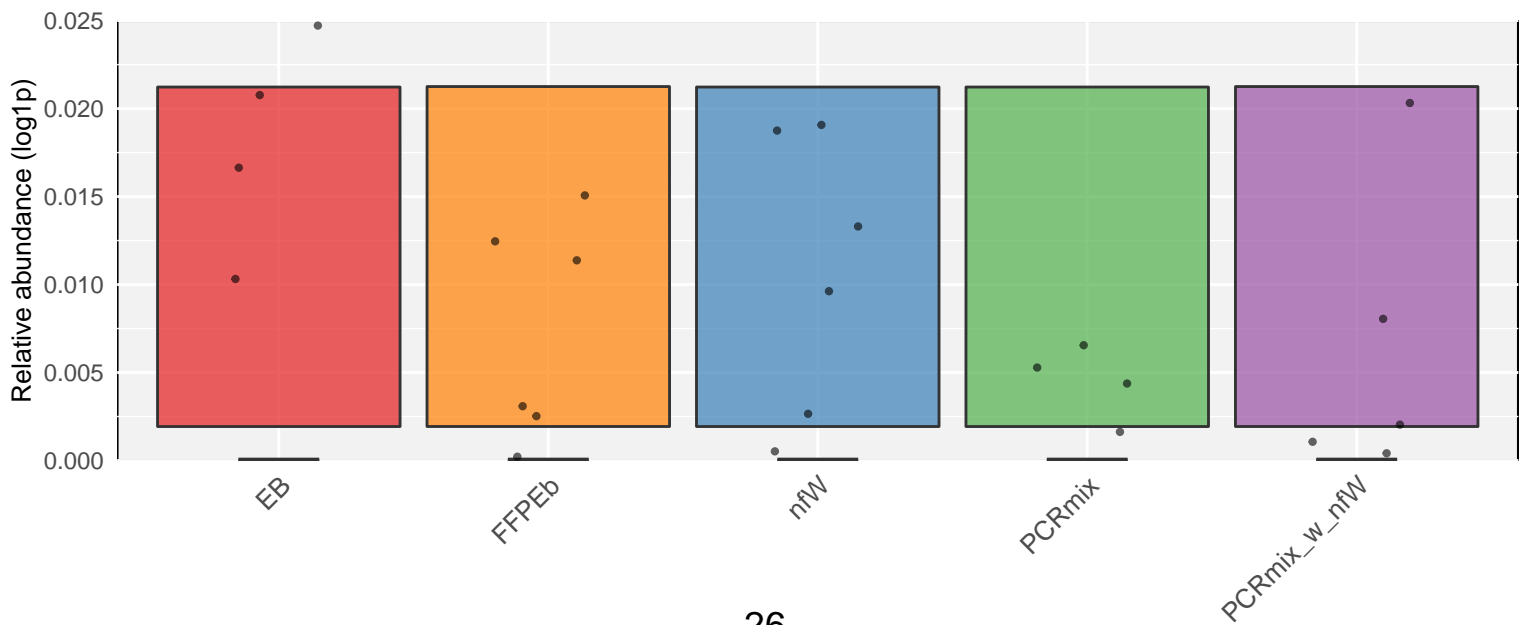

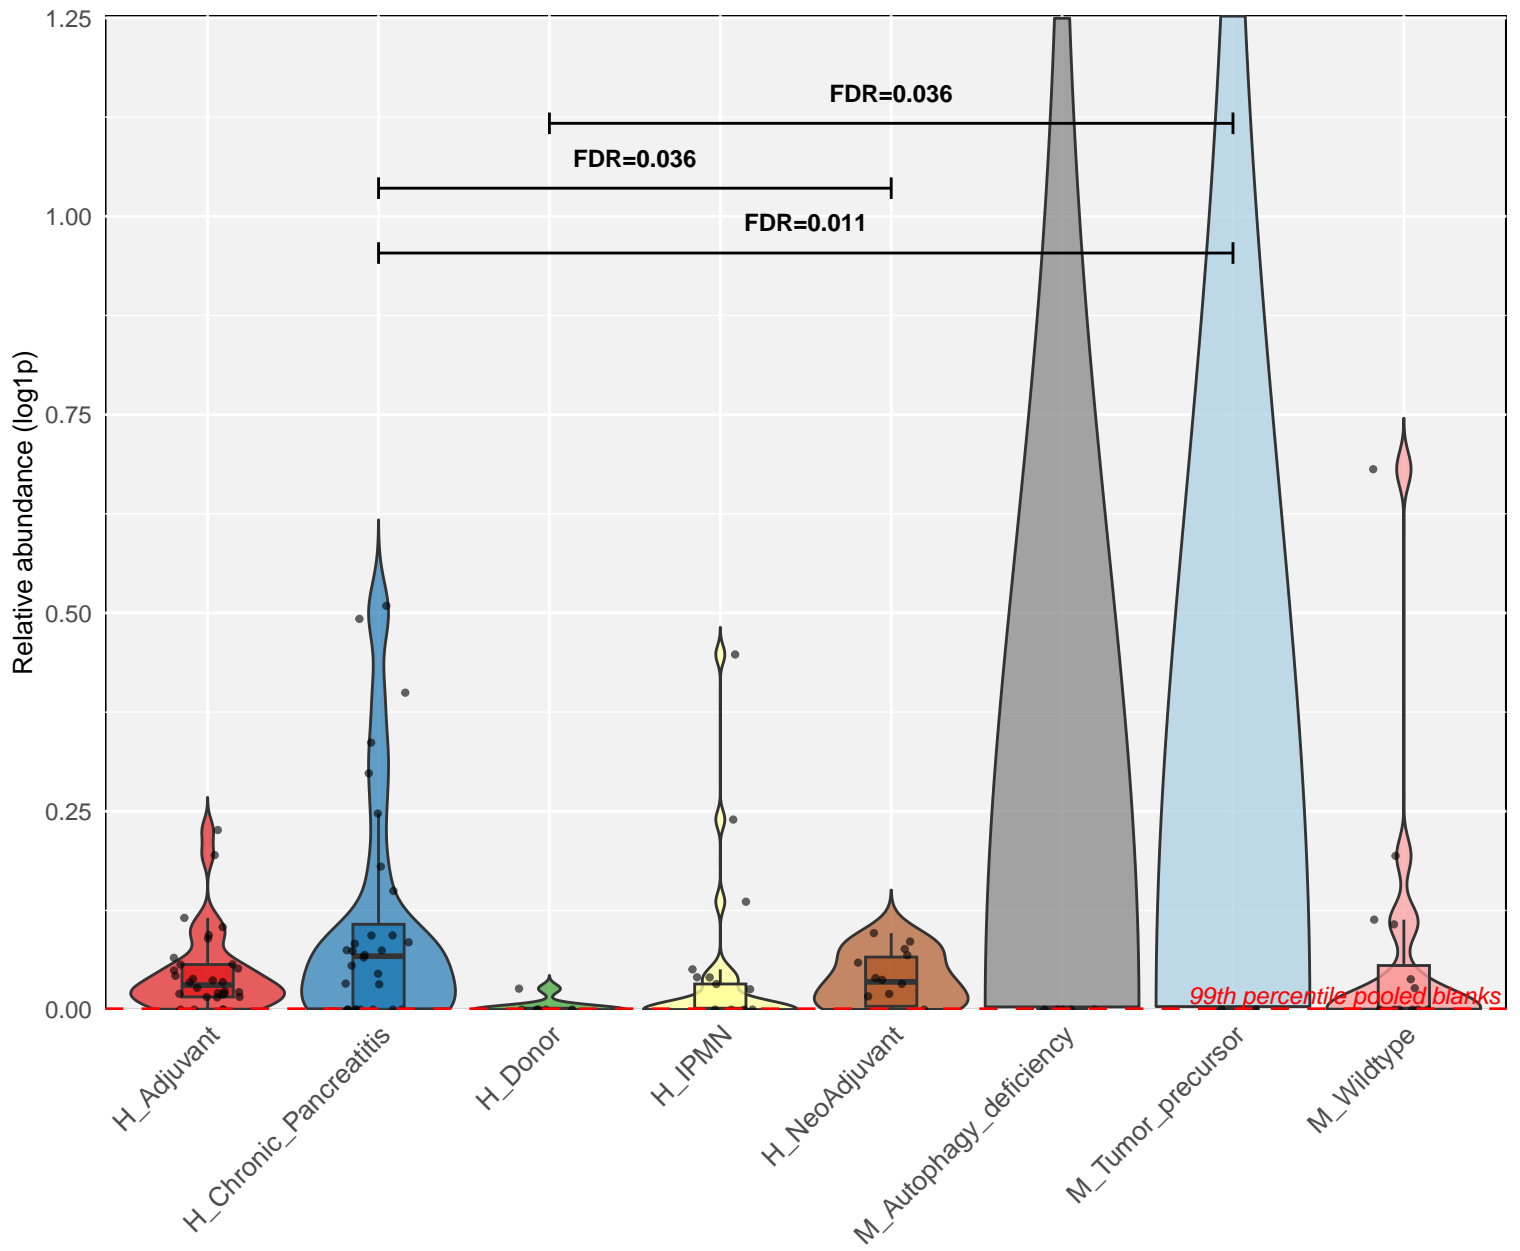

Enterobacter kobei

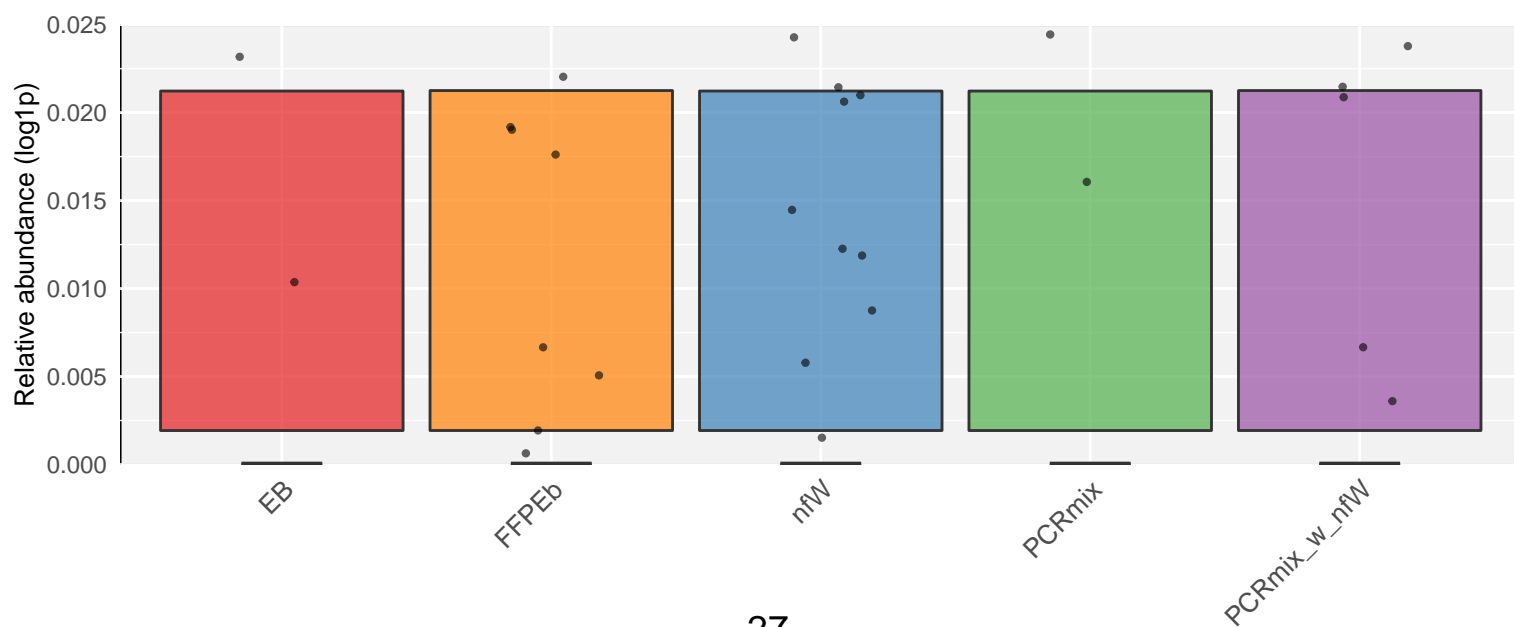

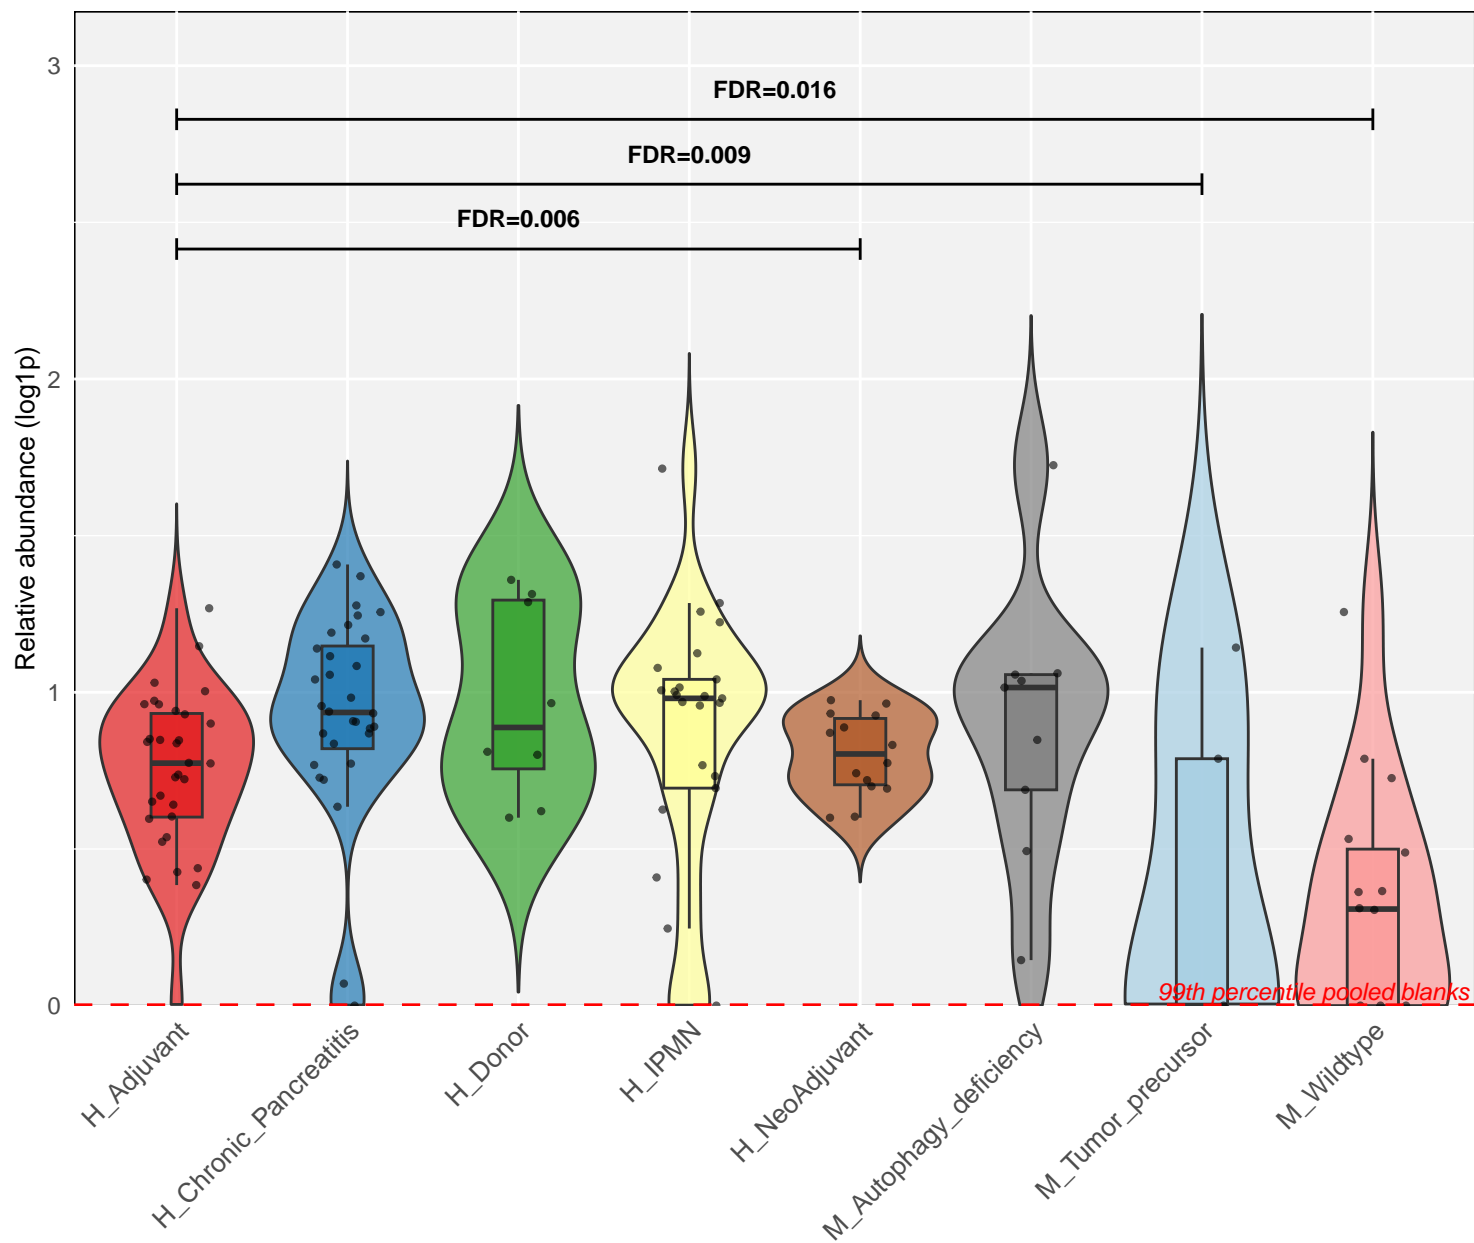

Enterobacter quasihormaechei

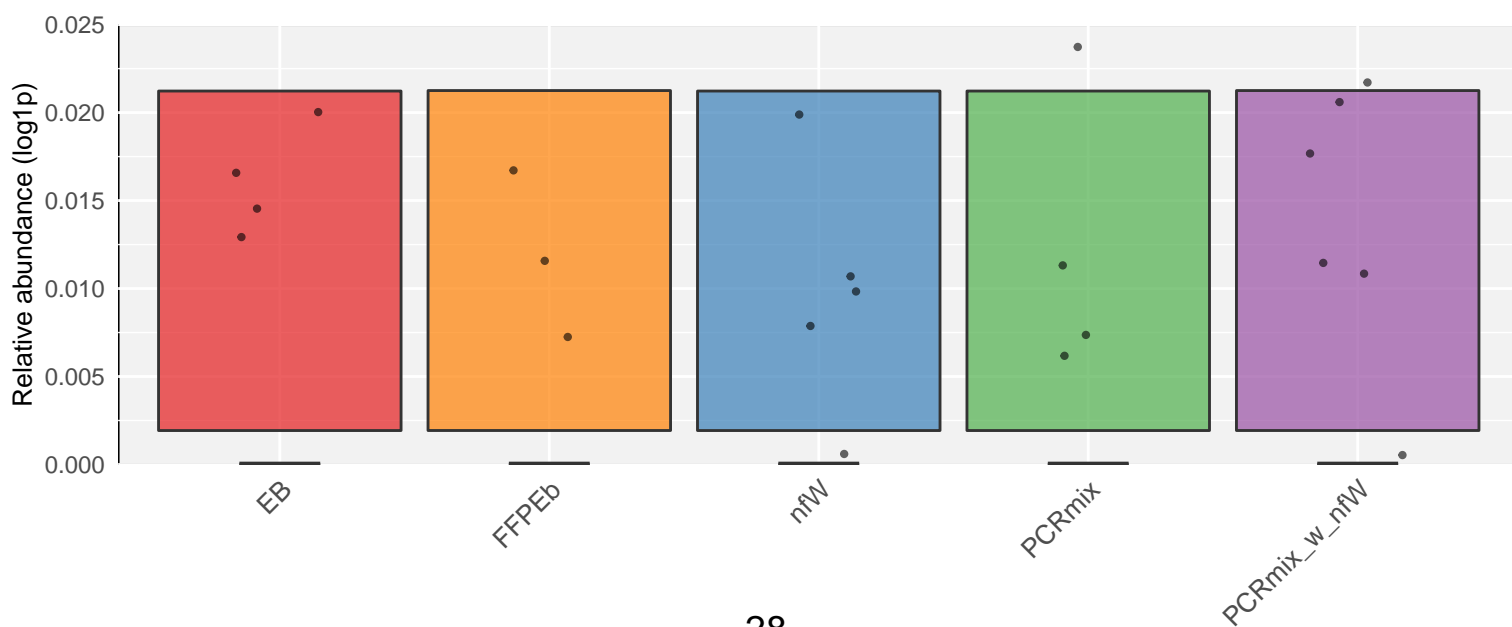

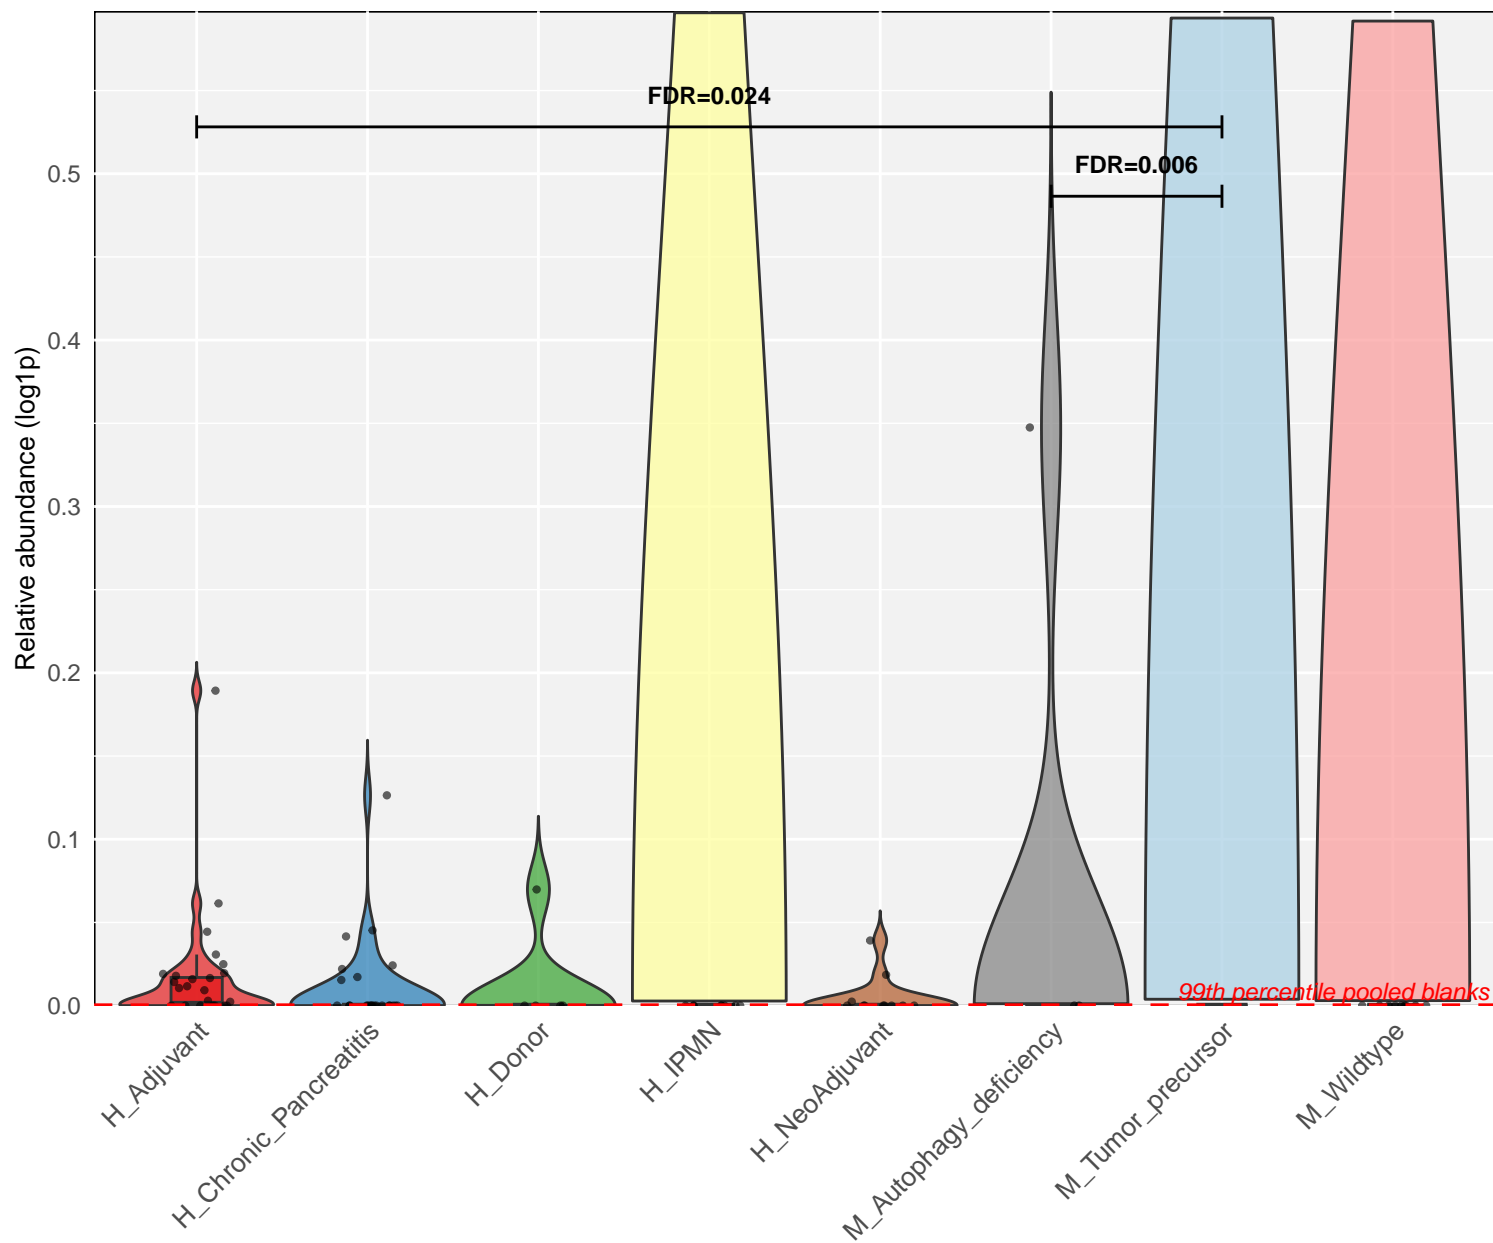

Enterocloster aldenensis

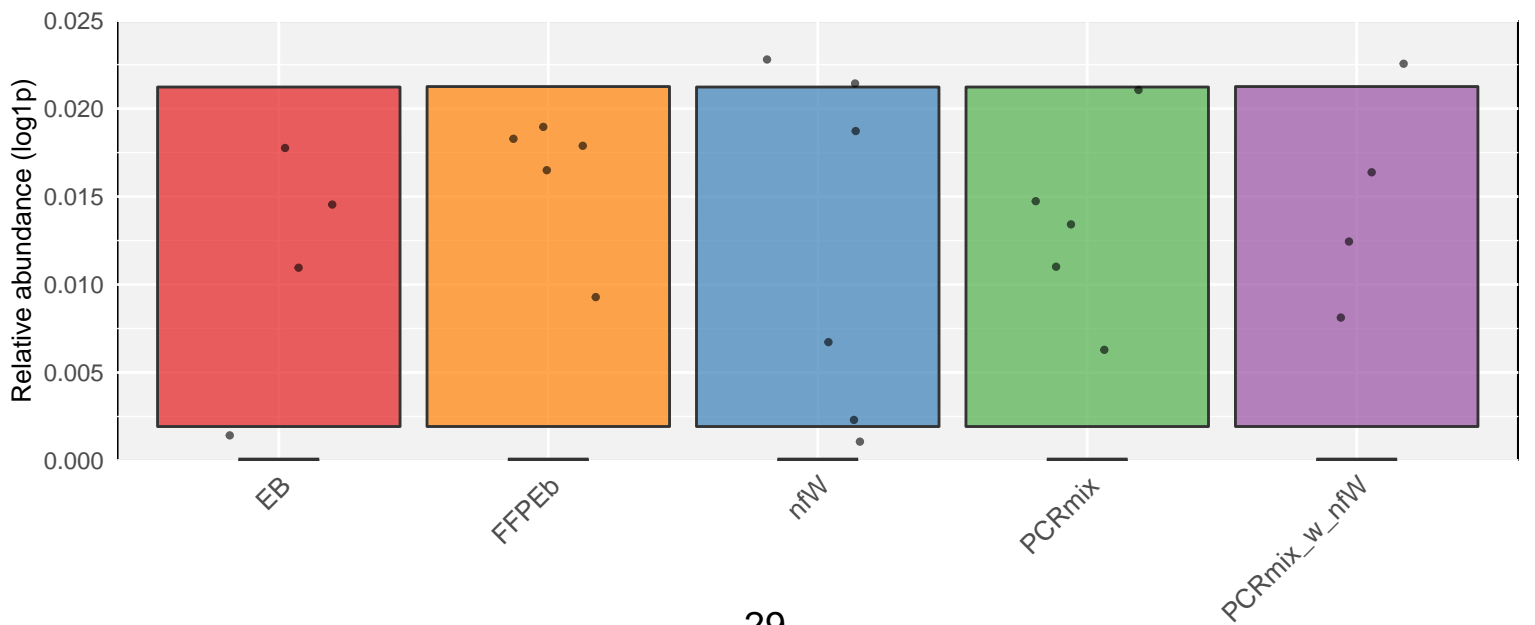

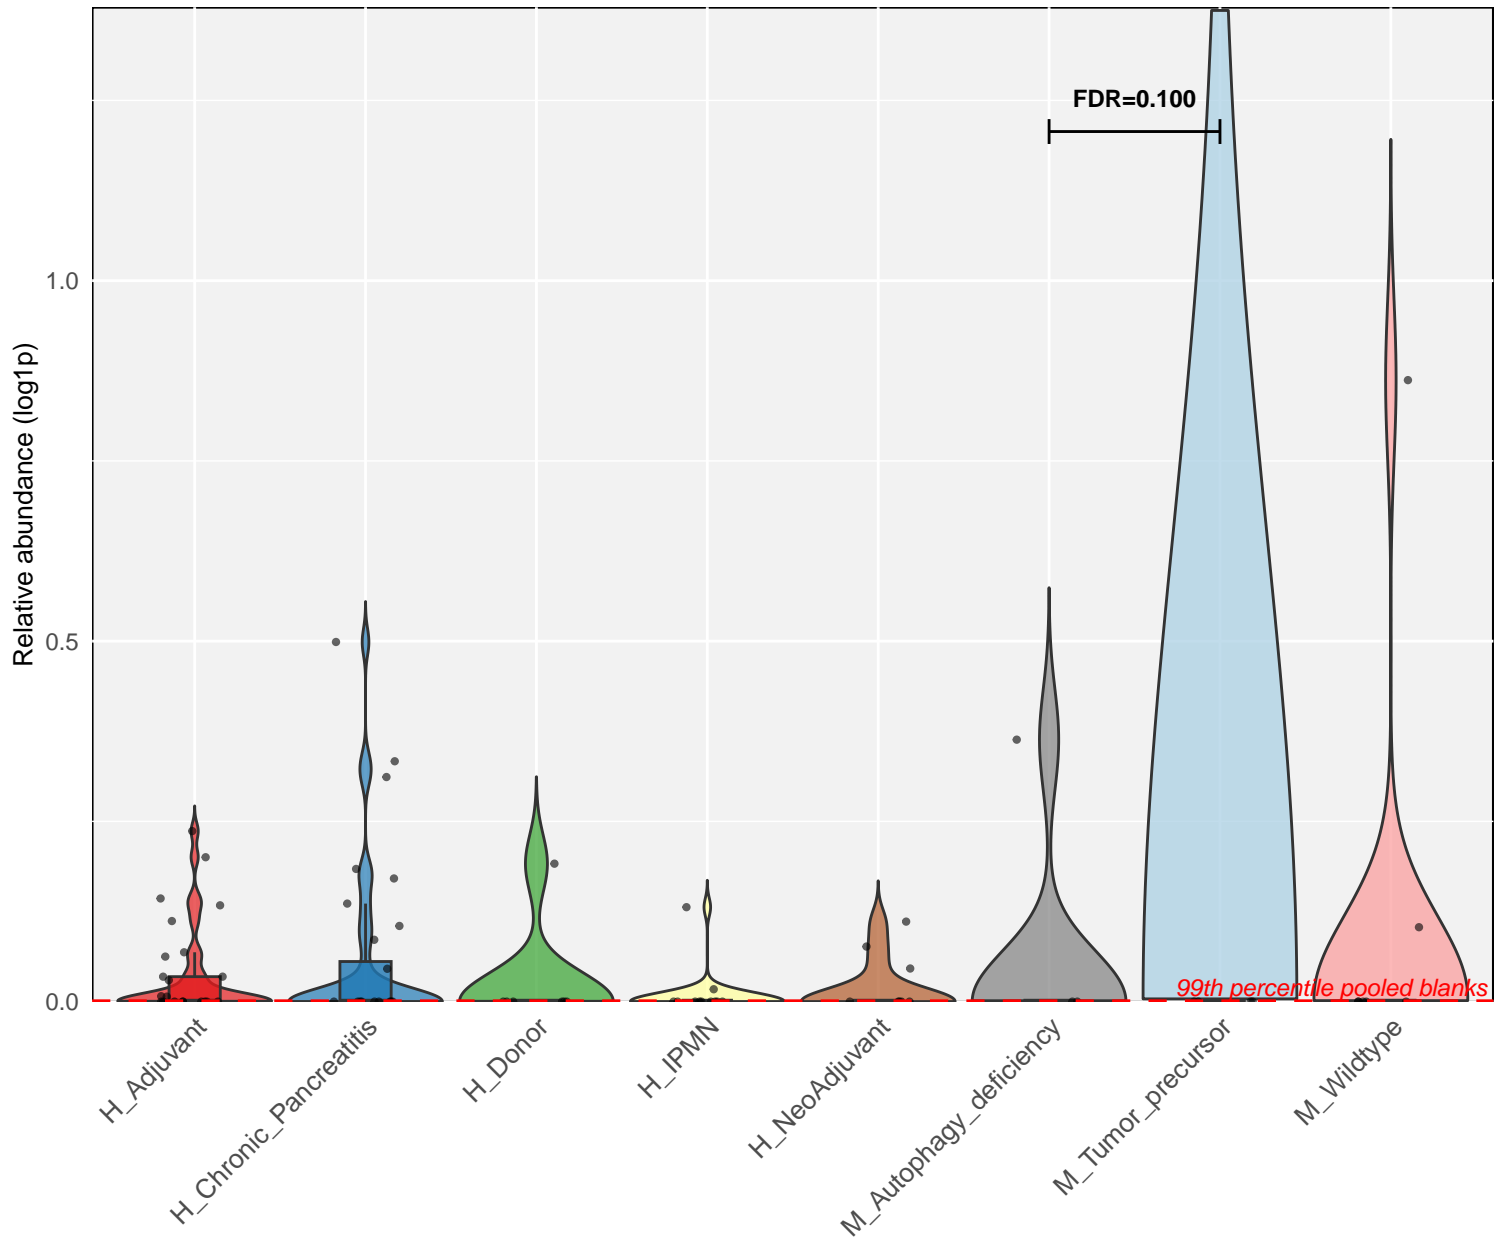

Enterococcus faecalis

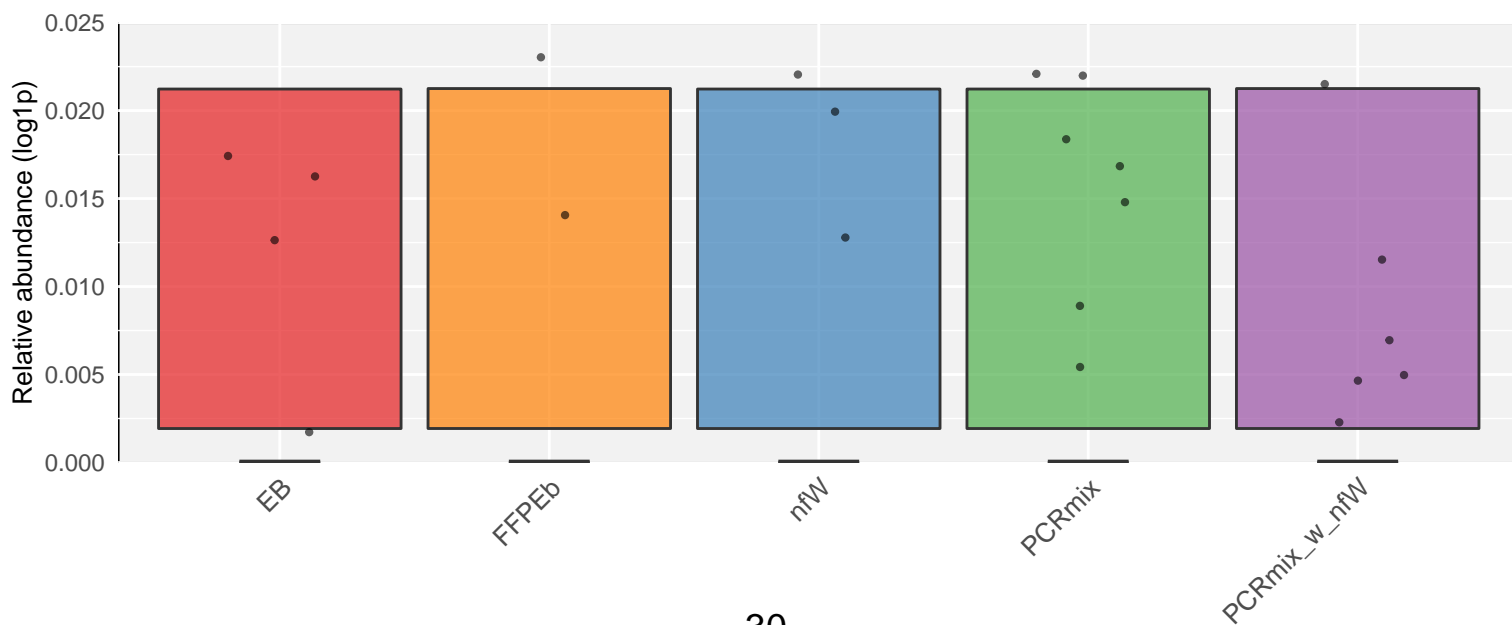

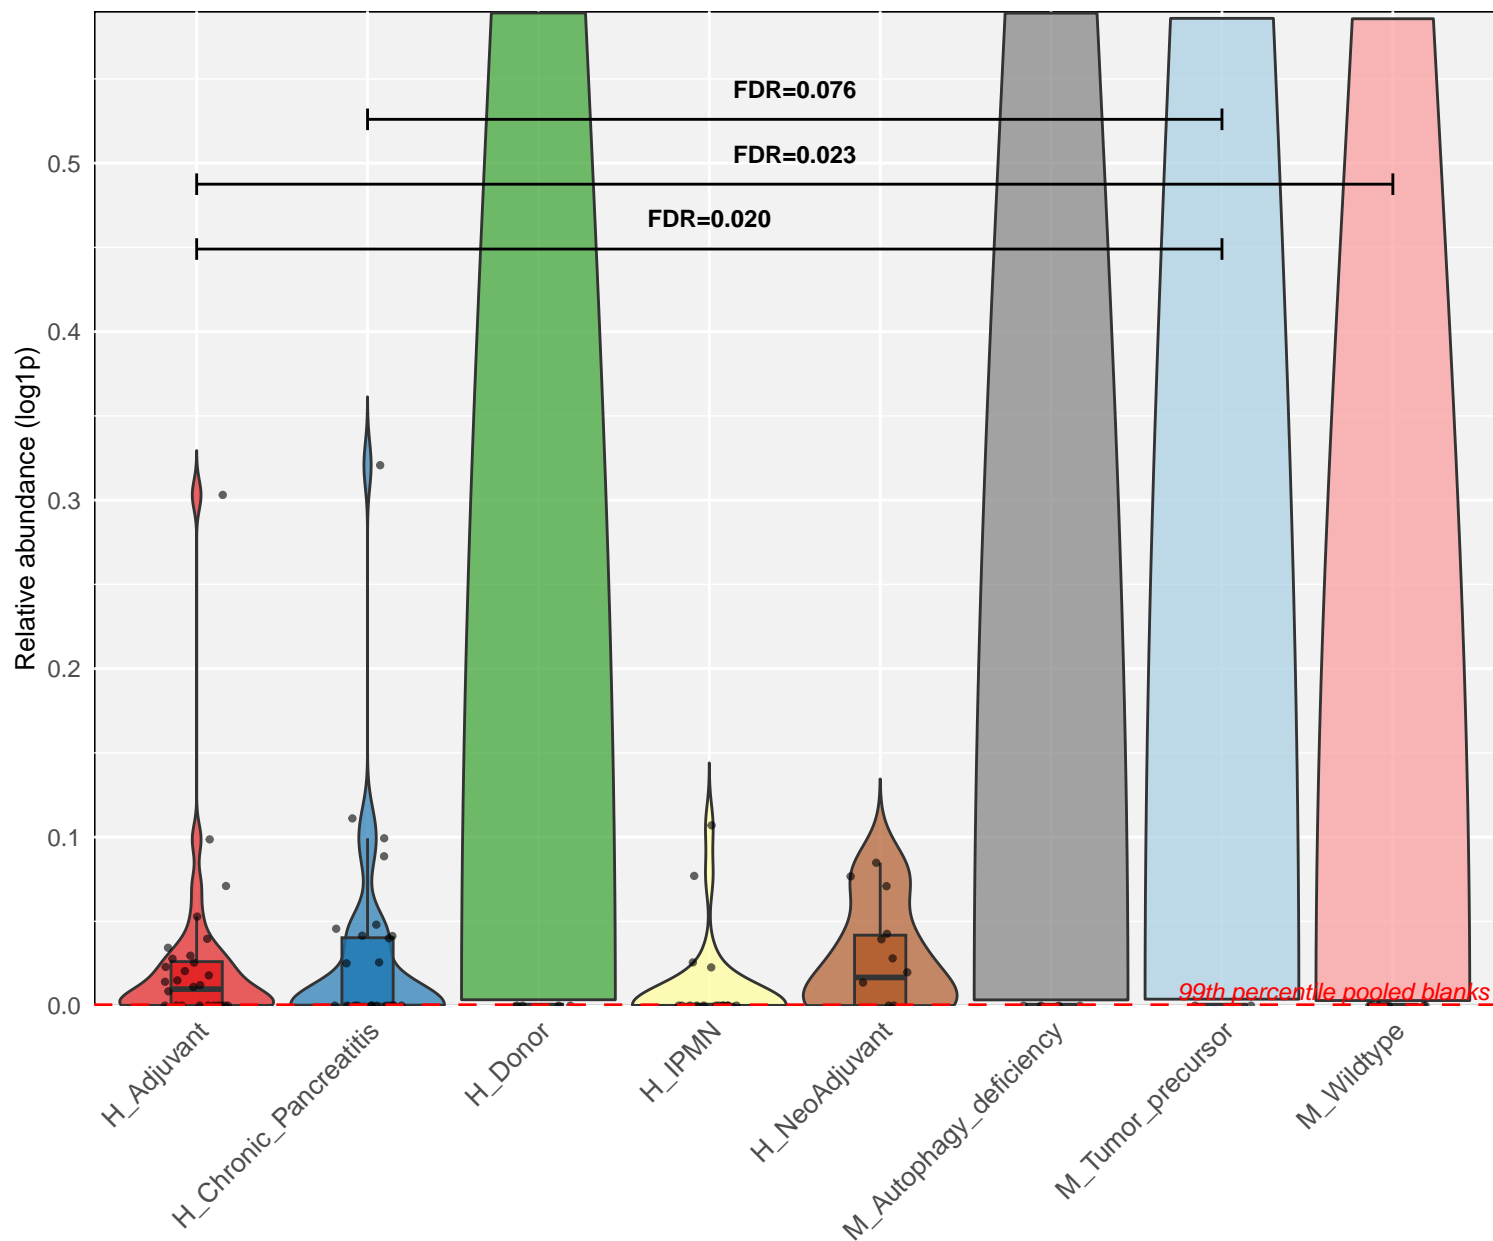

Enterococcus gallinarum

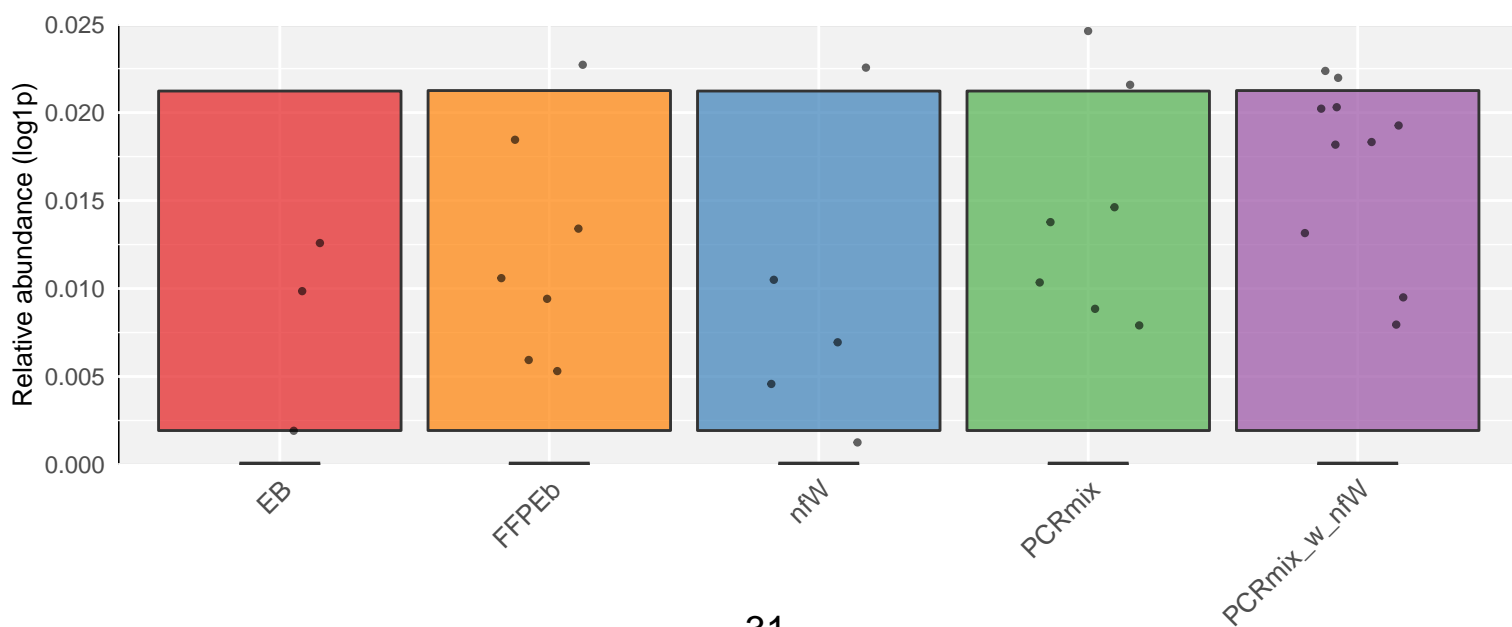

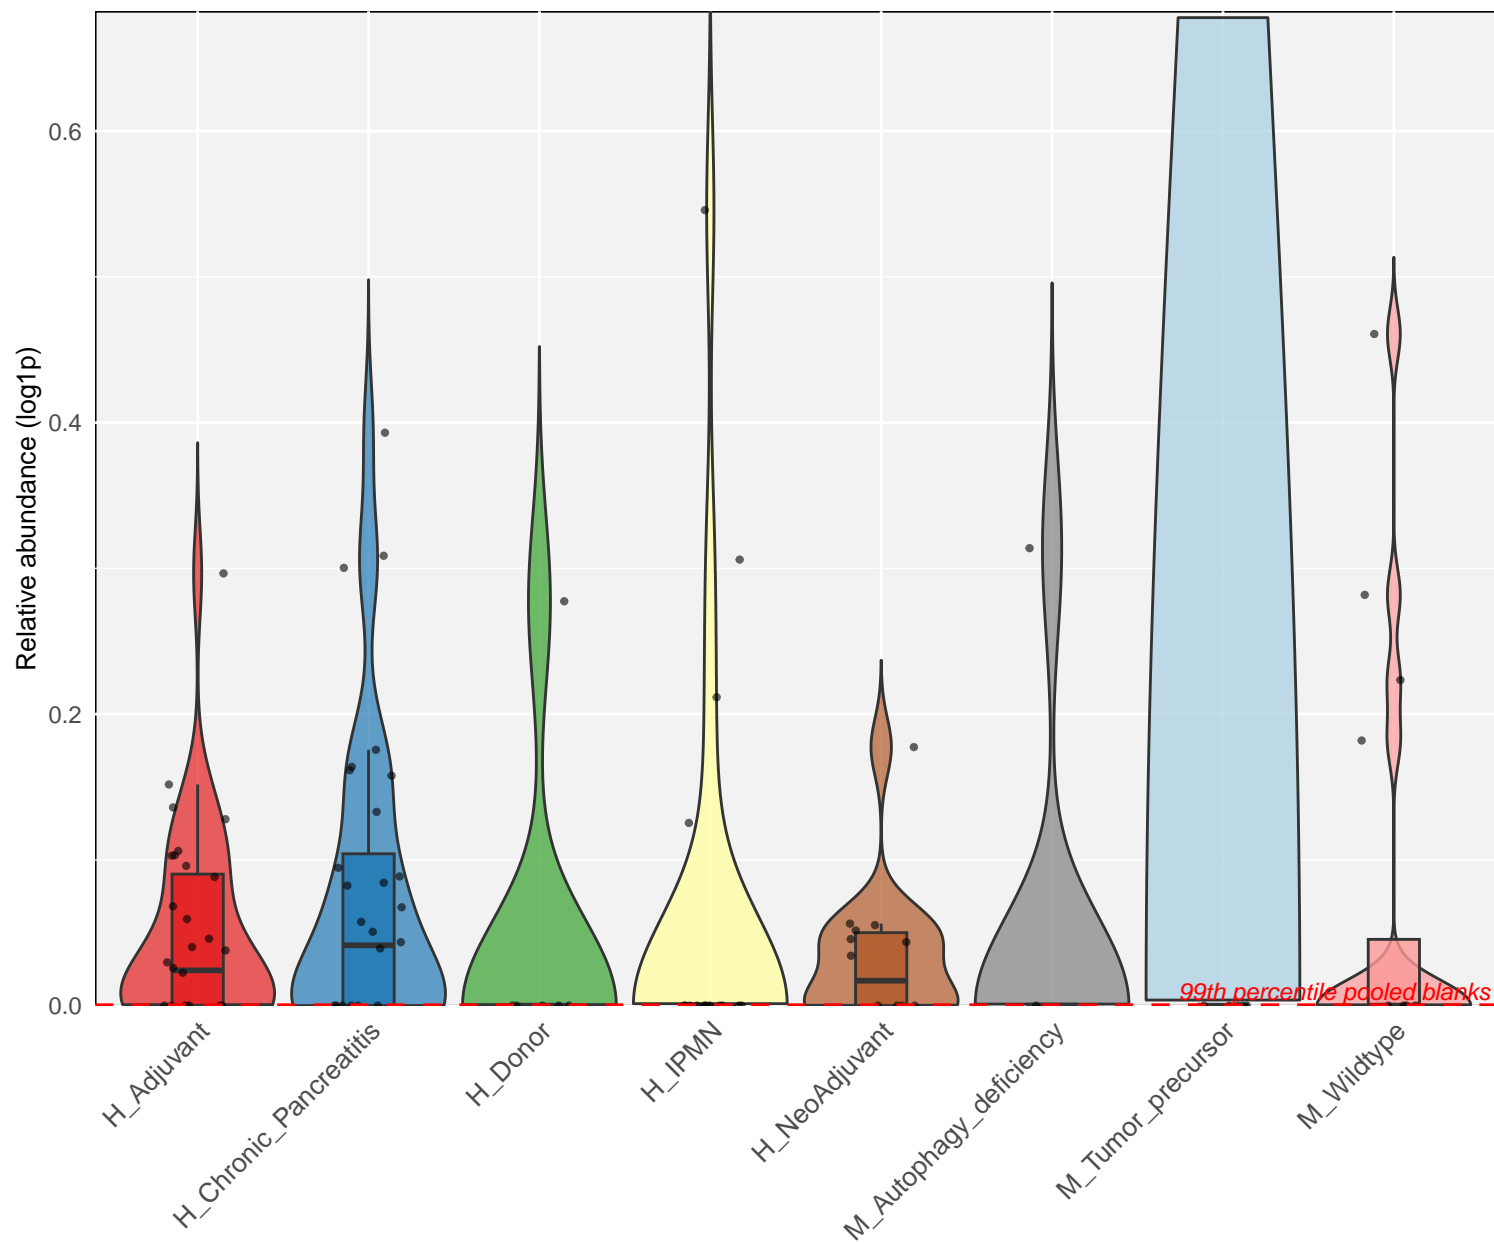

Enterococcus hirae

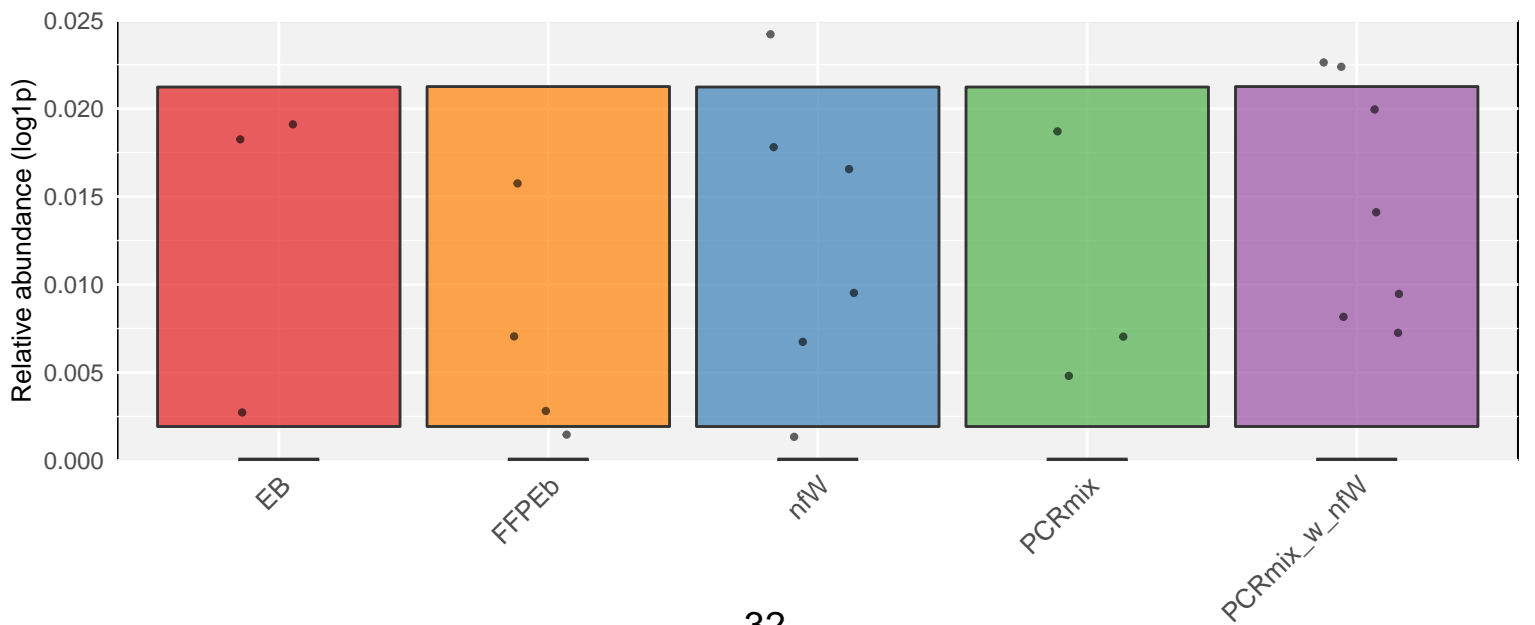

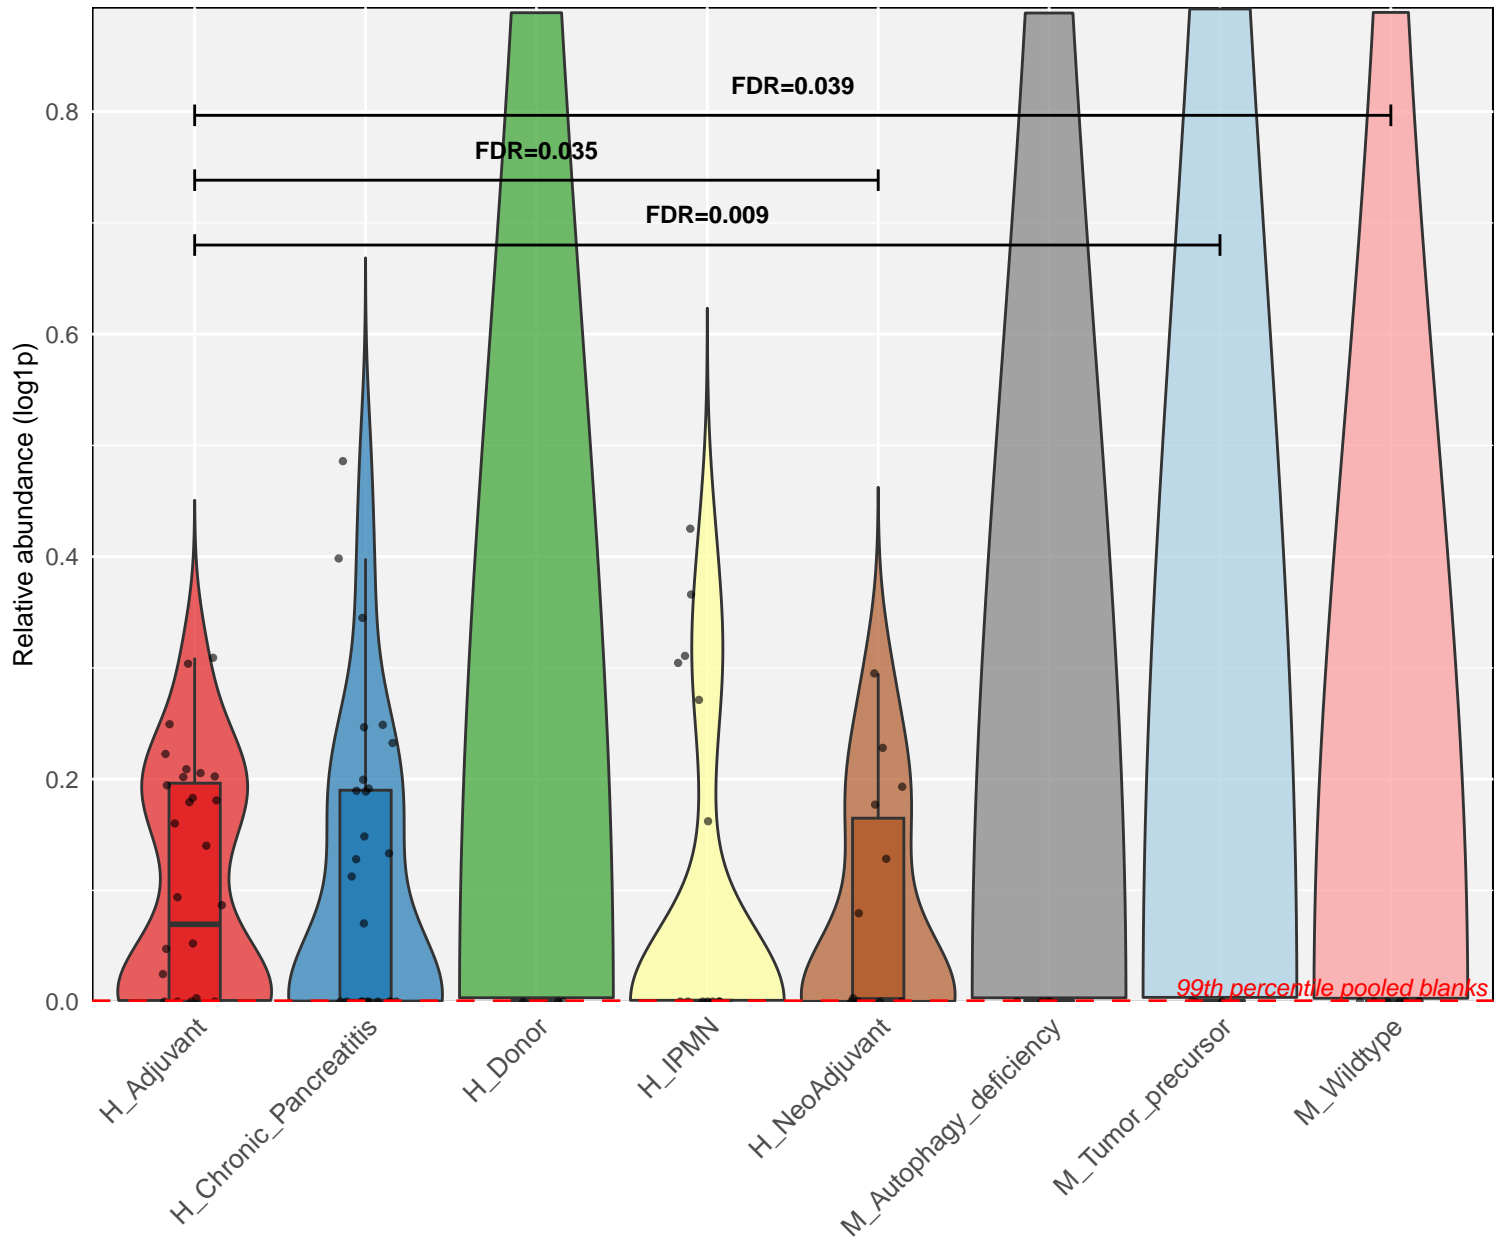

Enterococcus innesii

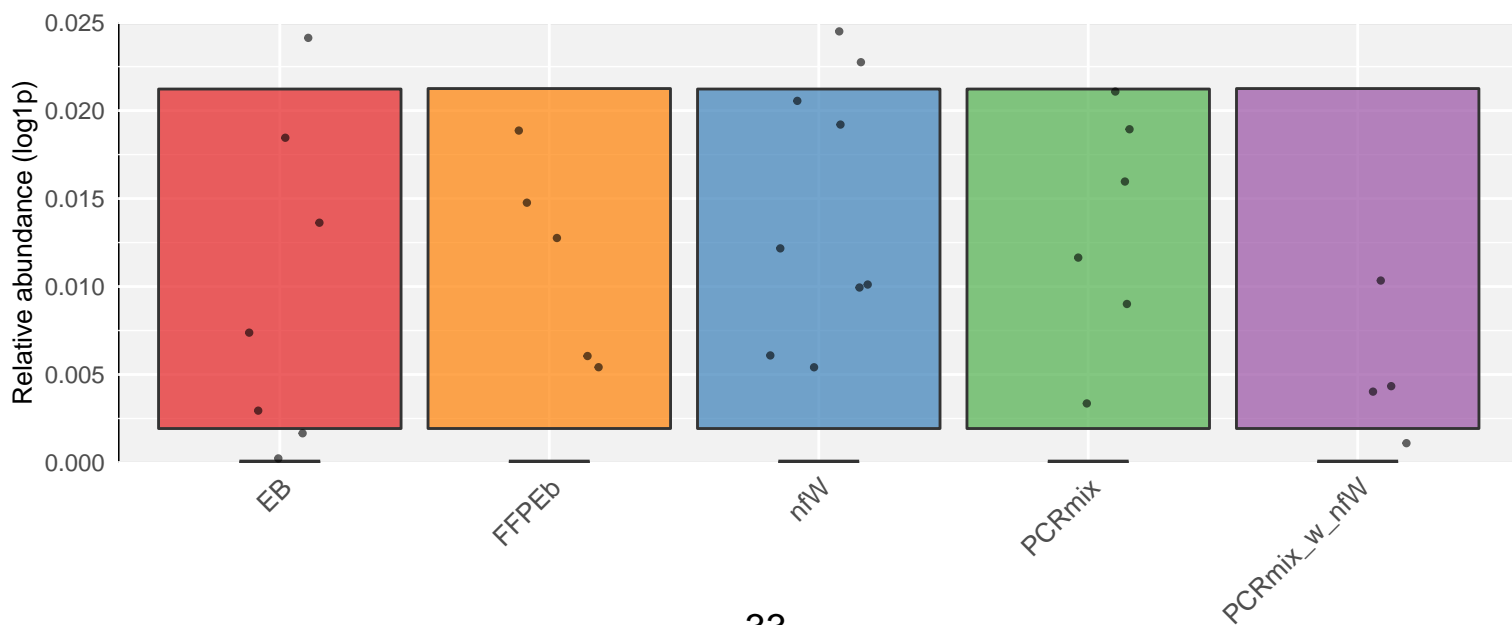

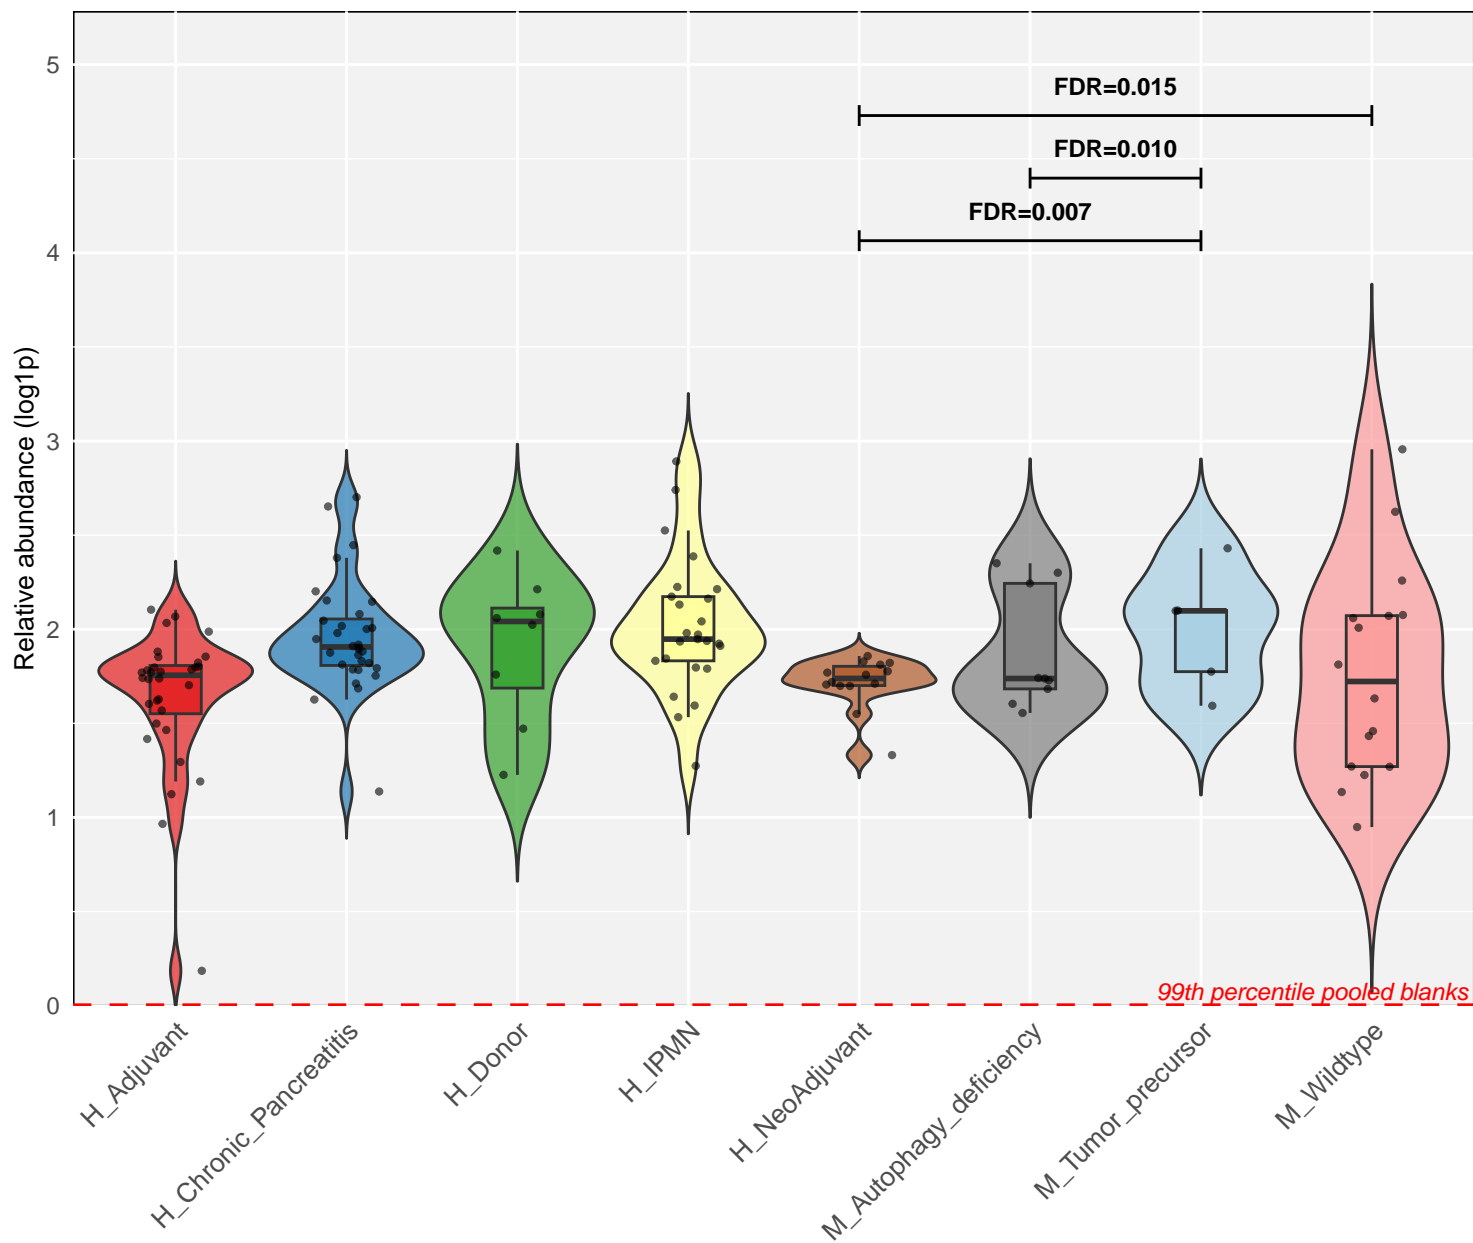

Enterococcus mundtii

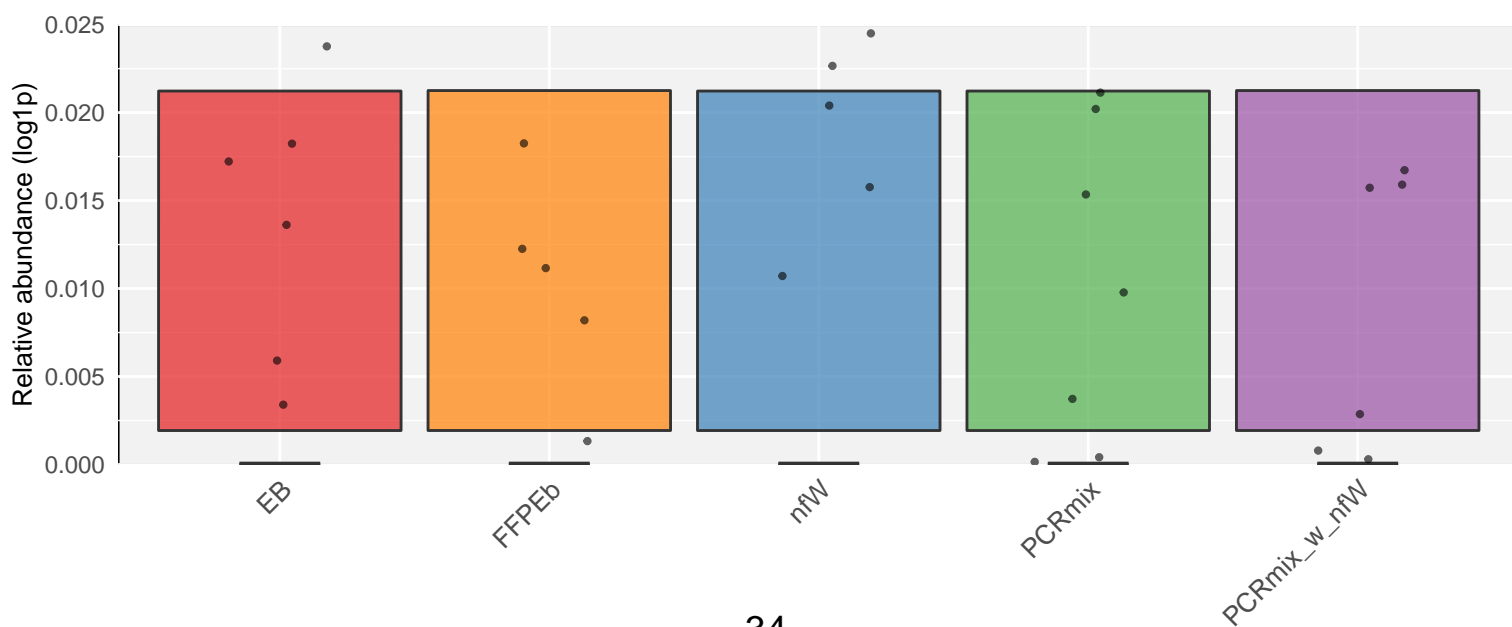

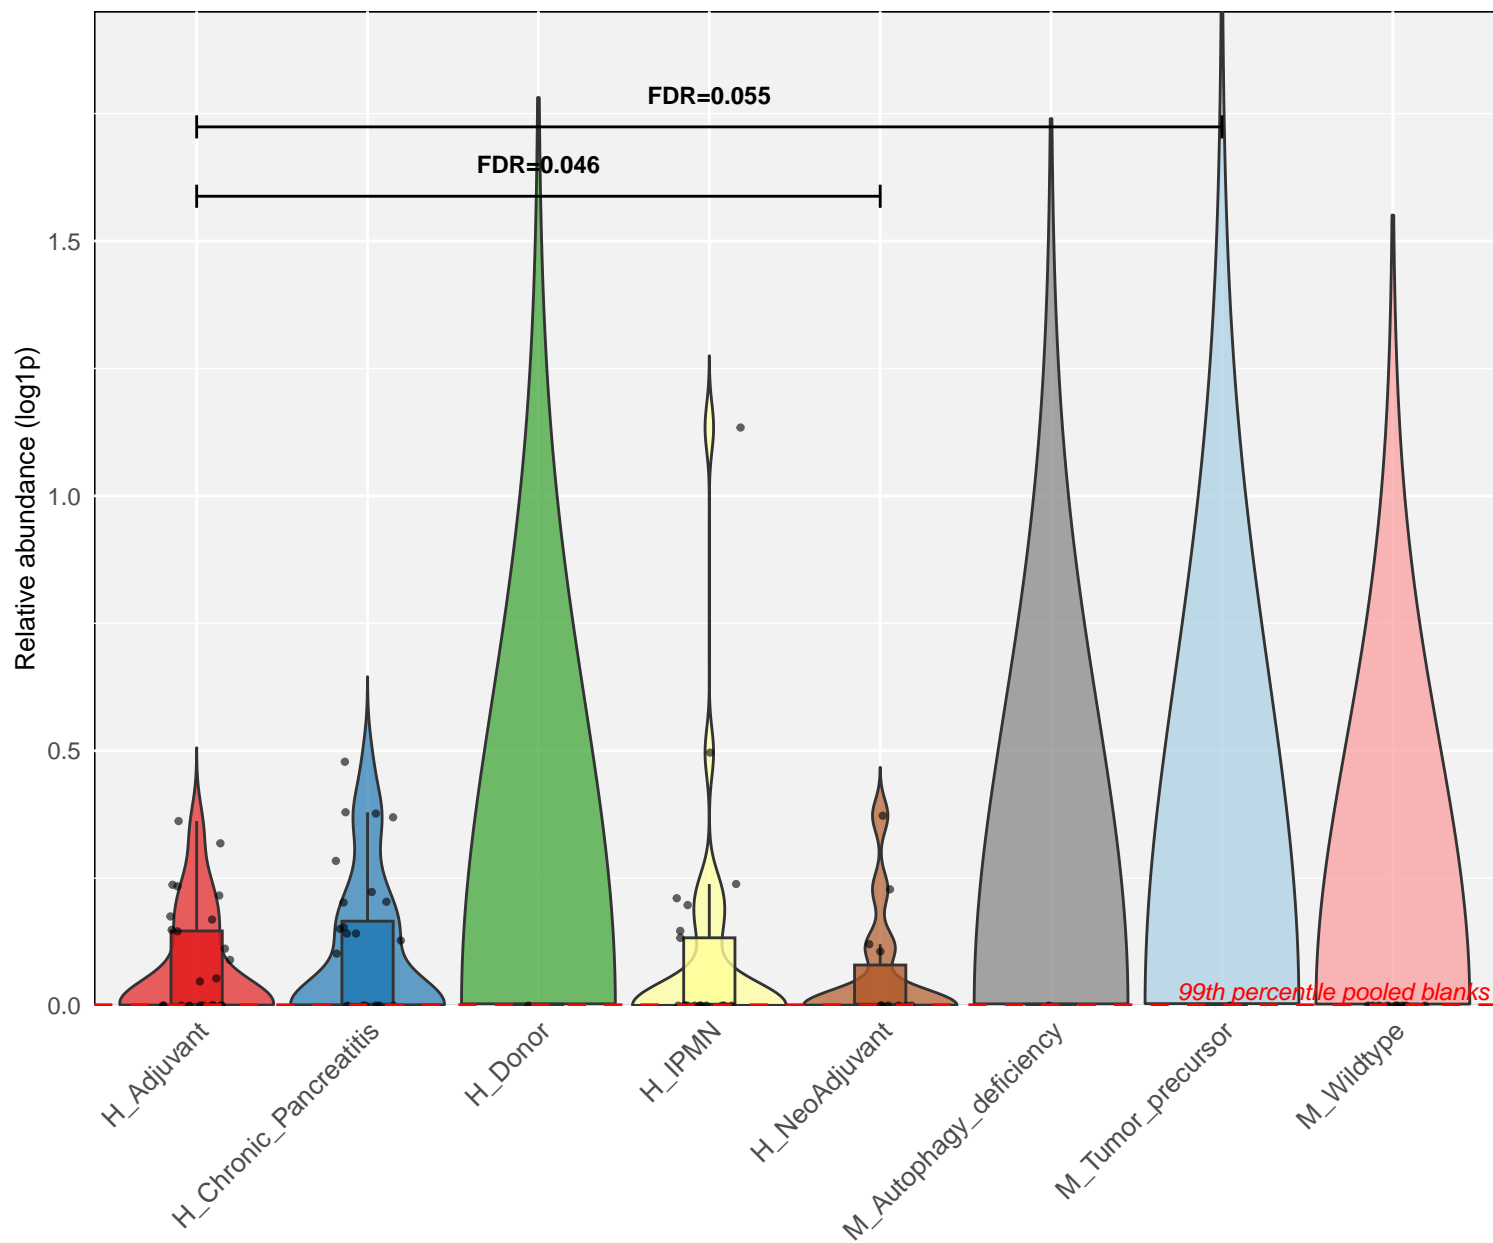

Enterococcus saigonensis

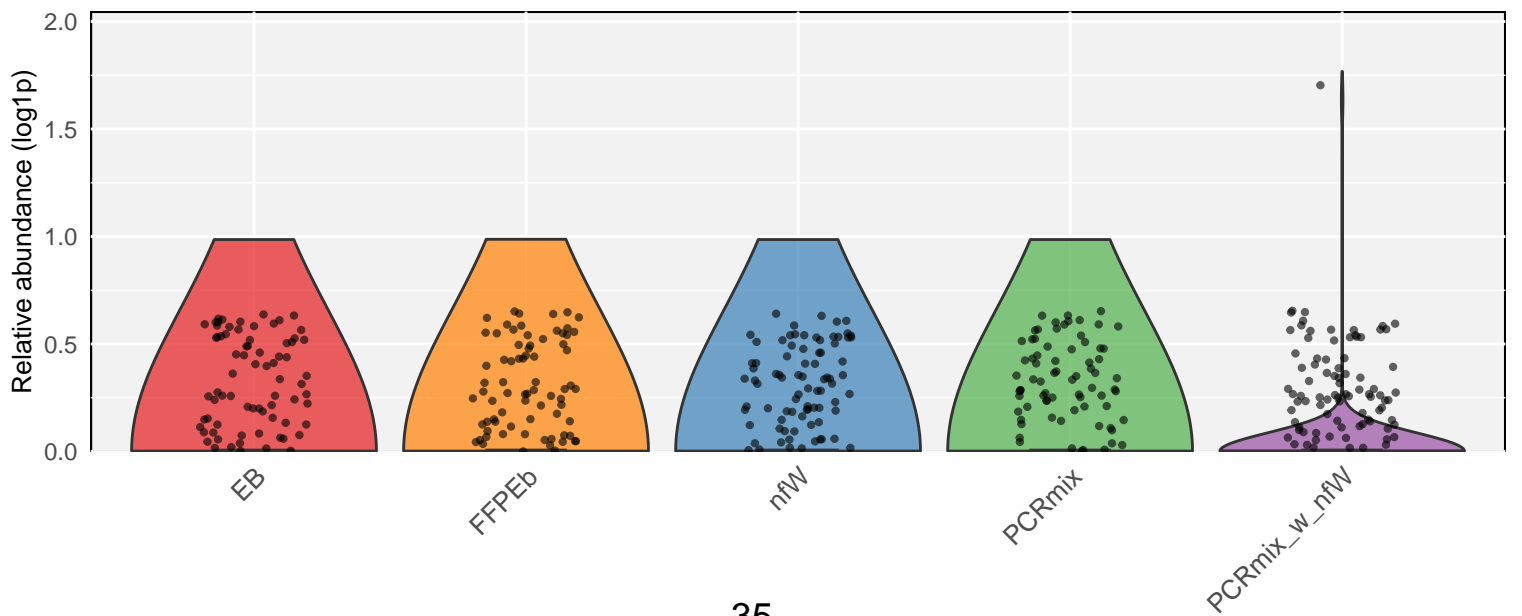

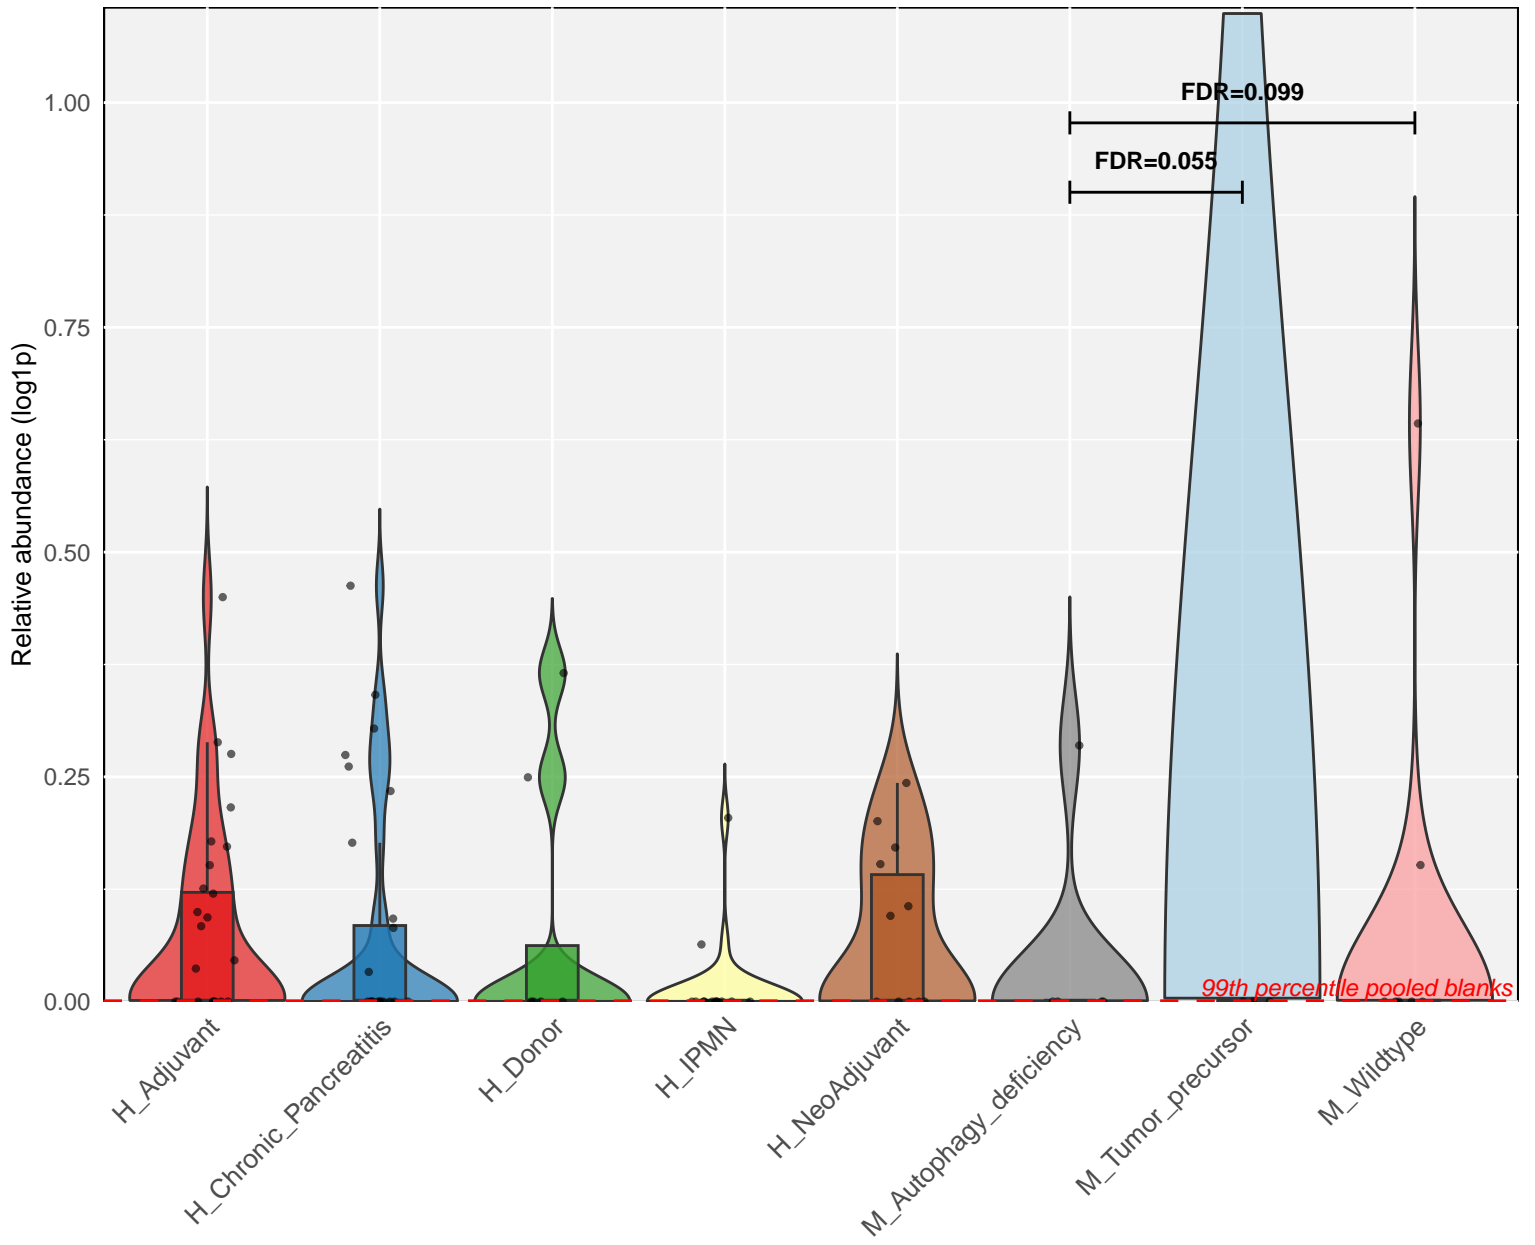

Escherichia fergusonii

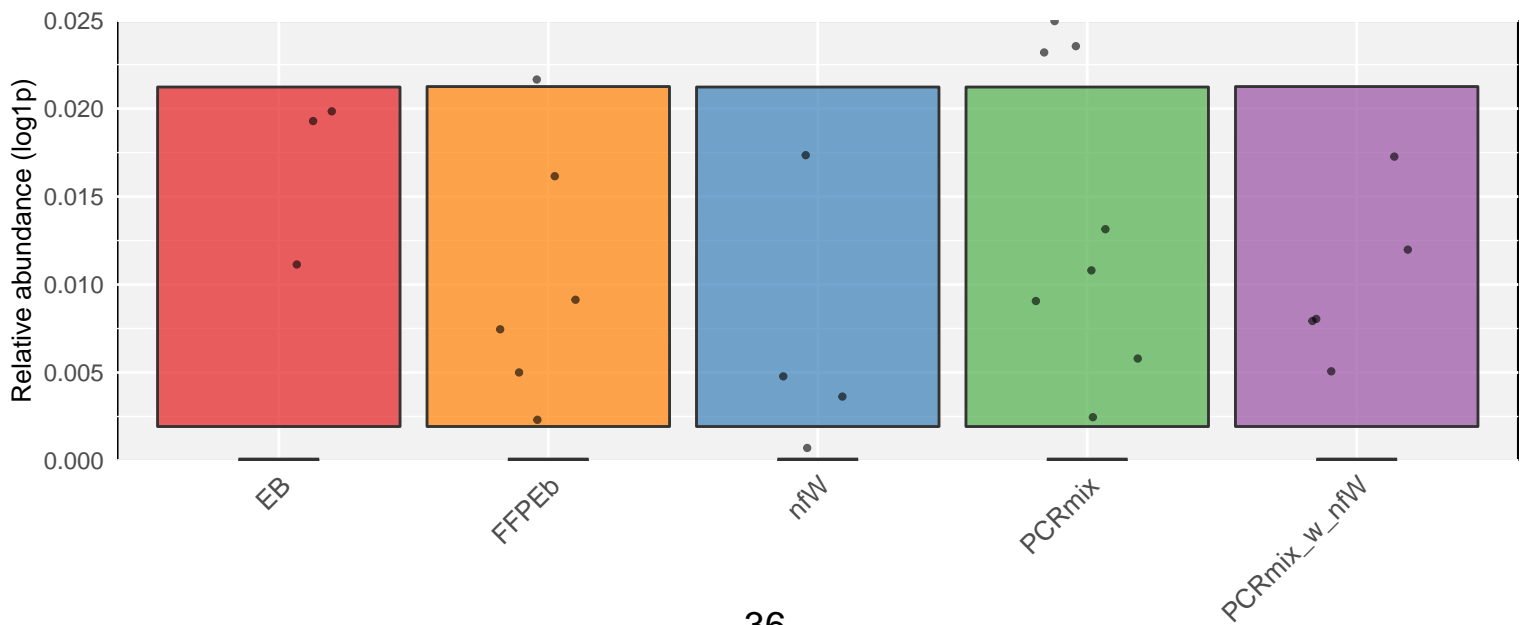

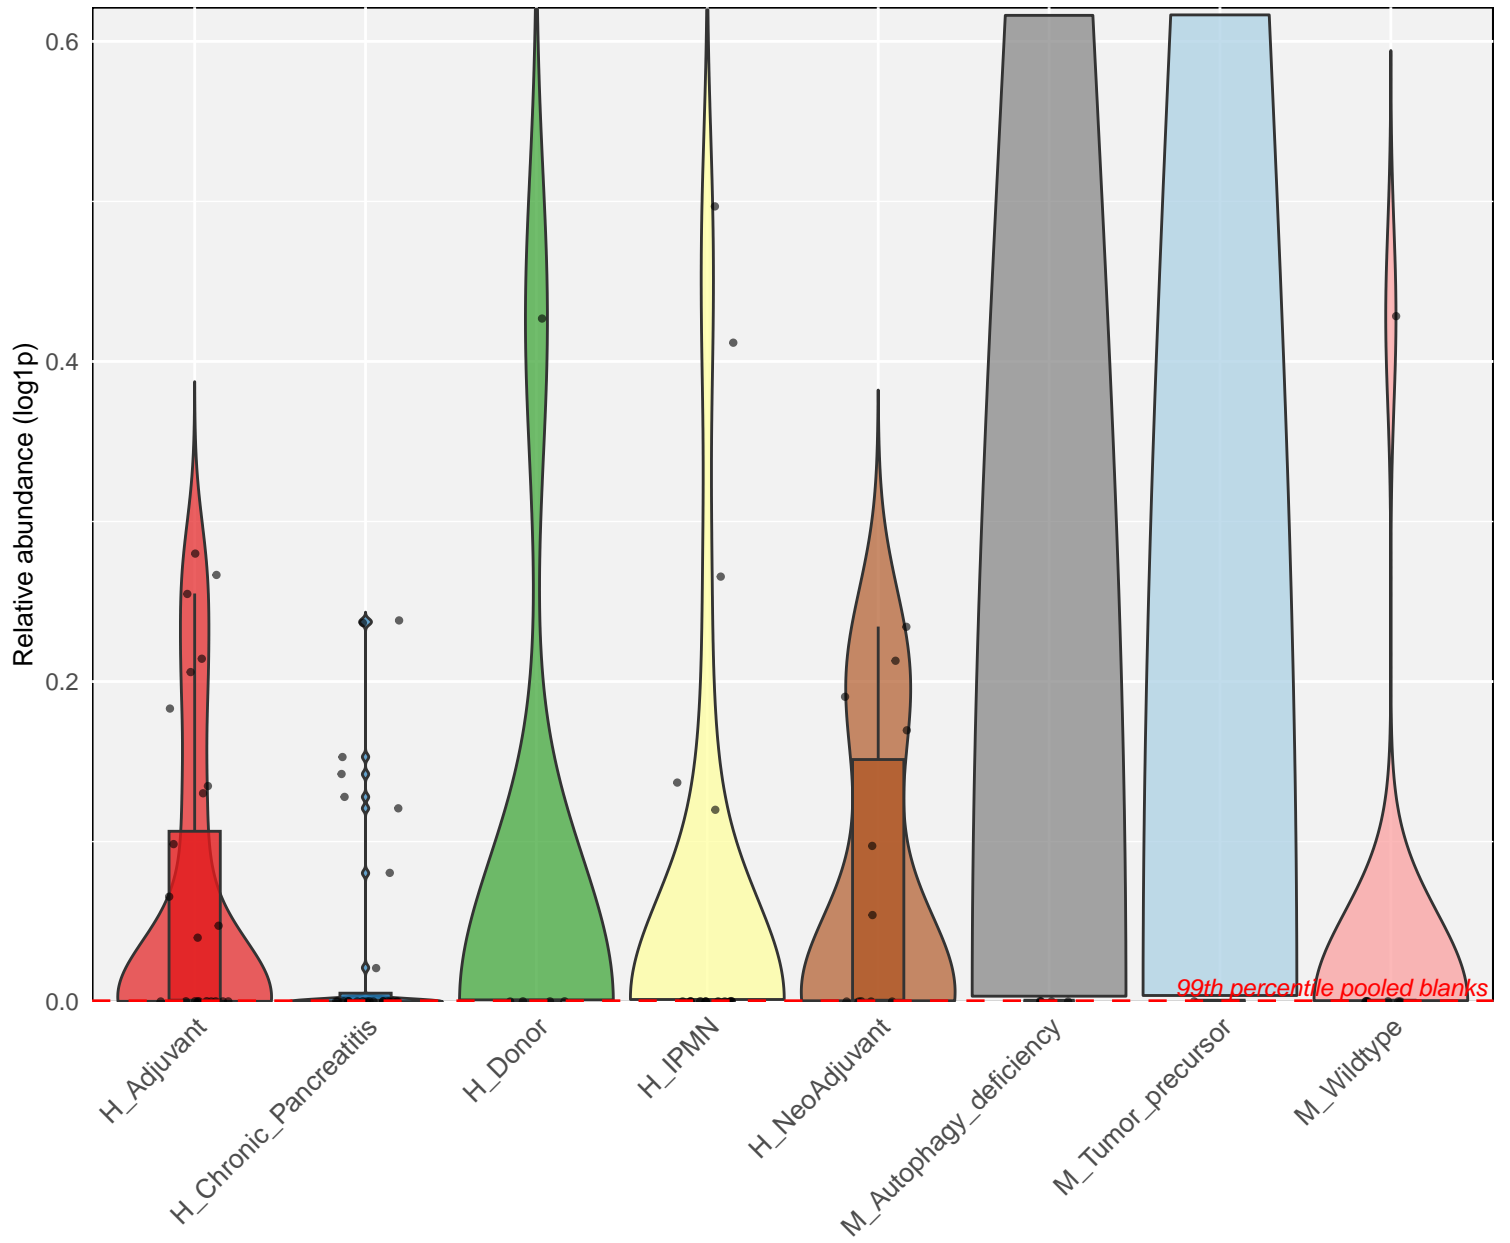

Extibacter muris

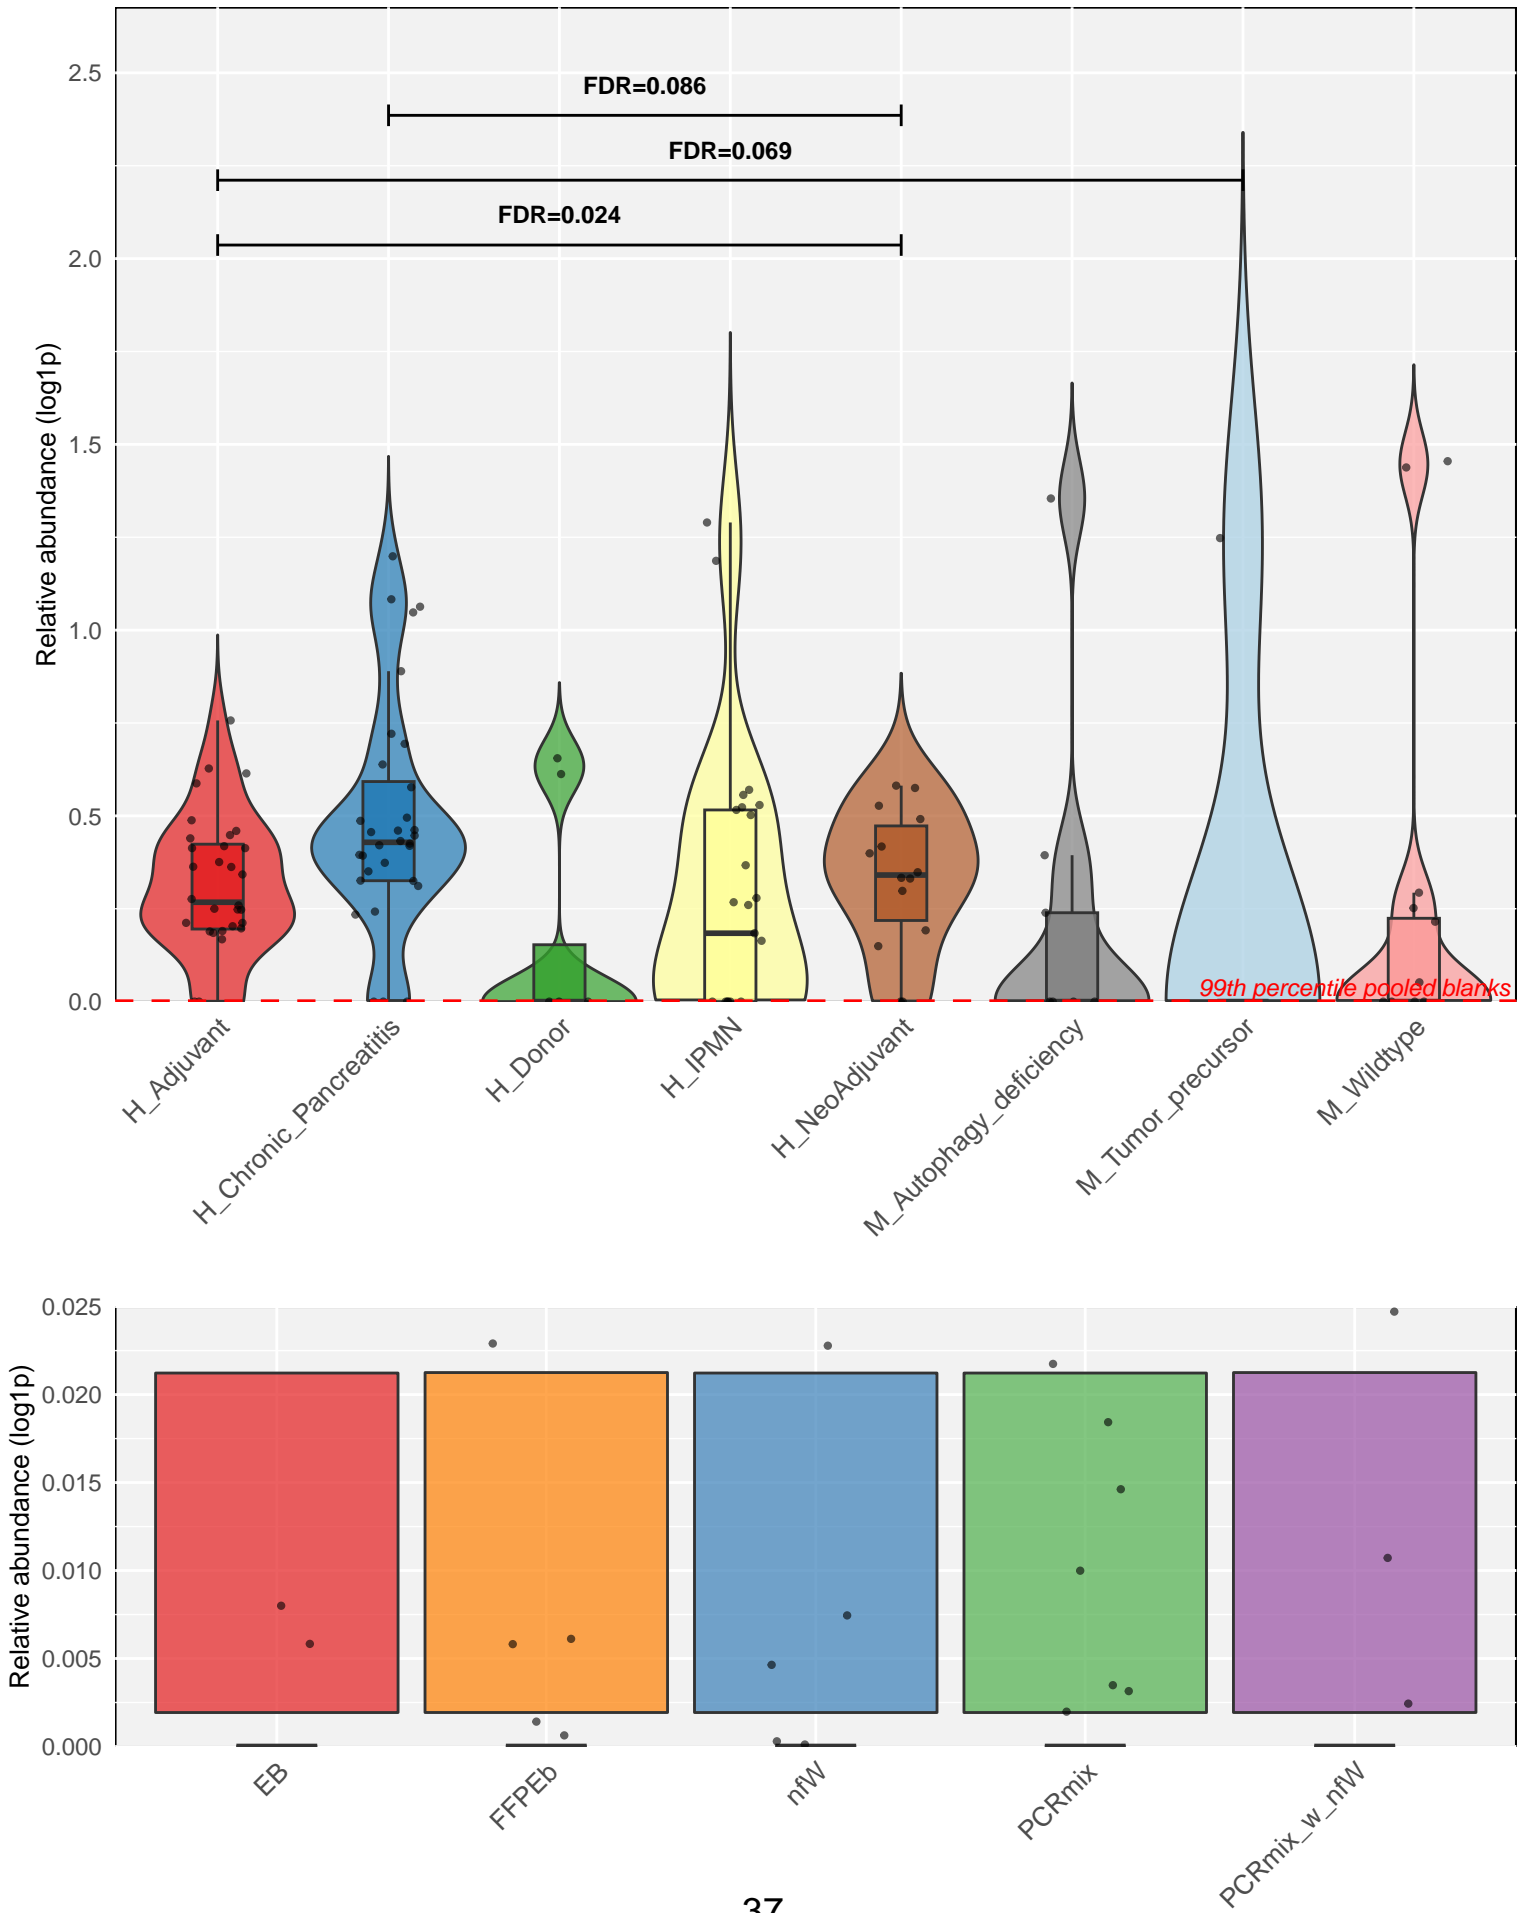

Faecalibacterium duncaniae

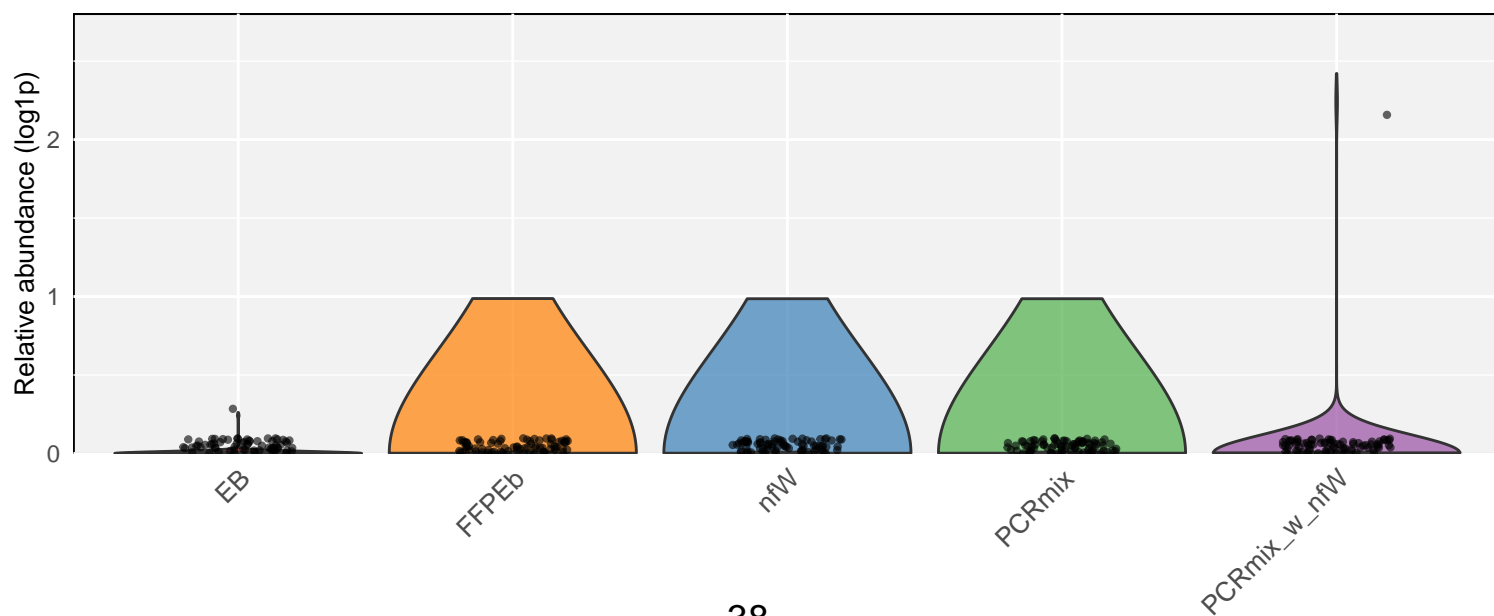

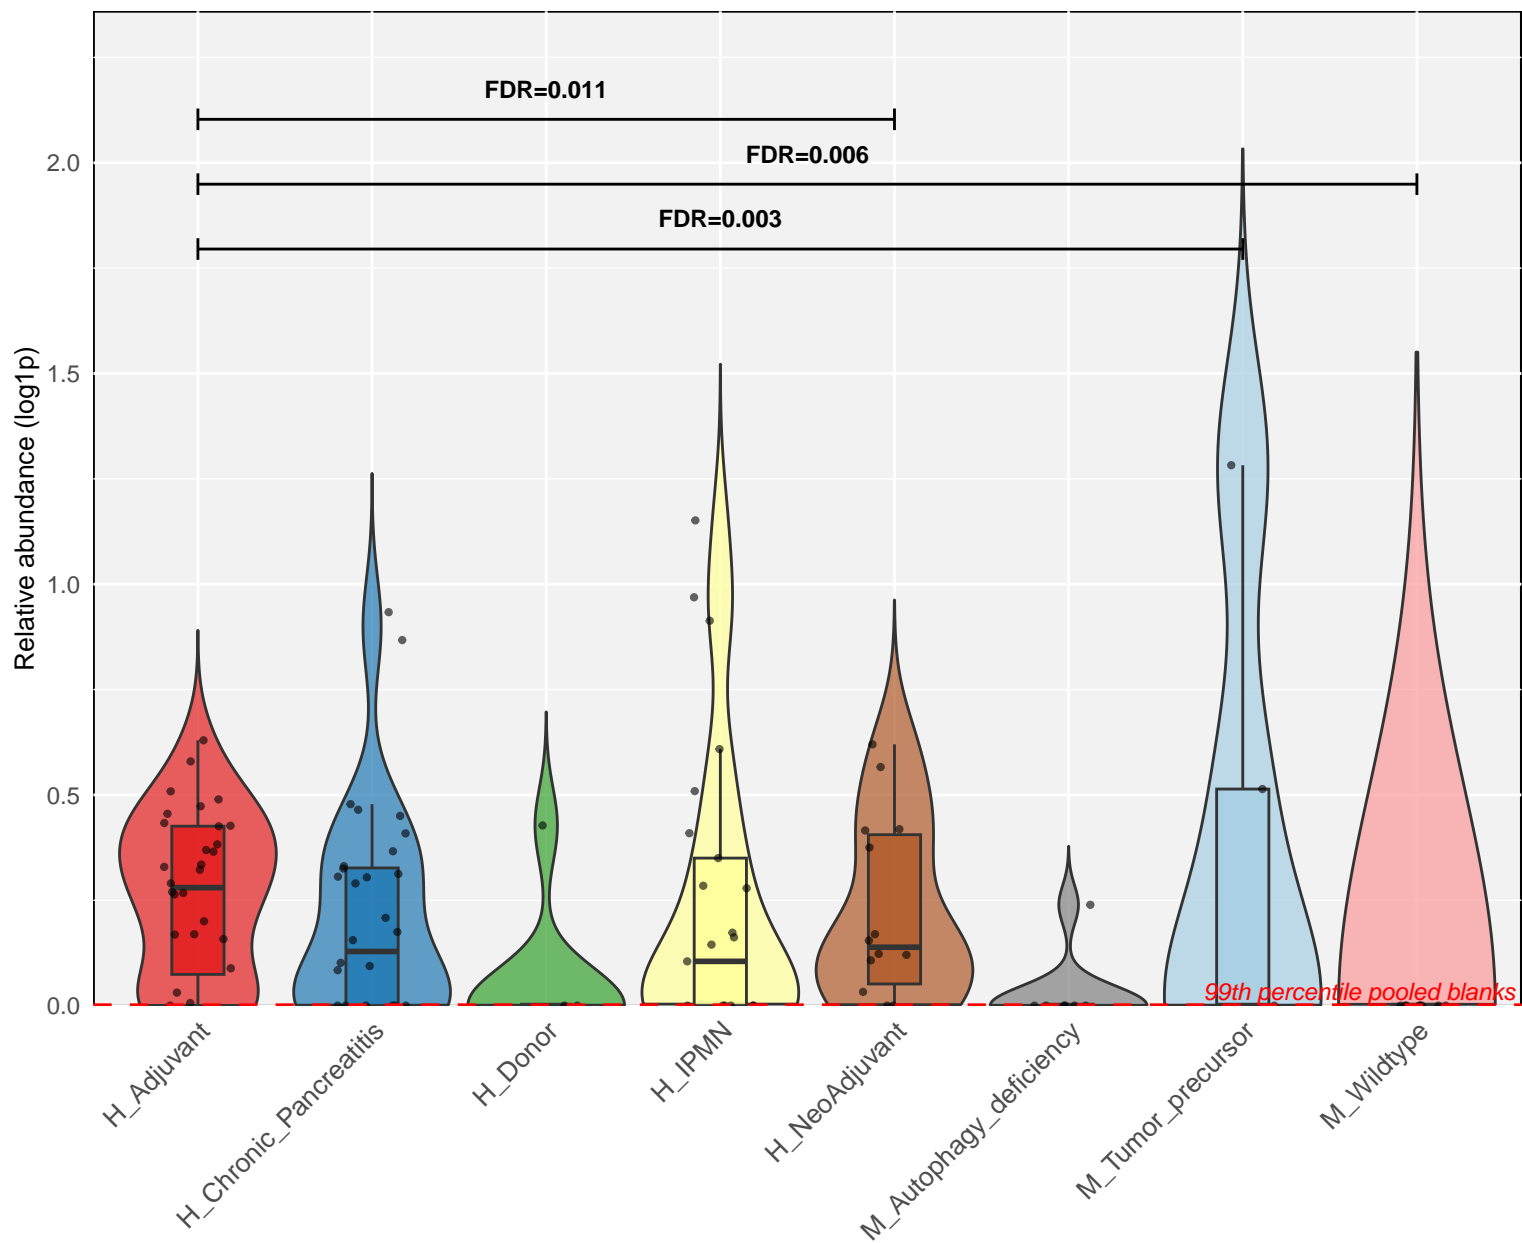

Faecalibacterium longum

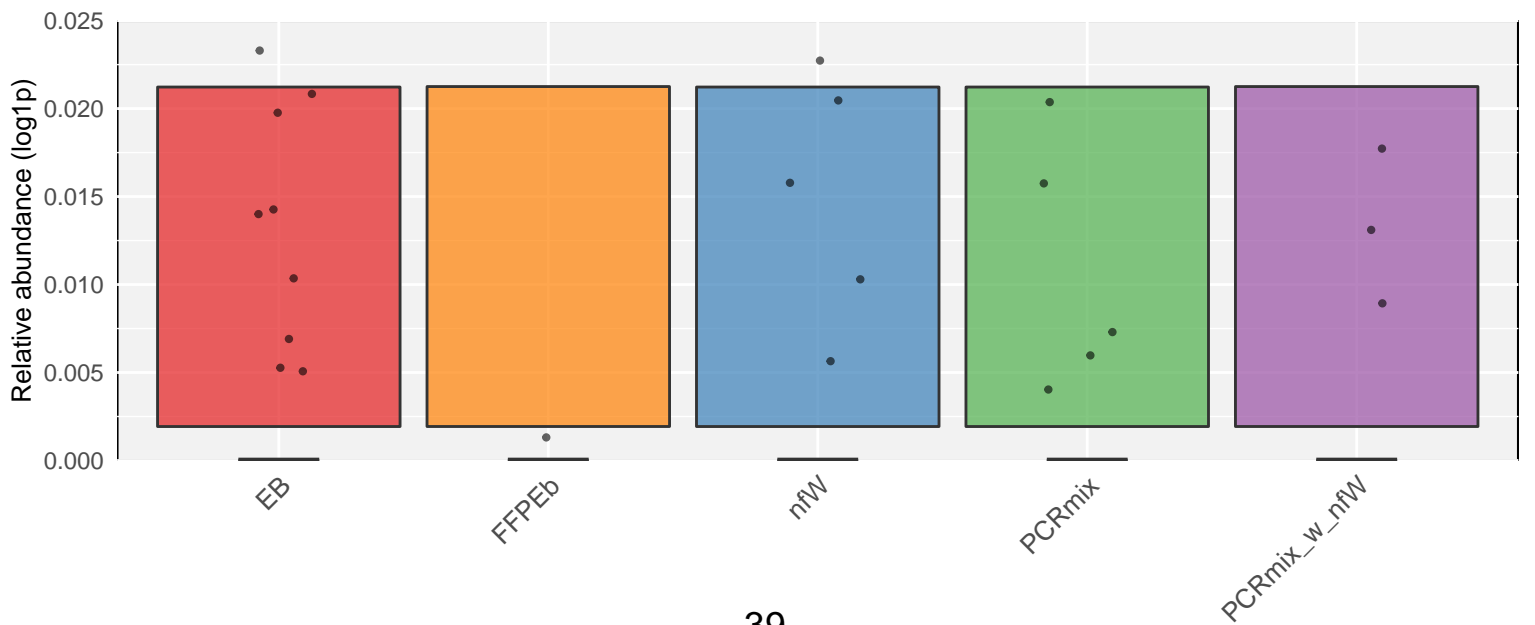

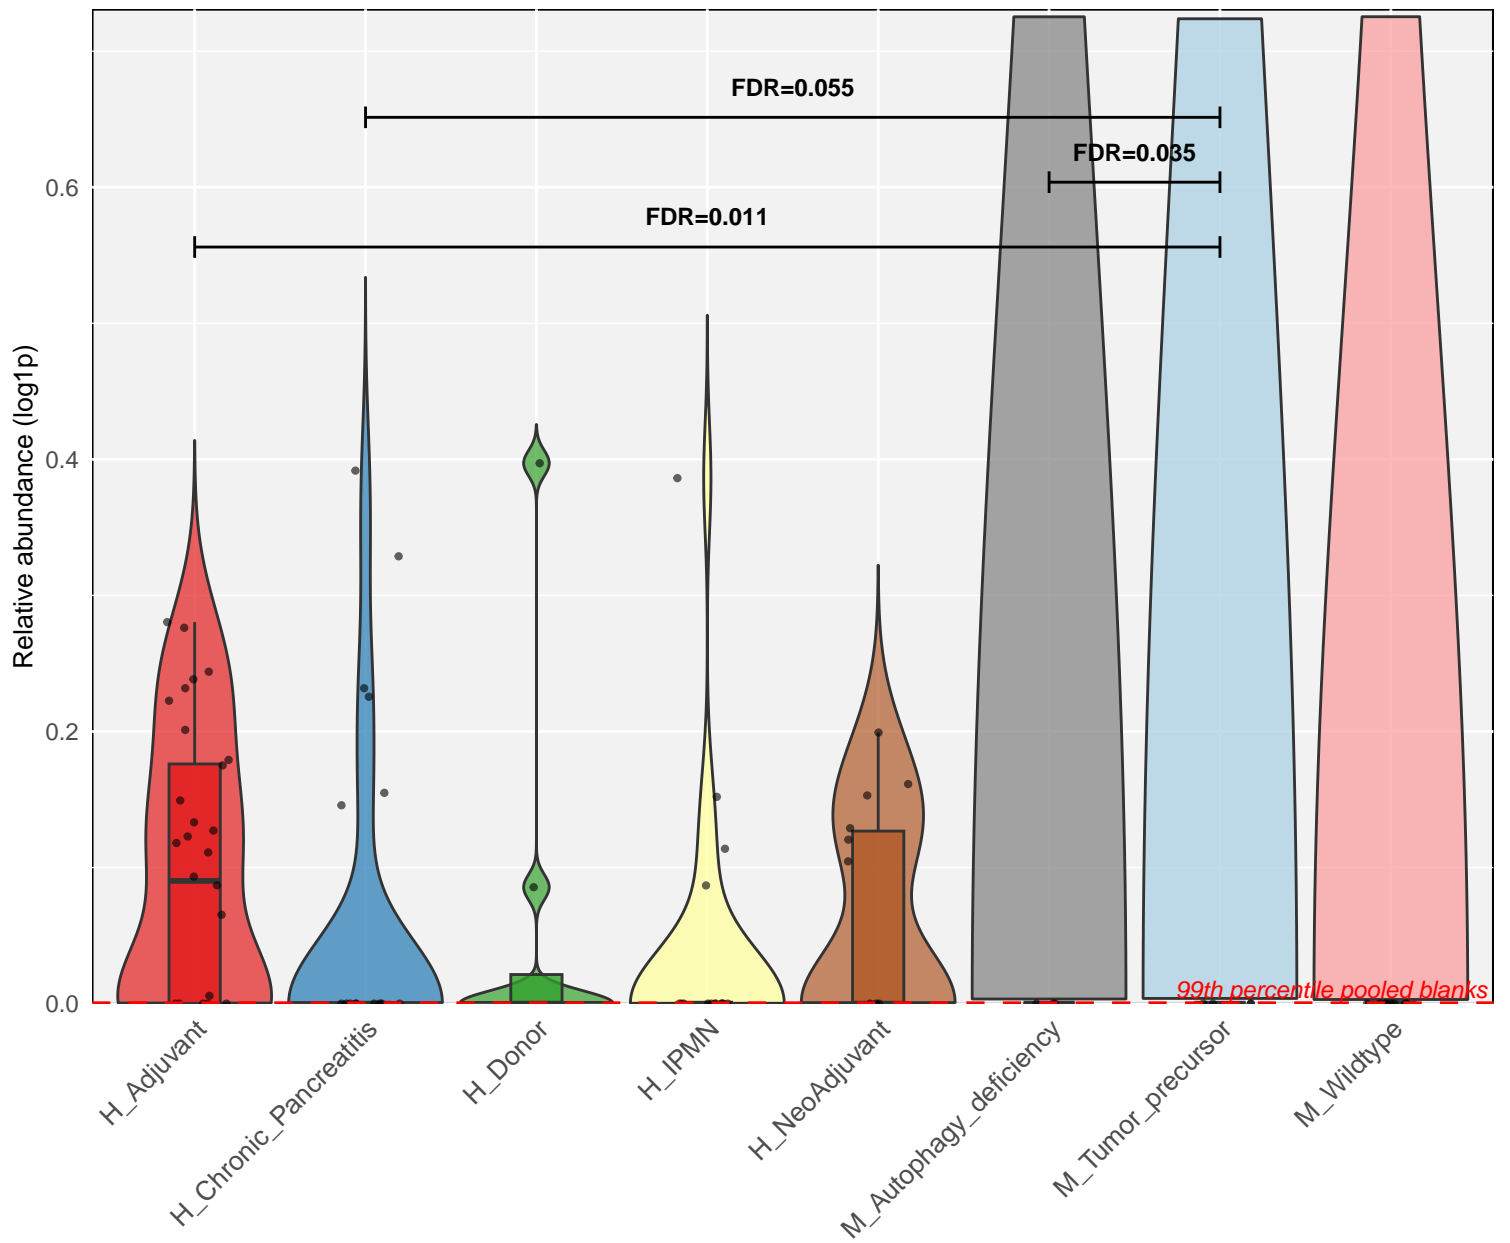

Flavonifractor plautii

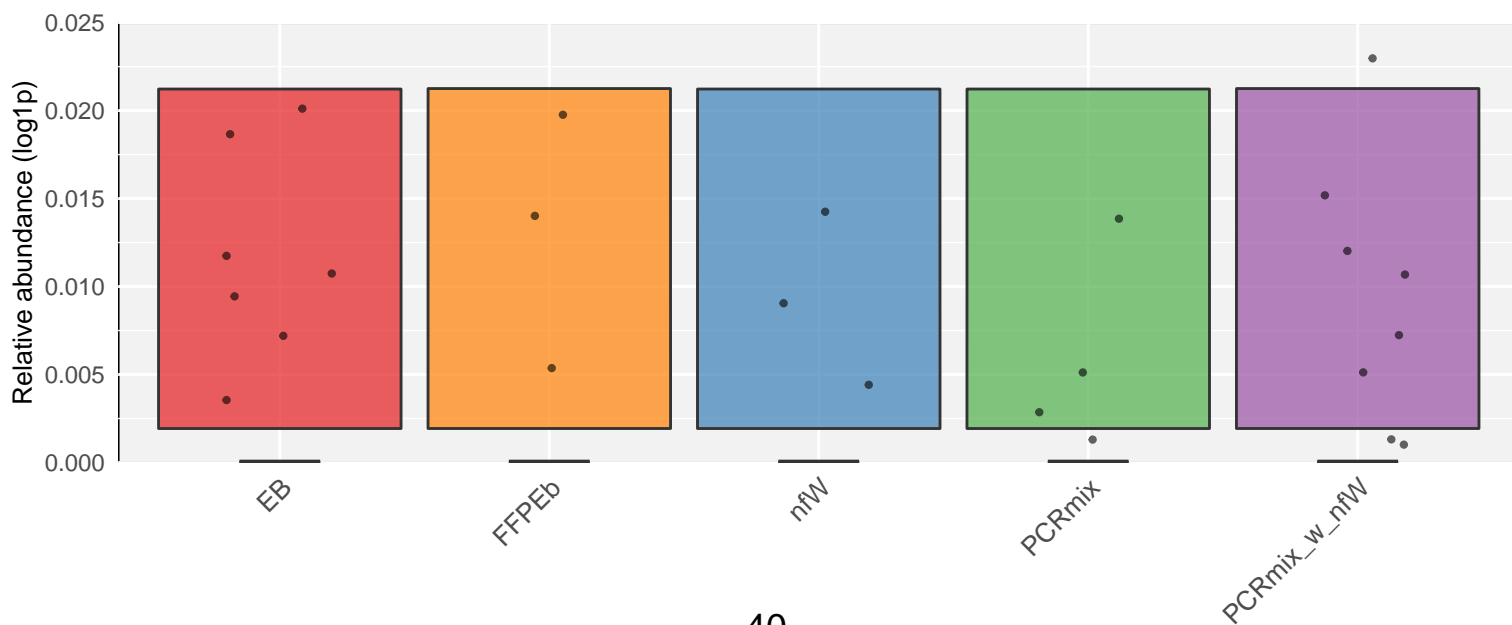

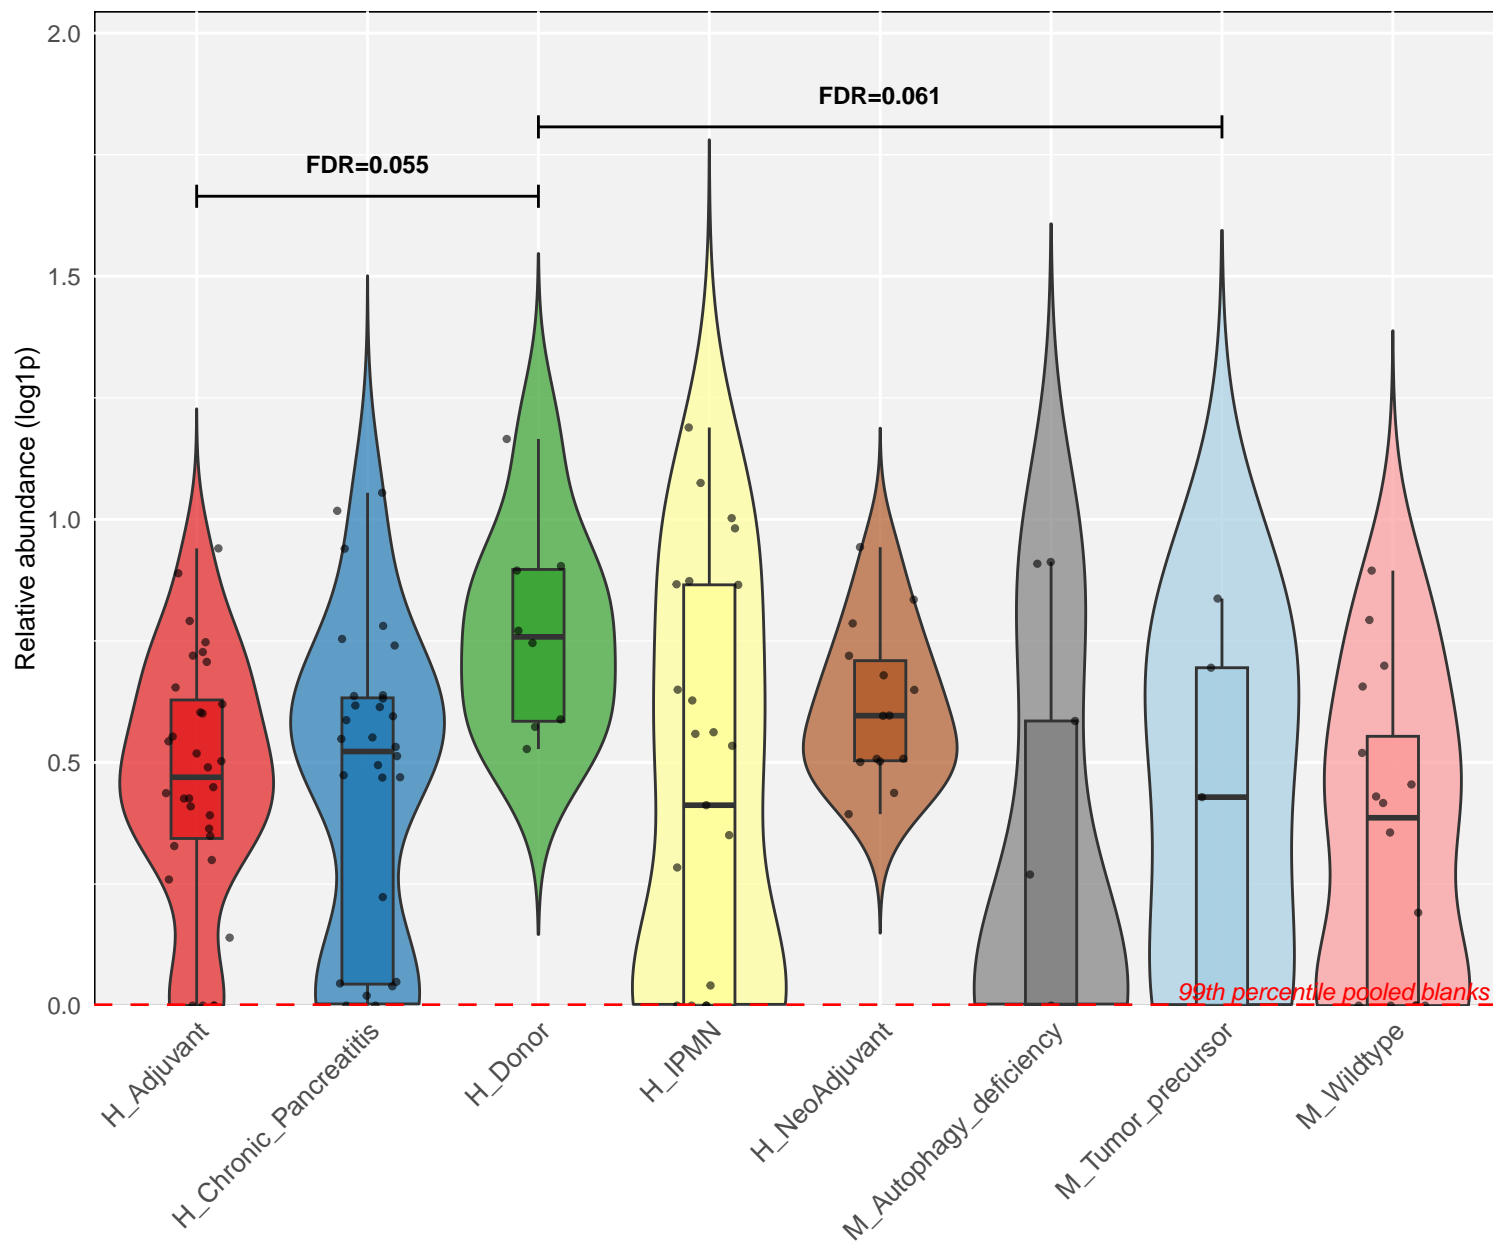

Flintibacter butyricus

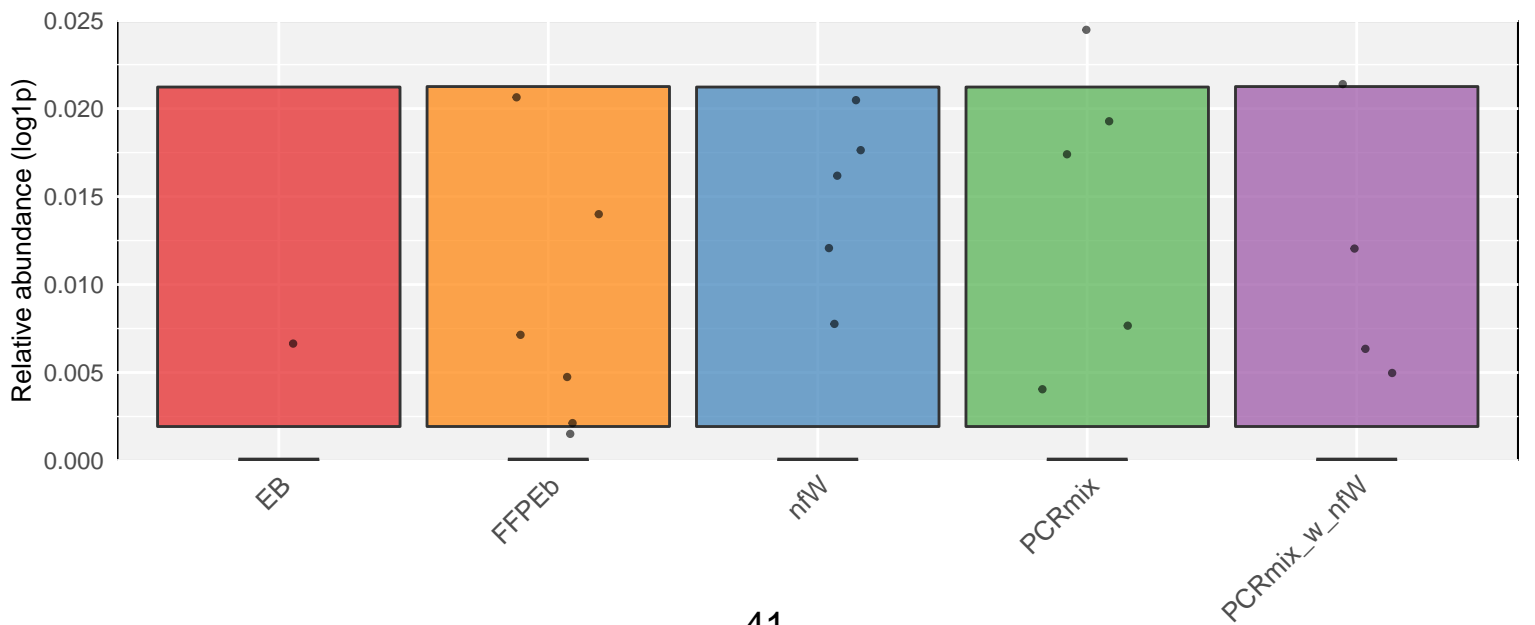

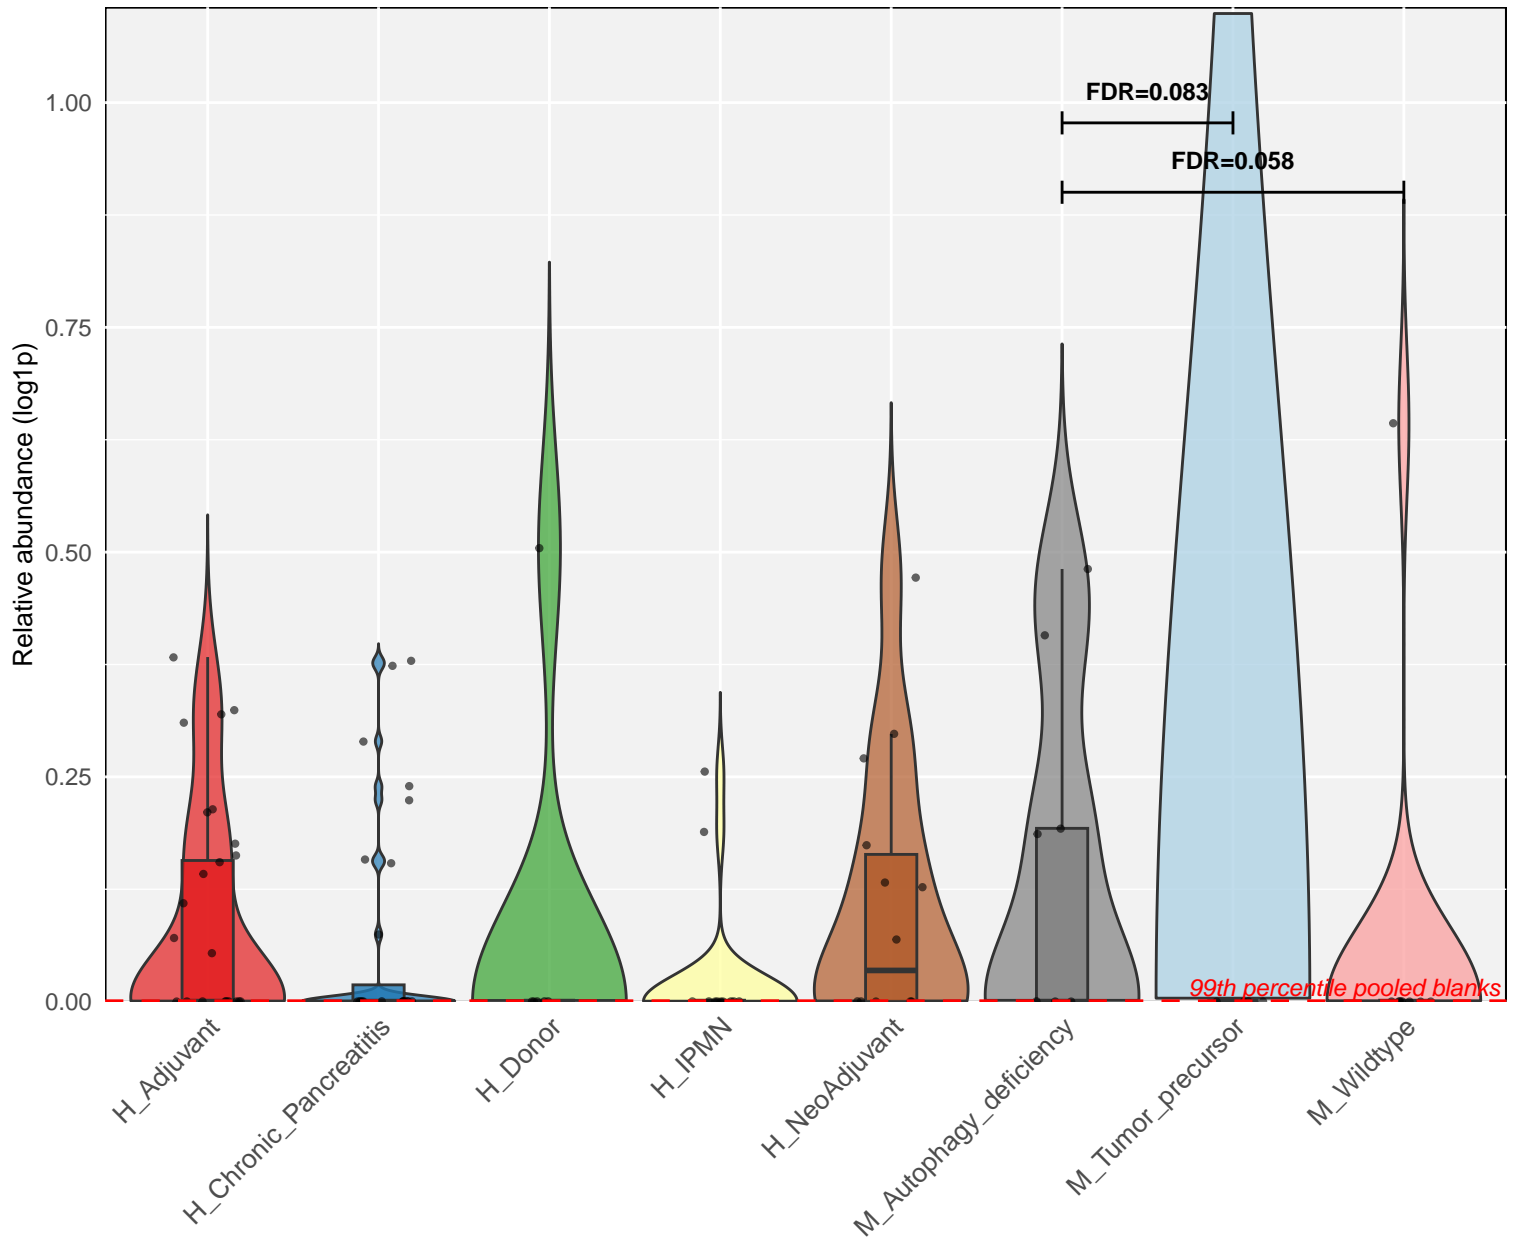

Fusobacterium mortiferum

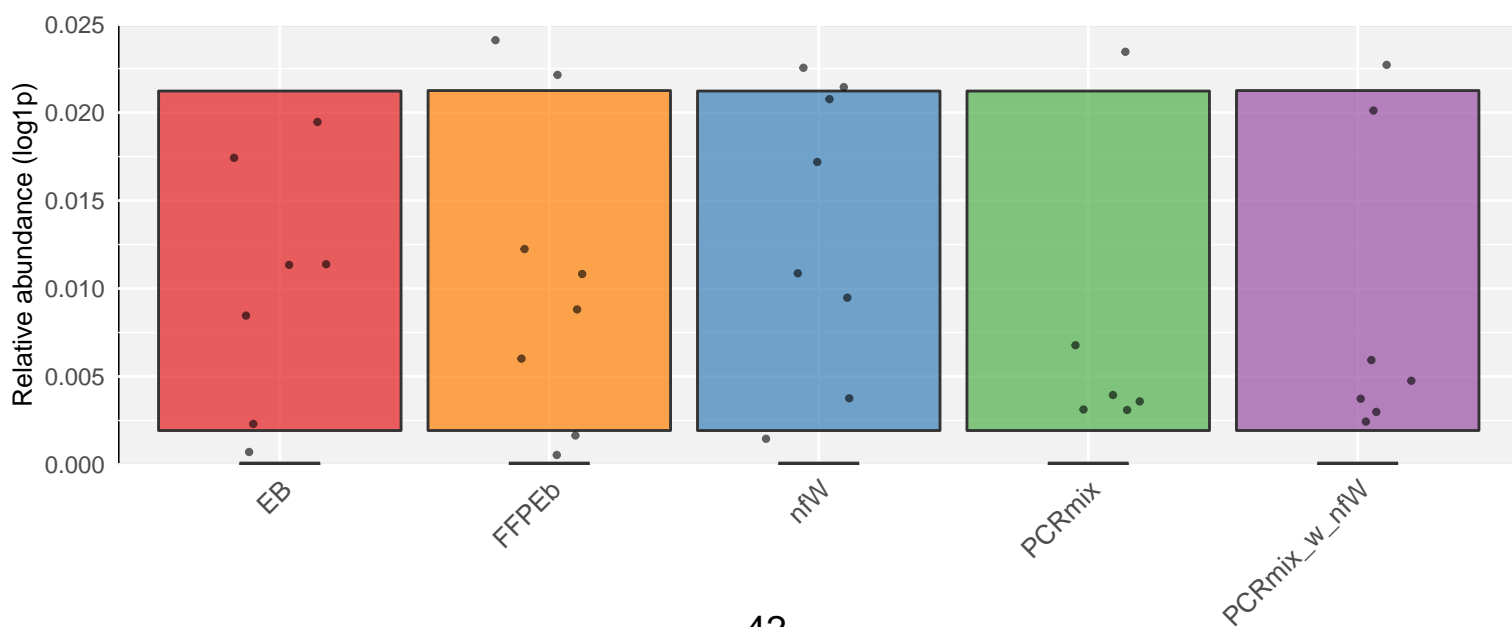

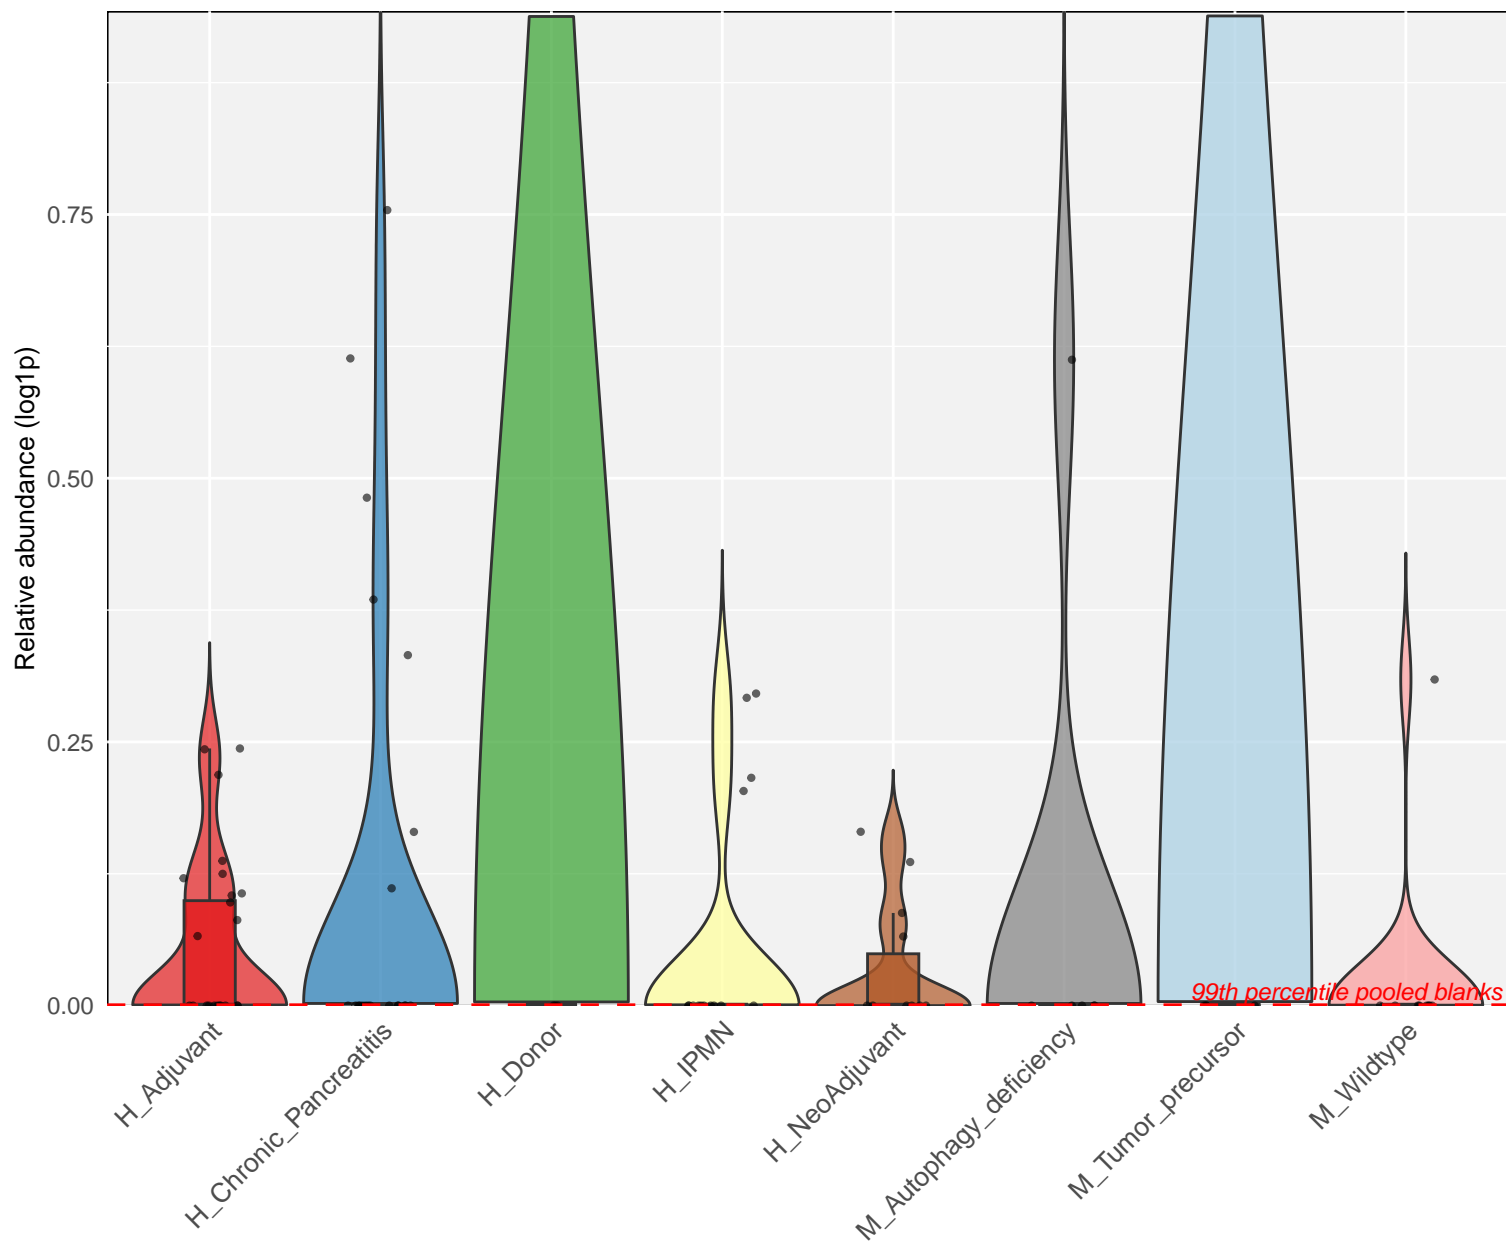

Fusobacterium necrophorum

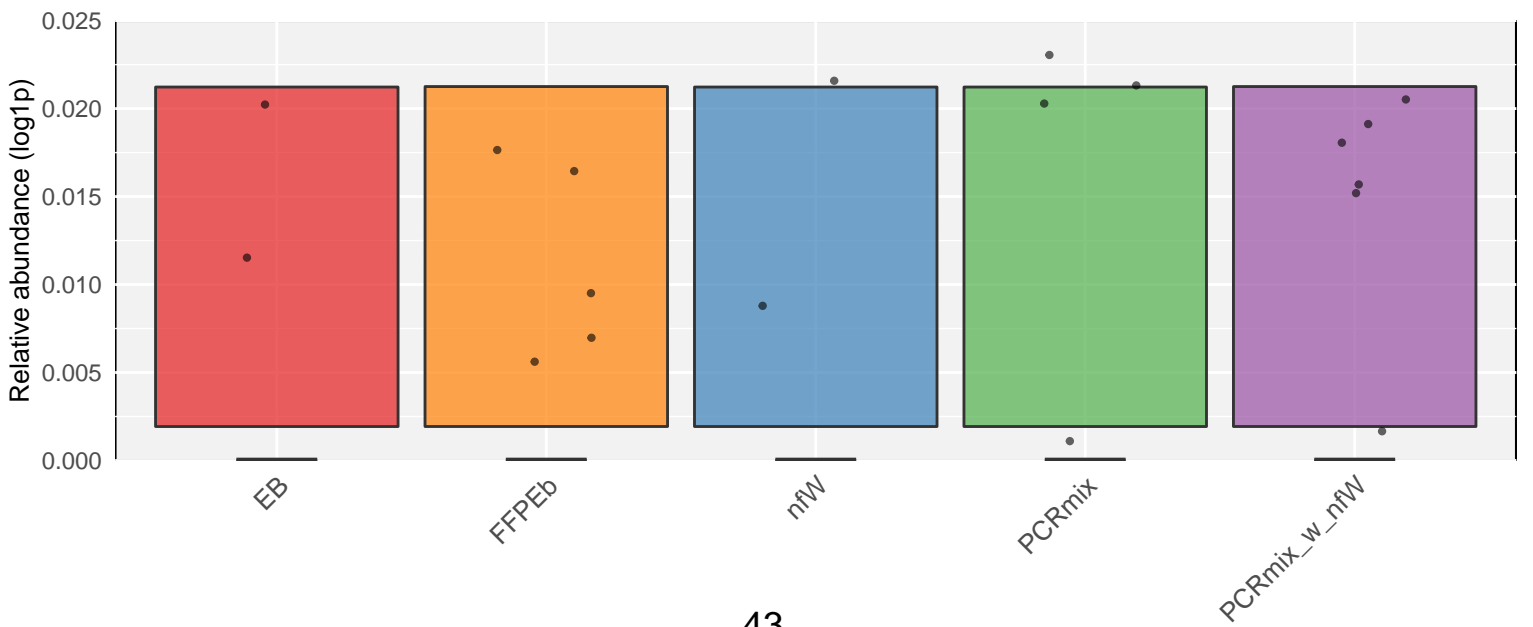

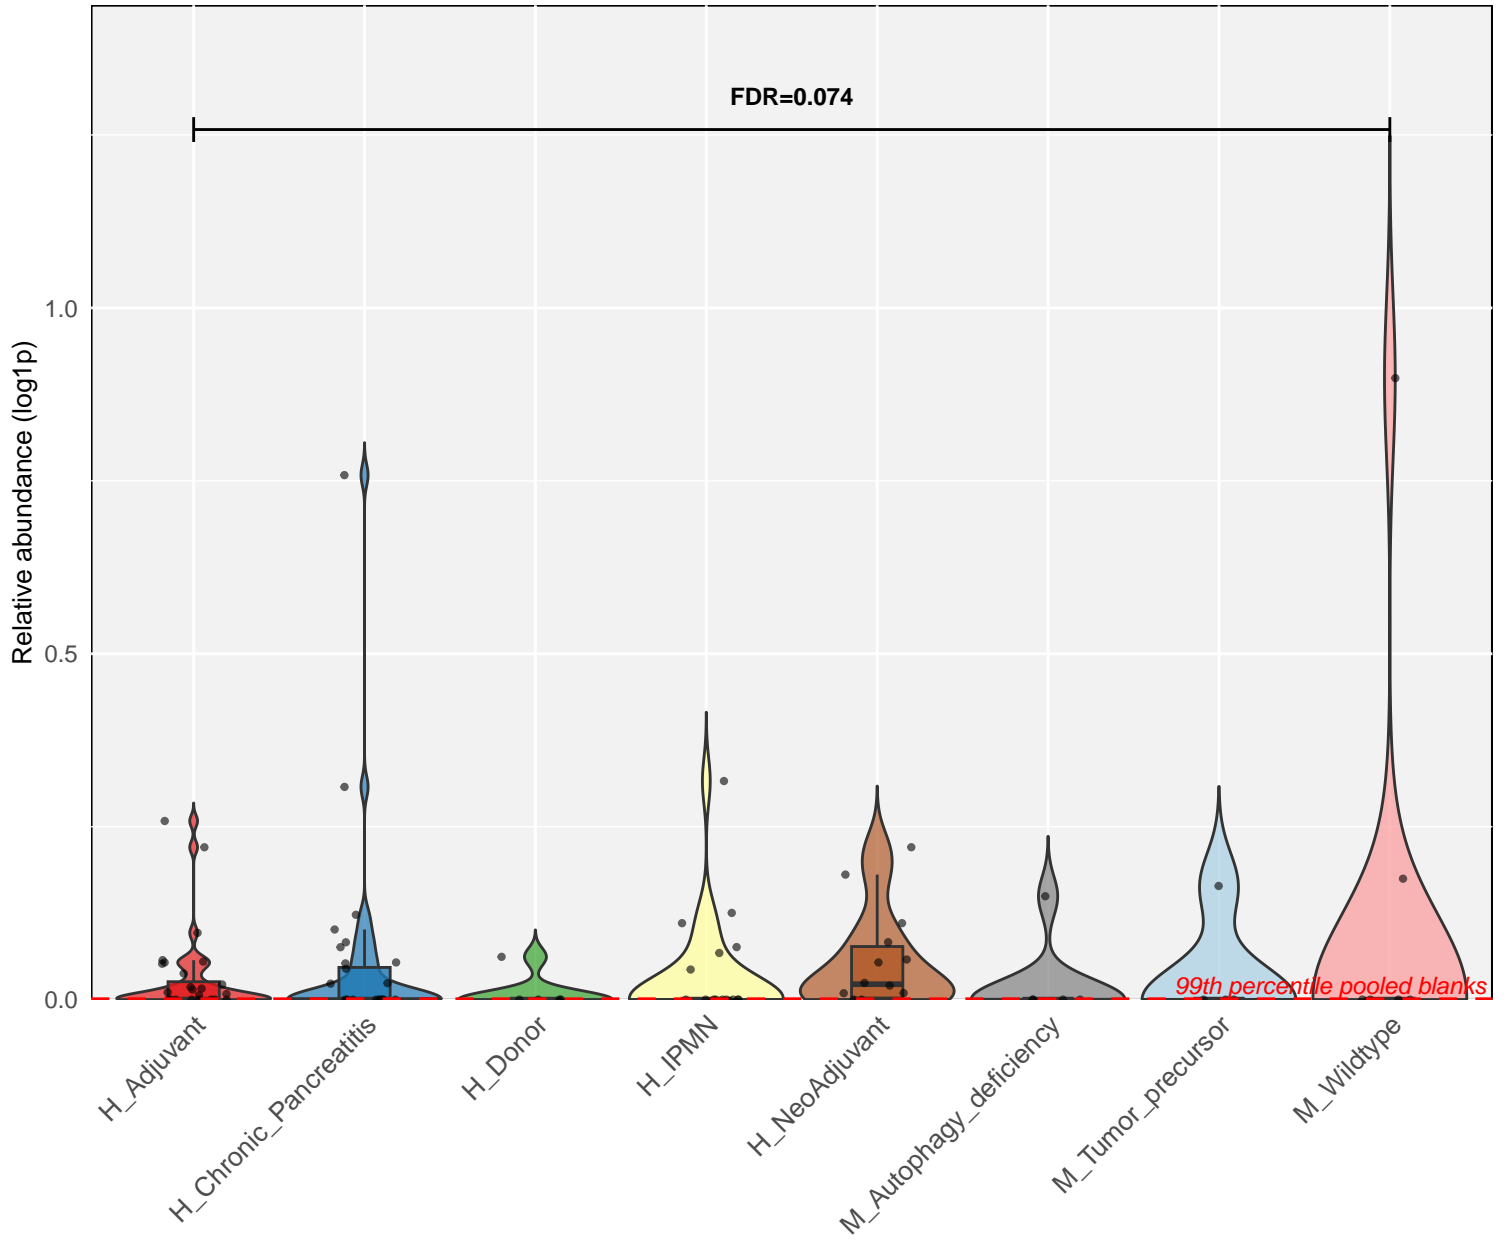

Fusobacterium perfoetens

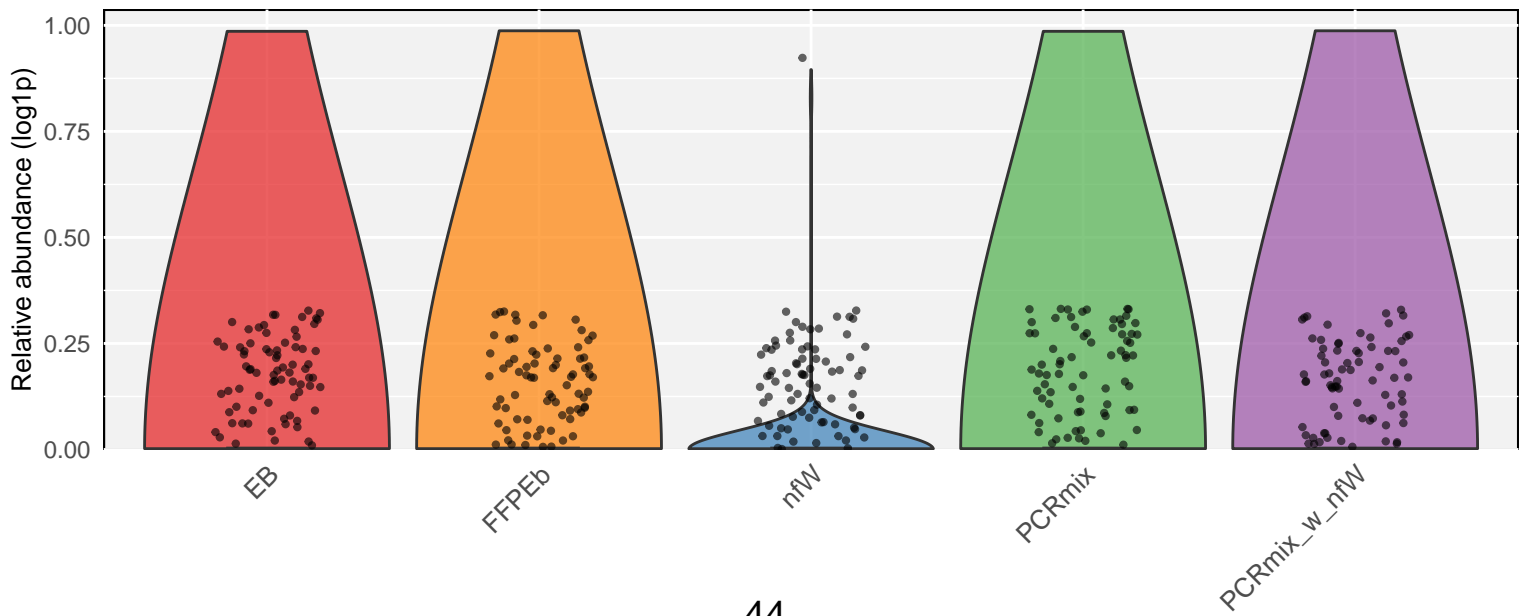

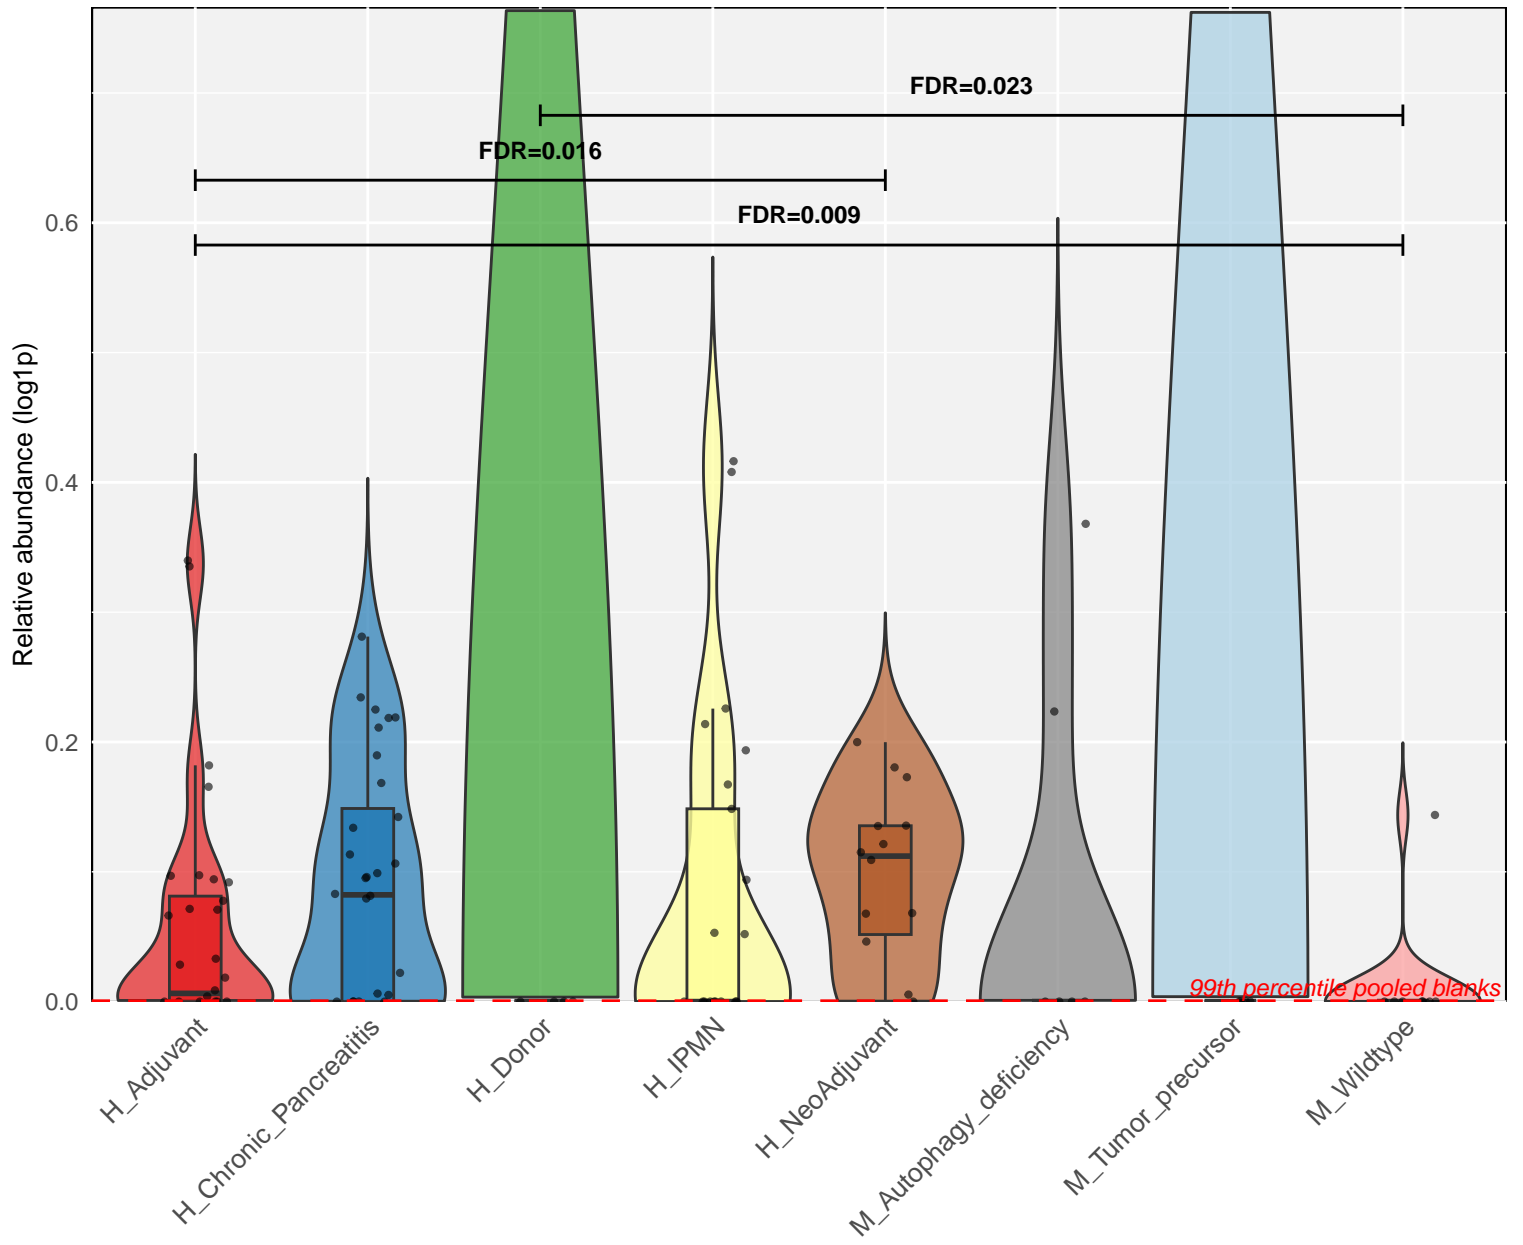

Fusobacterium simiae

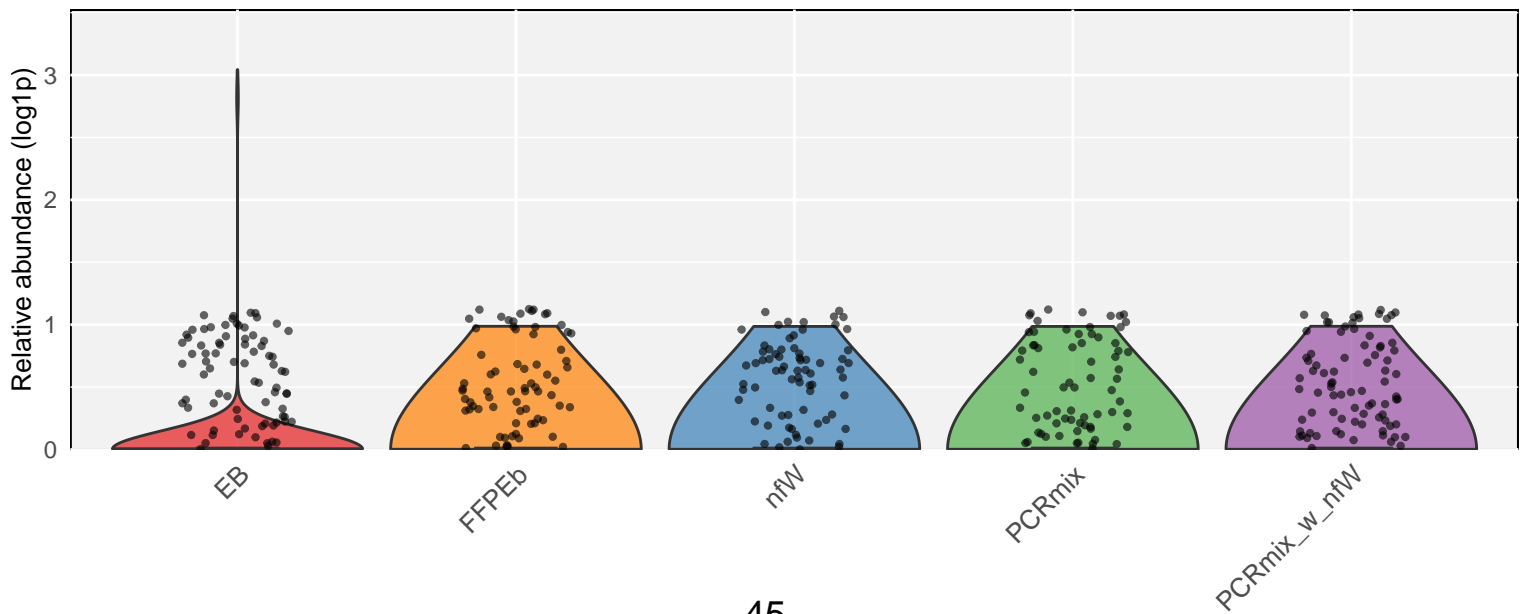

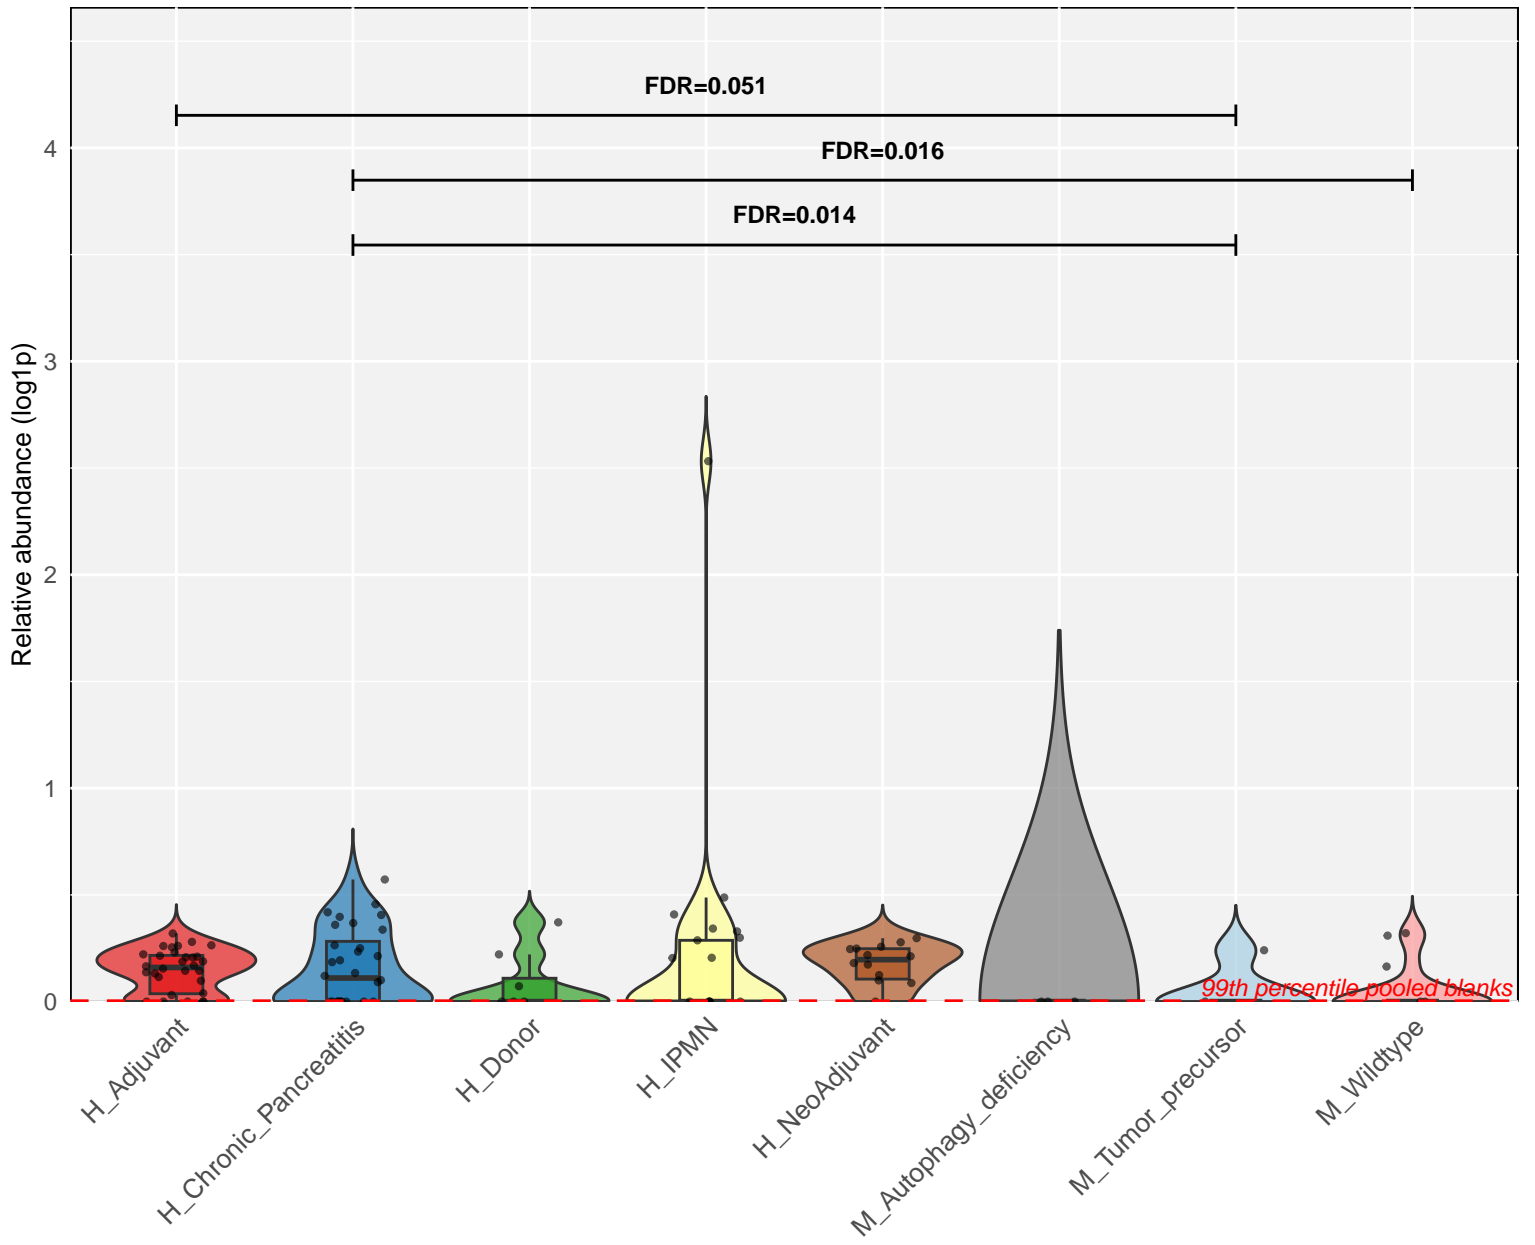

Klebsiella pasteurii

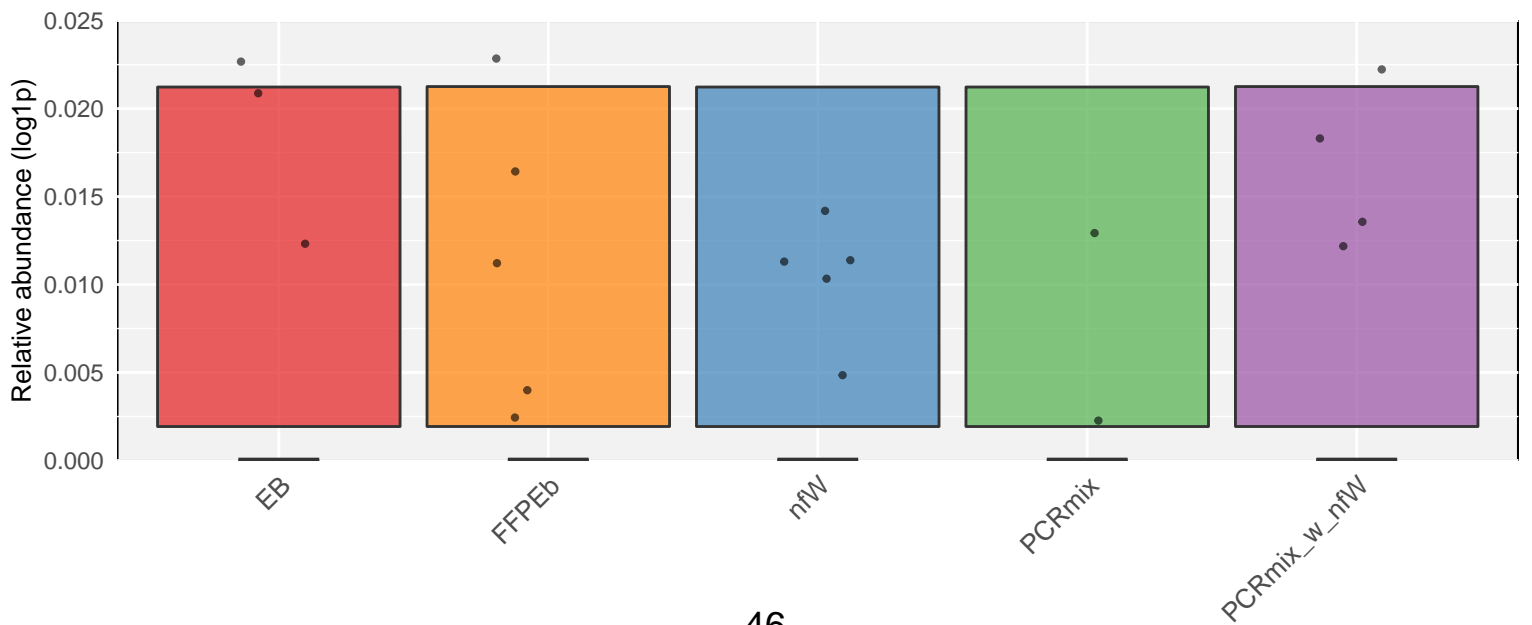

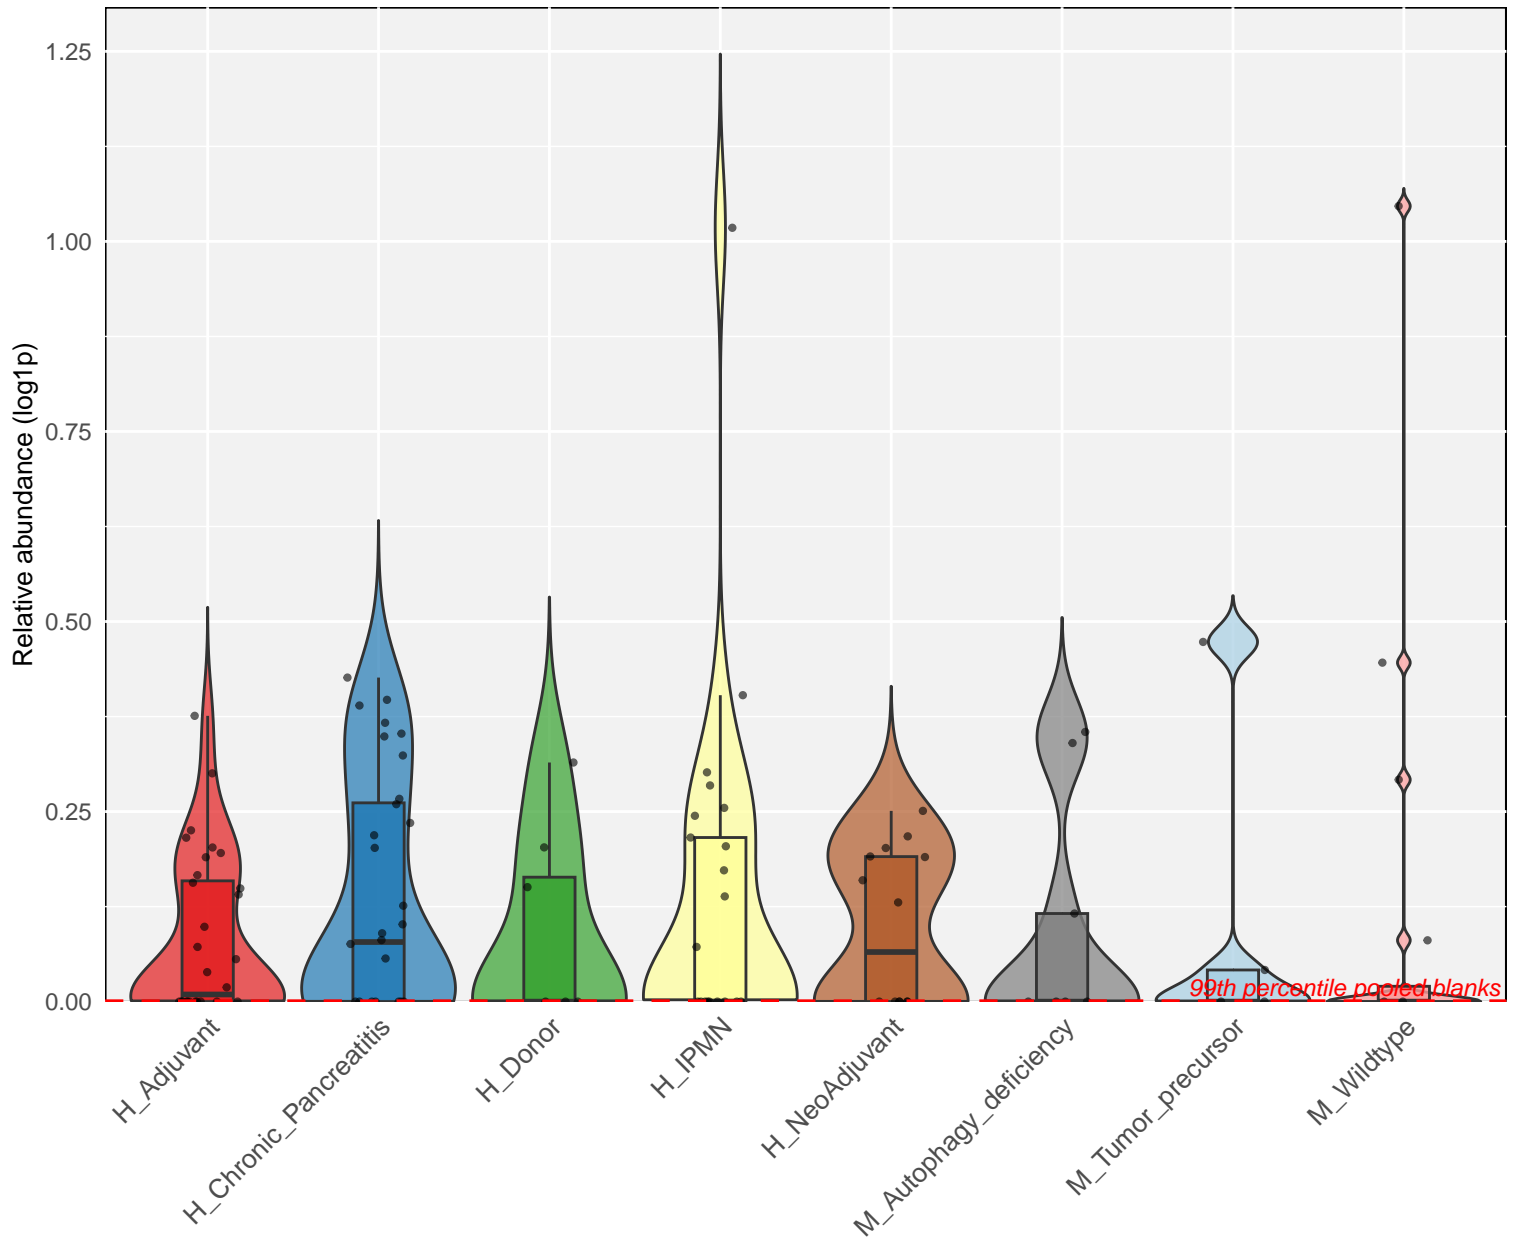

Kluyvera sichuanensis

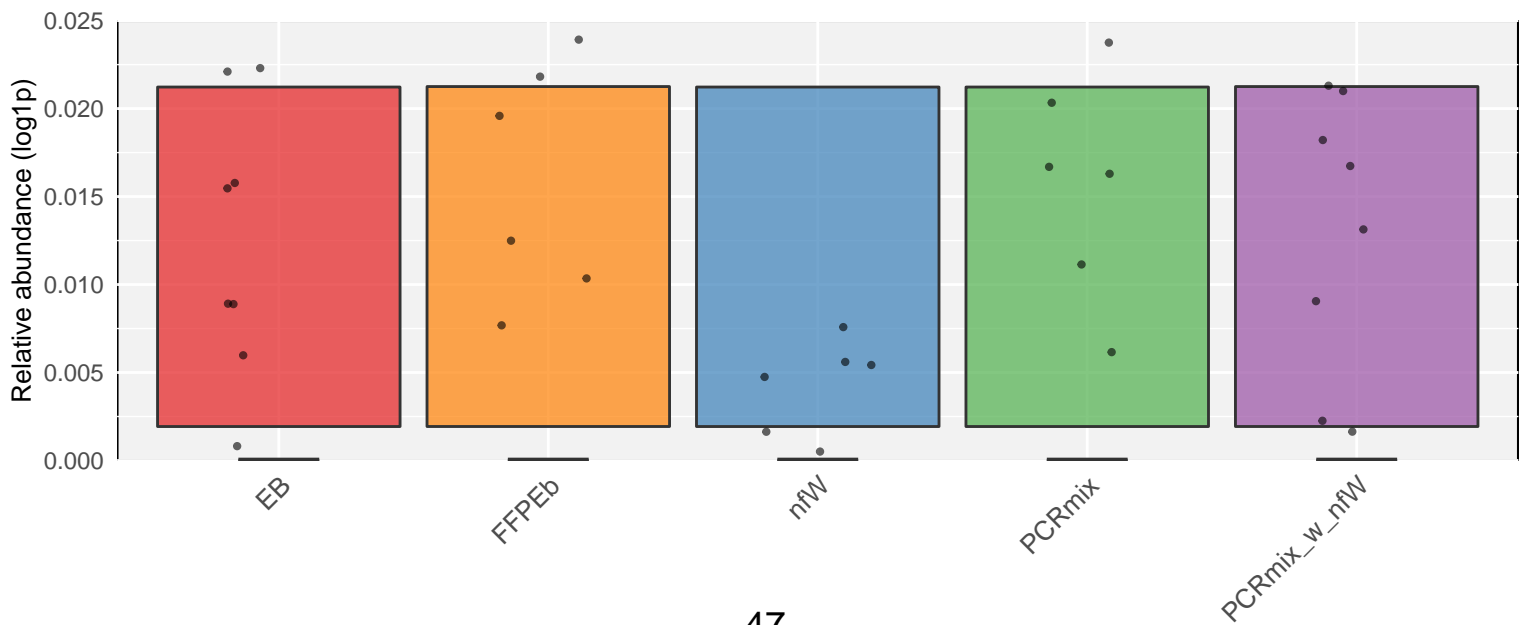

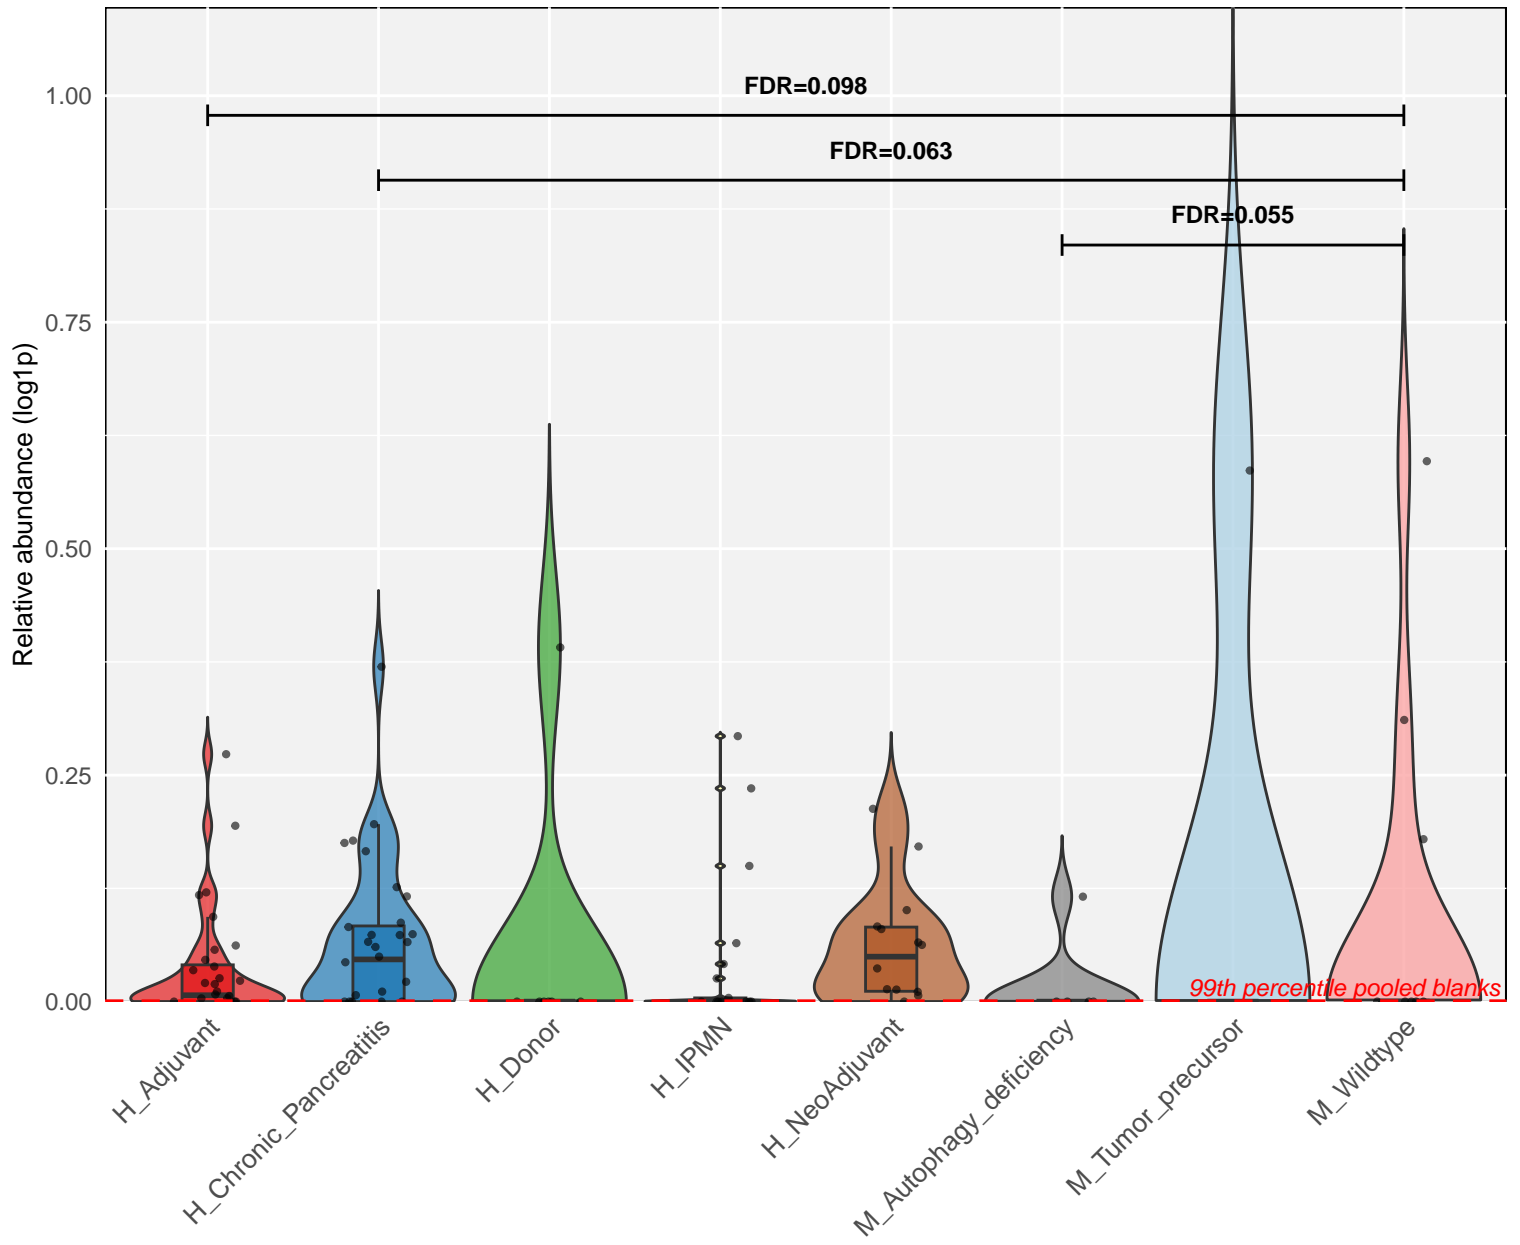

Lactobacillus crispatus

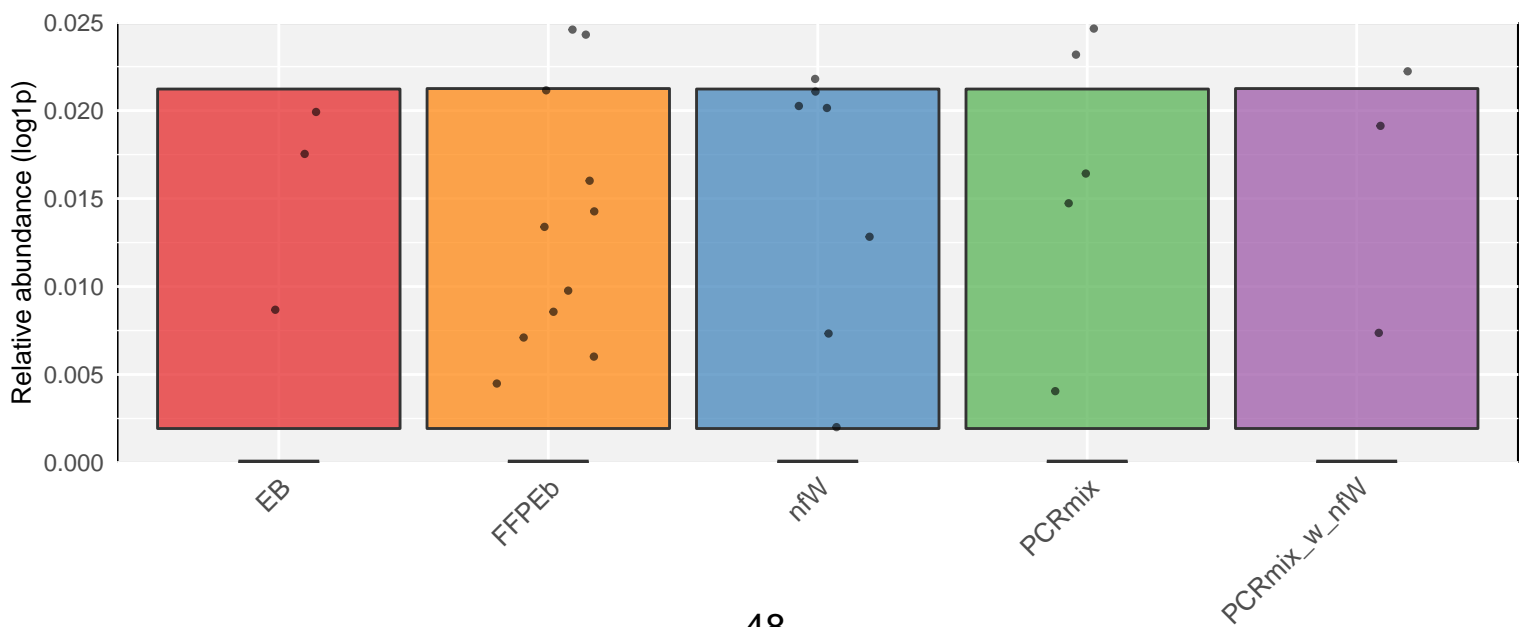

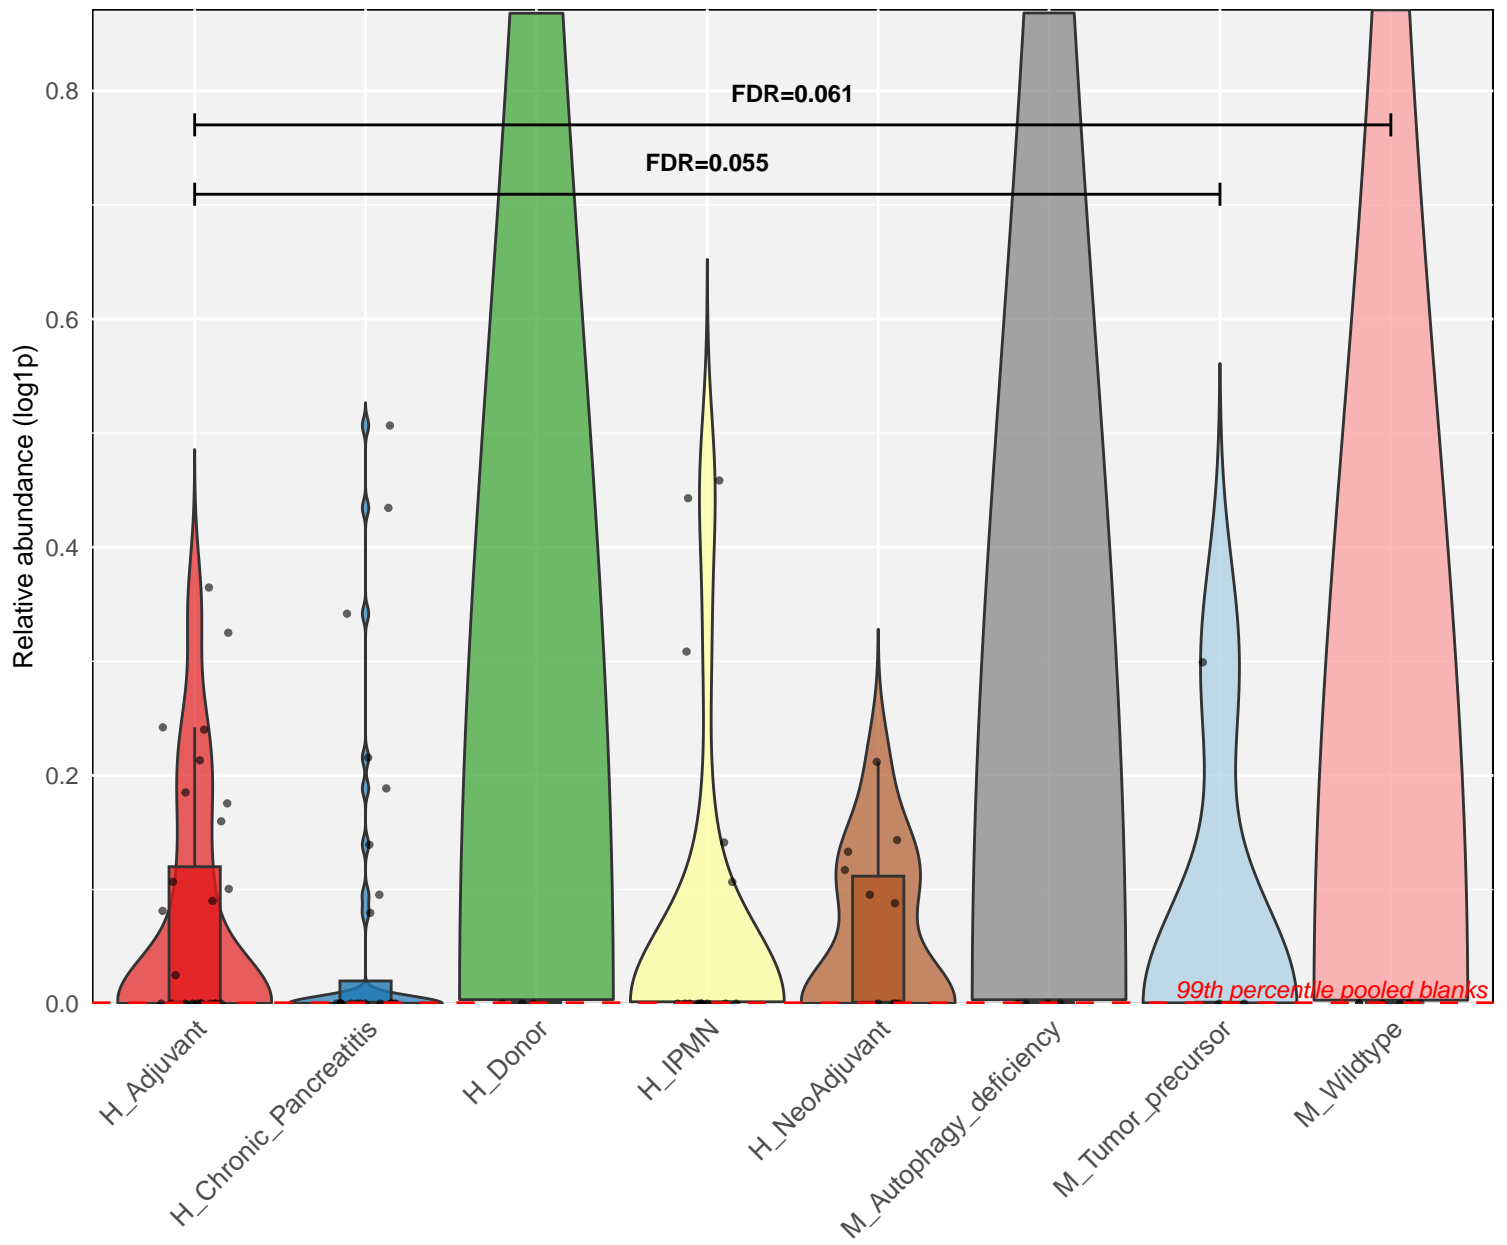

Lawsonella clevelandensis

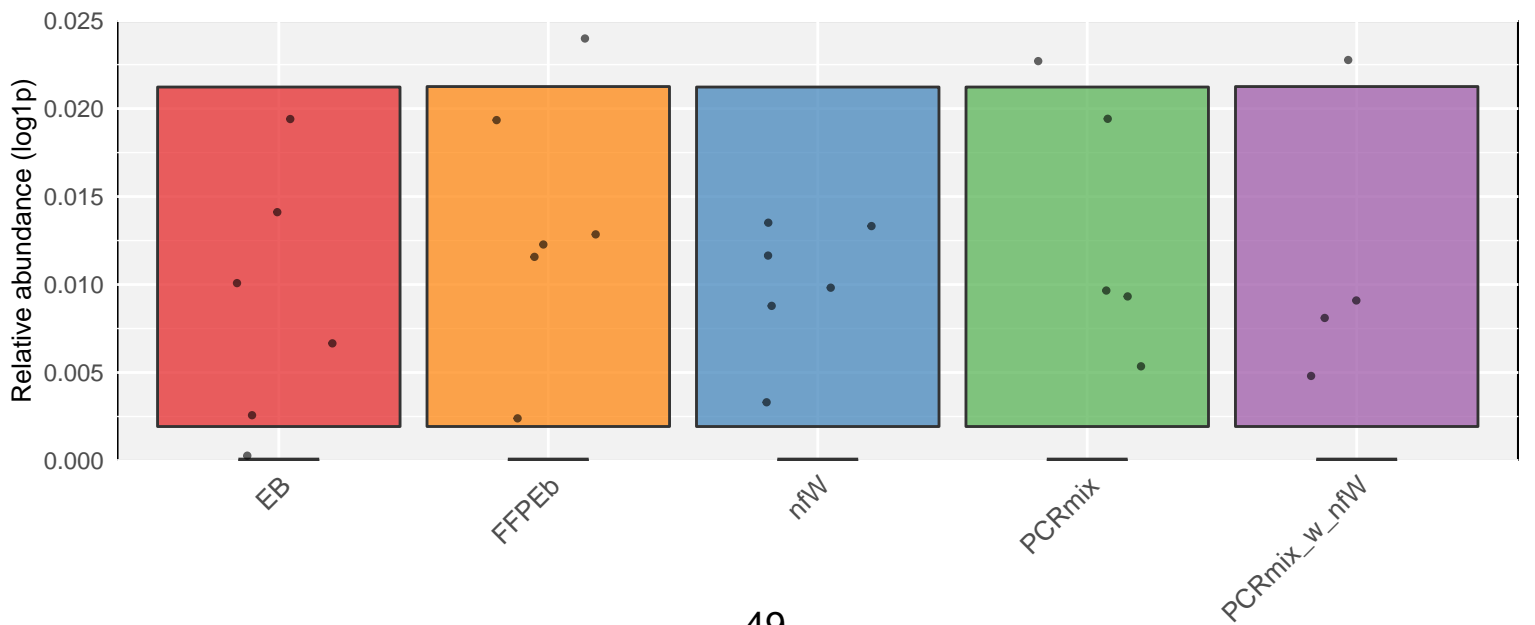

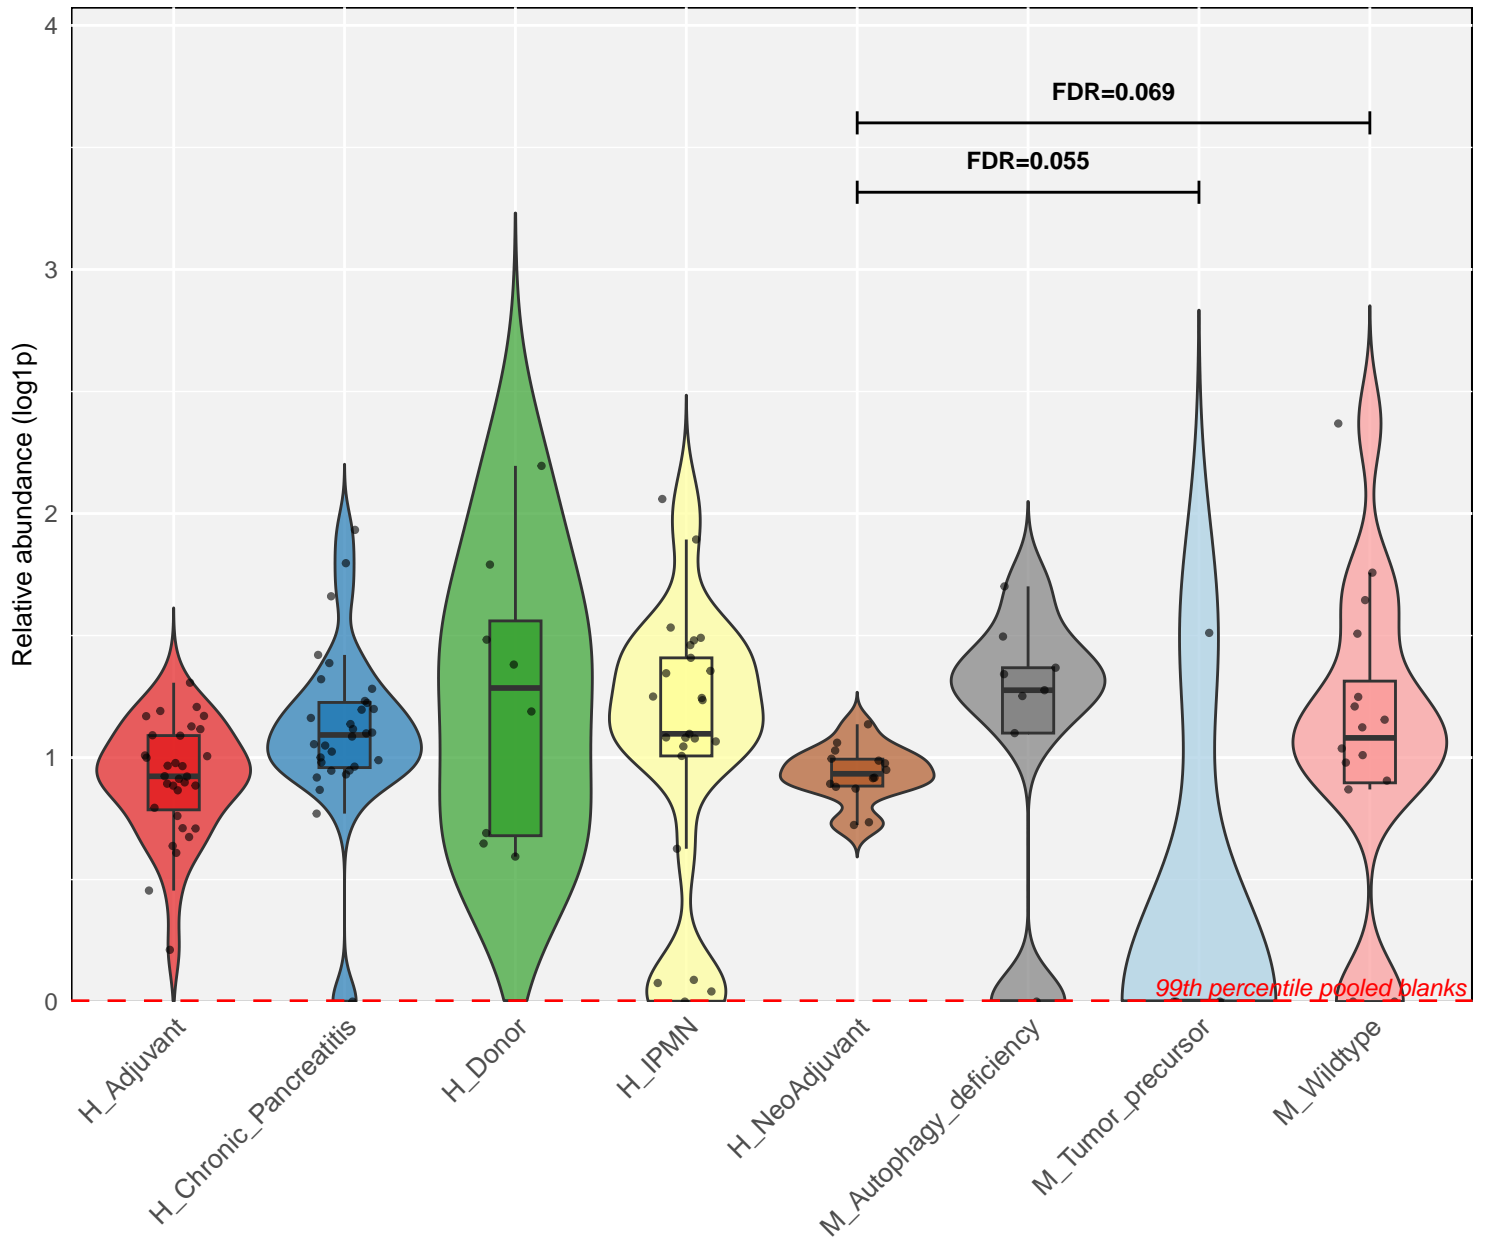

Leclercia adecarboxylata

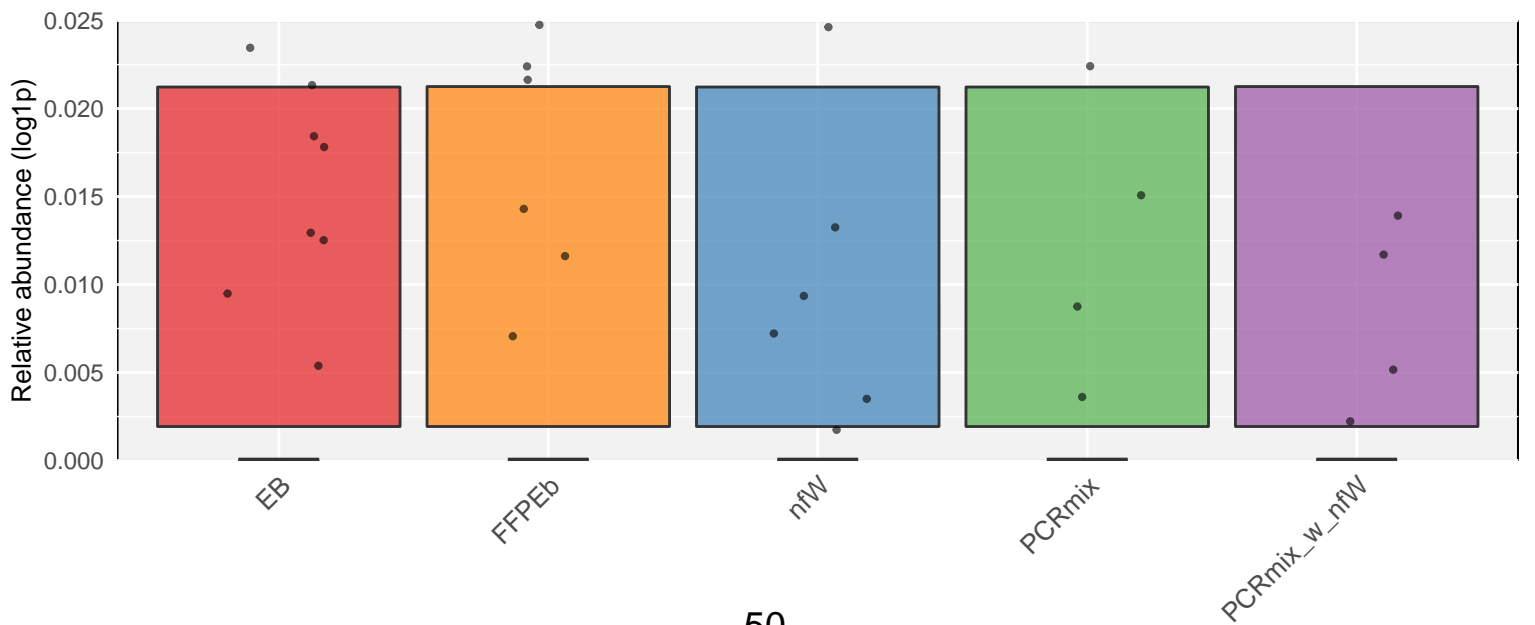

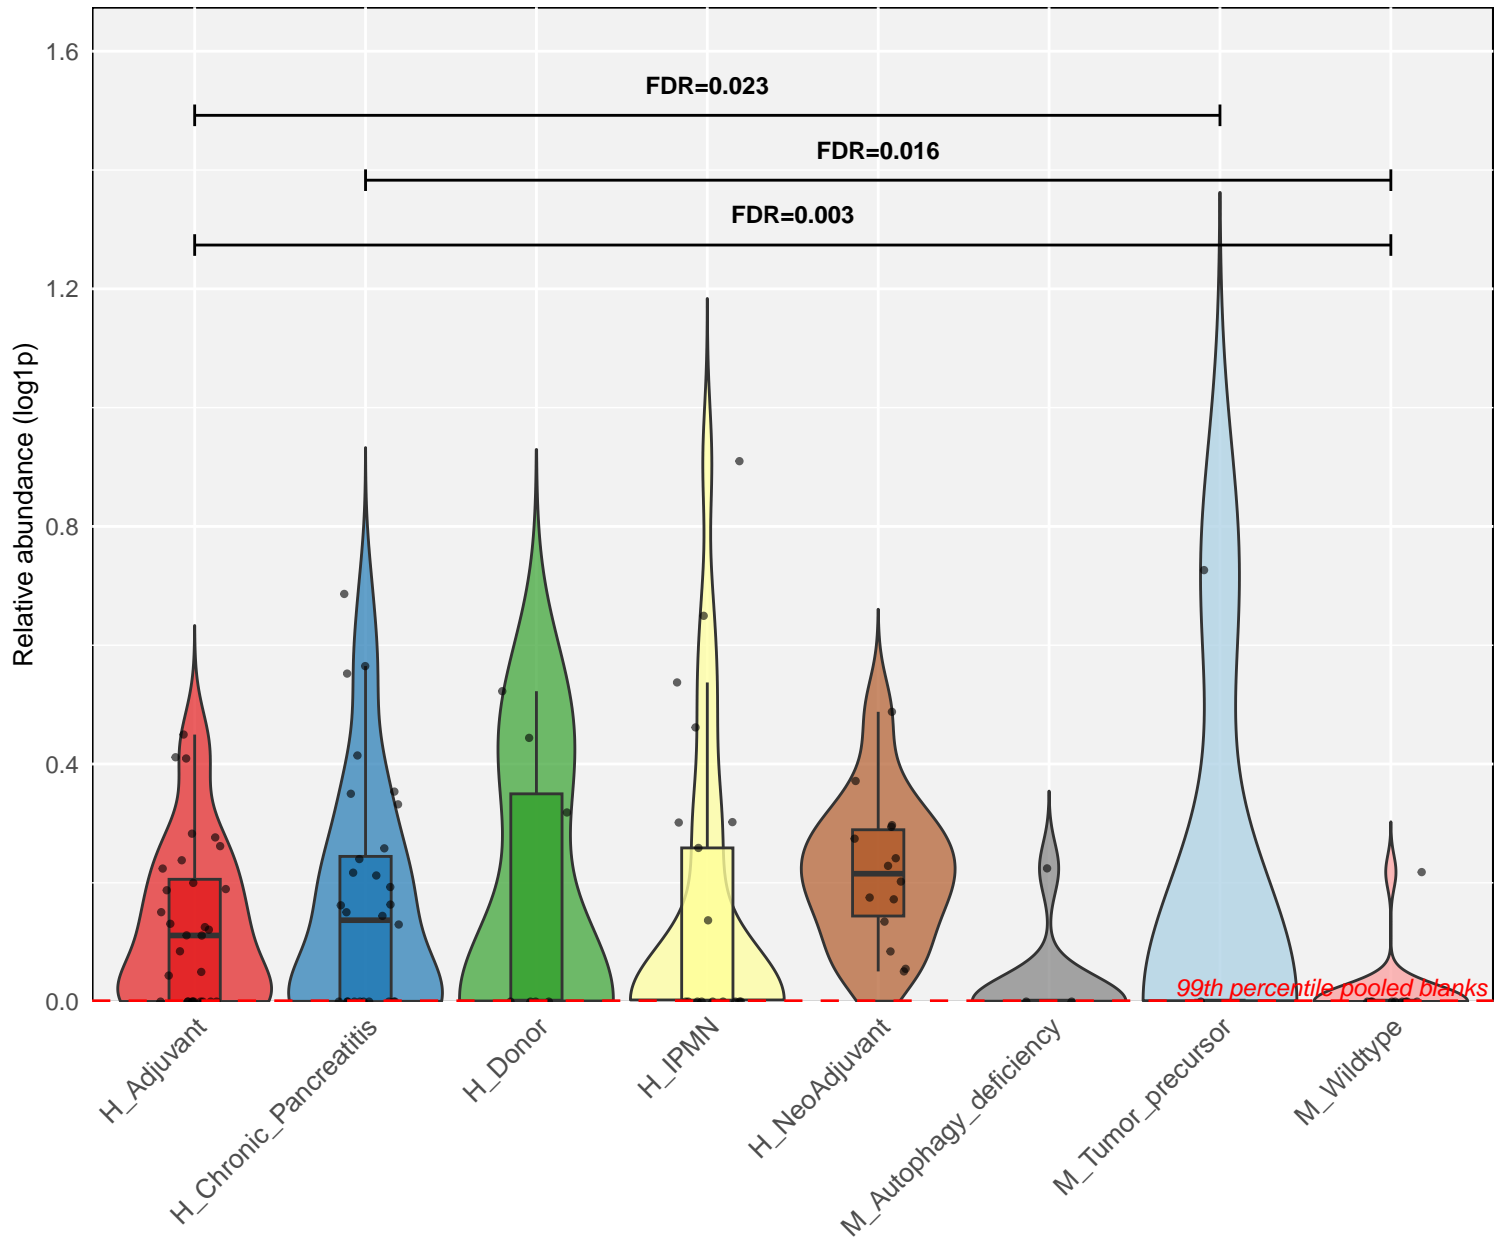

Leptotrichia hongkongensis

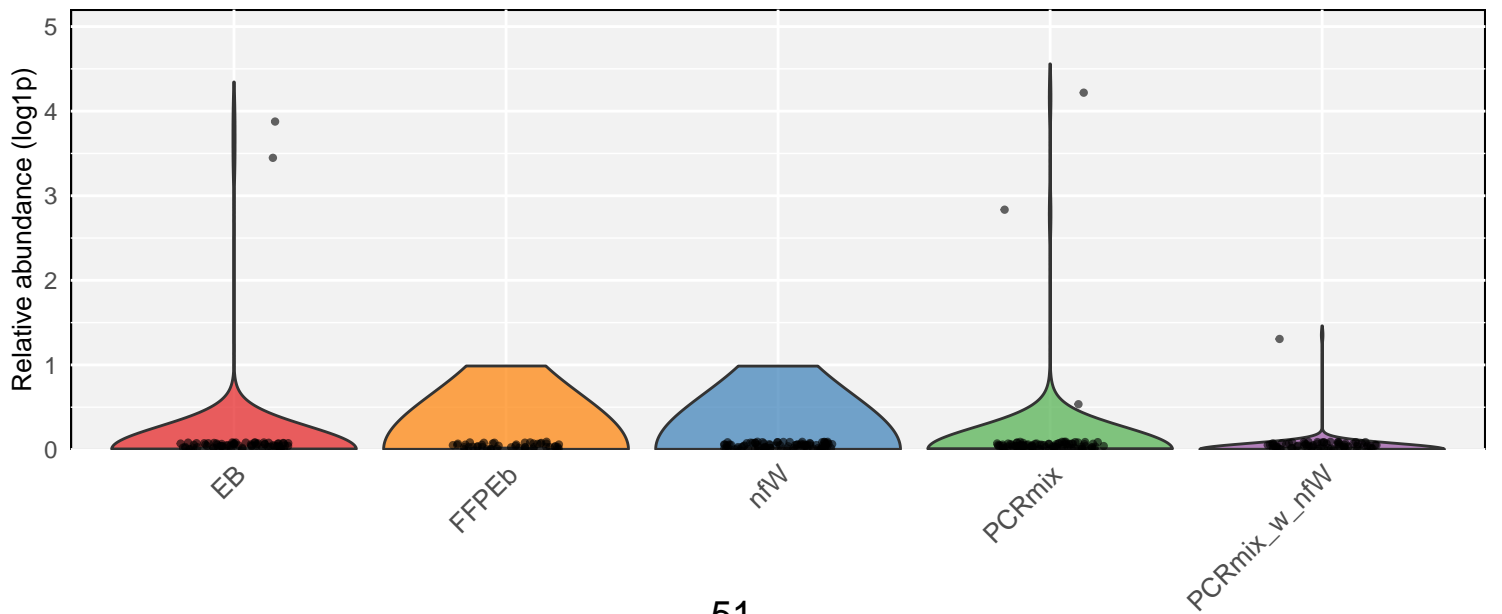

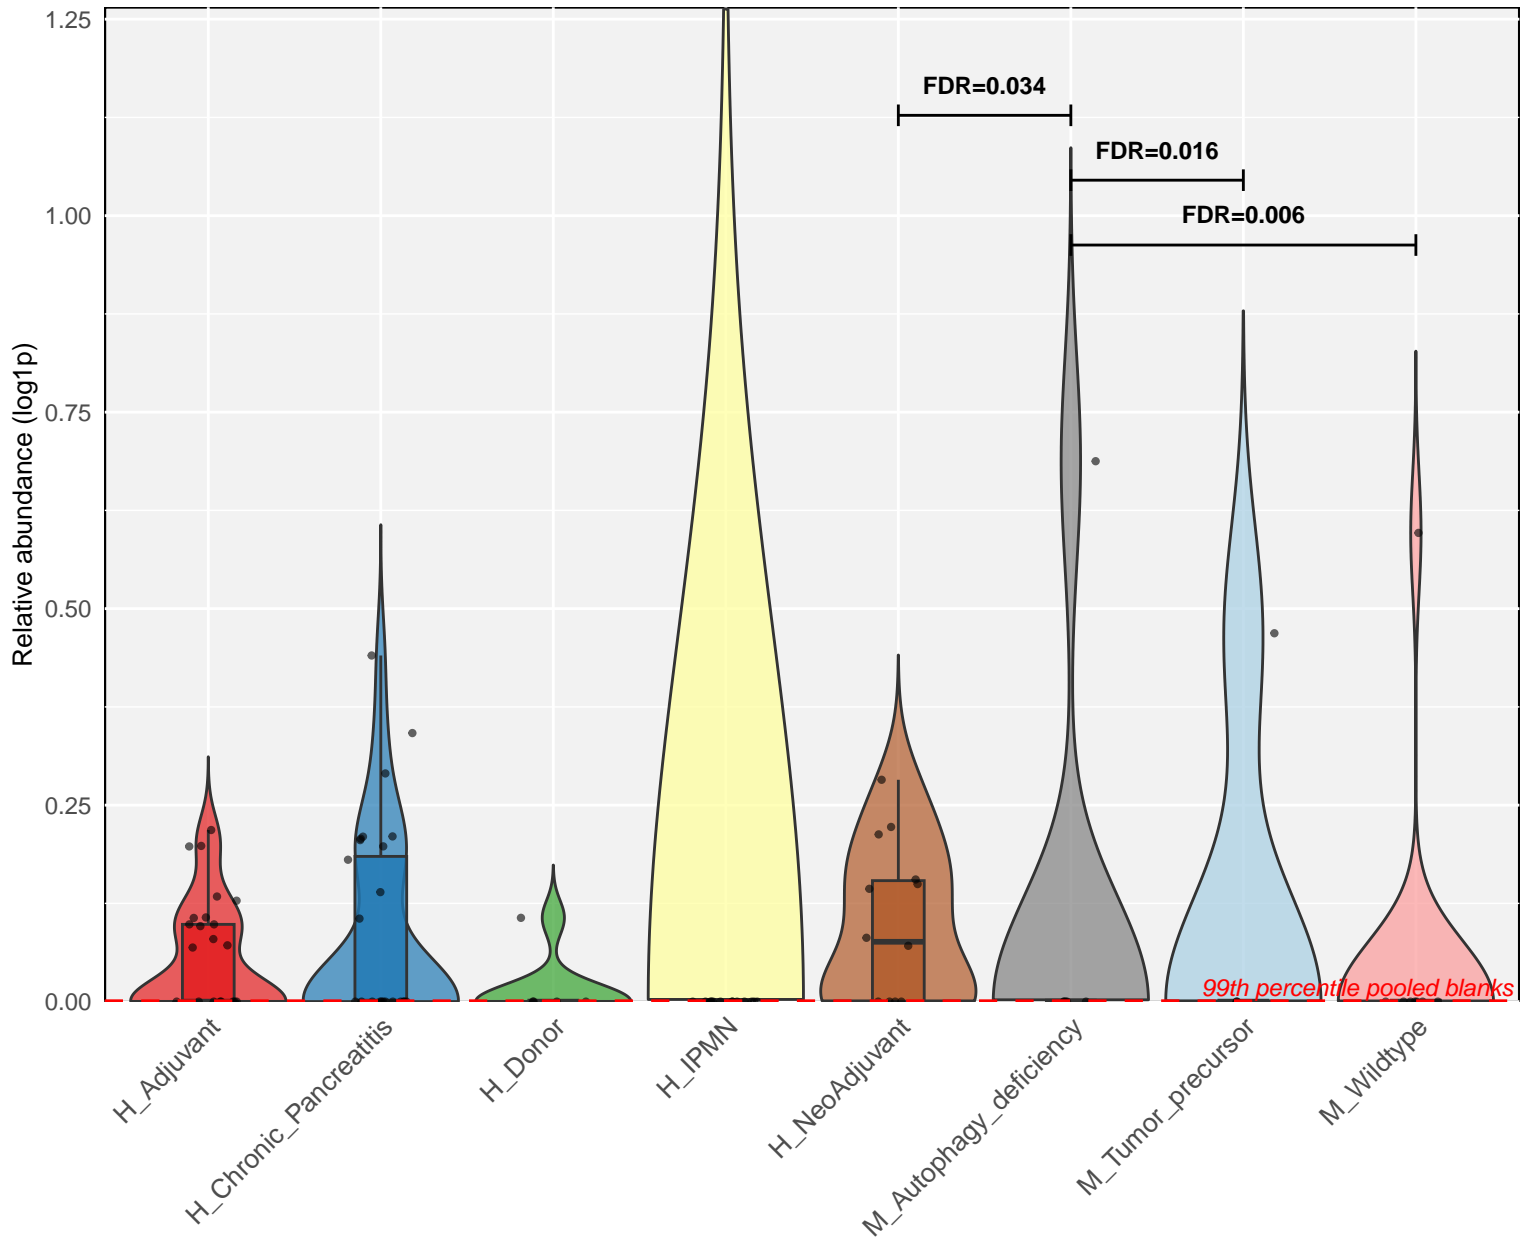

Ligilactobacillus apodemi

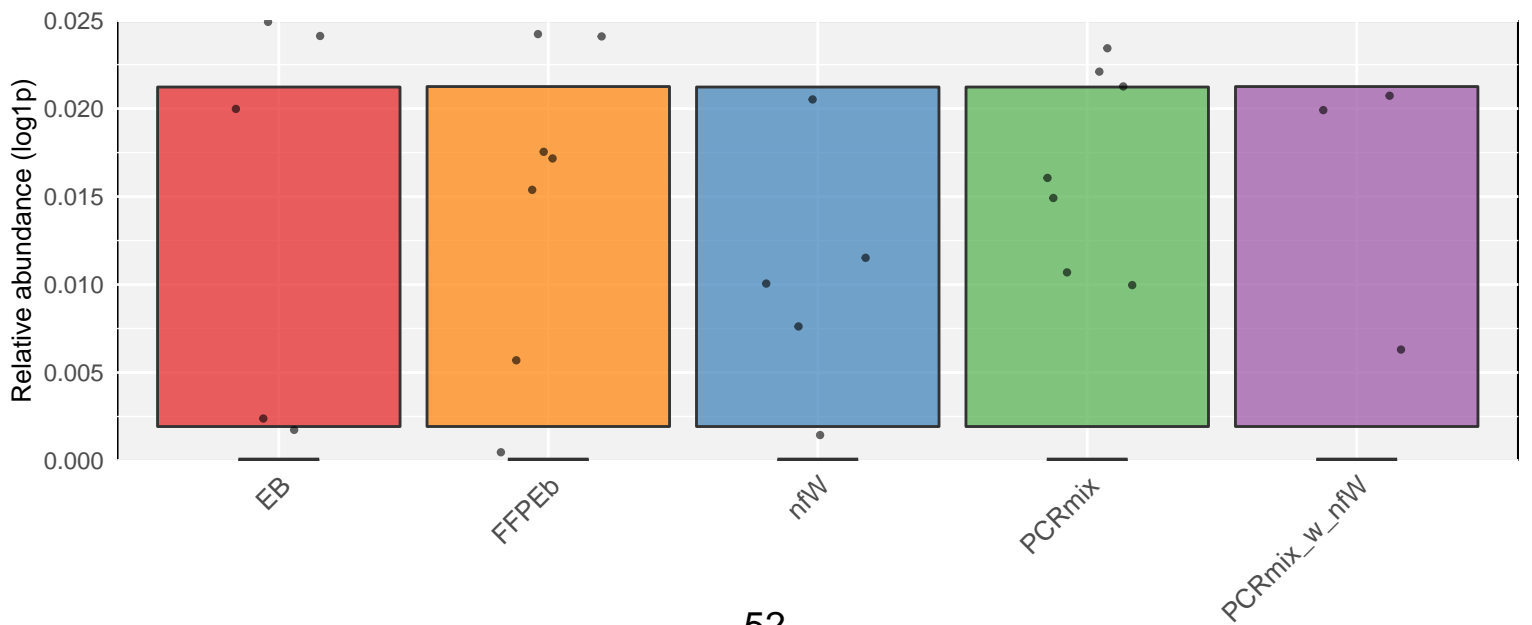

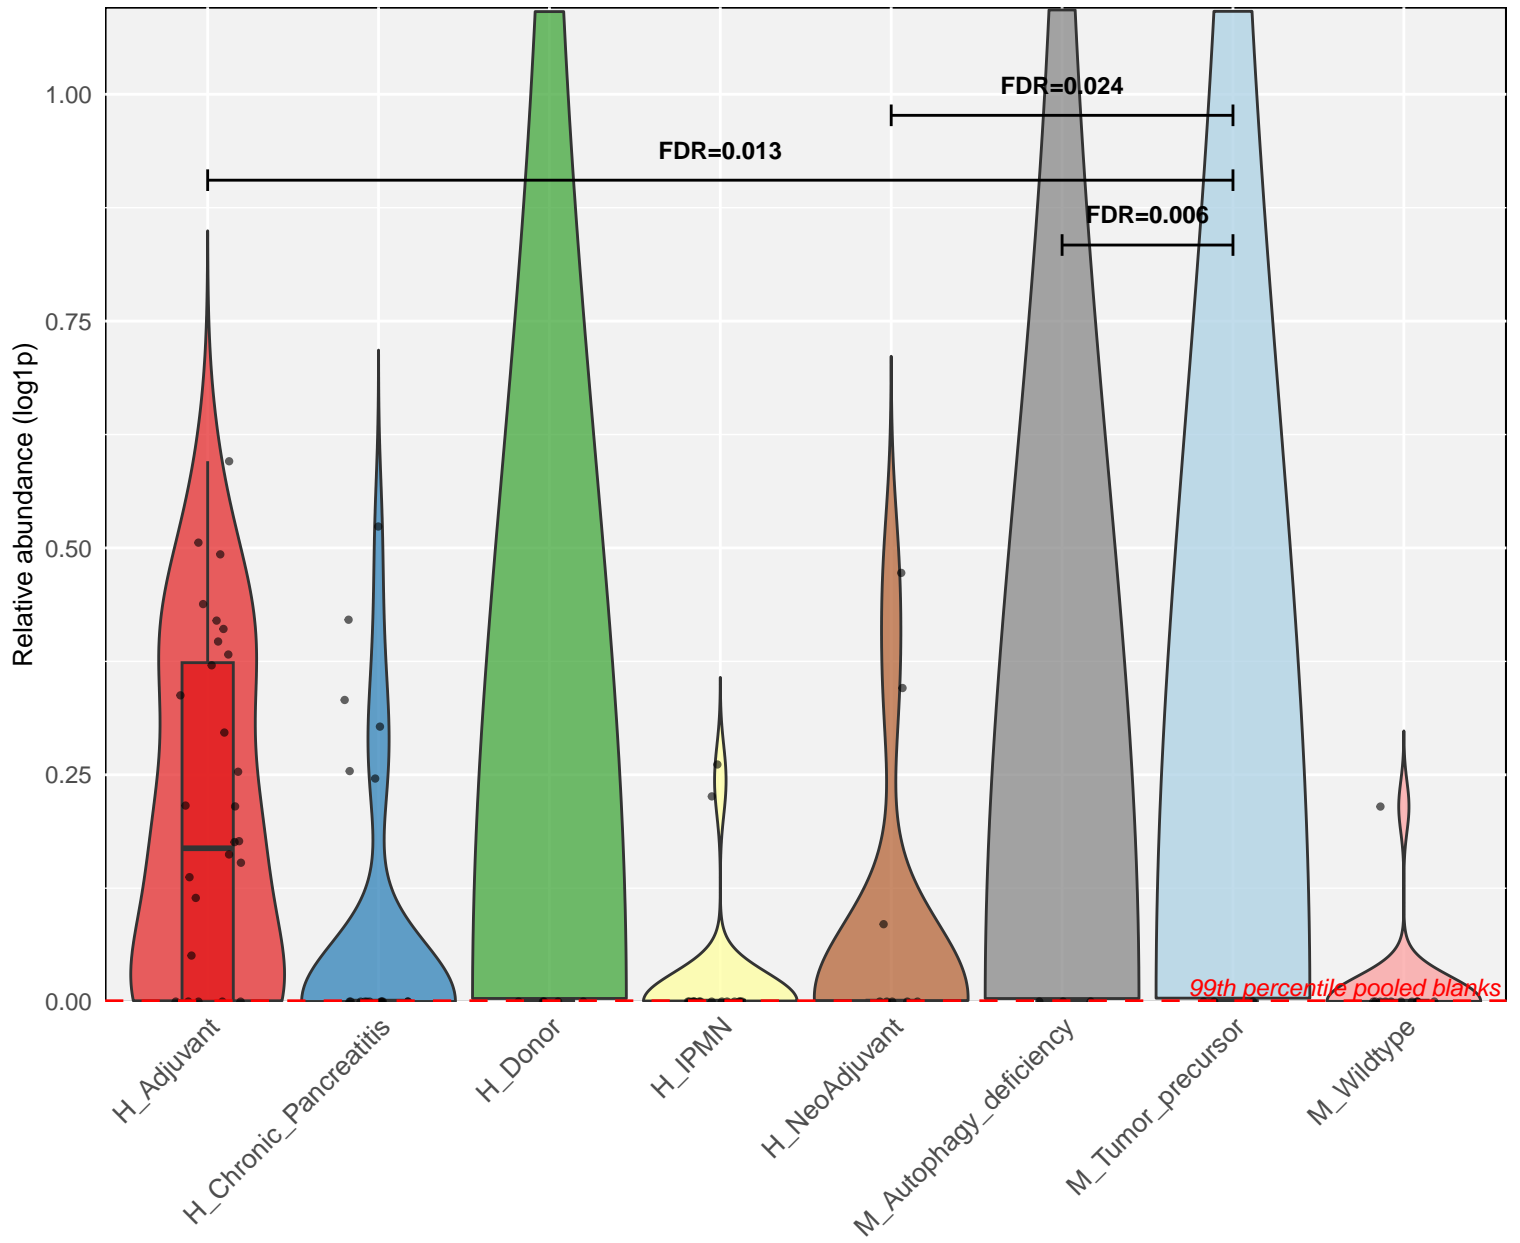

Limosilactobacillus urinaemulieris

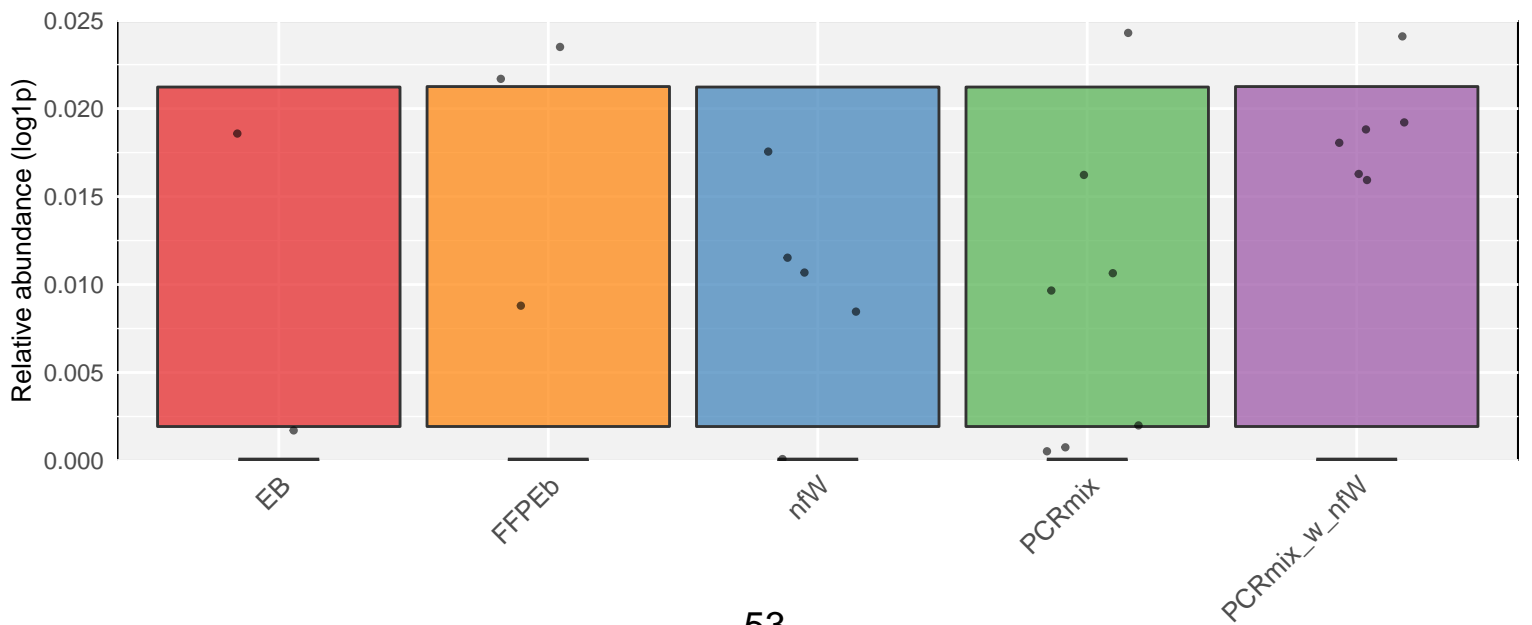

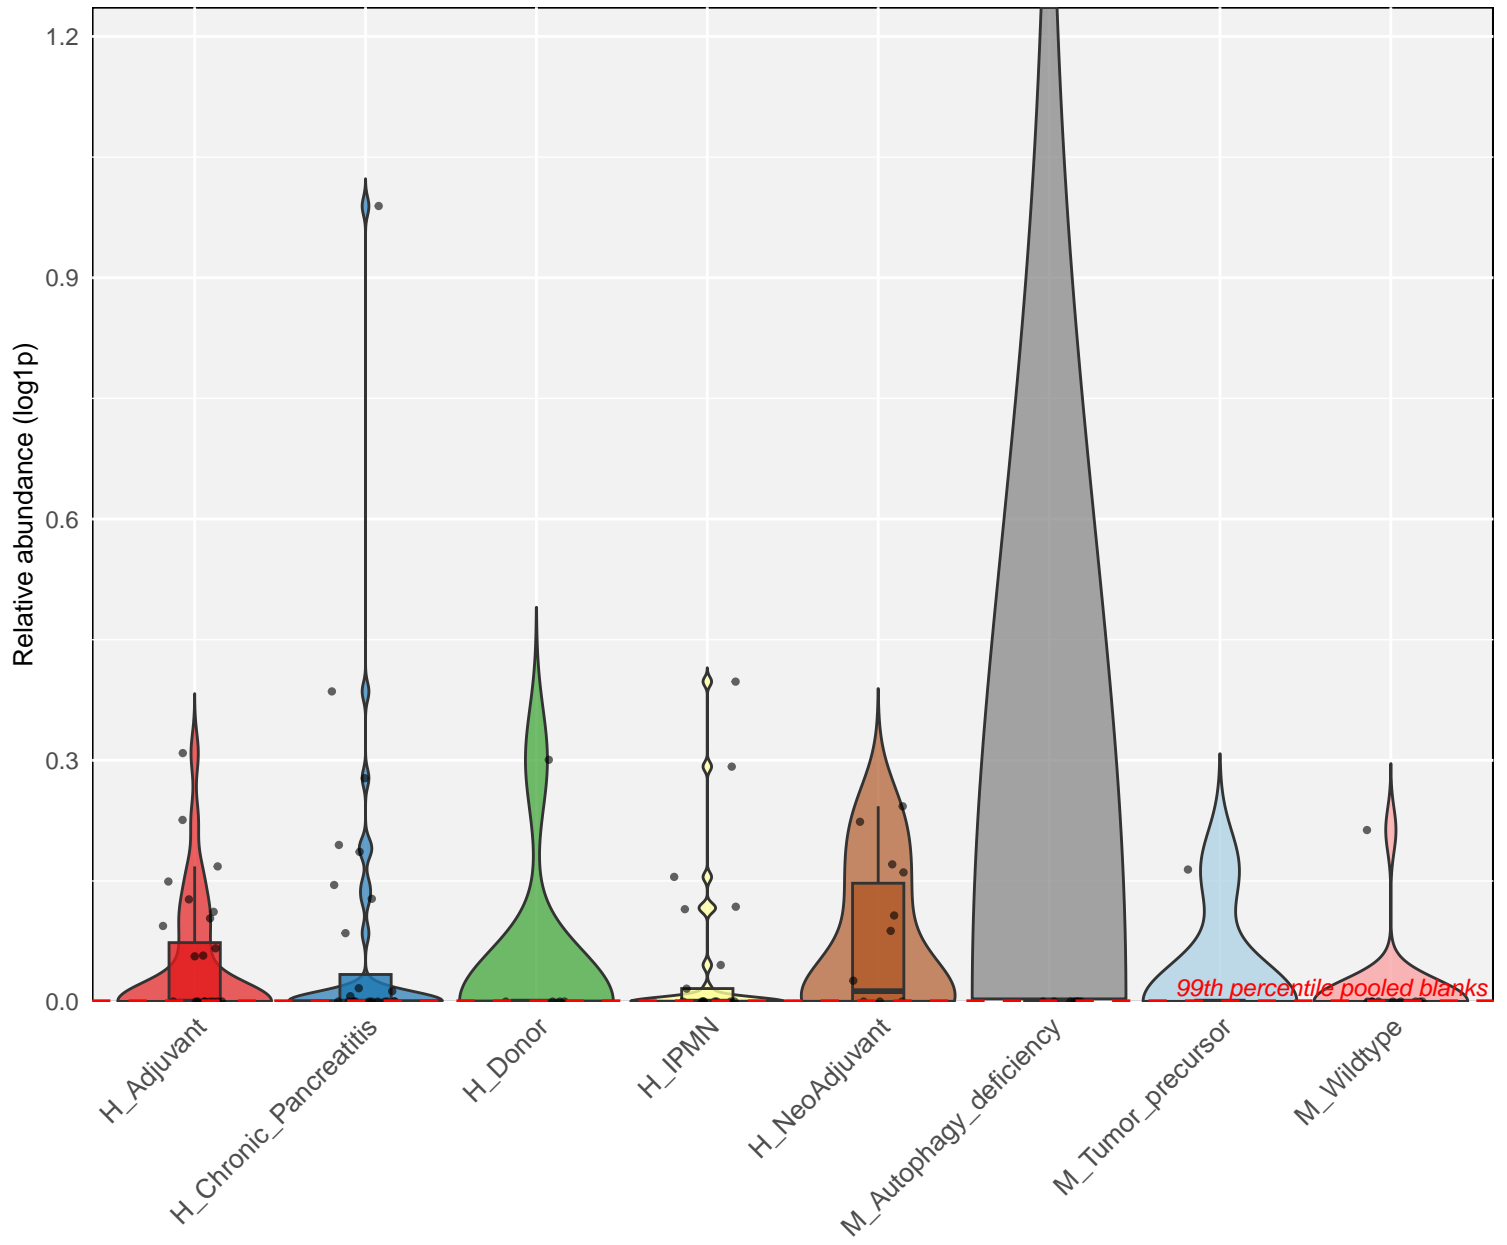

Mediterraneibacter gnavus

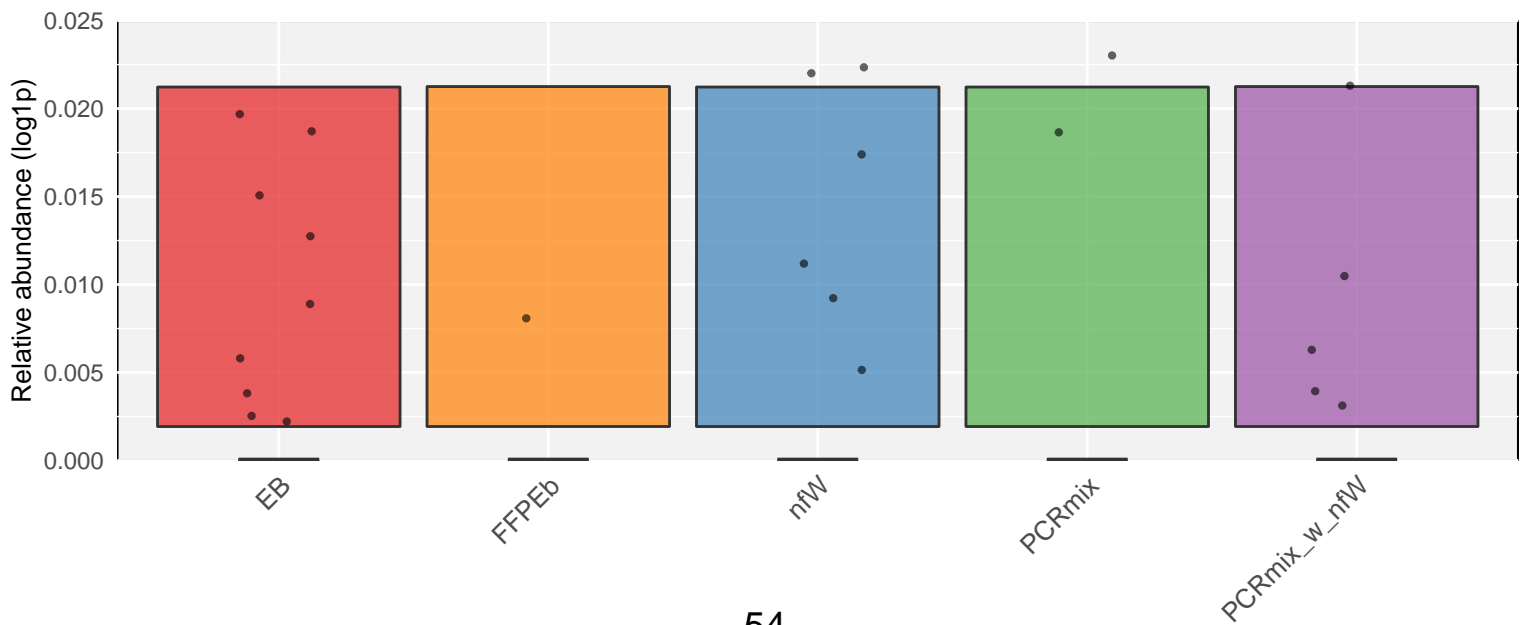

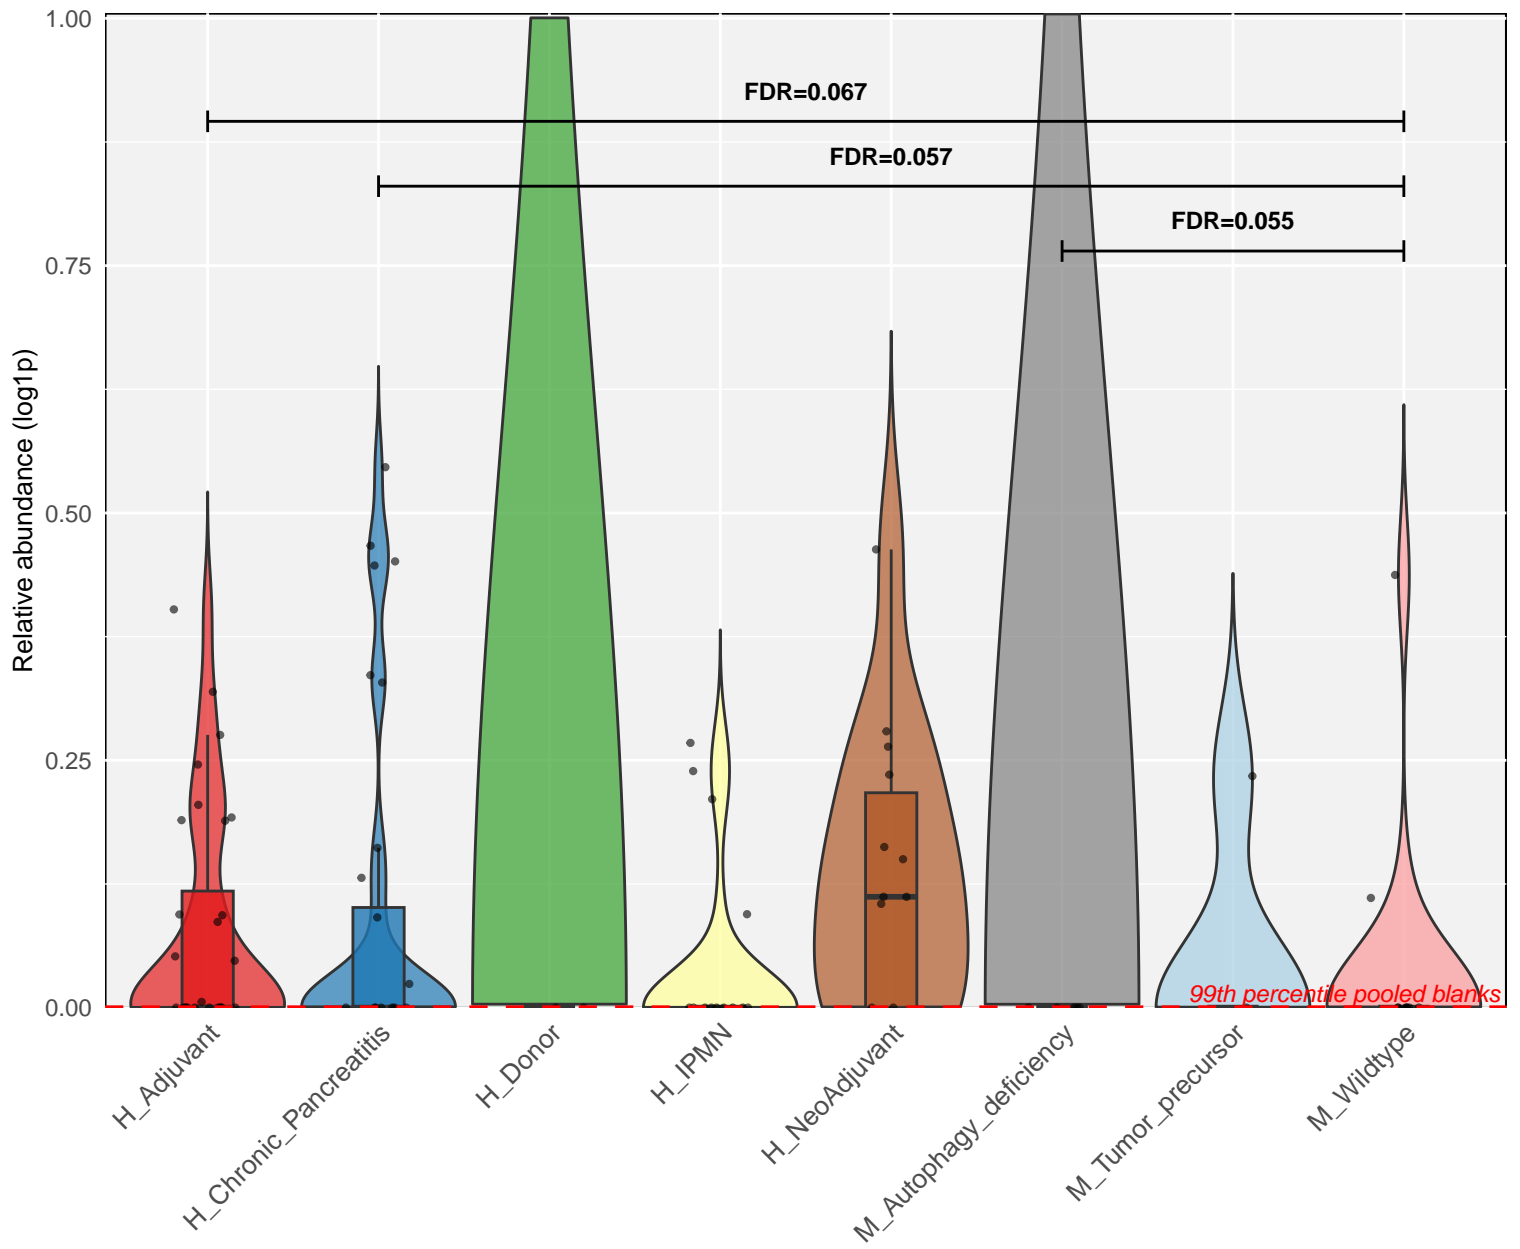

Microvirga massiliensis

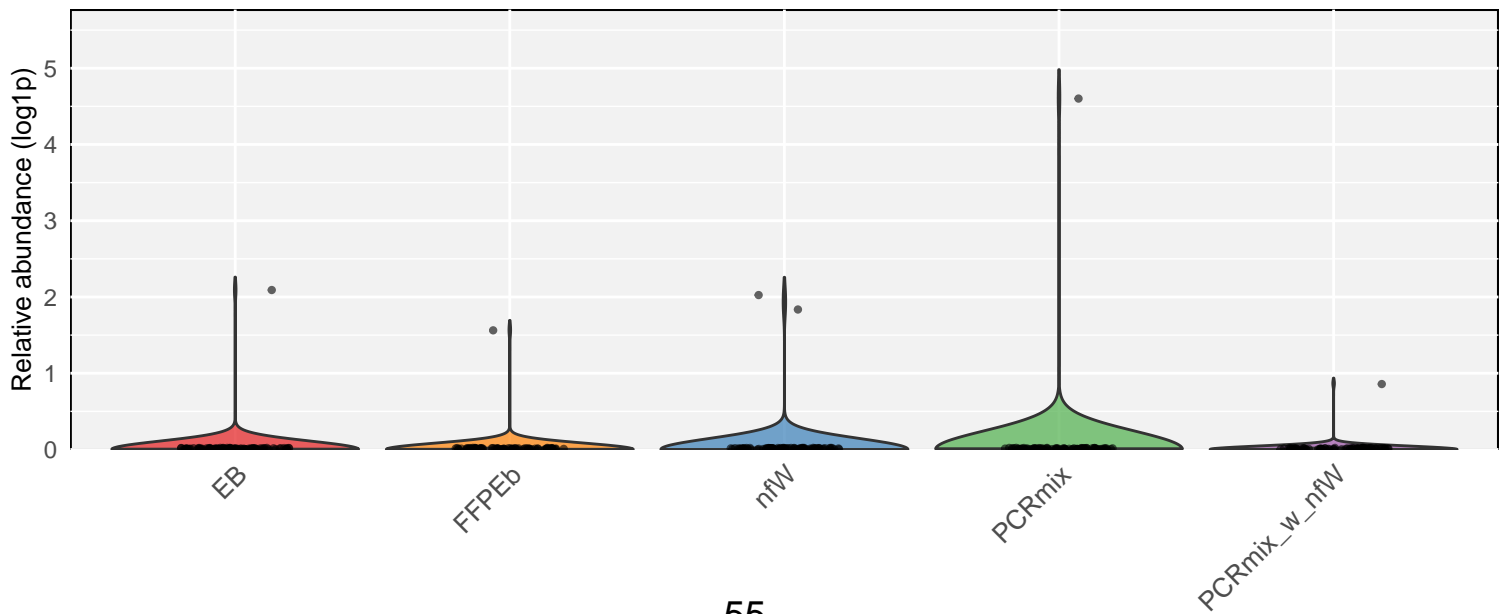

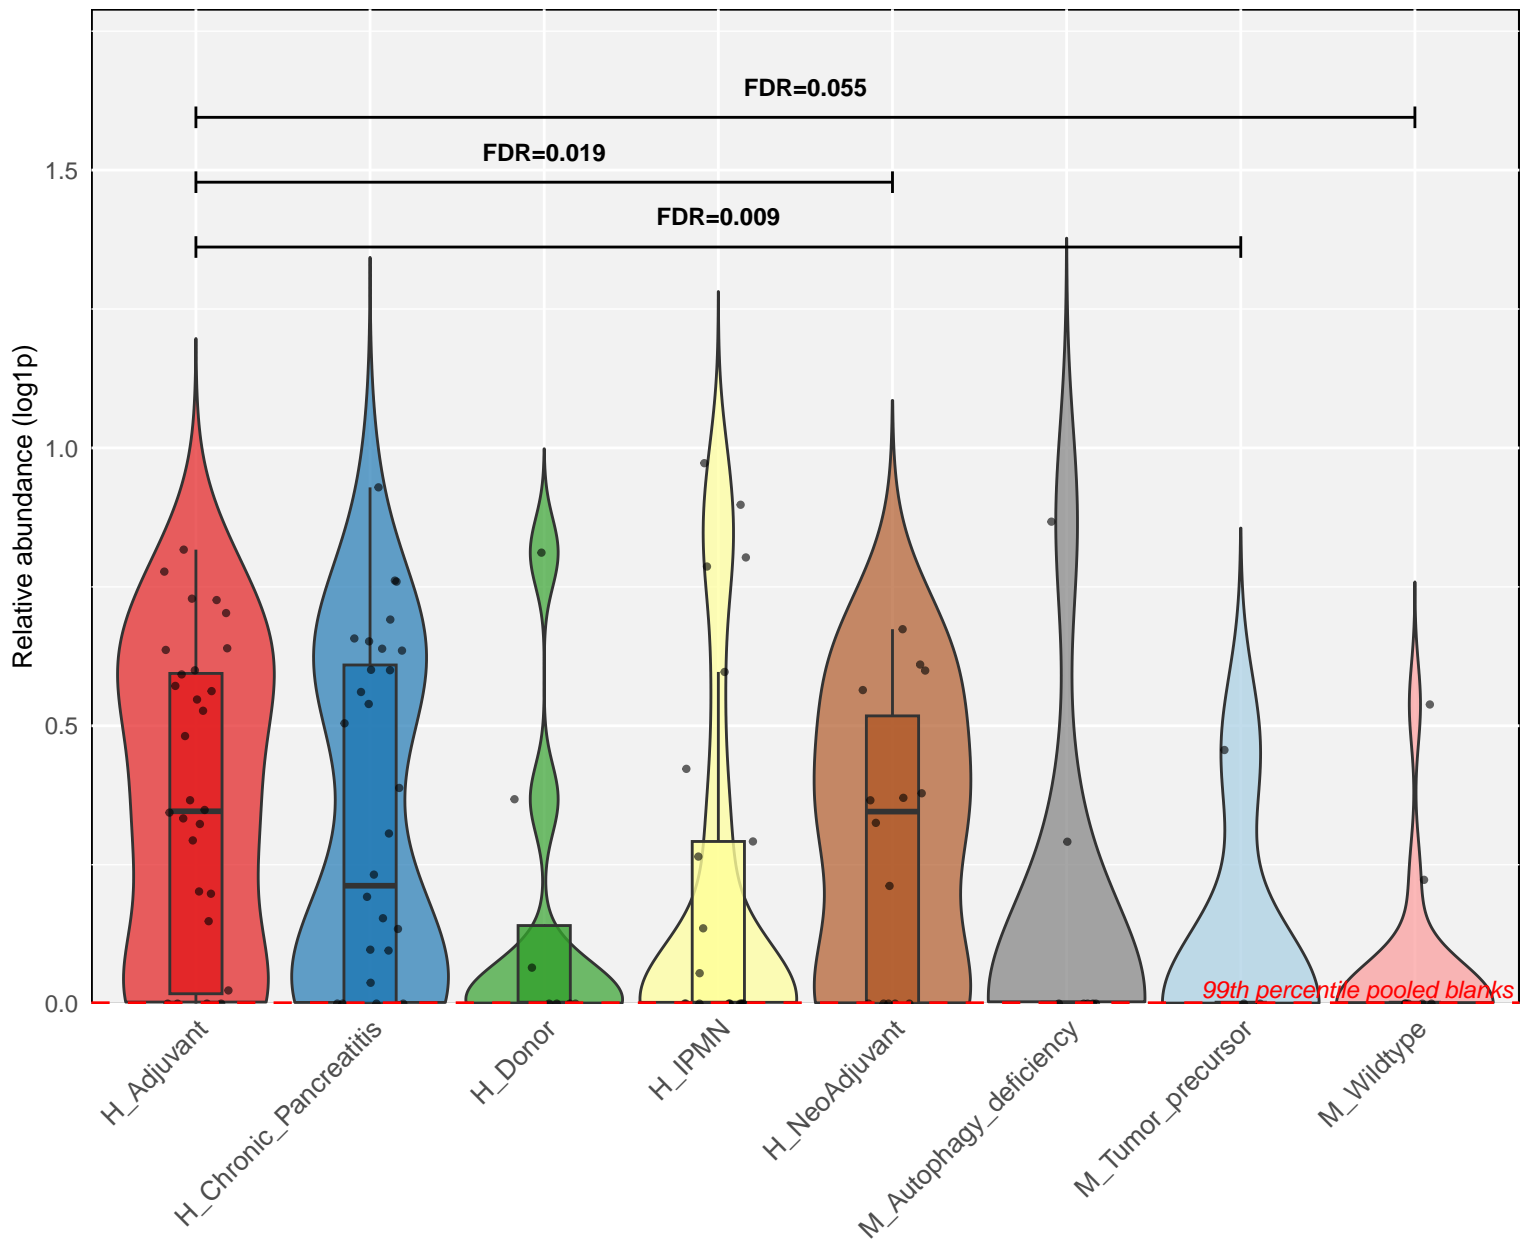

Morganella morganii

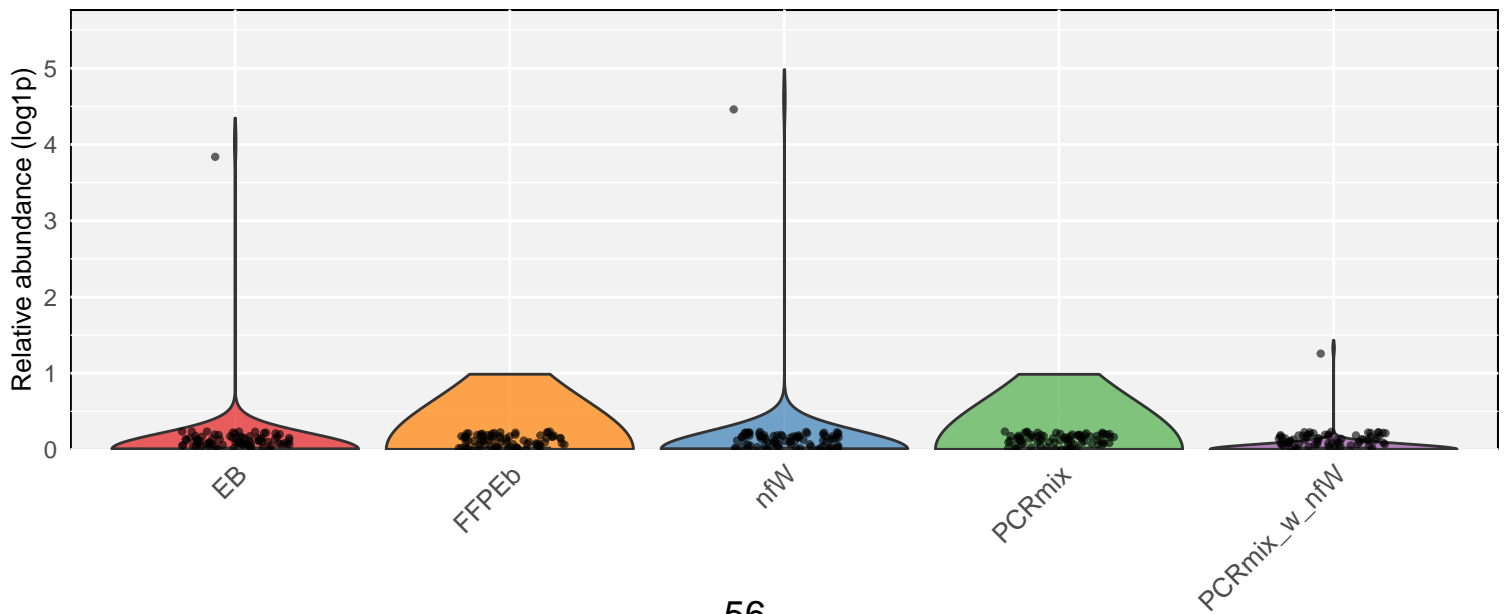

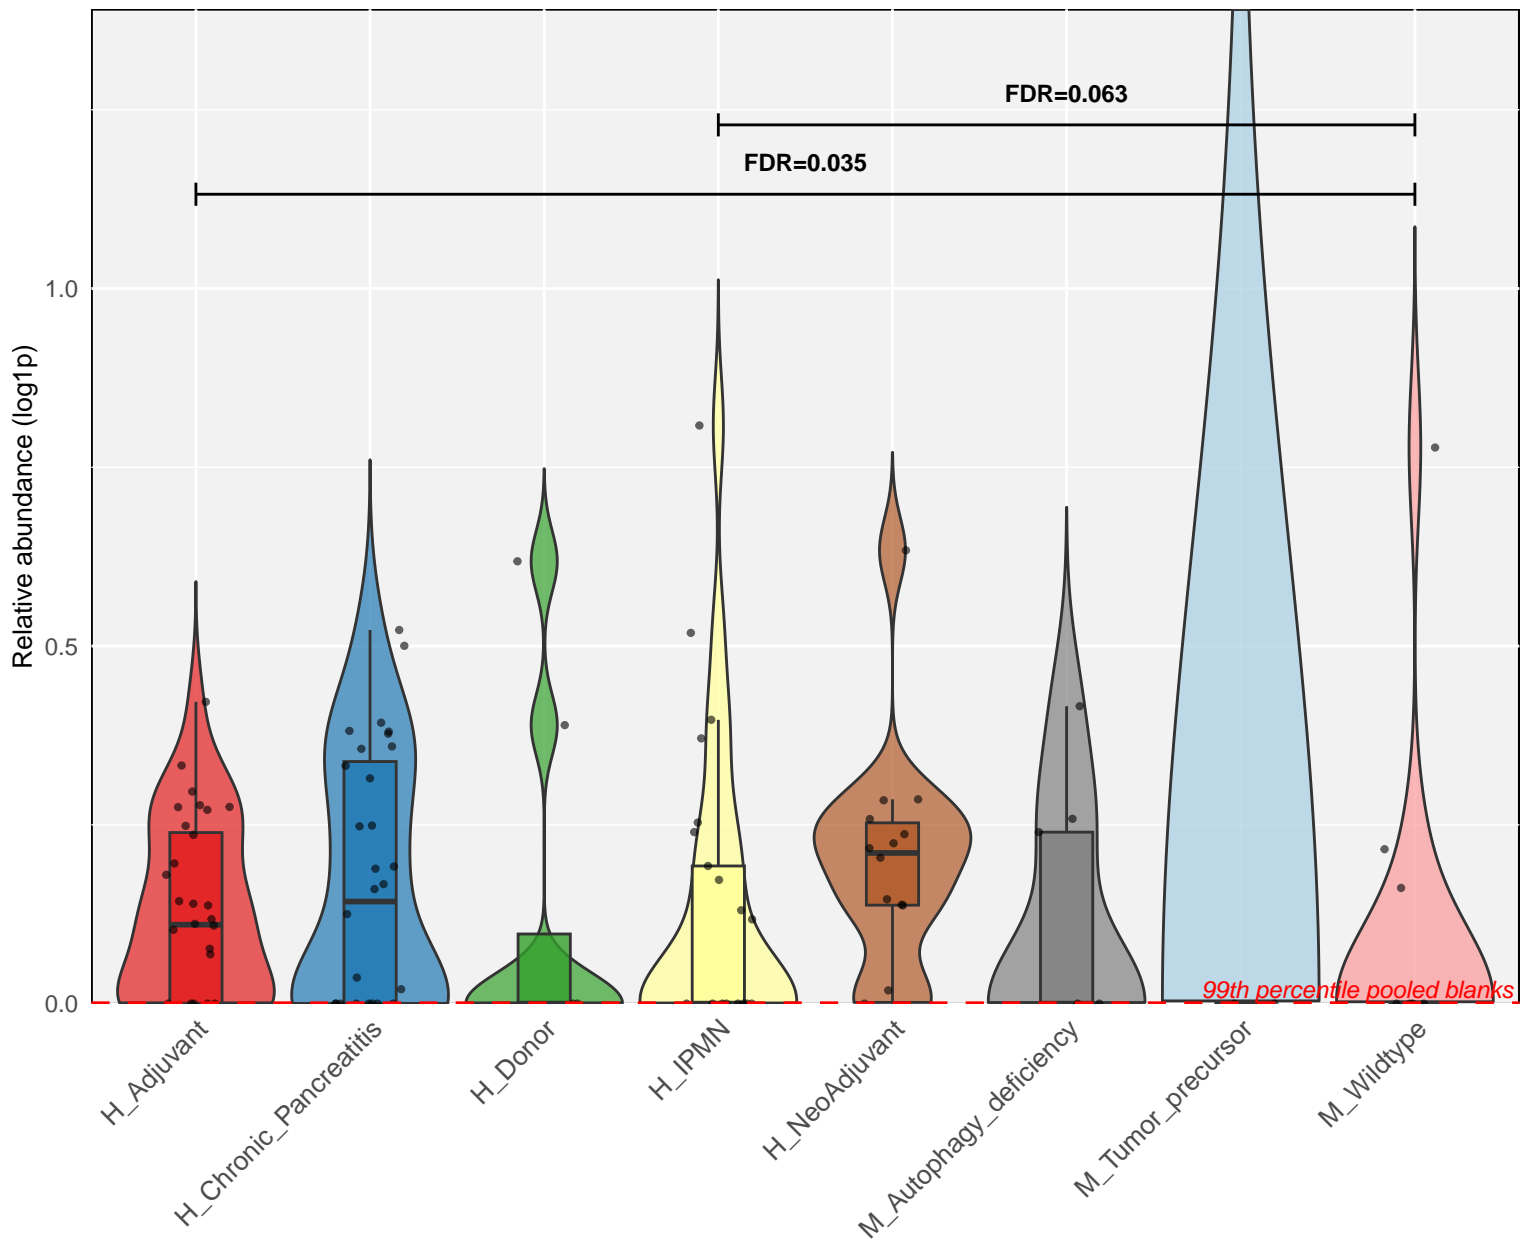

Muribaculum intestinale

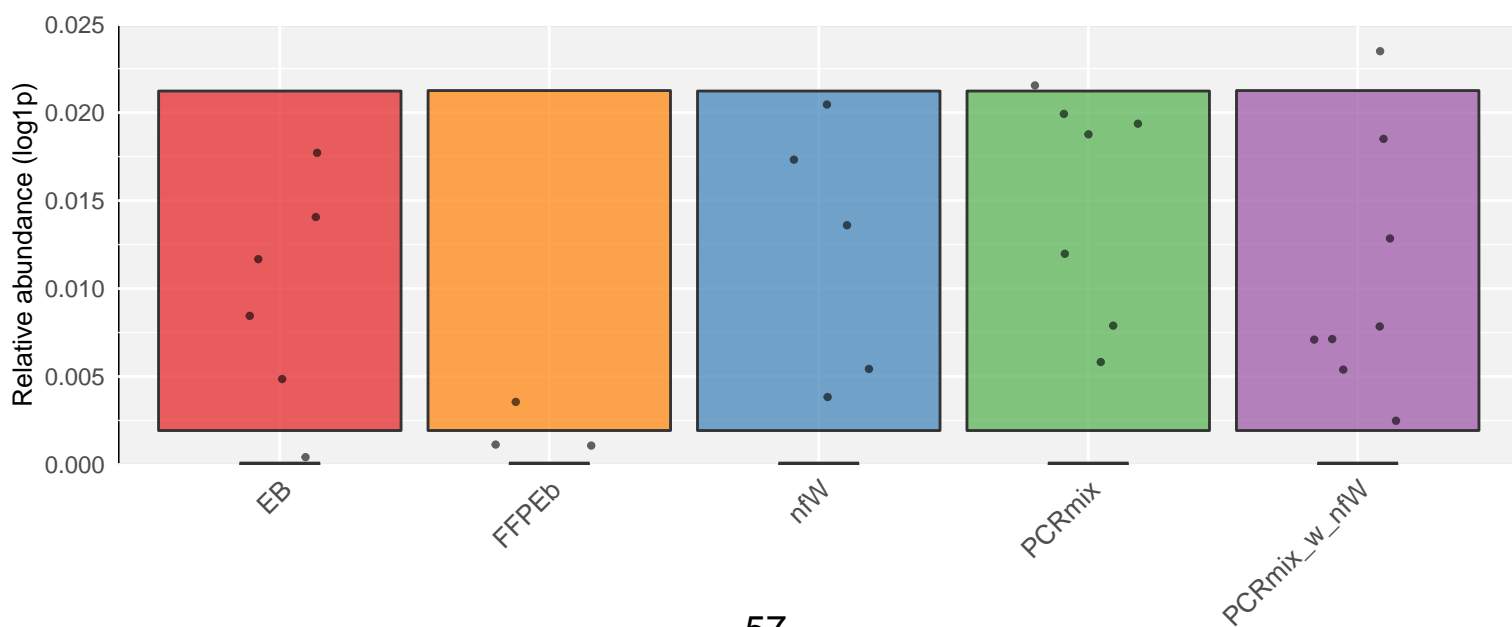

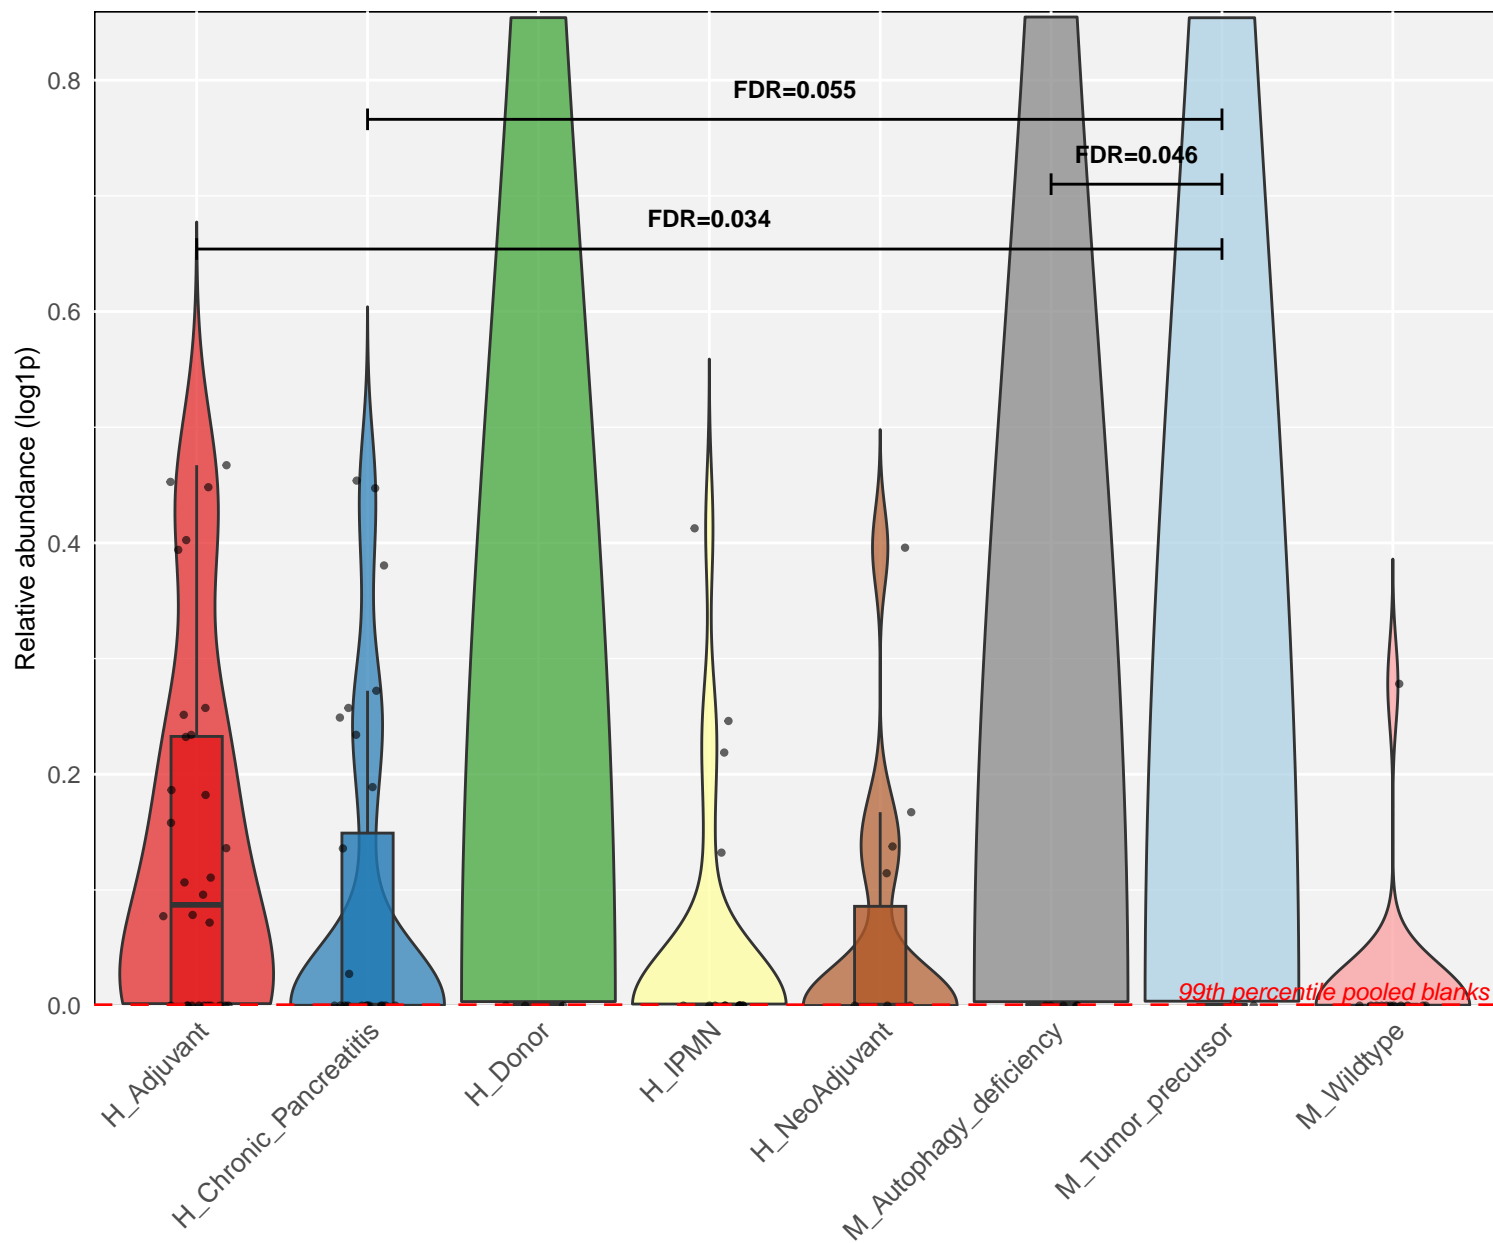

Parabacteroides distasonis

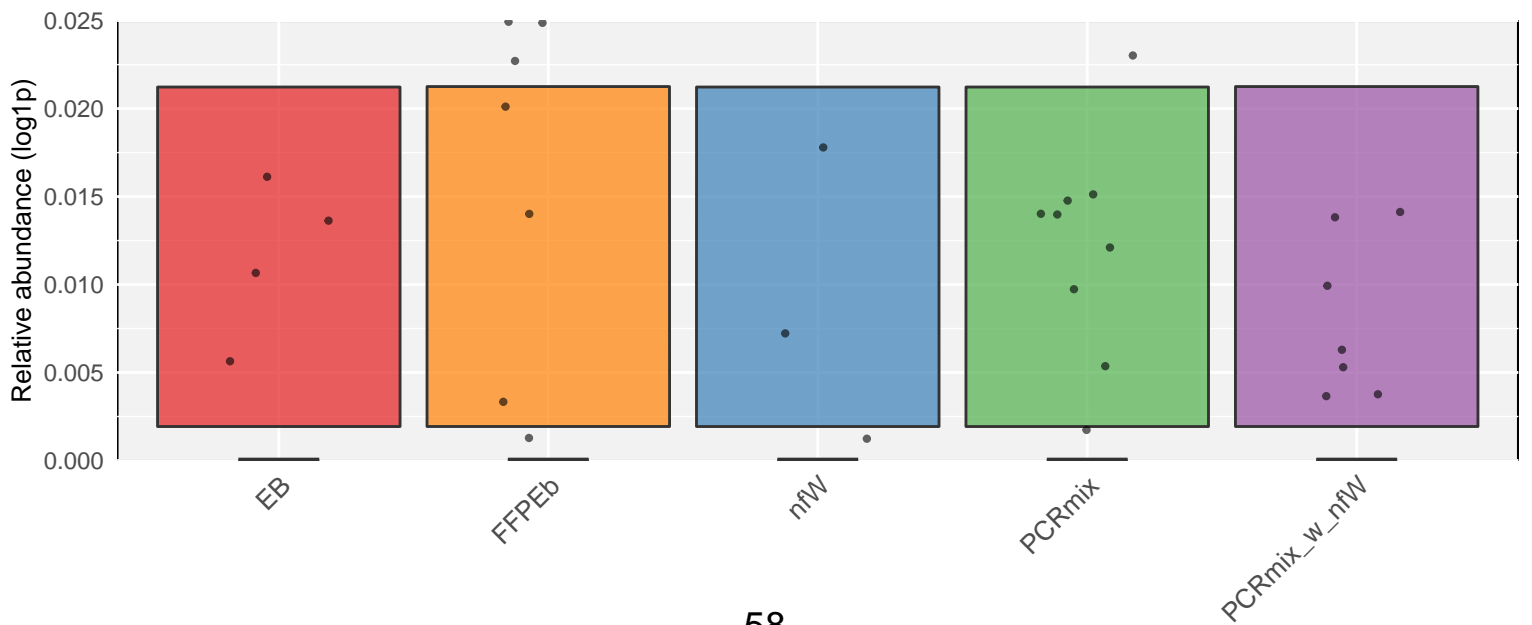

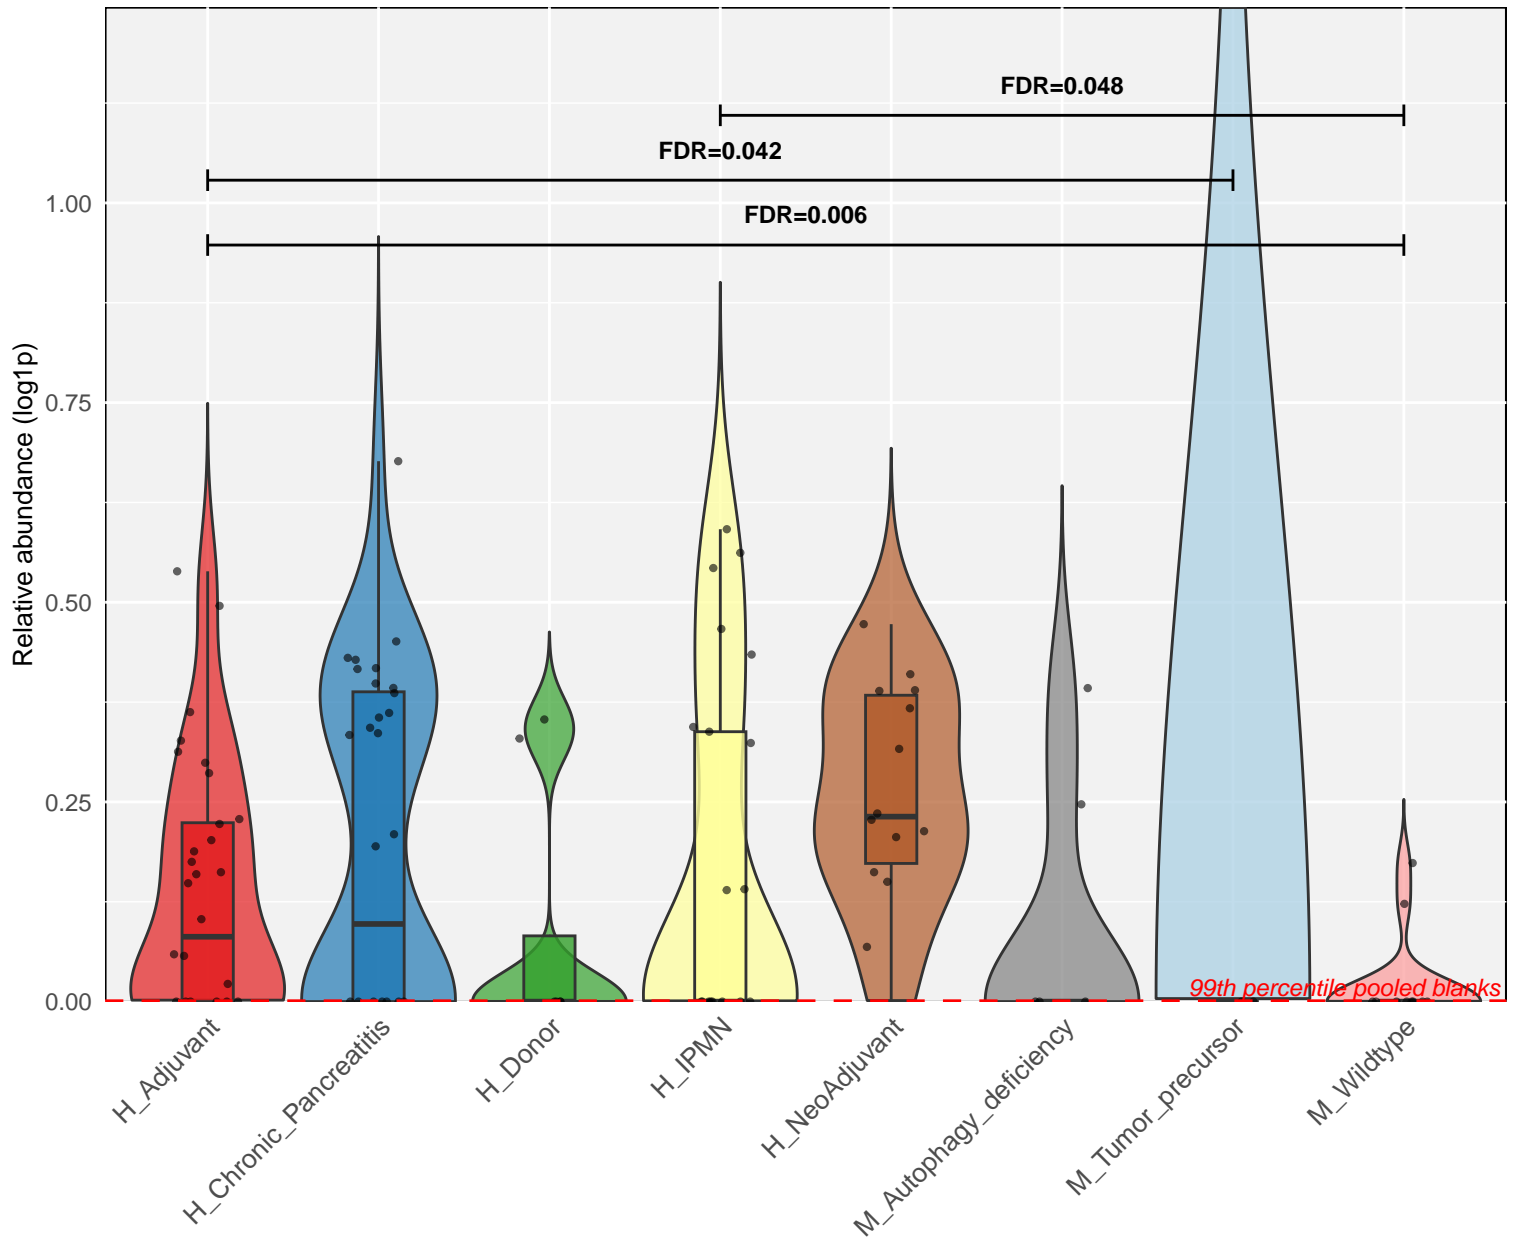

Paramuribaculum intestinale

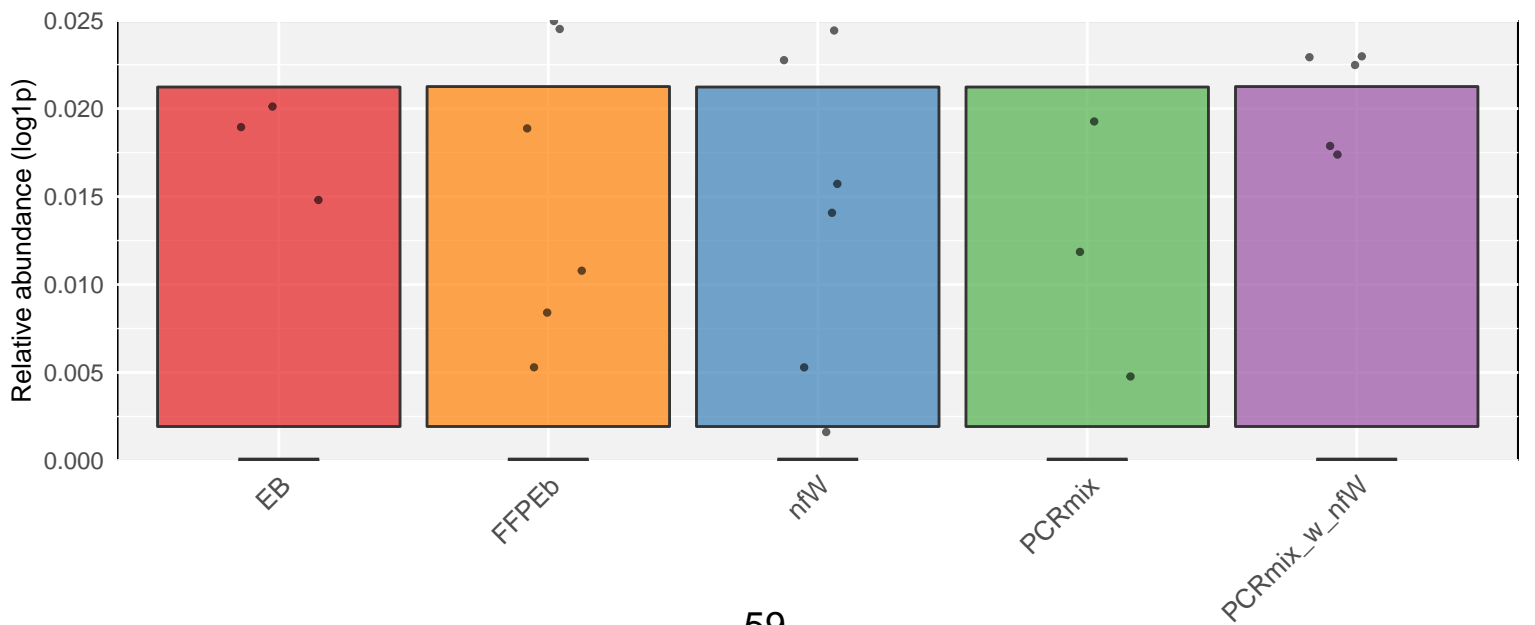

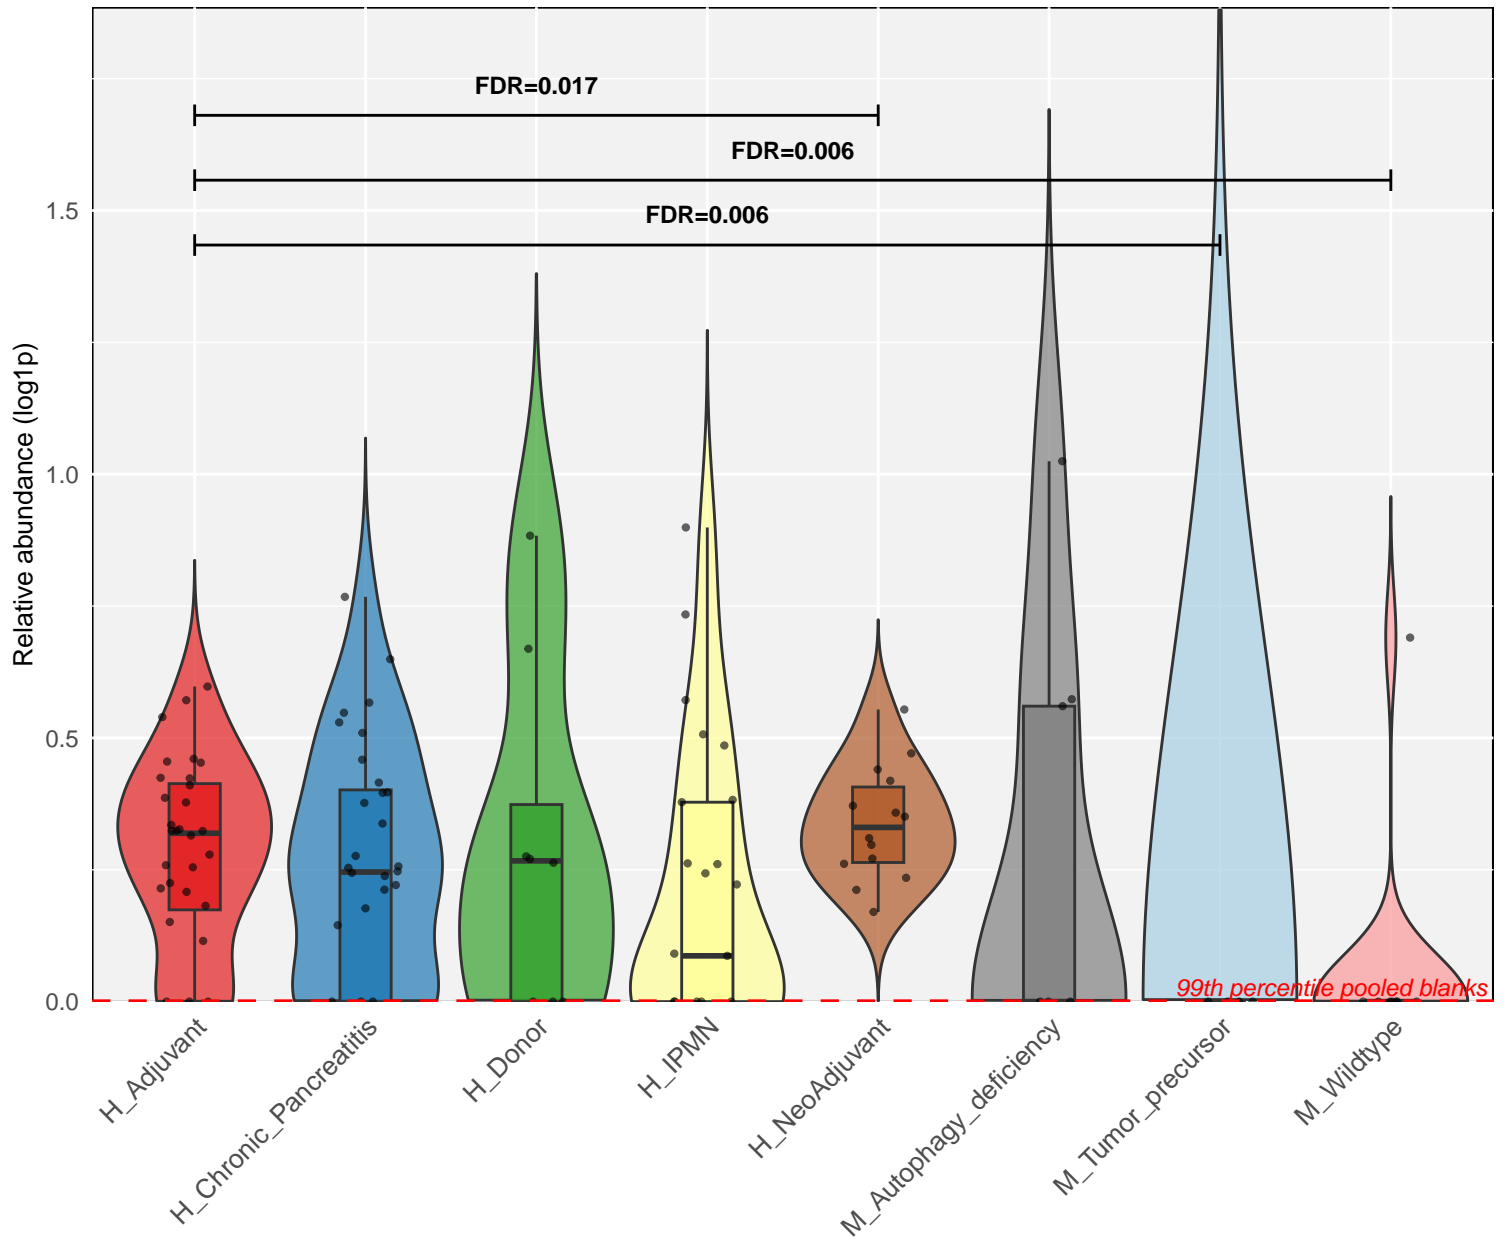

Parasutterella excrementihominis

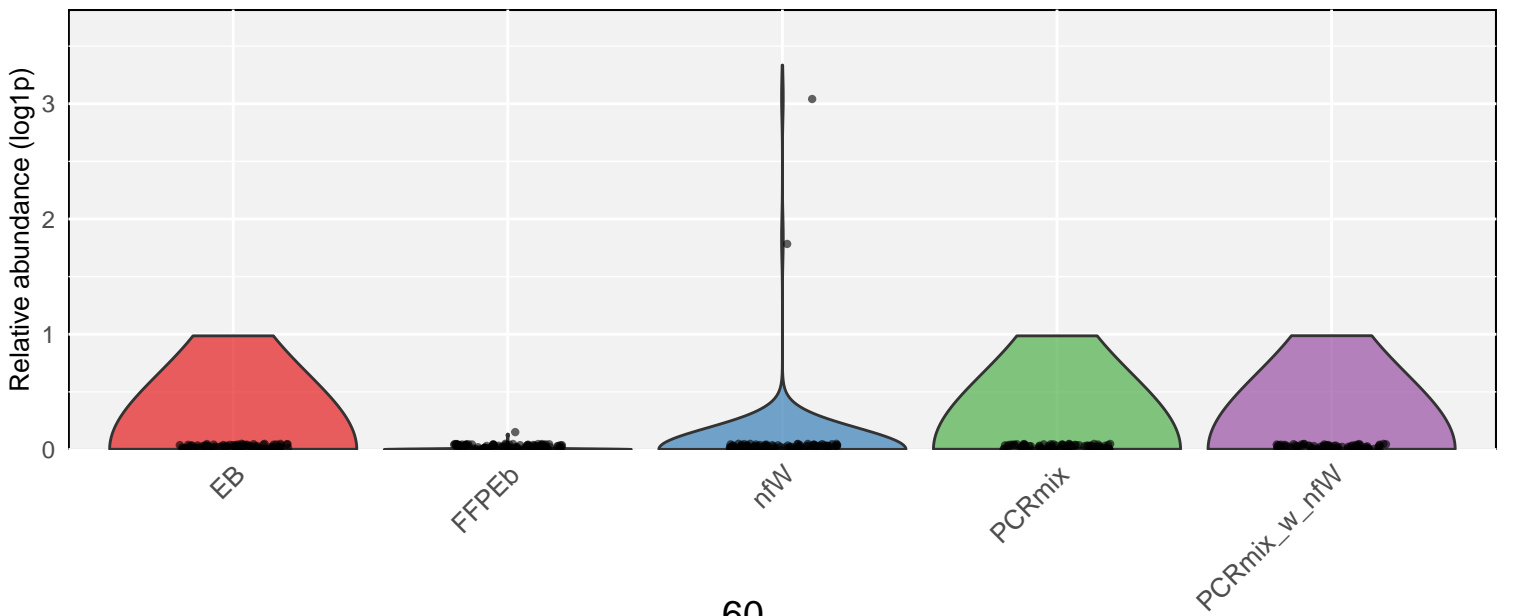

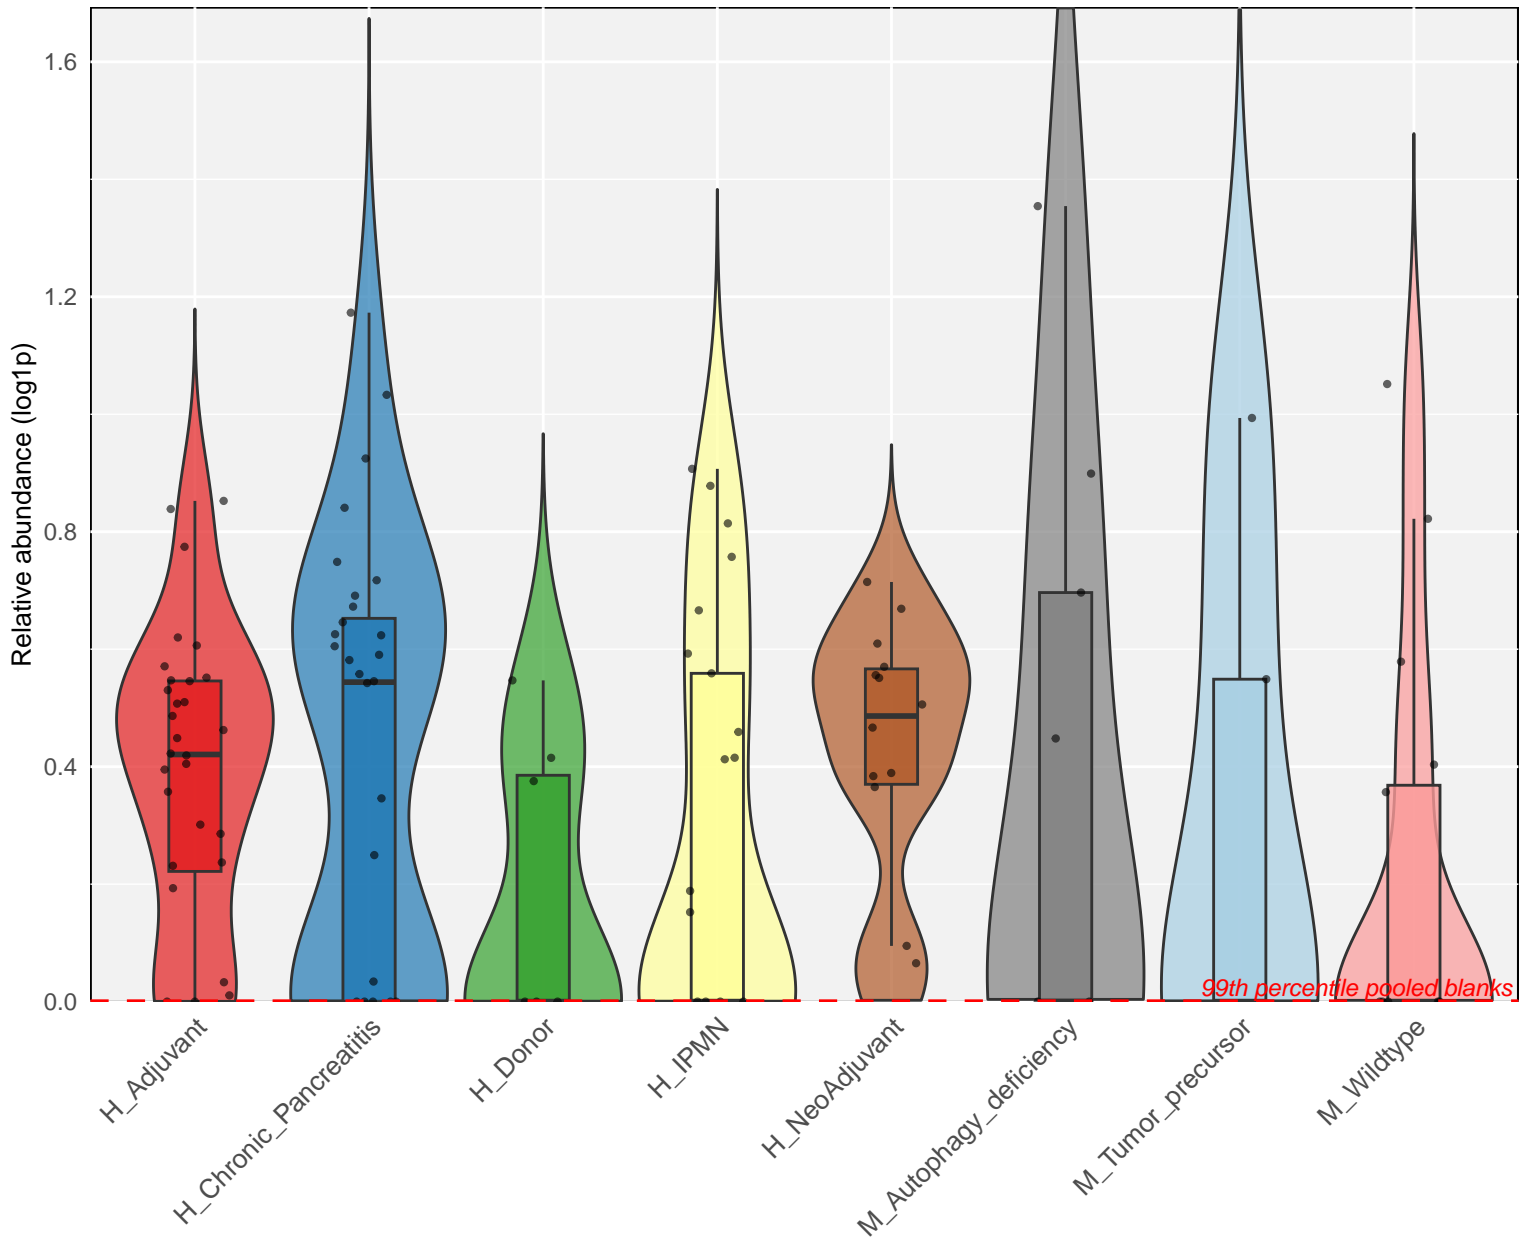

Peptacetobacter hiranonis

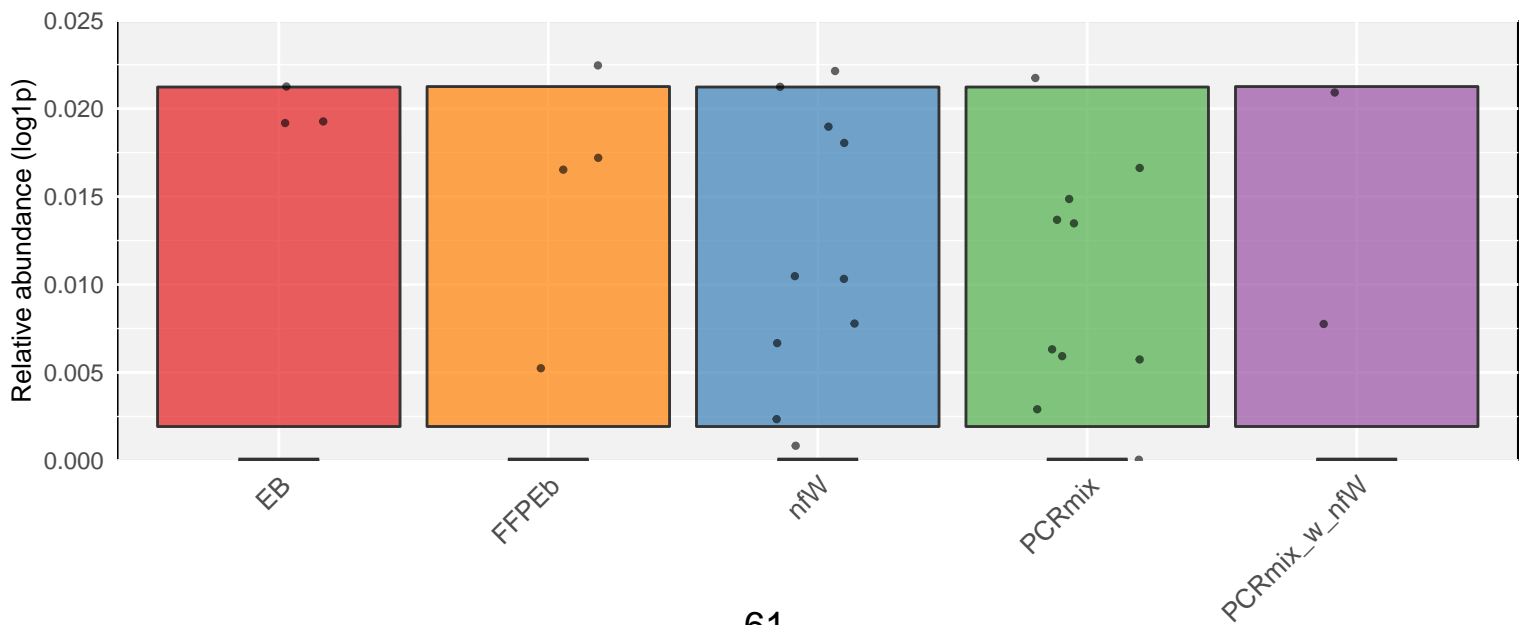

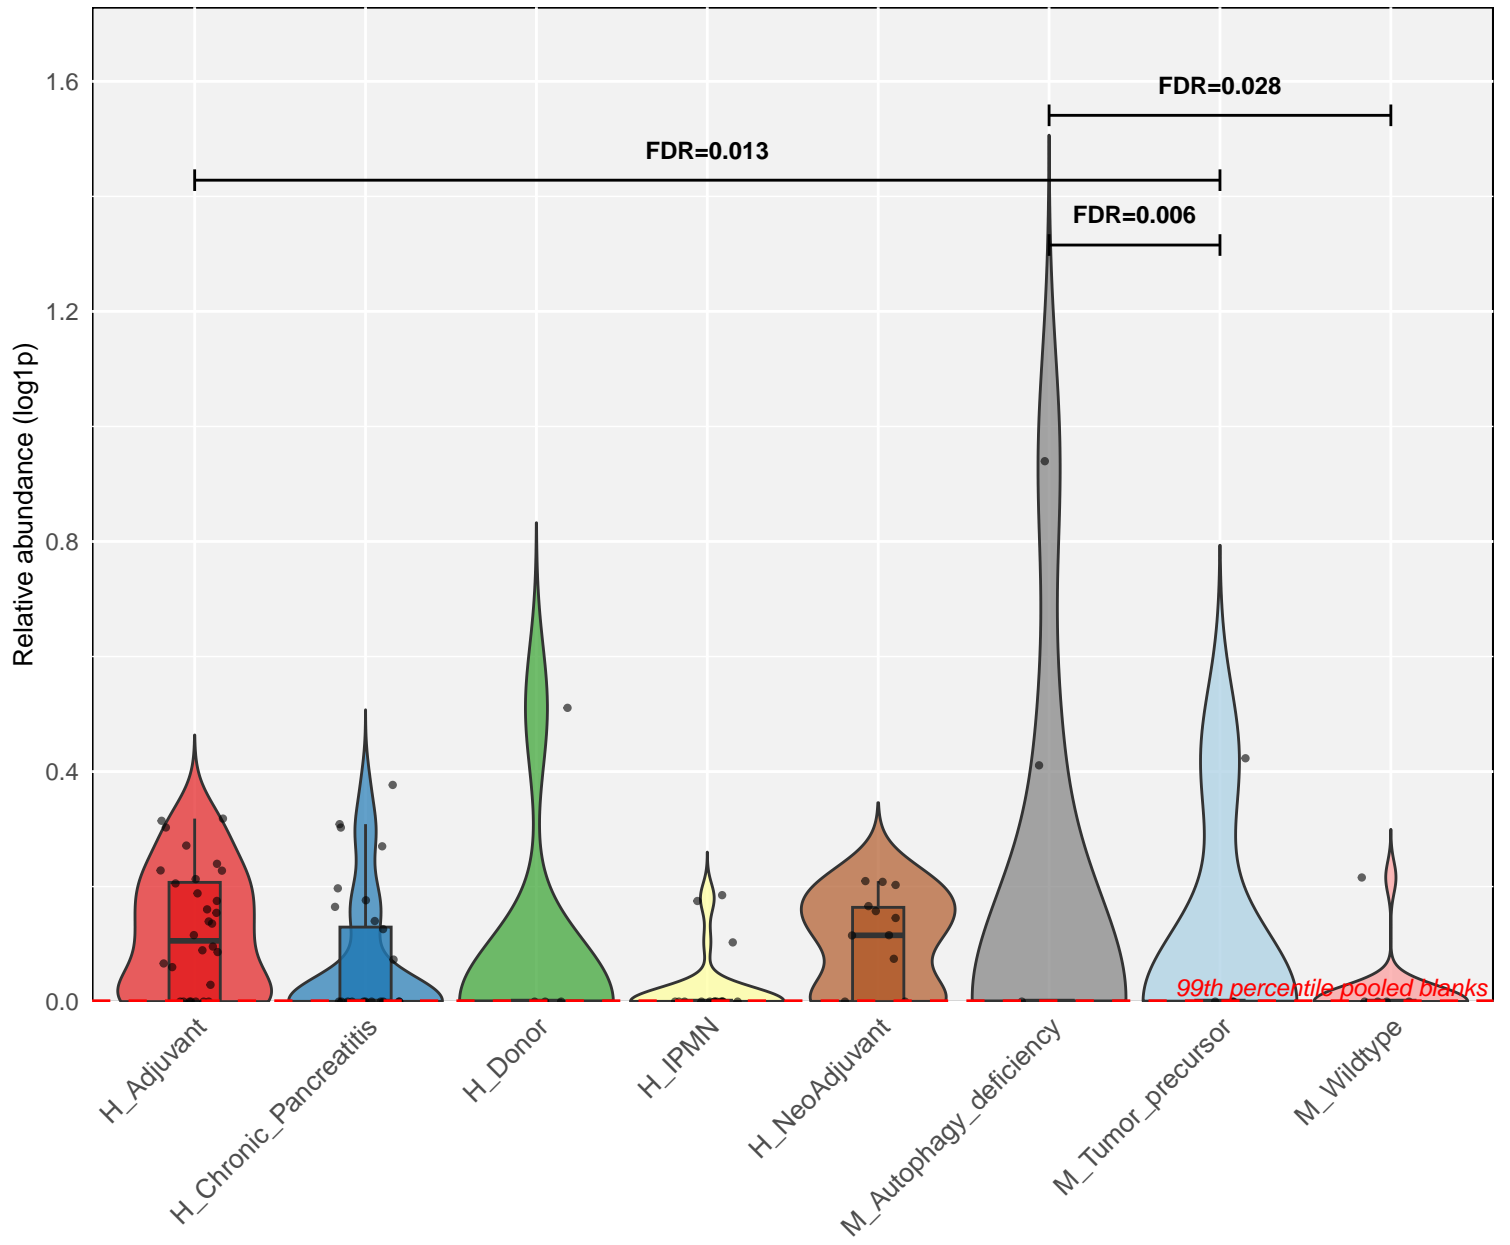

Peptoniphilus indolicus

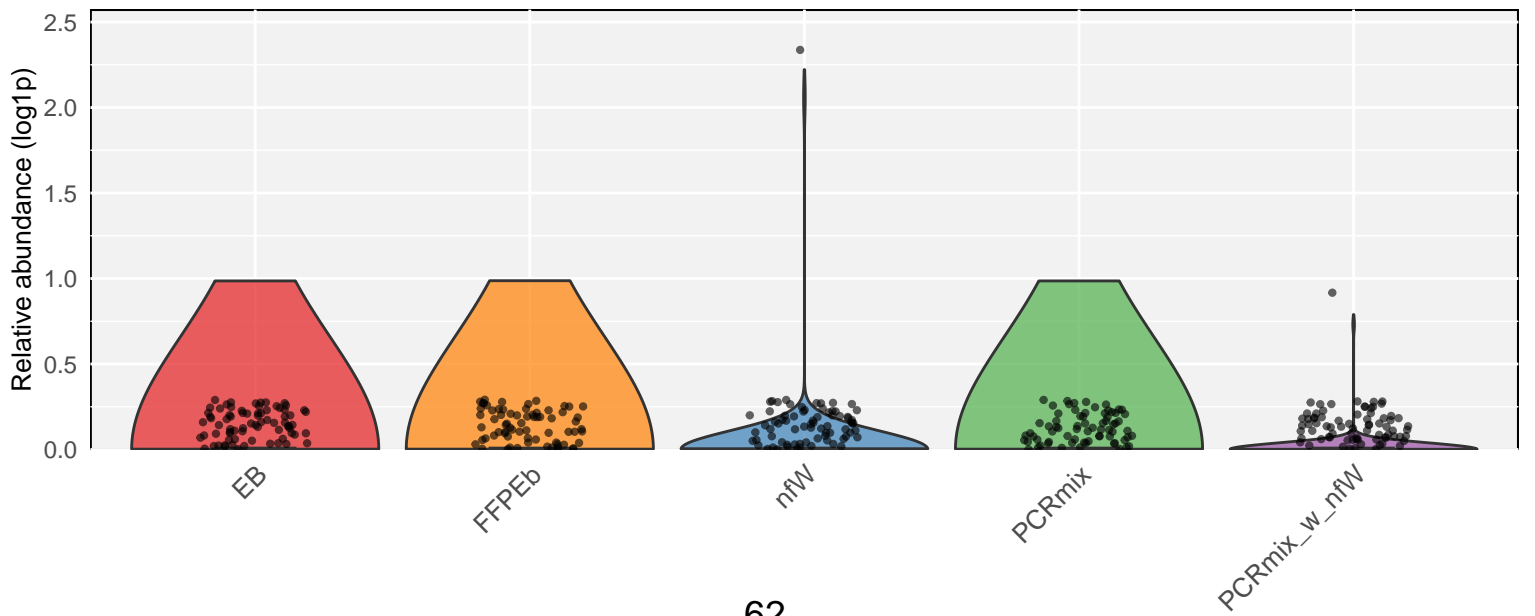

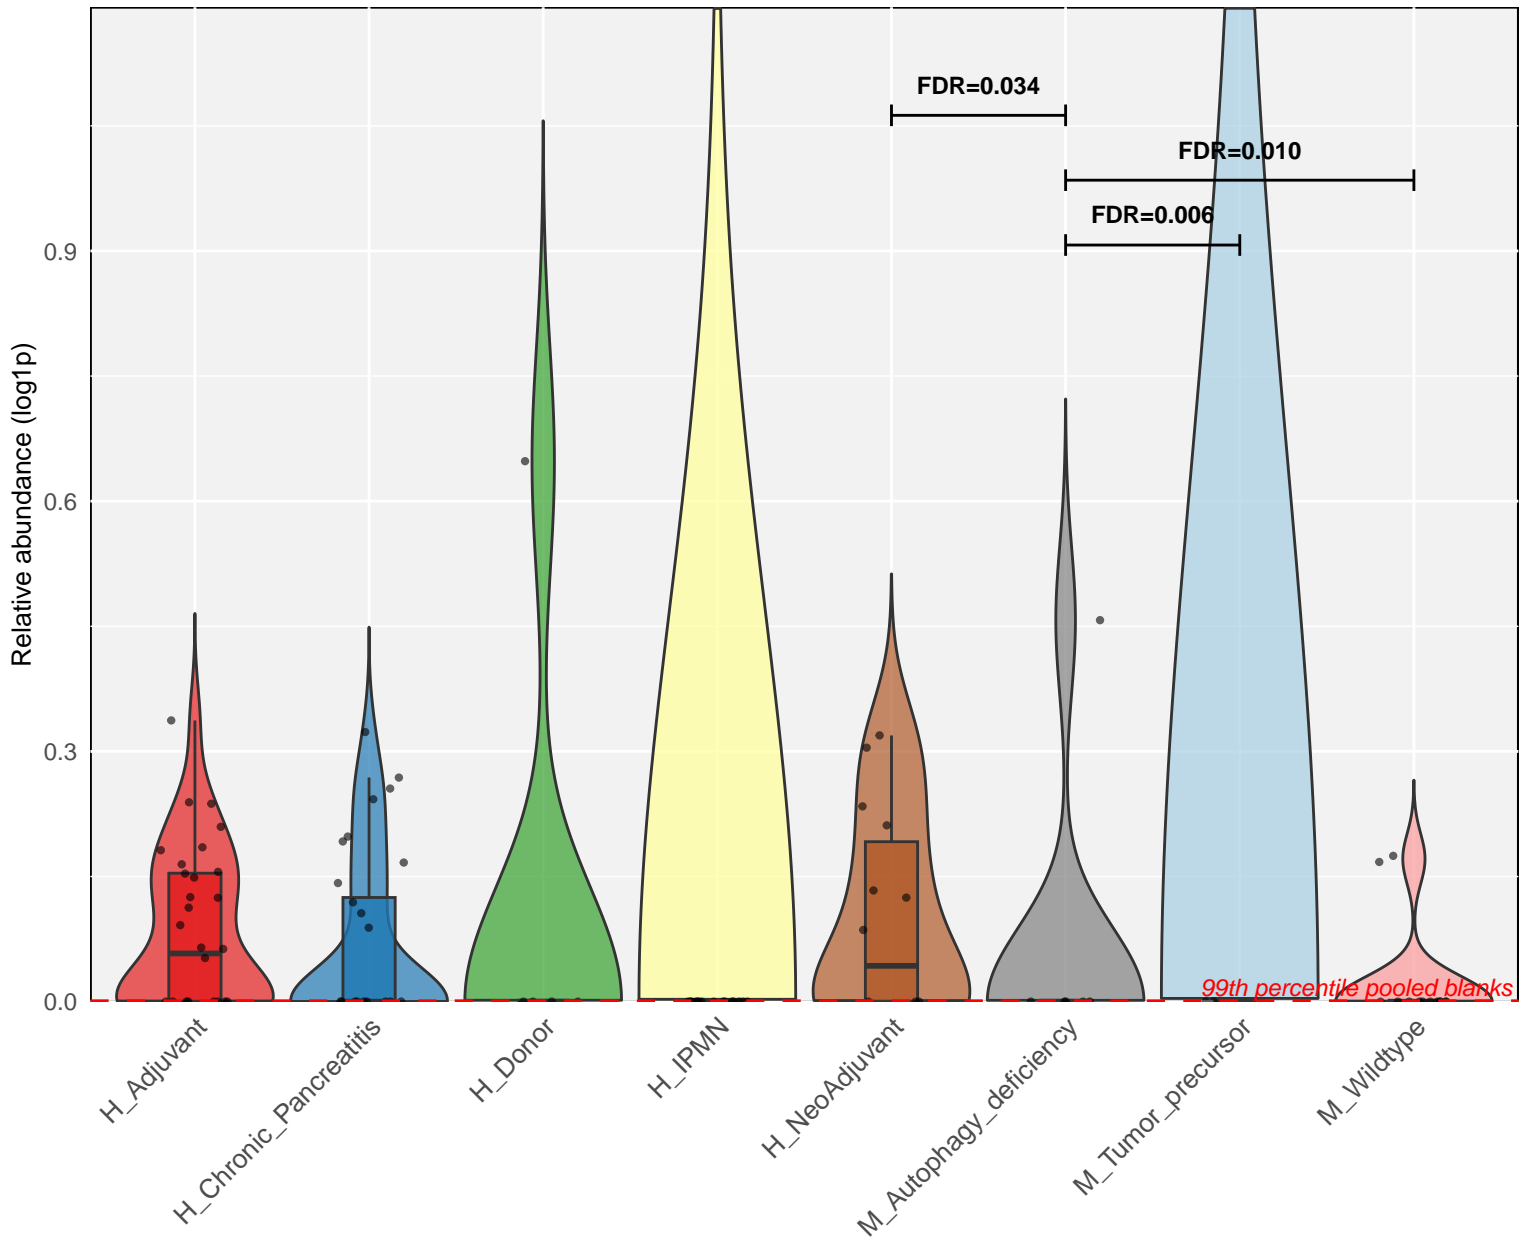

Phocaeicola vulgatus

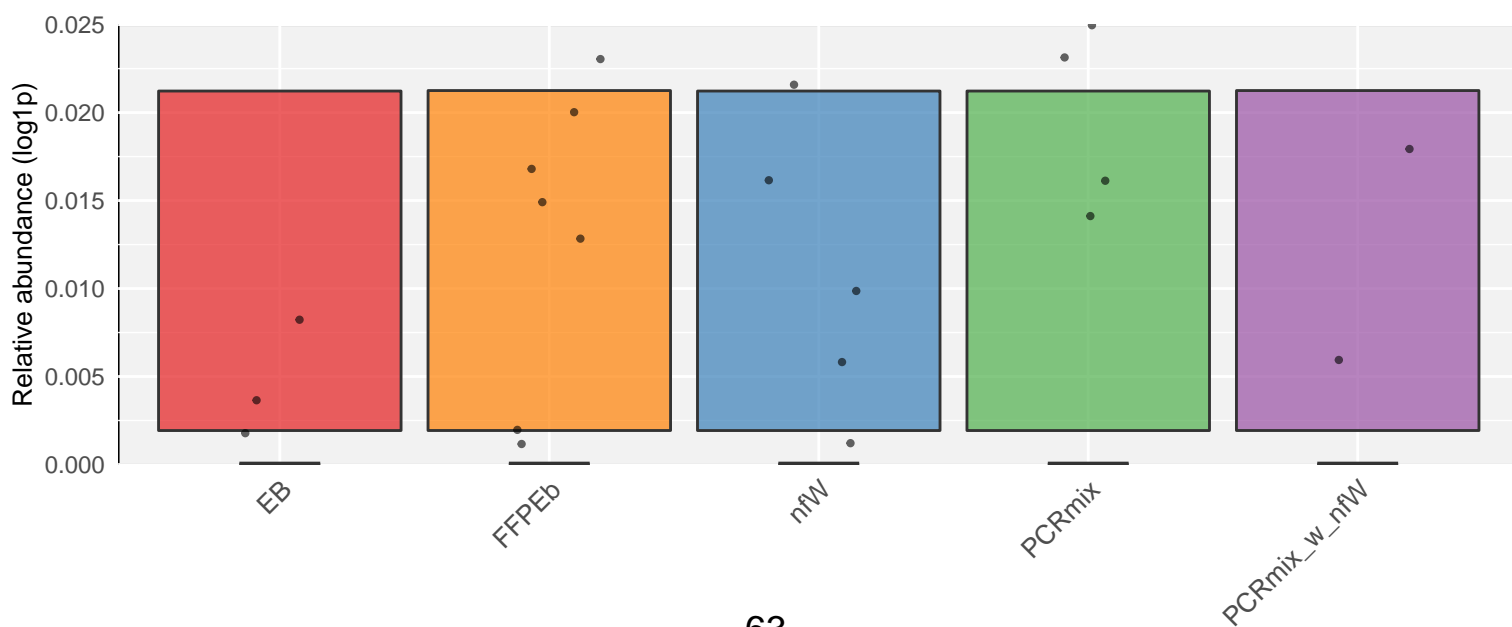

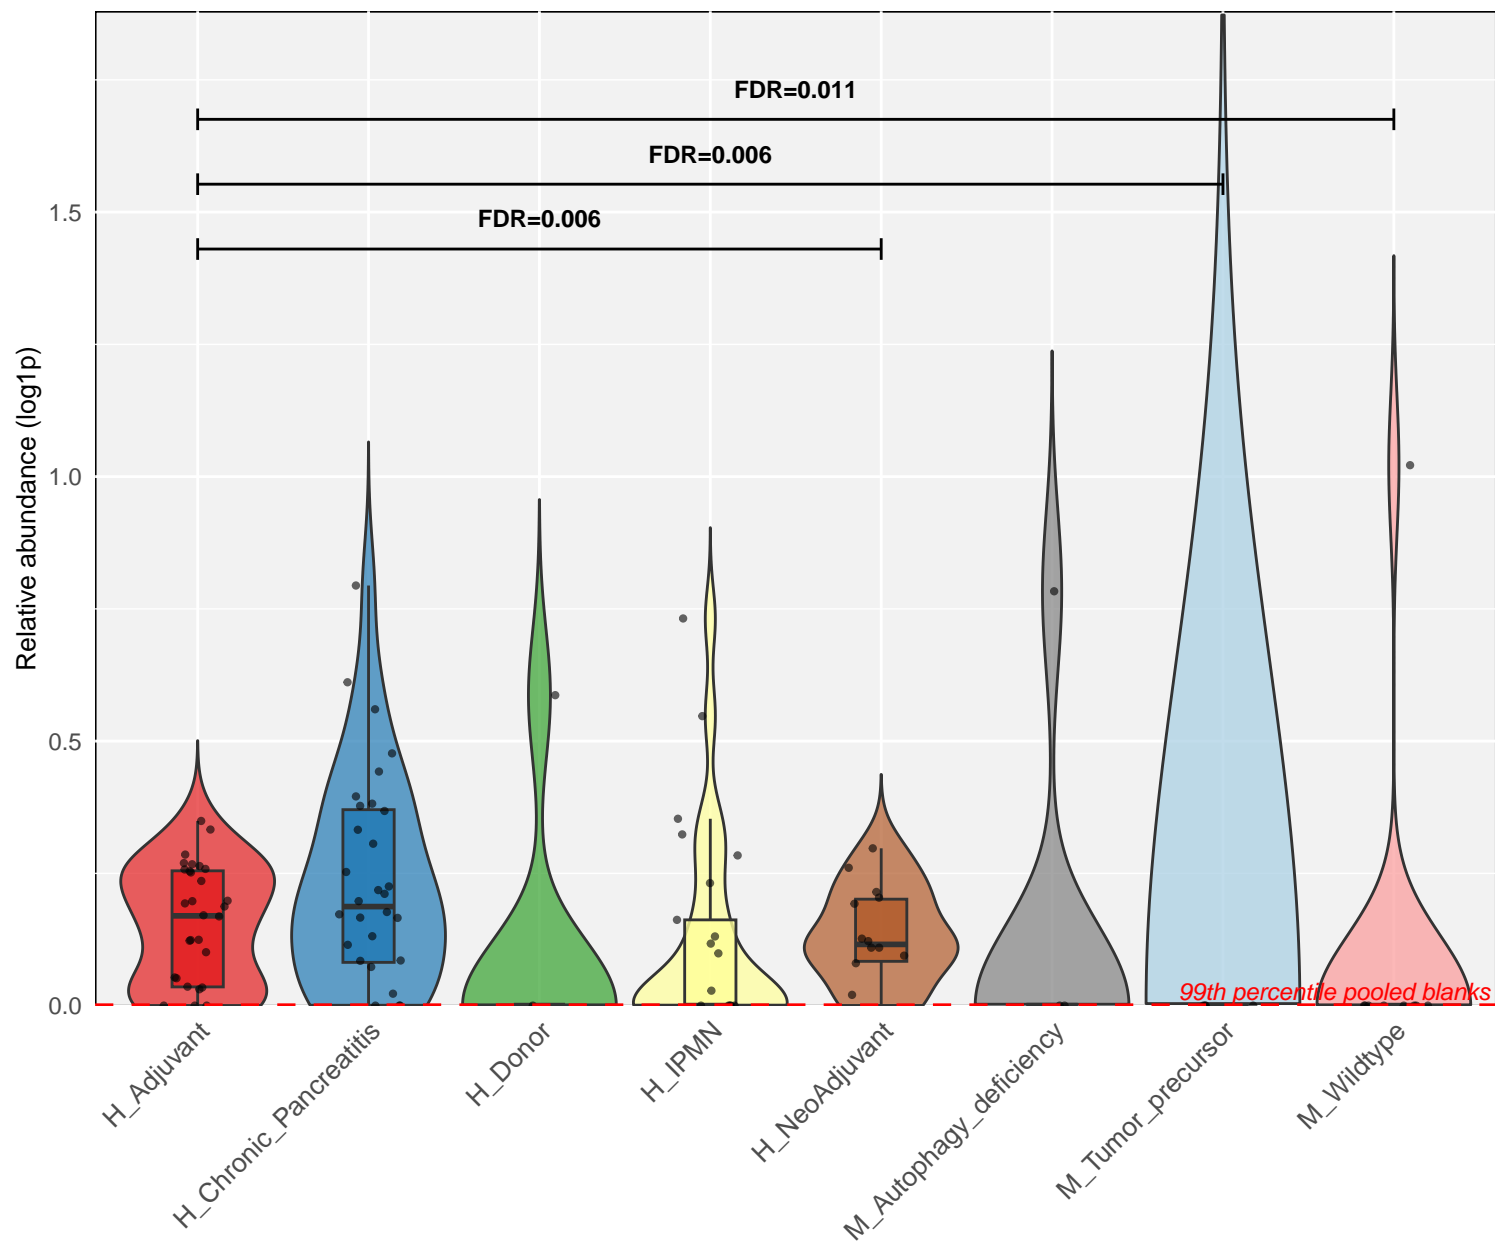

Porphyromonas endodontalis

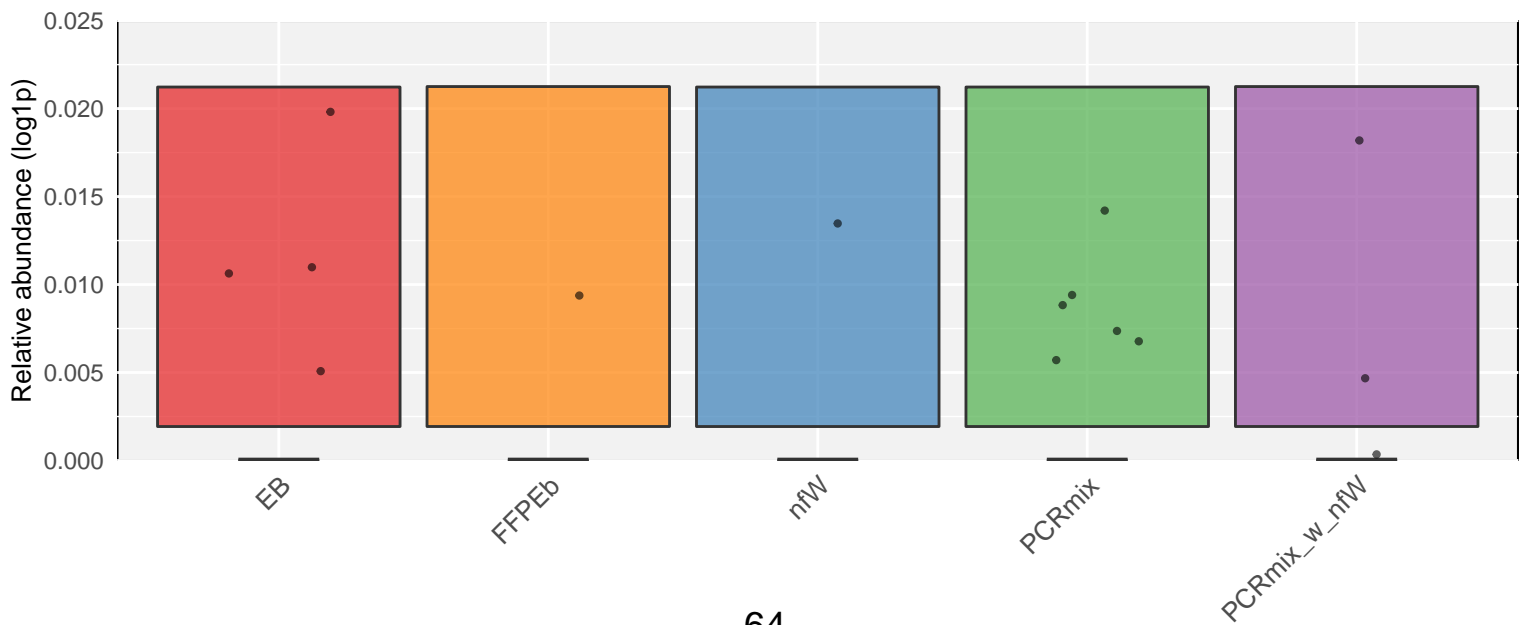

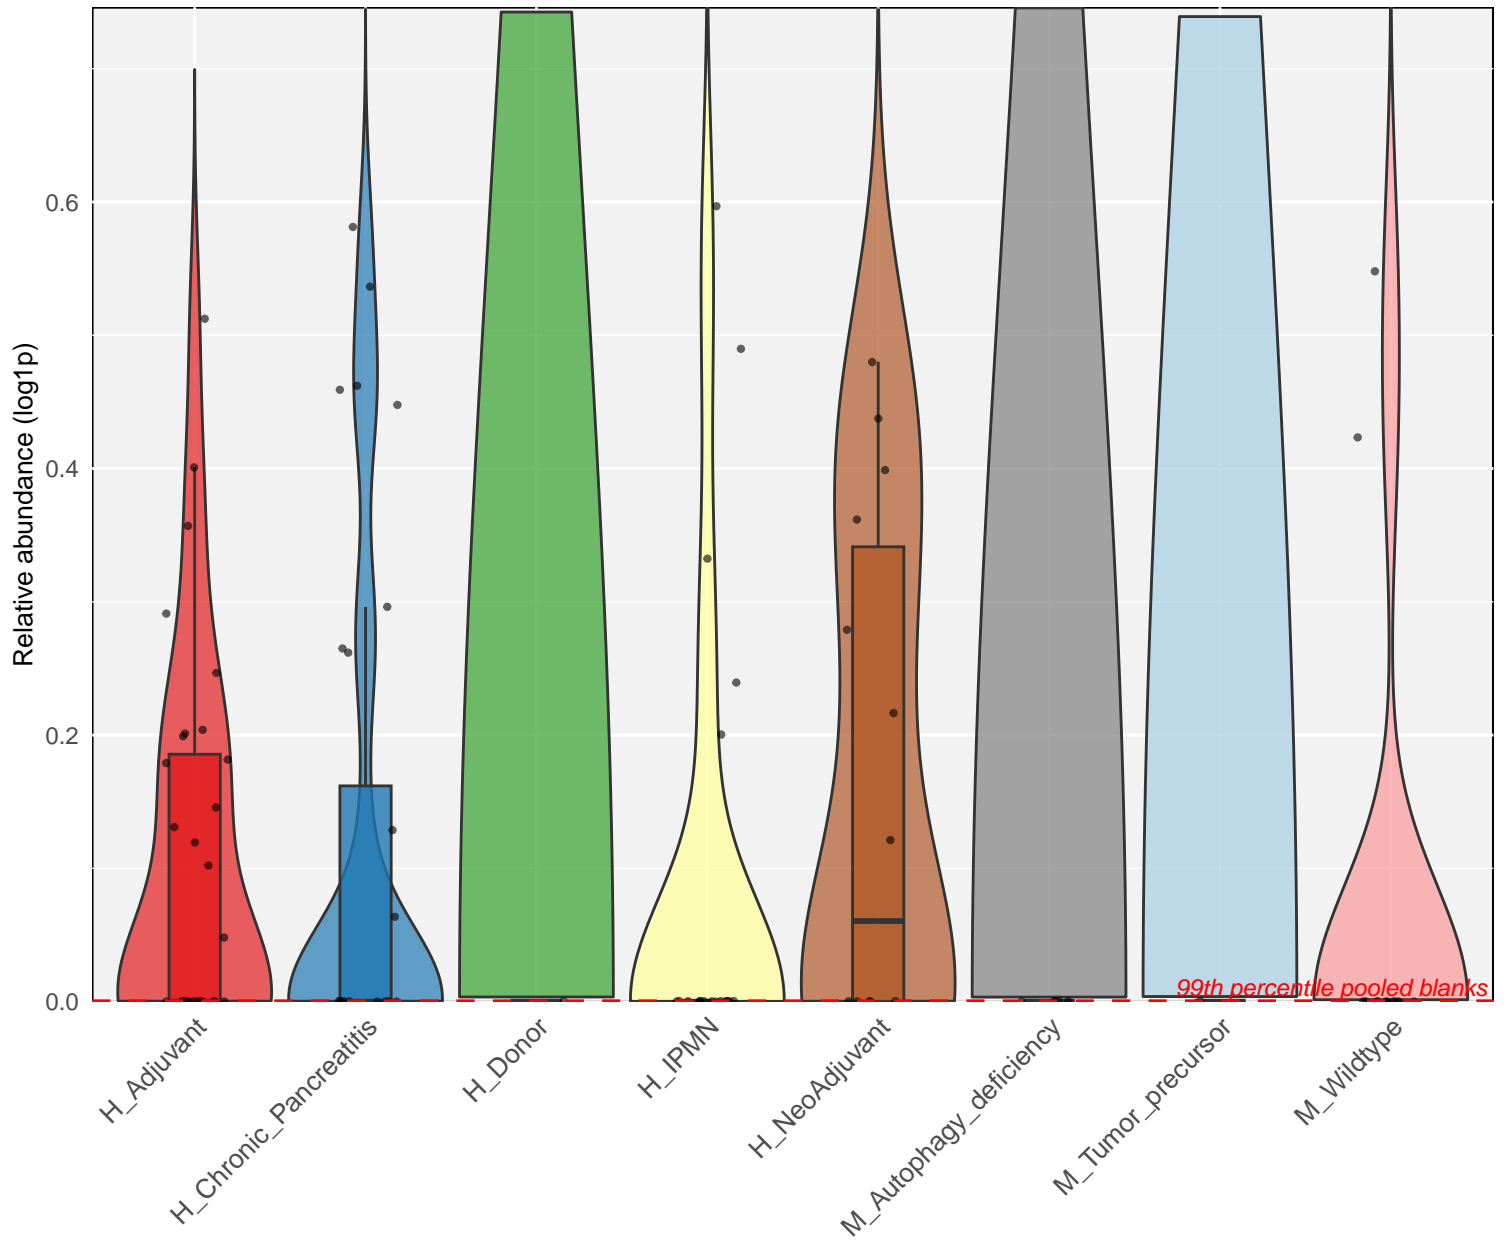

Prevotellamassilia timonensis

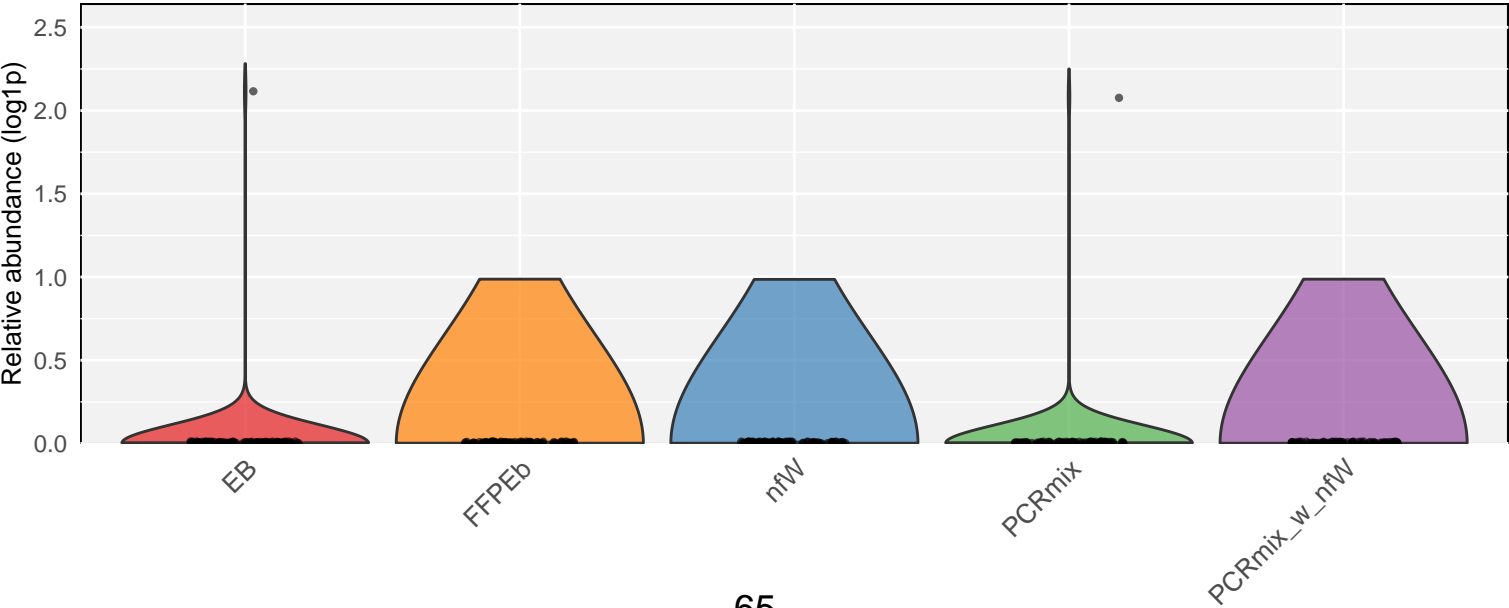

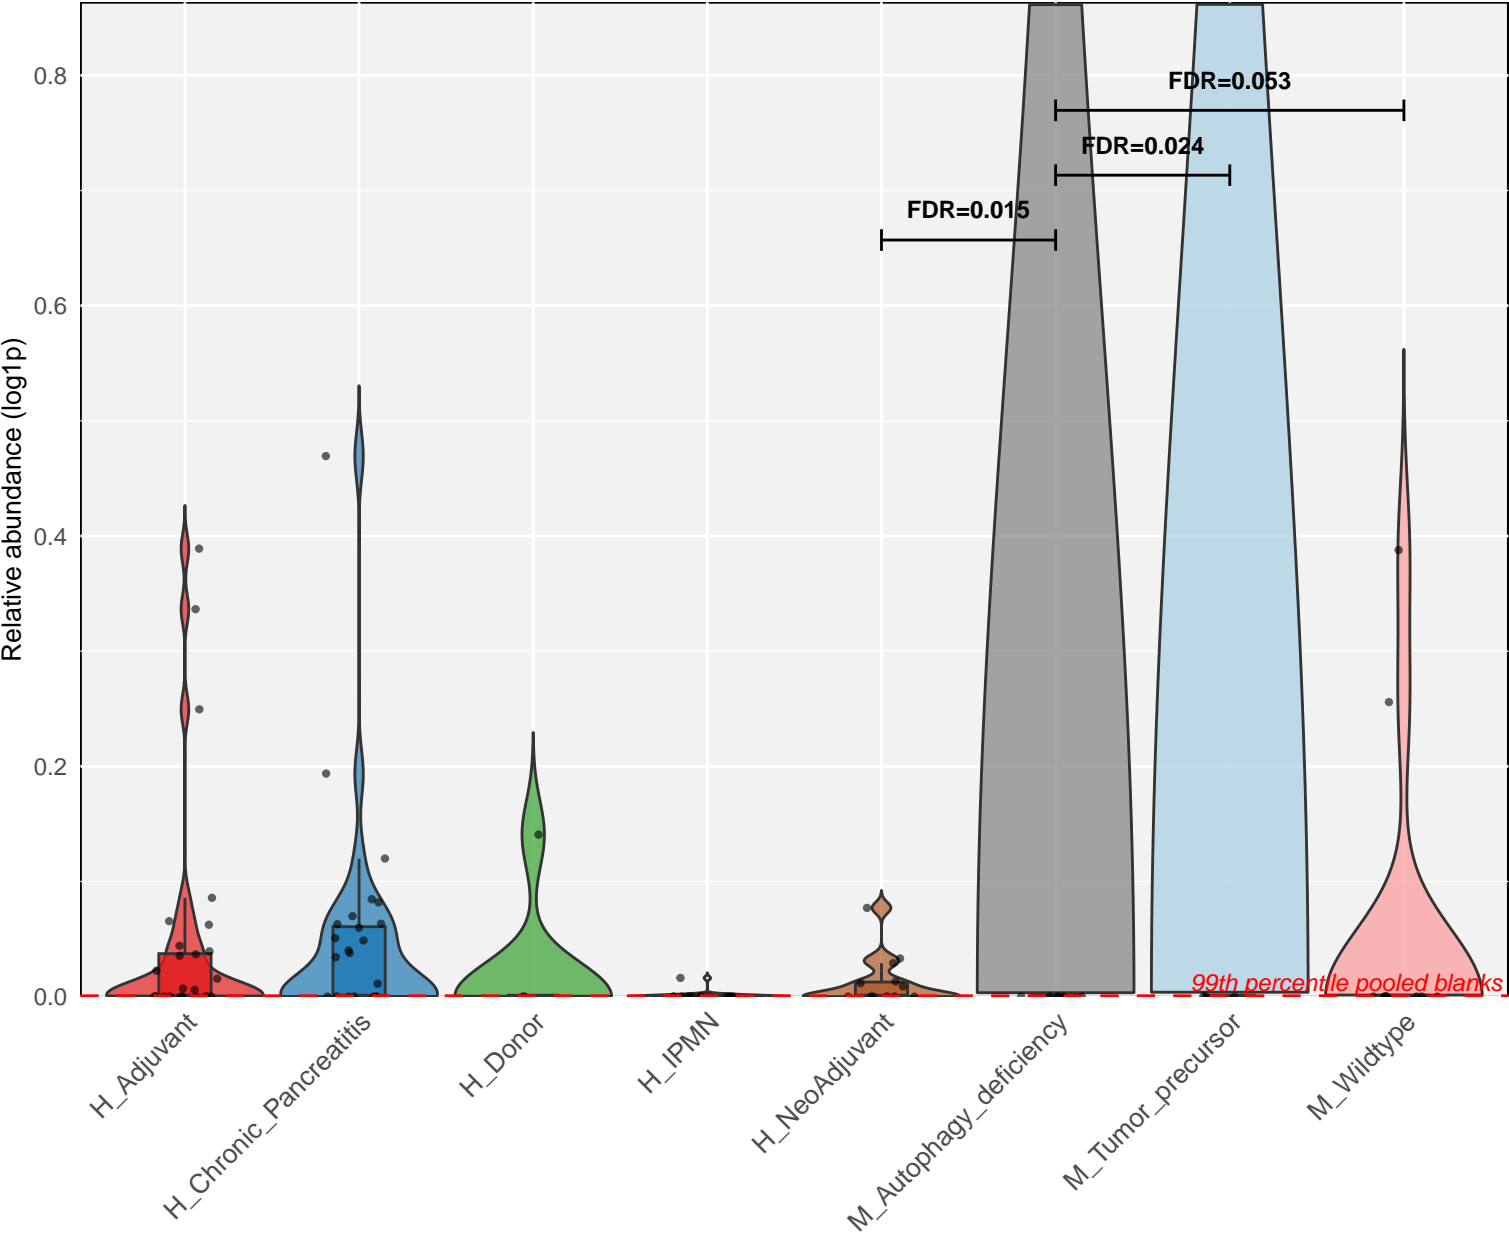

Raoultella ornithinolytica

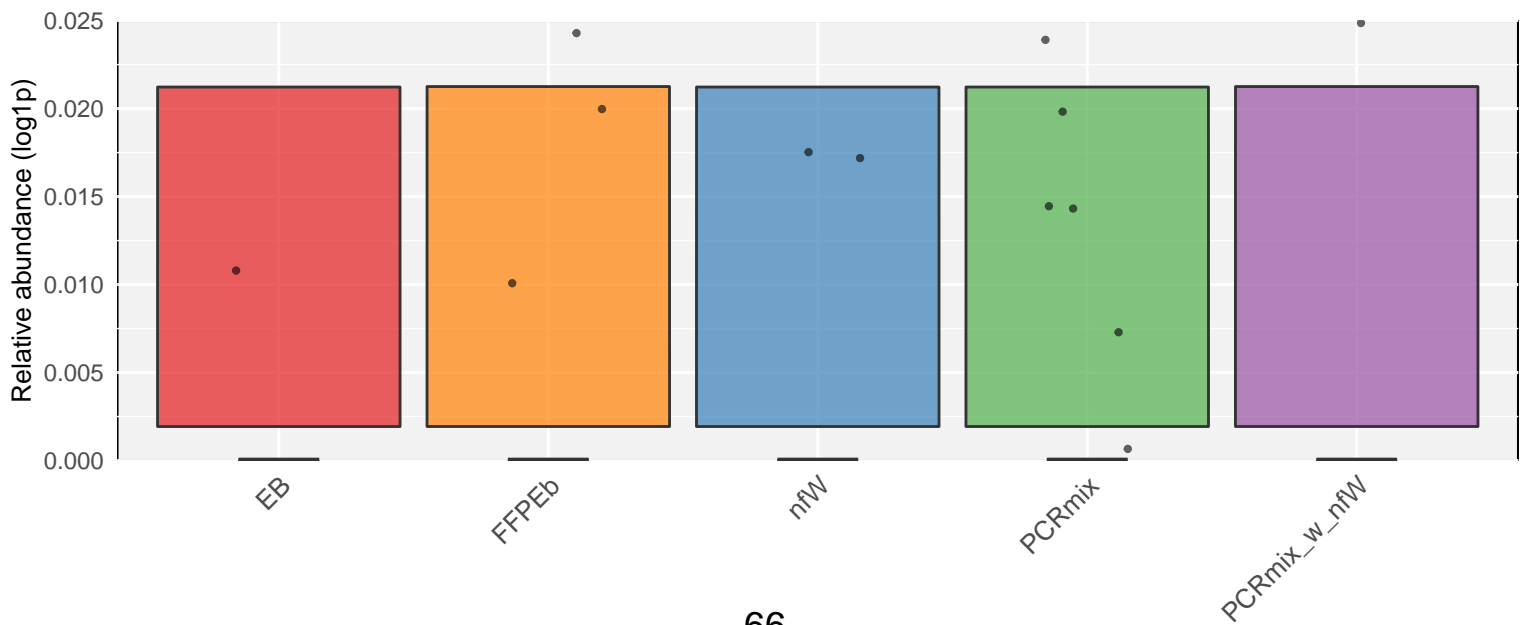

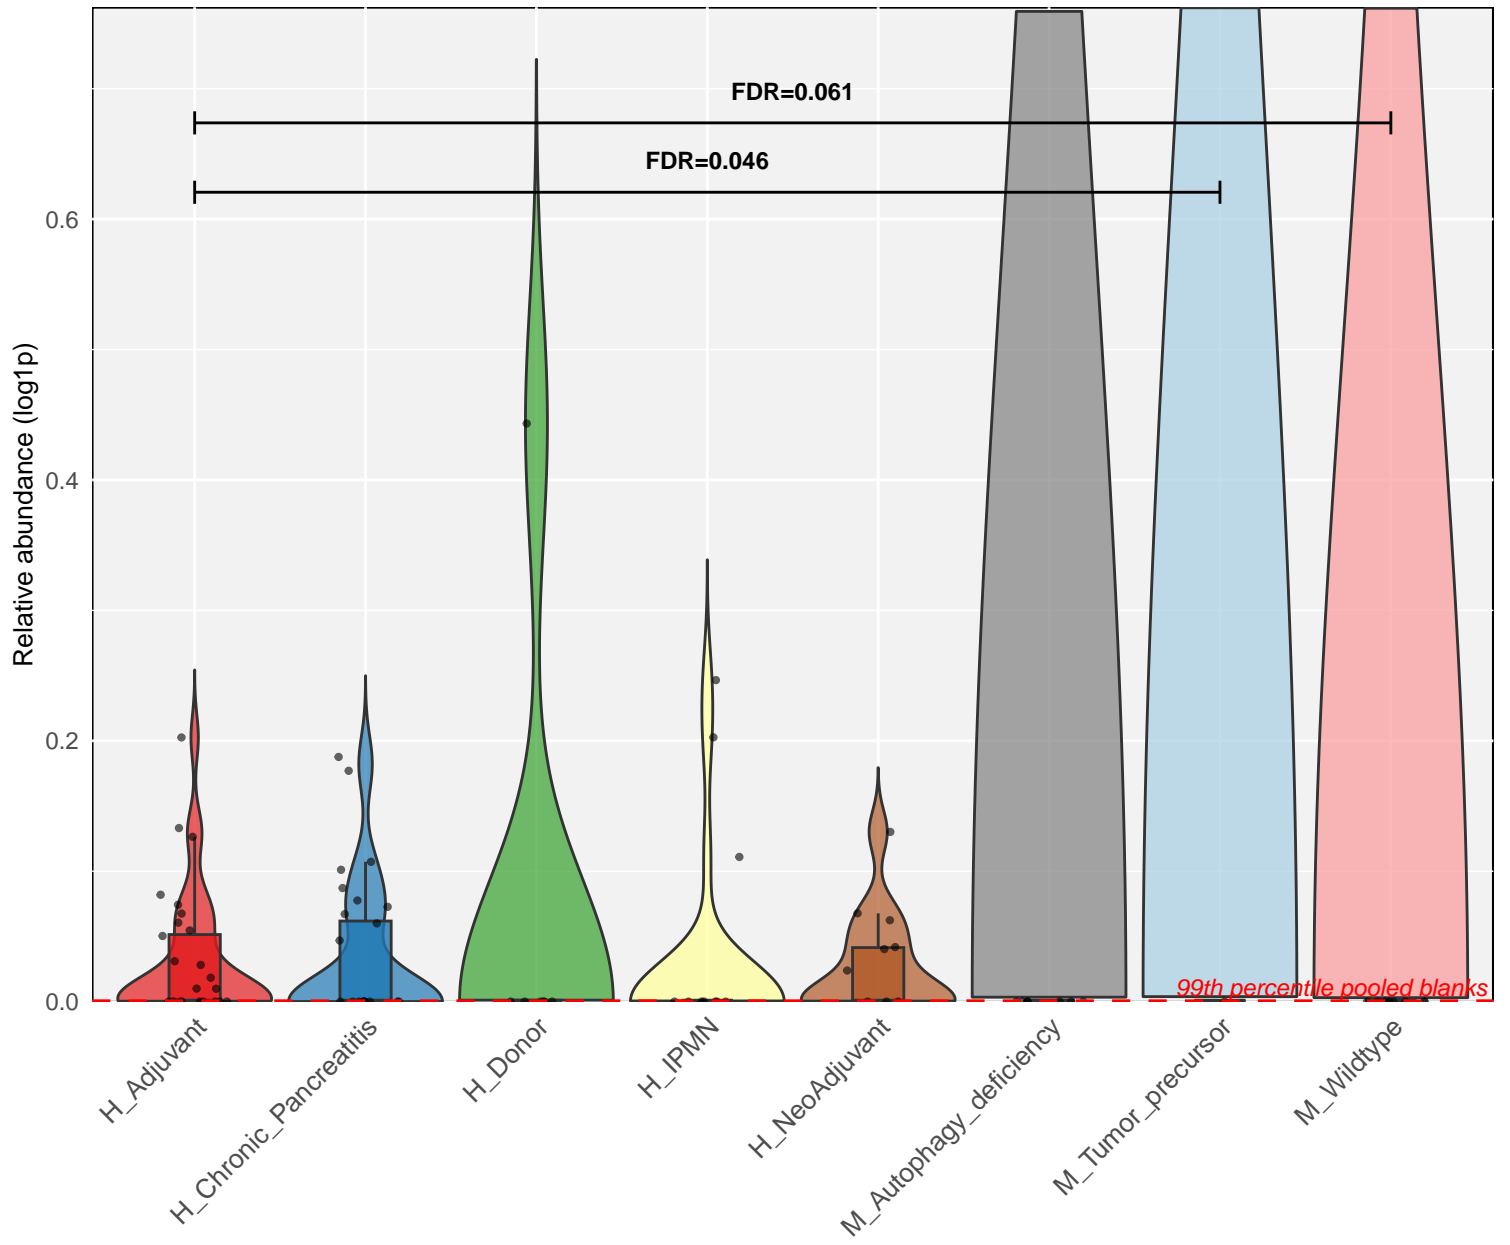

Romboutsia timonensis

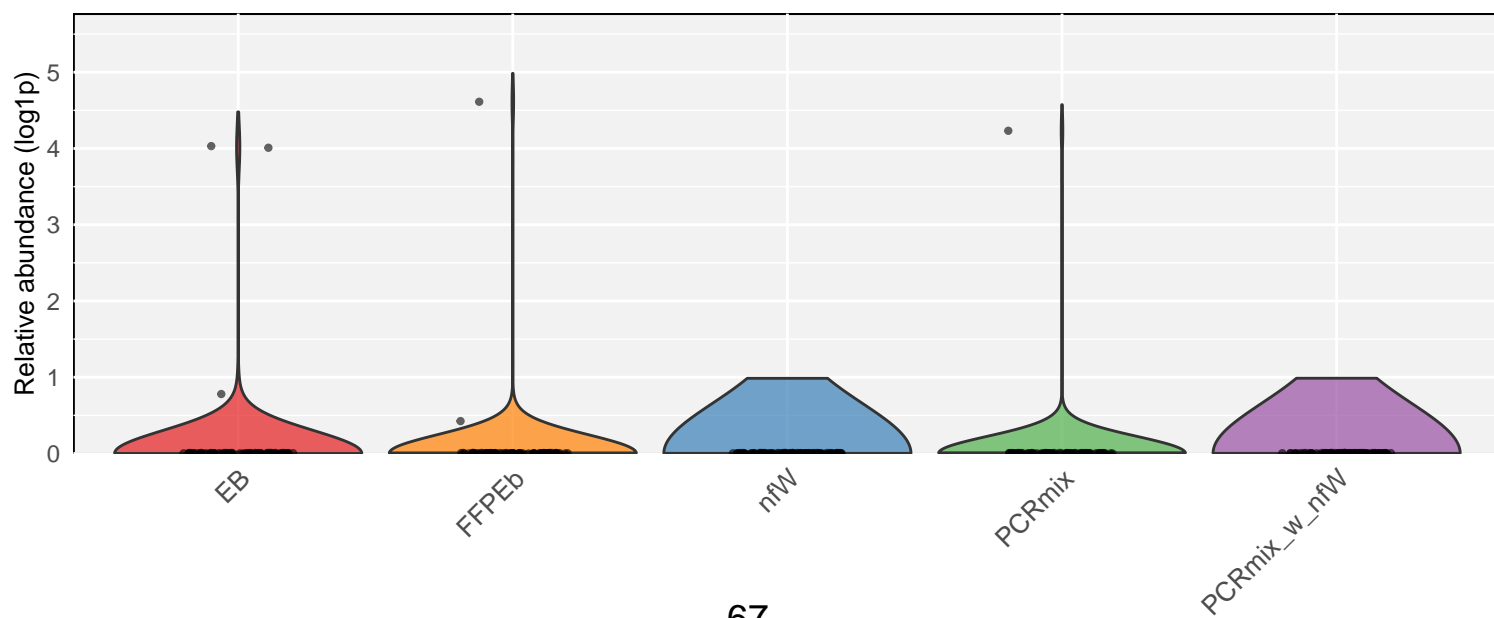

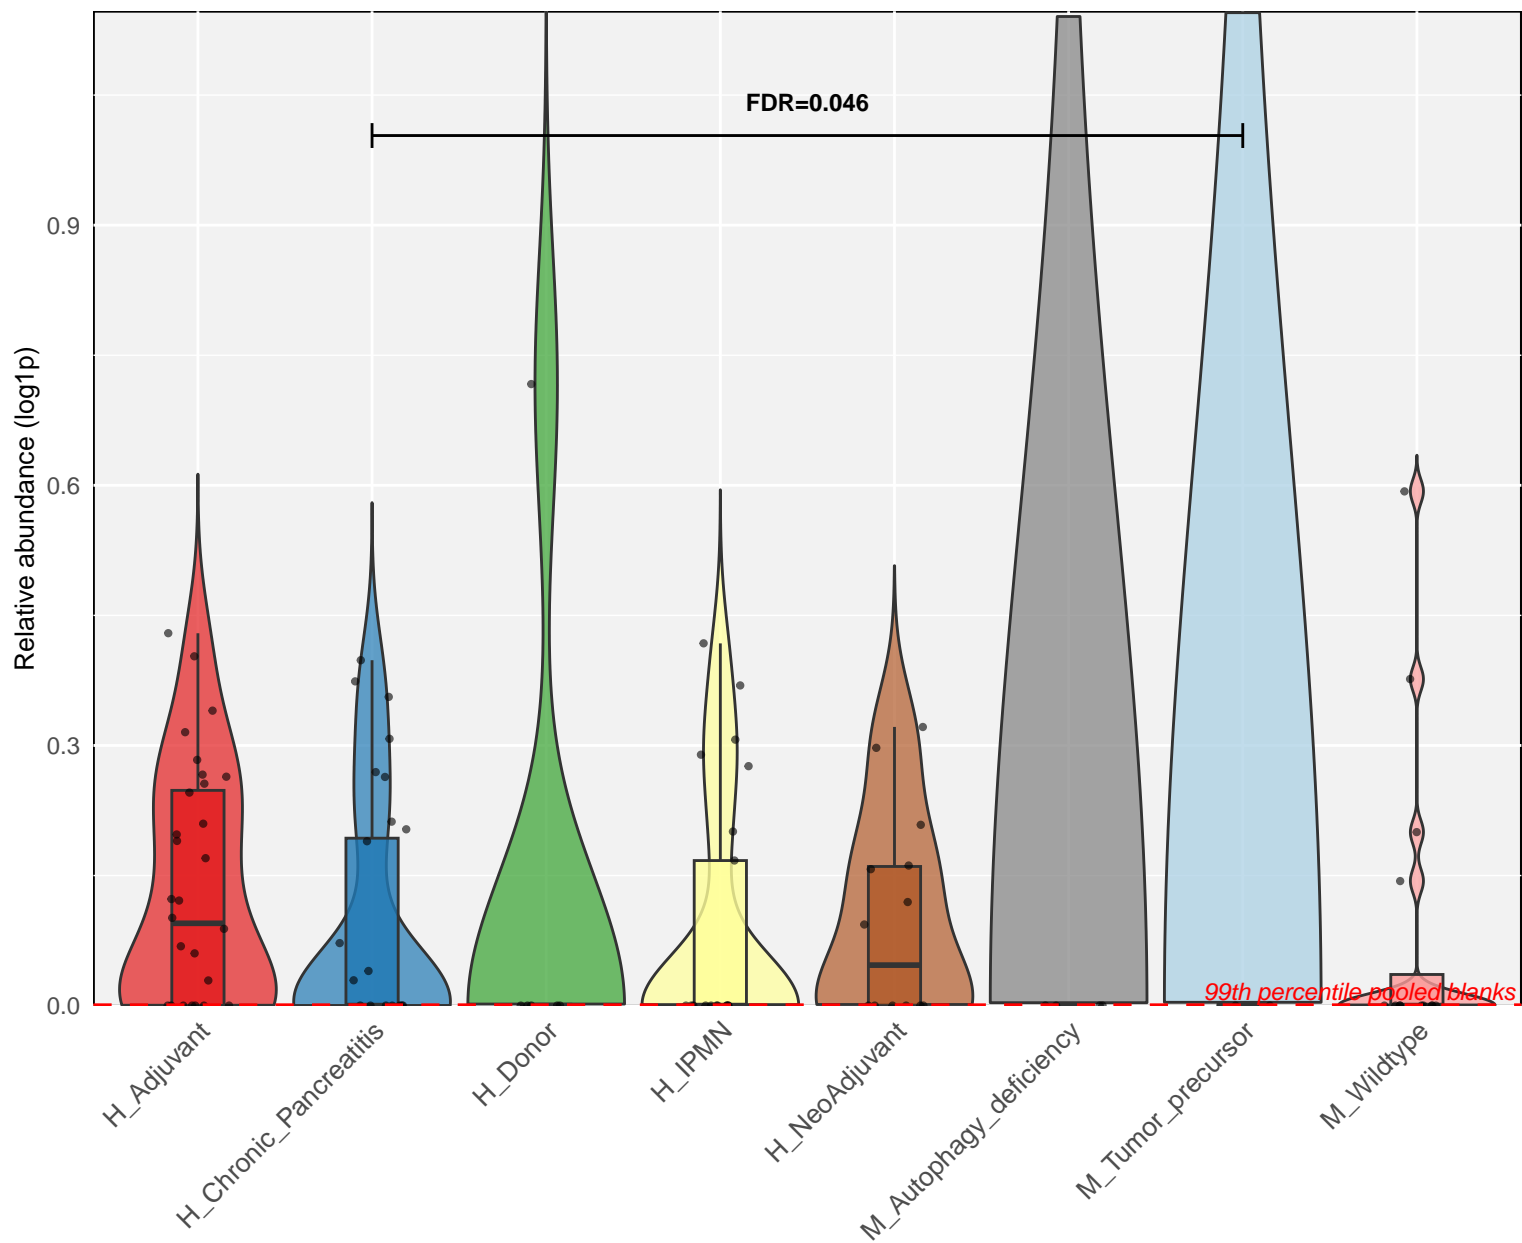

Ruminococcus torques

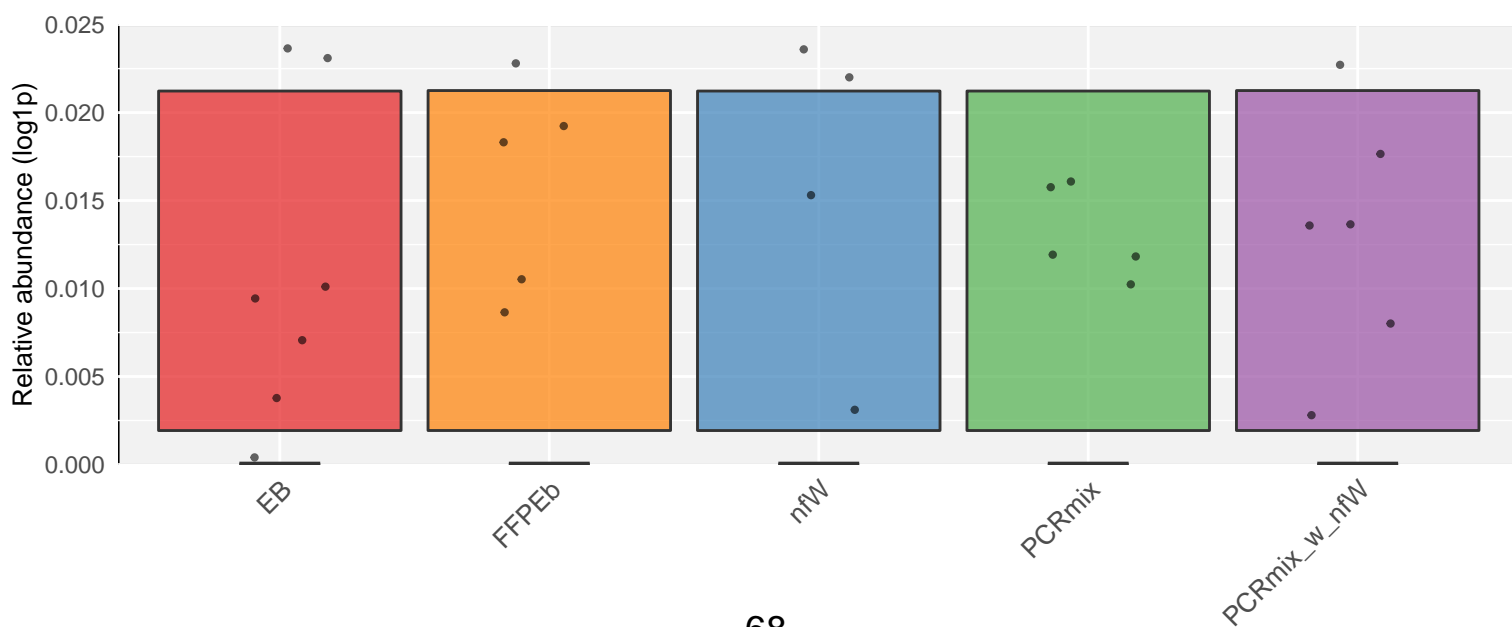

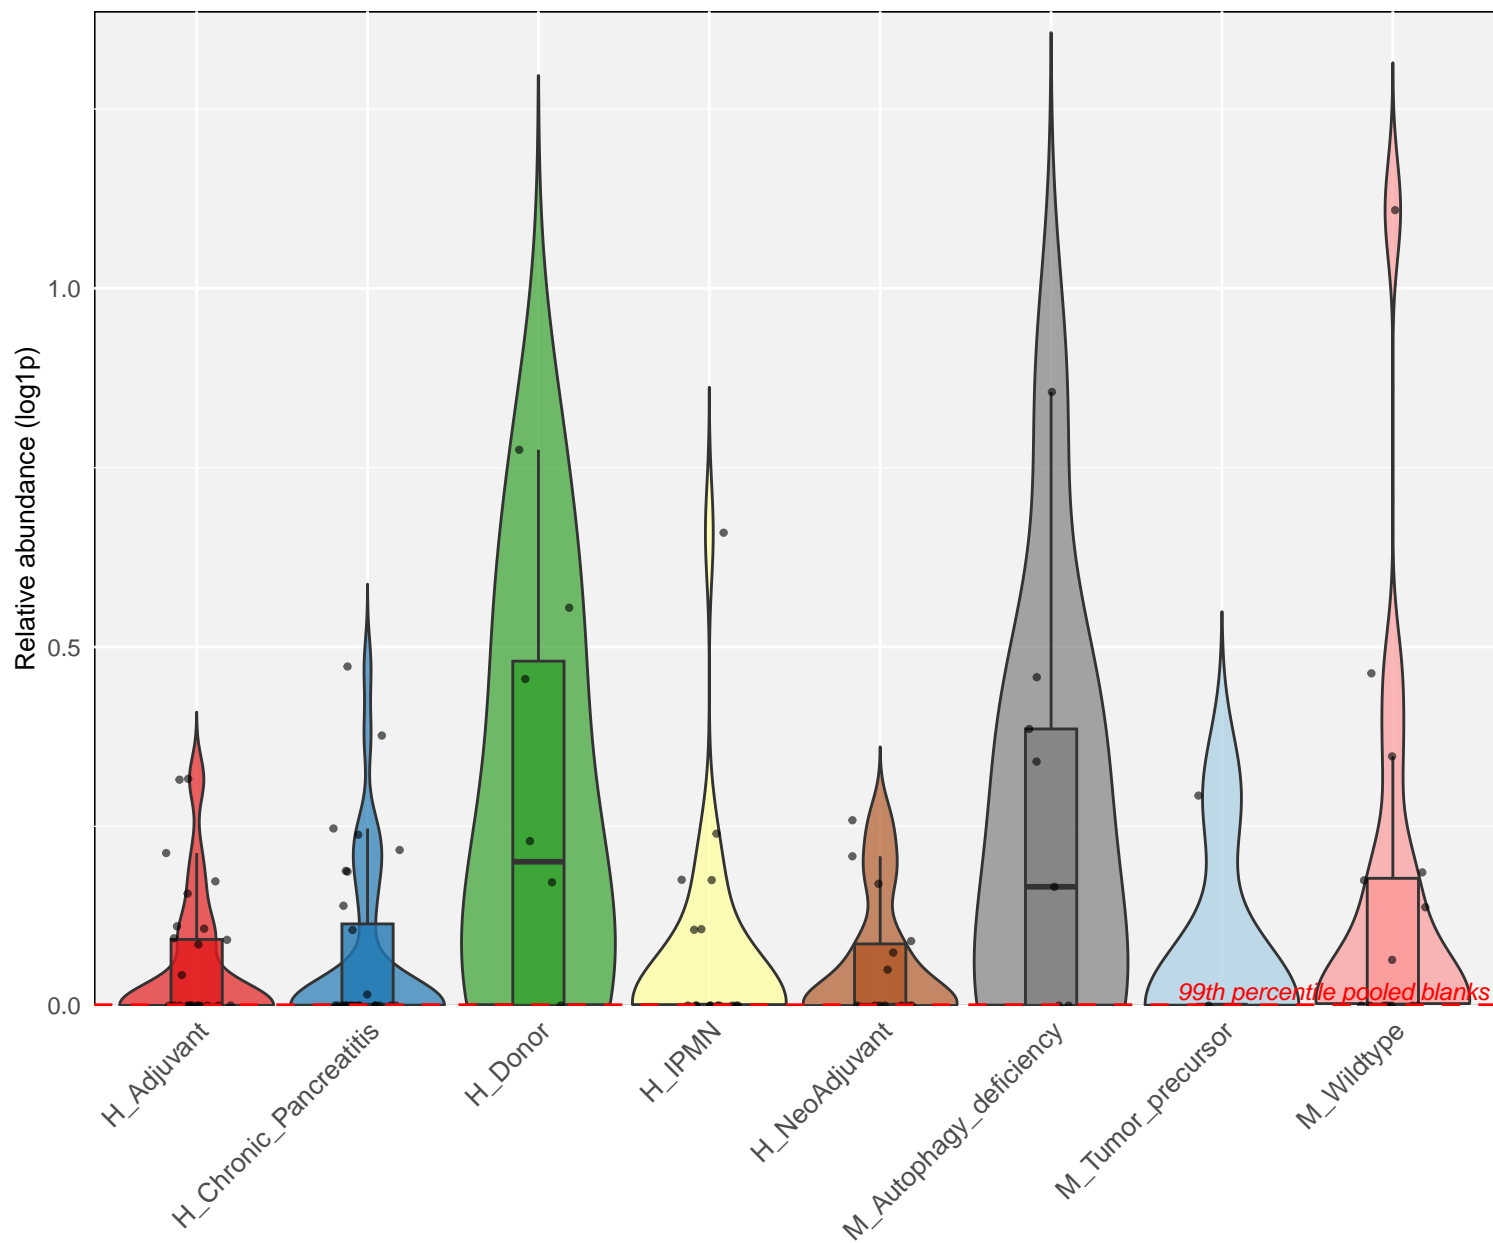

Salmonella enterica

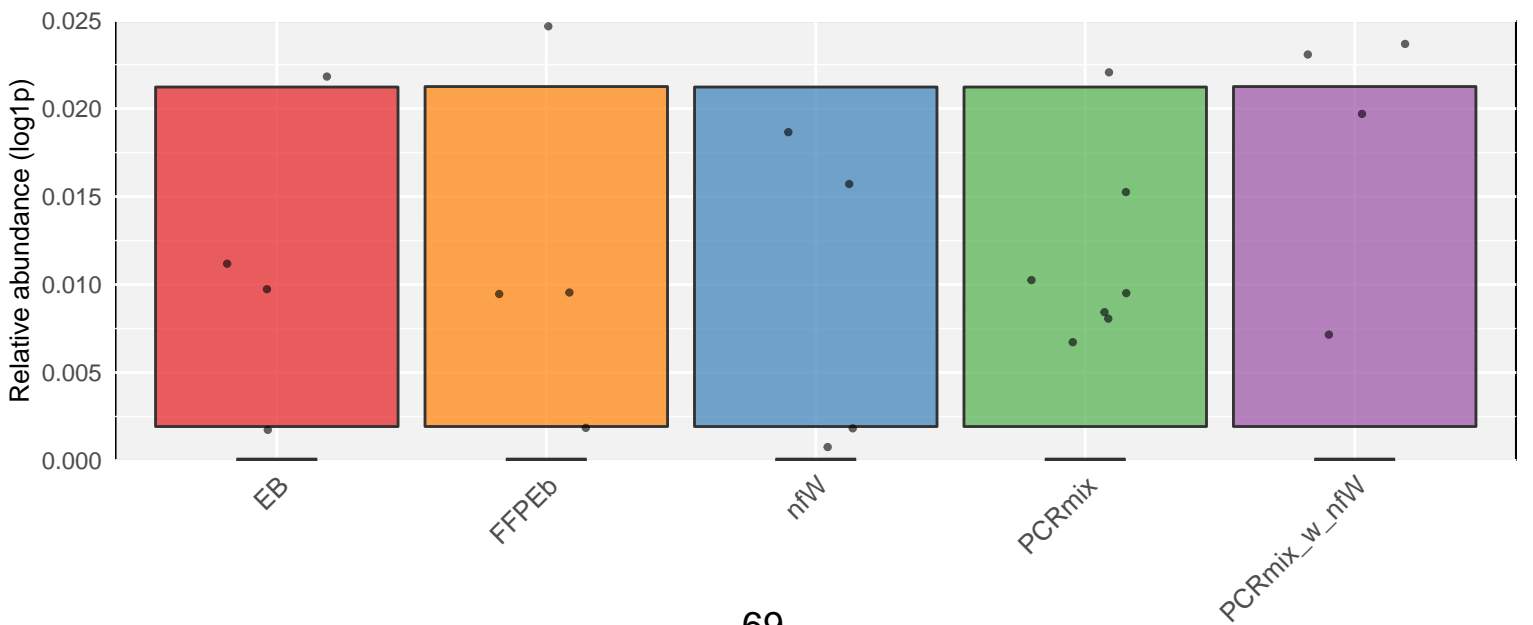

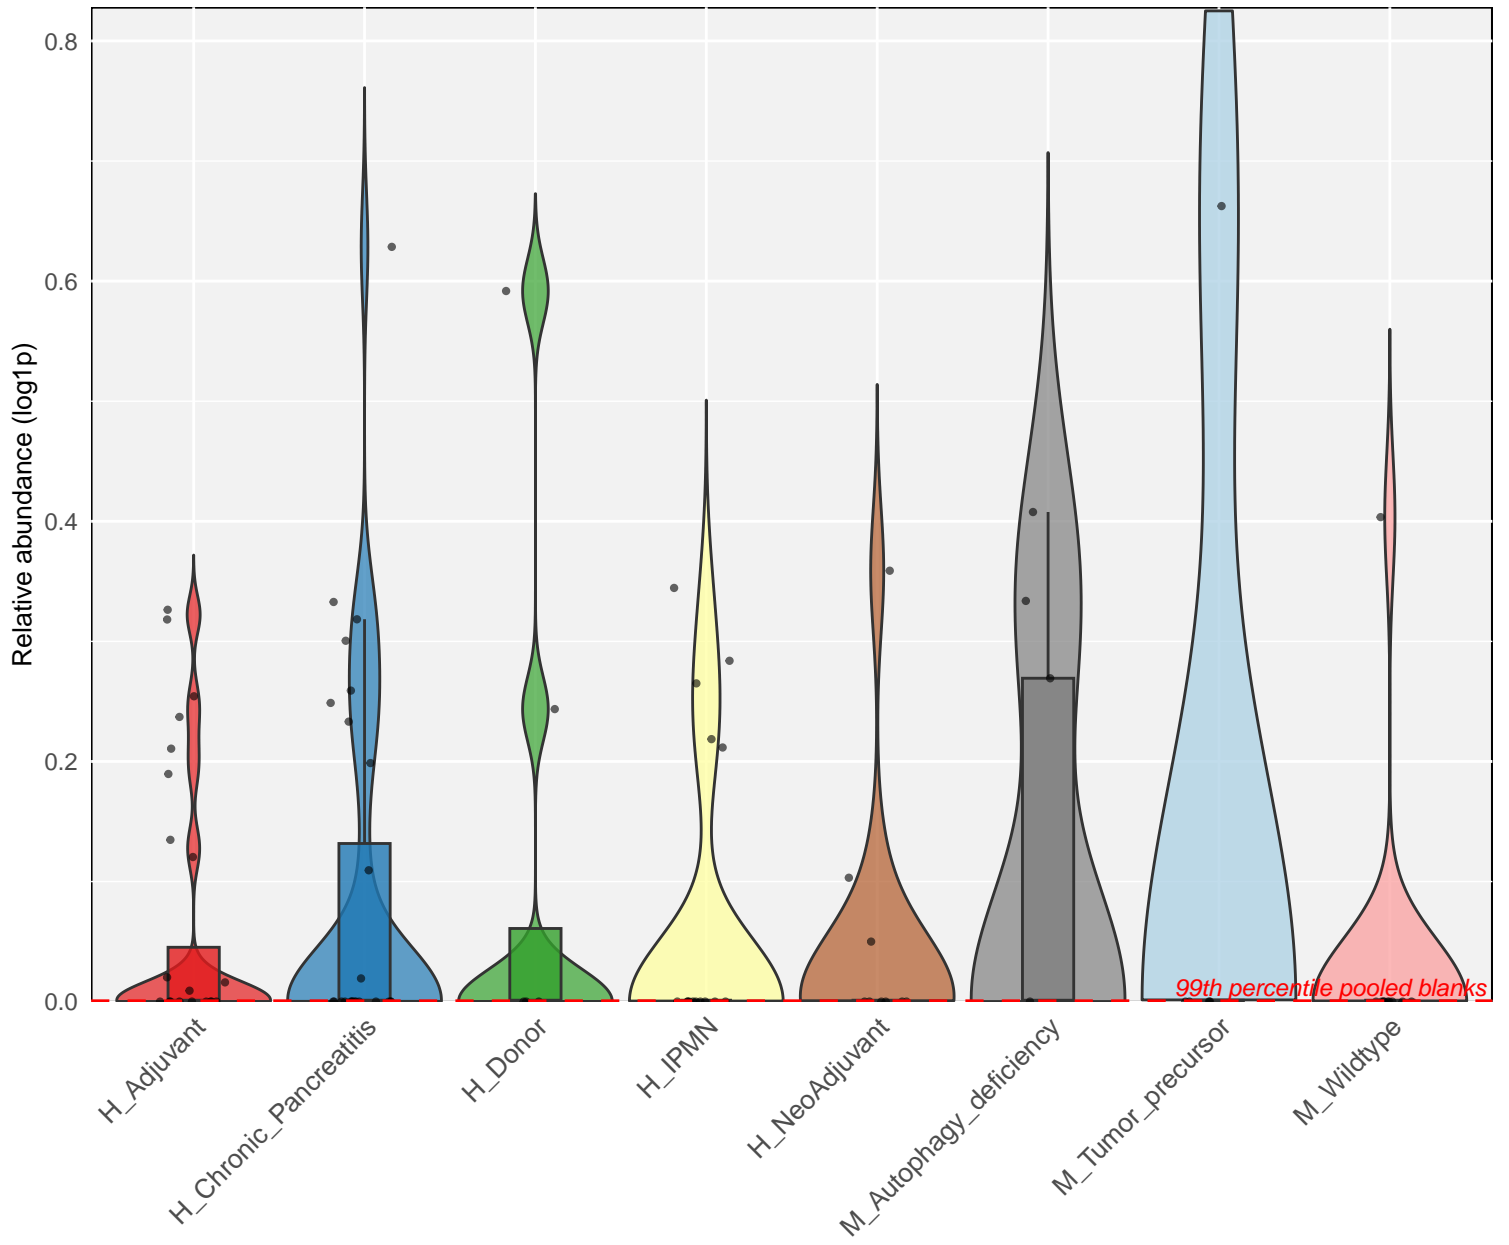

Sangeribacter muris

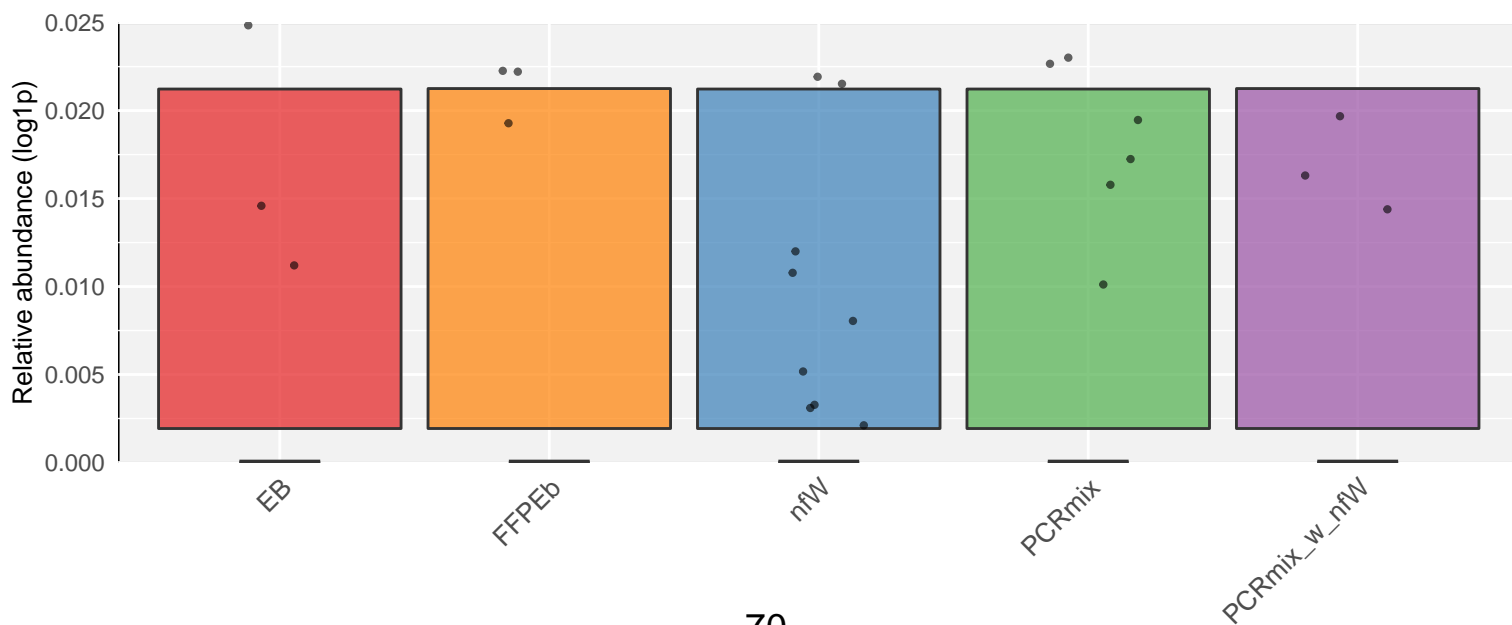

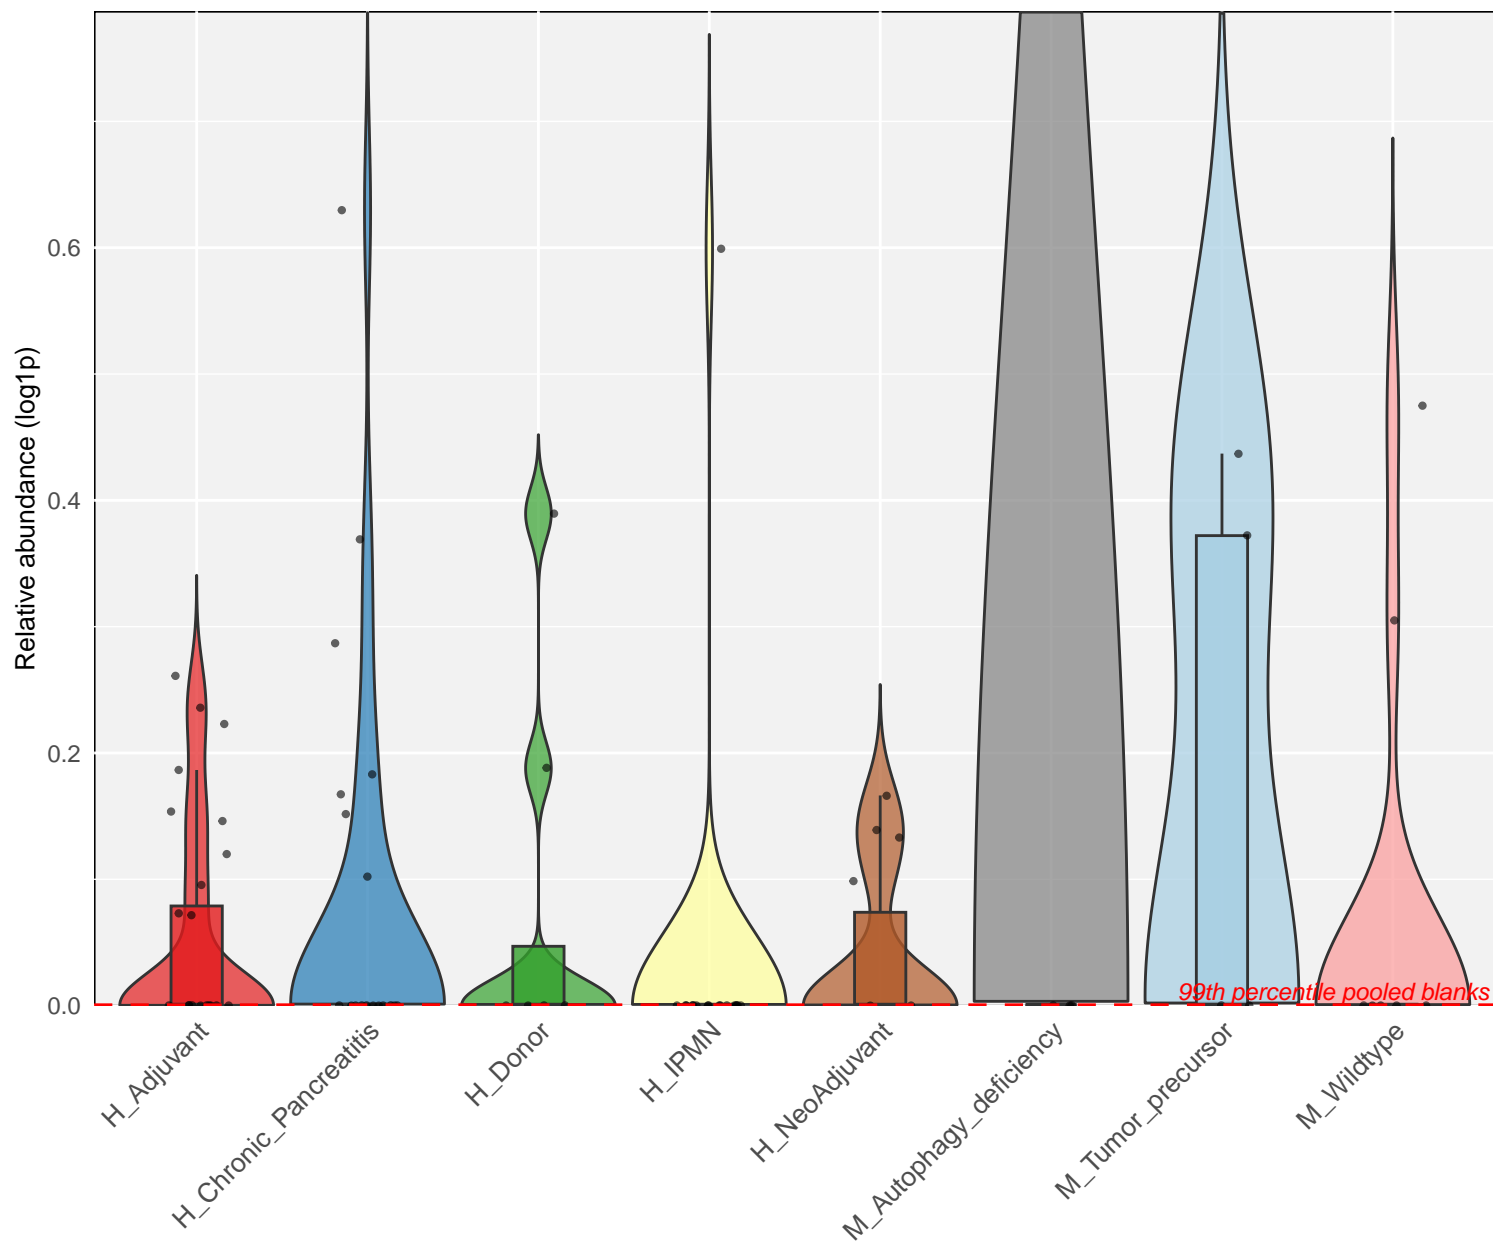

Segatella copri

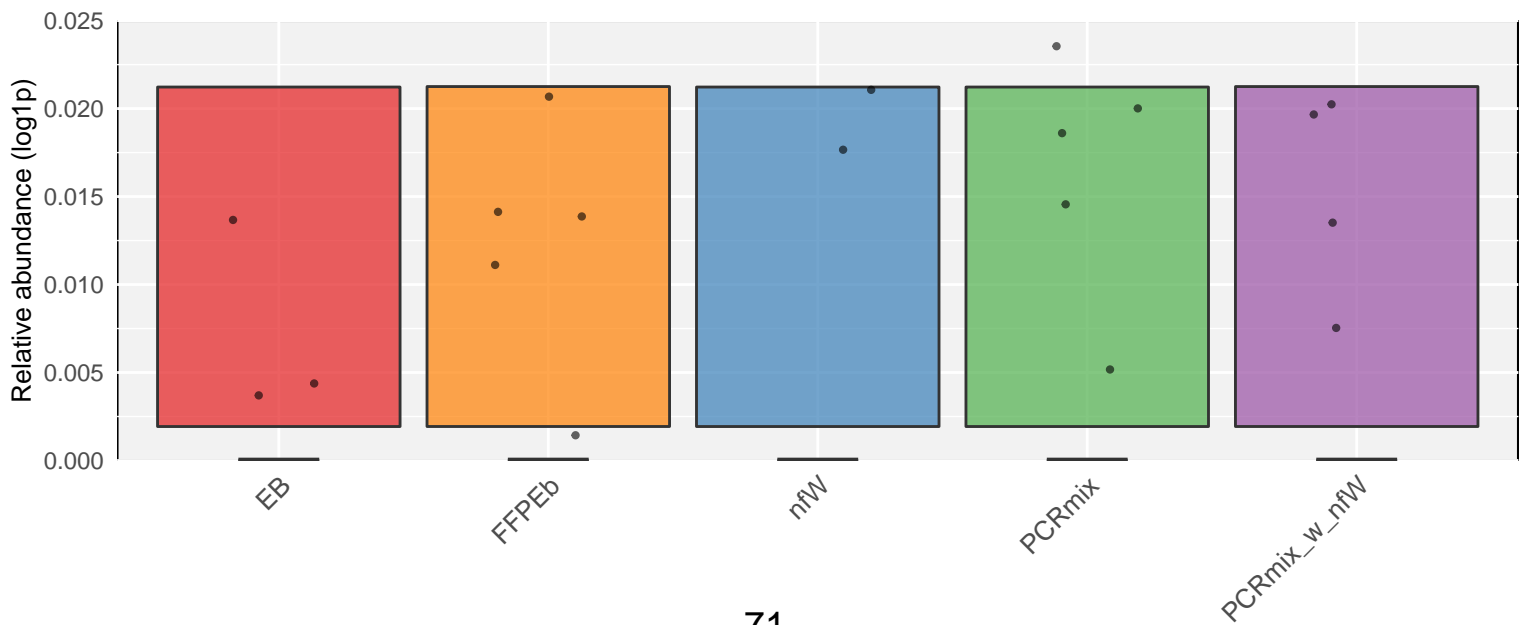

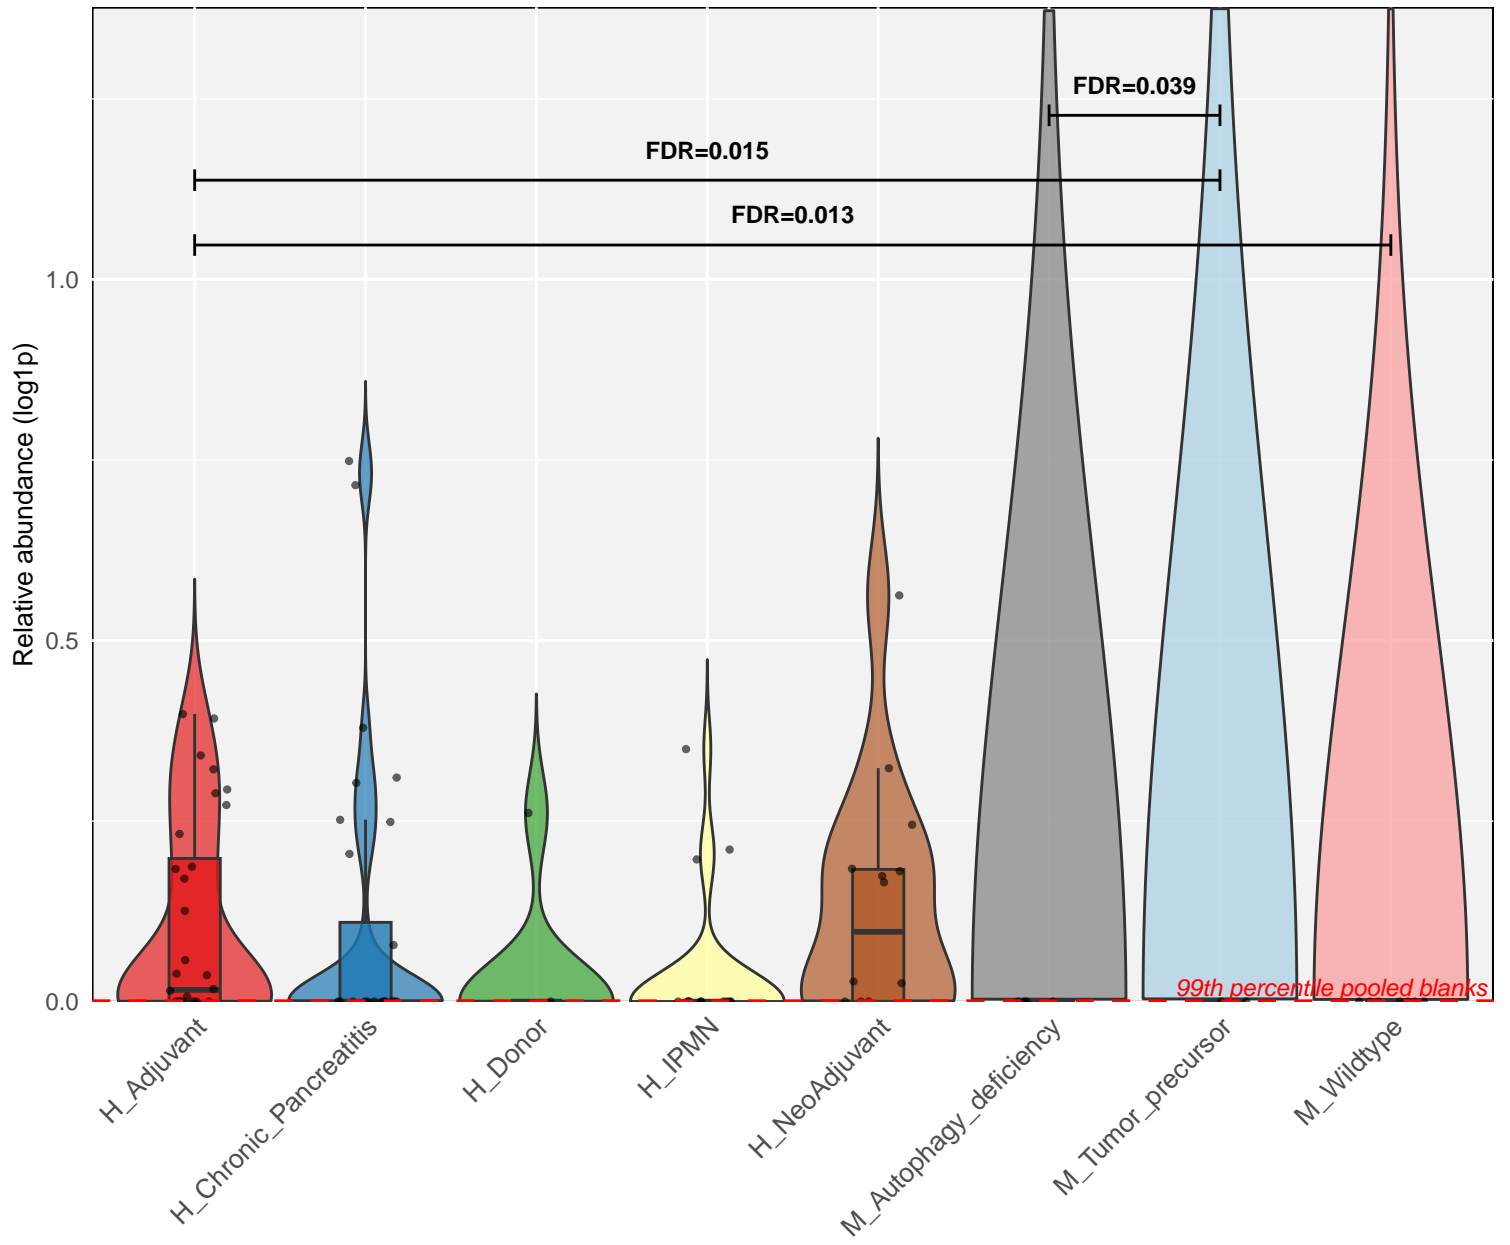

Staphylococcus capitis

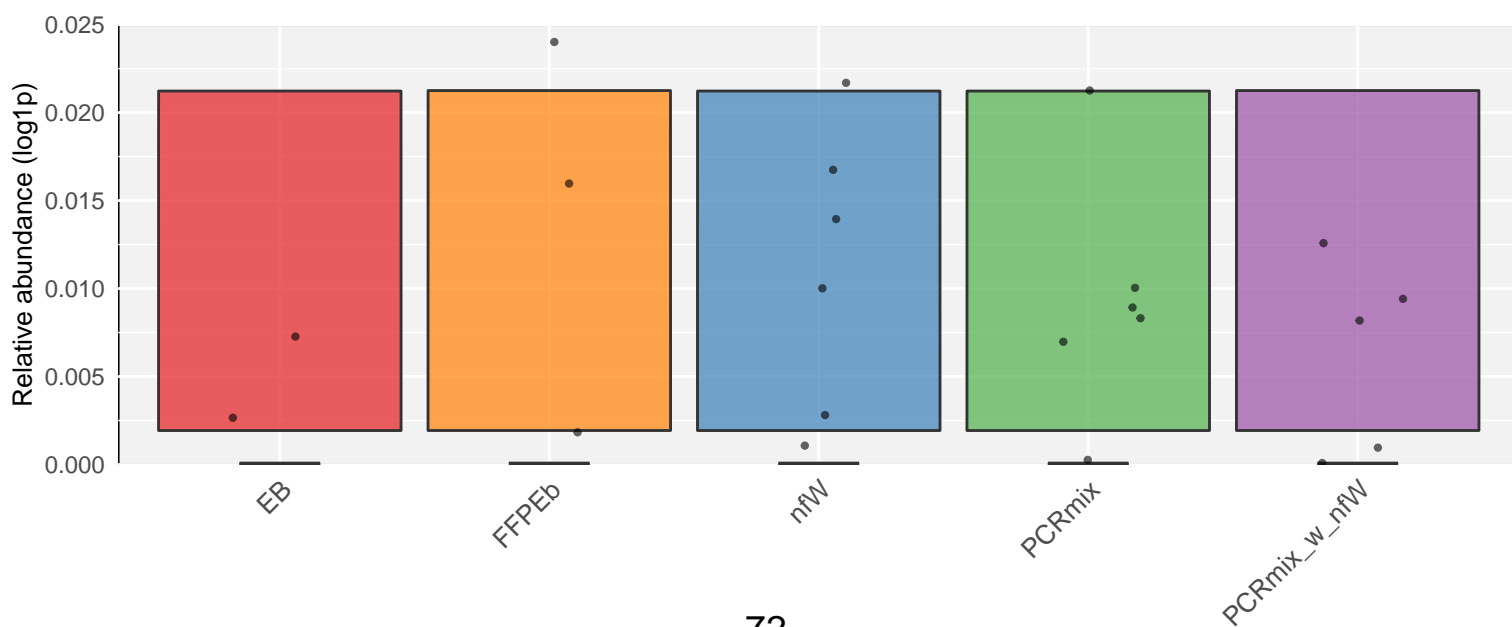

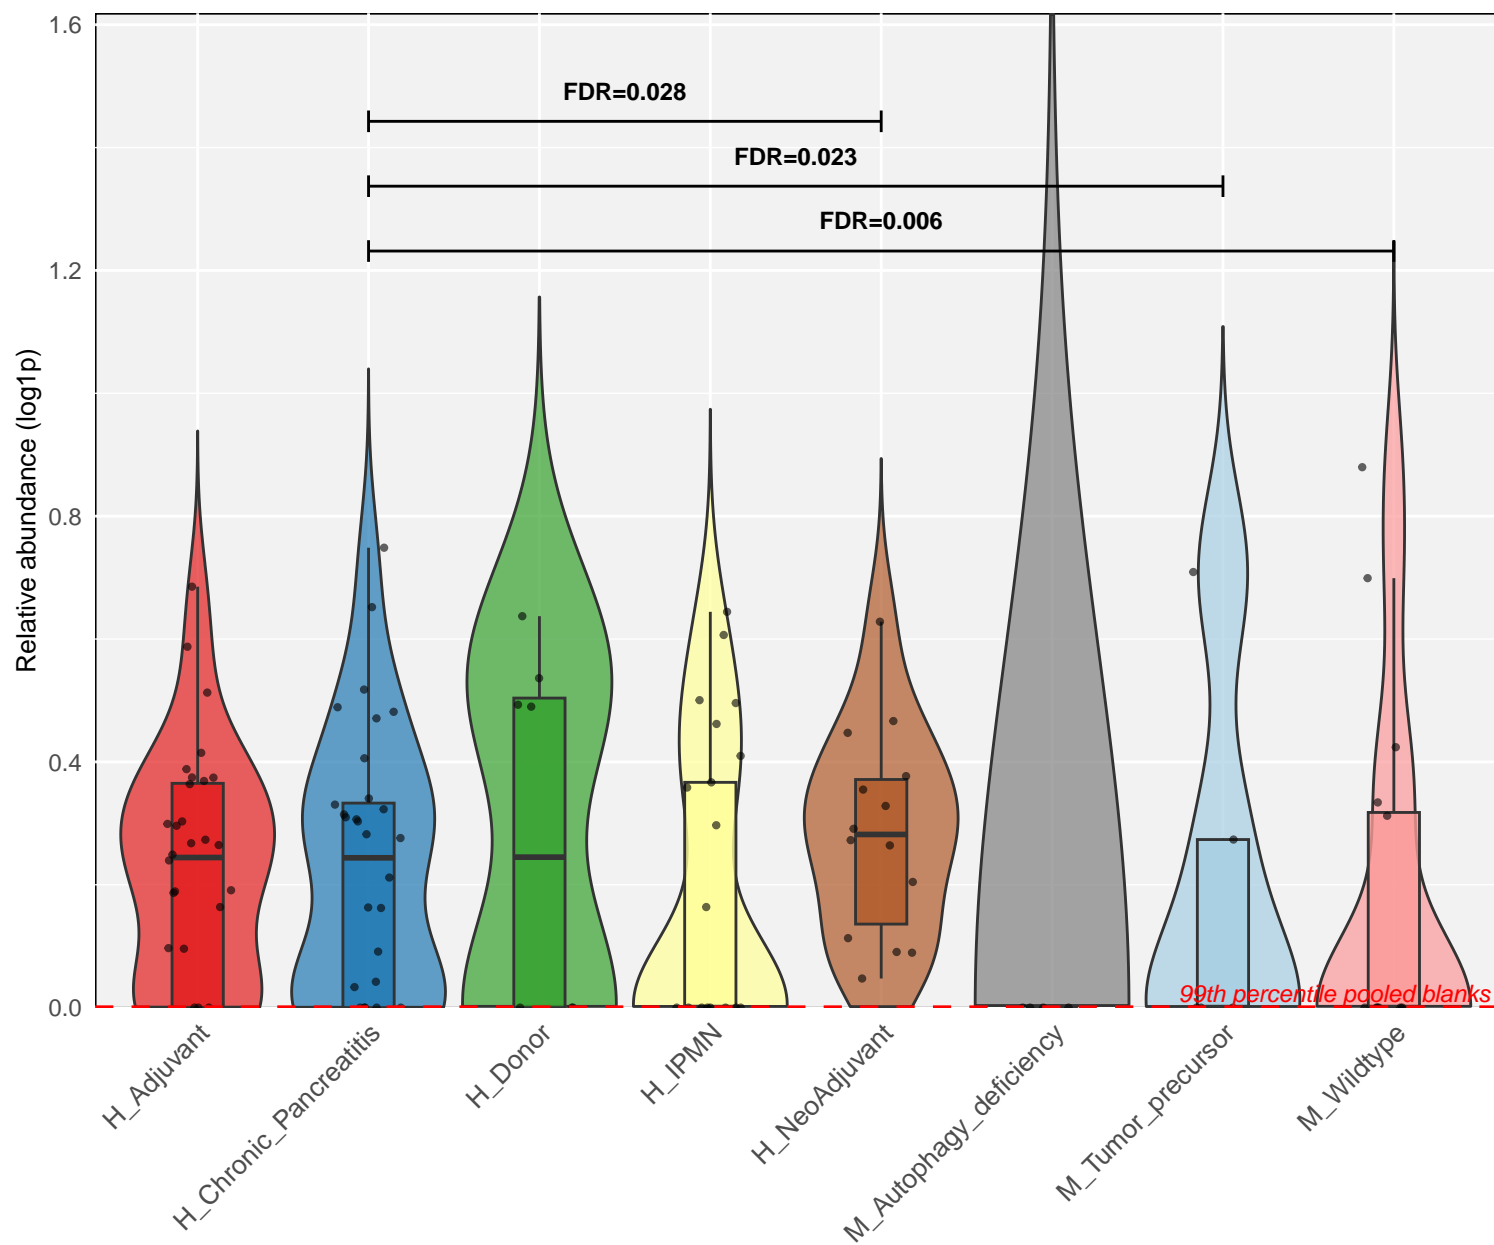

Staphylococcus epidermidis

Trueperella pyogenes

Turicimonas muris

Zhenhengia yiwuensis
